WILL EXTEND

The Board of Water Commissioner held a meeting yesterday afternoon with H. L. Gross in the chair. Several important matters were acted up-

Water Superintendent Keefer report ed a bad leak on First street, Welsh Hill. The pipe was laid about twenty years ago by the Reading Iron Company at its own expense to supply eighteen company houses. The pipe, which connects with the main on Chambers street and is 275 feet long, after the lapse of time is worn out and will have to be renewed. Several of the cellars are badly flooded.

The Reading Iron Company in view of the expense it has already incurred feels that it should not be obliged to replace the pipe and asks the Borough, which has profited by the extension, to look after the matter. The Board concurred in this view and on motion of Mr. Schatz it was ordered that the Borough repair the pipe.

On motion of Mr. Schatz the Super intendent was instructed to extend the water main on Ferry street from Spruce to Hemlock street. He will immediately begin the work.

On motion of Mr. Corman the water main will also be extended on Walnut street to take in the dwellings between Pine and Bloom streets.

The insecure condition of the water works was discussed at length. It was decided to secure the wall on the inside of the pump room by iron trusses. The Superintendent reported only a limited supply of coal on hand at the water works barely enough to last two weeks. During a year past river coal has been used for the boilers with excellent results, not the least important being the big saving of money effected. The question to settle is whether the coal on hand will last until the river becomes normal and the coal digger can begin work. It was reported that Mr. LeDuc, who has the contract for supplying the water works, has been working on his coal digger and has everything in readiness for launching it and beginning work | did me much good. They cured me of when the ice has passed down and the an enervating backache and lameness river falls sufficiently. Meanwhile across the kidneys. I might say that the Commissioners will wait hoping for a favorable turn of the tide.

Presented With Handsome Chair.

A farewell reception at St. Paul's M. E. church last night was tendered the Rev. Harry Cortin Harman, retiring pastor, who has been transferred to the First Methodist church at Milton. Some three hundred people were present and the reception has gone on record as one of the most felicitous events of its kind that ever took place at St. Paul's.

A program of music and recitations was rendered, which occupied about an hour. The principal entertainer of the evening was W. J. Rogers, who rendered three selections in his inimitable and effective style. Miss Moyer, Miss Books and Miss Cousart rendered a trio, which was much enjoyed. A respected citizen of Mifflinville and solo by Miss Madge Sanders was also very fine.

As a token of the high esteem in presented with an exceedingly handsome Morris chair.

The presentation took place immediately after the program was rendered, the address being delivered by C. H. big carp had made their way into the issued by the Czar himself. Royce. Superintendent at Castle Grove.

Mr. Royce paid a fine tribute to the retiring pastor, who in point of attainments and ability as well as his unimpeachable Christian character he accorded a place in the highest class of for another cow to enter the water. in behalf of young men of those coun-Christian divines. On behalf of the congregation he expressed much regret turn to the river on account of the tions of the first class. at the thought of parting, but being Methodists, he said, they had learned gave their normal supply of milk. to submit gracefully to the will of those in whose hands the appointments

During the season of 1901-1902 the Rev. Harman responded in a most 'Volunteer Organist'' was presented appropriate manner, his remarks bethroughout the United States and Caning full of feeling at the thought of ada by three distinct companies, each parting and reflecting a spirit of deep carrying its own special scenery and gratitude both for the valuable gift itself and the beautiful expression of sentiment it called forth. He was frank to confess that he would have liked to remain in Danville at least another year, but it was willed otherwise and nothing remained for him

In conclusion refreshments consisting of cake and coffee were served.

Entertained. The Goodwill Society was entertain ed by Mr. and Mrs. William Warner at their home in Liberty township on Monday evening in honor of Mr. and Mrs. William Mainzer. Mr. and Mrs. Mainzer will soon leave for their home in Minneapolis. The evening was spent in playing cards and excellent the drama last year was. The organrefreshments were served. Those present were: Mr. and Mrs. William Leidy, Mr. and Mrs. William Patterson, Mr. and Mrs. William Mainzer, Mr. and Mrs. Willard Pannebaker, Mr. and Mrs. William Starner, Misses Wilda Pannebaker and Sara Foresman.

Owing to the absence of Mr. Carpenter, physical director of the Y. M. C. A., there will be no class in the gymnasium this evening.

TAMAQUA LOSES MERCHANTS BUSY TO DANVILLE

The largest crowd of the season asembled in the Armory on Saturday night to witness the game of basket its association with toys and the exball between the Danville High School and Tamaqua. The latter team has a fine record and is supposed to be one of the crack teams of this part of the State. Add to this the fact that our ore Christmas. own team has forged to the front as first class players and has been uniformly piling up victories during the winter and it will be seen that condi-

expected to see and they were not disappointed. The visitors sustained their enntation and showed some good playing, especially Weaver and Rhuberight who as goal throwers would be bulwarks of strength to any team. Their only disadvantage Saturday night lay in the fact that they were up against a better team and while they scored 30 points our High School ovs went several better and scored 66. The contest was most of the time close and a faster or a more exciting game has not been witnessed on the Armory floor in a long time. The fine work at passing the ball was a feature ander circumstances decidedly adverse. Lawrence won vociferous ap-

The services were conducted by Rev. Dr. McCormack, pastor of the Grove Presbyterian church. The pall bearers were: Hon James Foster, Josiah Maiers.

The following persons from out of town attended the funeral: Mr. and and Mrs. Harry of Berwick; Miss Sallie Naylor, of Bloomsburg; Mrs. Rose of Philadelphia.

The Time Limit.

An interesting feature of the work of the Wyoming conference in session at Wilkesbarre was the adoption of a resolution favoring the restoration of the time limit in the ministry.

The resolution which was offered by Rev. M. D. Fuller, is as follows: Whereas, Believing that a time limit is necessary to the preservation of our timehonored itineracy; therefore be it Resolved, That we memorialize the General Conference to restore a time limit and we hereby request our dele gates to make and vote for the same.

In the brief debate on the resolution it was shown that the ministers favored the restoration of the old system under which Methodism has made such Washington in behalf of the Russian phenomenal growth. It is now almost branch of the Red Cross Society, in certain that it will receive the approval of the General Conference which meets in Los Angeles shortly.

SATURDAY NIGHT

That Easter is more and more partaking of the nature of Christmas i change of gifts was well demonstrated on Saturday night, when Mill street presented an appearance which only ould be compared with the night be-

The windows of our several confec ioneries during last week were marvels to the little ones; the egg and the rabbit were the central idea, but among the odd and unique toys were to be found every shape that lives and, it This is precisely what the big crowd might be added, some that do not live. Nevertheless all pleased the littl ones. These stores were crowded Sat urday night, which shows how promin ent a part the nursery has come to play in the celebration of the most lorious day of the year in all that it commemorates and in all that it promises to the human race.

Many gifts of late are exchanged at this season and the Easter gift in the larger cities has become nearly as popular as the Christmas gift. The istom is growing almost every where and even in the smaller towns it helps to increase the volume of business. In its relation to millinery and the of the game. Barber had 8 goals to his fashion plate Easter stands unique in al in the bridges at Mill and Ferry ground was washed from the surface credit and he threw several of them the festival days of the year. The indissolubly linked with this season plause by a feat of dribbling the and Easter brings not only a awakening of trade in nursery articles but along other and more important lines. Speaking for our own merchants they all report a fair Easter trade.
