The president was keenly interested in the reports given him by Senator Penrose regarding the outlook for a large Republican majority in Pennsylvania on November next. Senator Penrose informed him that throughout the state the young Republicans have taken hold of campaign work as they have never done before, and this condition is generally attributed to the belief that the larger the Republican vote in Pennsylvania this year the greater emphasis will be given to the fact that Pennsylvania is

PITTSBURG FOR CONVENTION.

Senator Penrose, as chairman of the Republican state committee, has decided to heartily co-operate with the leaders of the movement to have the next national Republican convention held in Pittsburg. He thinks every Pennsylvanian should exert himself to help along this agitation.

"It would be particularly fitting," mid Chairman Penrose, "that, with Roosevelt as the candidate and a continuance of the protective tariff the main issue in the coming campaign that the candidate should be named and the platform formulated in Pittsburg, the birthplace of the Republican party and the centre of industrial prosperity of the nation. There could be no more appropriate meeting place than Pittsburg for the national con vention next year when we will cele brate the 50th anniversary of the organization of the Republican party.

"With the delegates coming from all parts of the country, what an ob ject lesson in the cause of protection would be presented in Pittsburg and the valleys of the Allegheny and the Monongahela?

'In no section of the country car there be given a better exemplification of the desirability of a continuance of the policy of a protective tariff than in Pittsburg and vicinity.
