with the children's gold fish of which President Nicholls, have invited him enough will be forthcoming from the to deliver the Mitchell Day address in established hatcheries, mainly from that city and it is believed that he Corry.

"We propose," said Mr. Meehan, "to distribute enough gold fish to put five into every public school class room in the State. I mean of course that a school building with 20 Class rooms will get 100 fish. The chief object is educational, although the aquarium will ornament the class room. The offer is conditional upon the school authorities bearing the expense of the aquariums.

Although we do not intend to begin supplying the fish until October 15 we any investigation, sent a sensational wish applications to be made immediately or as early as possible to the Departmment of Fisheries at Harrisburg. The principal of each school is to make application indorsed by the city or county superintendent. The fish will be delivered at the railroad sta. a denial of the stories sent cut as soon as possible. tion nearest the school and in order of the application.

Mr. Meehan added that blanks wer being printed for applications from al the counties other than Philadelphis for such sets of fish eggs in their var ions stages as have already been sur plied to the Board of Education of that city for the study of fish em bryology.

Louis Rosenthal of Bloomsburg, ha purchased of the Pennsylvania Canal Company all the iron in the locks etc., along the entire length of the North Branch canal from Northum berland to Nanticoke. As the greate portion of it is wrought iron and ther are immense quantities of it, it i quite valuable and will require th labor of a number of men for a con siderable length of time to get it ready for the market. He has already com menced operations which will be con tinued until all the locks are disman tled.

## Saw the Yacht Race.

T. J. Price returned home yesterday morning from a visit to New York On Saturday he took in the great yacht race. The contest, he said, was ful of excitement, especially during th considerable time that the two boat were nearly abreast of each other. The scene presented in the bay by the num erous craft loaded down with spectat ors, he said, was a very interesting and beautiful one.

## **Over-Work Weakens** Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through

-8

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they fil-ter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheu-matism come from exmatism come from ex cess of uric acid in the blood, due to neglected

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though hey had heart trouble, because the heart is over-working in pumping thick, kidney poisoned blood through veins and arteries. It used to be considered that only urinat were to be traced to the kidney out now modern science proves that near Il constitutional diseases have their begin ing in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its ional League, and they are now plan ing to celebrate the decennial, doin ronderful cures of the most distressing case
