Danville, Pa., Apr. 14, 1904.

FLAGSHIP SINKS; **ADMIRAL MAKAROFF** AND HUNDREDS LOST

ST. PETERSBURG, April 13.-4:39 p. m.-While going out to meet the Japanese fleet off Port Arthur the Petropavlovsk struck a mine in the onter roadstead, heeled over, turned and sank. Practically the whole of her crew was lost. Only four officers were saved, among them being the Grand Duke Cyril.

The Petropavlovsk was flying the flag of Vice Admiral Makaroff, Russia's leading naval commander. Admiral Makaroff went down with his flagship. Intense excitement has been caused here by the disaster, which is a severe blow to the Russian navy. It is estimated that from six to

seven hundred perished when the Petropavlovsk sank. According to very high authority the

latest advices received at the Winter Palace here are to the effect that a naval battle is still progressing off Port Arthur.

GRAND DUKE'S NARROW ESCAPE

ST. PETERSBURG, April 13.-The city is full of rumors of the destruction of the first class battleship Petro pavlovsk with great loss of ilfe. The reports cannot be confirmed or traced to an authoritative source. The Emperor has received an official telegram which is now being deciphered.

12:28 a. m. -Grand Duke Vladimir, uncle of the Emperor, has received a telegram aunouncing that his son, Grand Duke Cyril, has been wounded at Port Arthur. A service of thanks giving because his life was spared has been held at the Grand Duke's palace here.

1:03 p. m.-Rumors afloat are taking definite shape, indicating that there has been a fight at Port Arthur, but no details are obtainable except that the Petropavlovsk has been sunk, probably with the loss of almost her

wound was said to be slight.

wounded.

neighborhood for several days.

telegram received by Grand Duke Vladimir said briefly that Grand Duke cerns to employ as far as possible the Cyril had been wounded.

Another account says twenty men ropavlovsk.

er, Grand Duke Boris, witnessed the catastrophe through a marine glass. The result of the naval battle which,

according to the most reliable authority, was in progress, according to the last reports has not yet been received. Later it became known that the first telegram received by Grand Duke ery and suffering would be saved thou-

Vladimir said briefly that Grand Dake Cyril had been wounded and that the Petropavlovsk had been lost, without mentioning a fight. The mass of the reports argee in two statements-that Grand Duke Cyril, between whom and the throne there is only a single life, was wounded, and that the Petropaylovsk was lost. The Petropavlovsk, which had twice

previously been reported damaged in Japanese attacks on Port Arthur was a first class battleship of 10,960 tons plorers among the wild, man-eating displacement and 14,243 indicated horse power. She was 3671/2 feet long, had 69 feet beam and her armored belt was about 16 inches of steel, with ten inches of steel armor on her turrets. Her armament consisted of 4 twelve inch. 12 six inch. 34 smaller guns and six torpedo tubes. The completement of the Petropavlovsk when fully manned was 700 men.

"The Moonshiner's Daughter."

"The Moonshiner's Daughter" will be the next attraction at the Opera House. From the excellent satisfac tion which the play has given else where it surely must not alone be a thoroughly enjoyable production but a positive meritorious melodrama from every standpoint. The play is a charming love story set in an atmosphere of the hills of Kentucky and Tennessee and deals with the lives of those sturdy specimens of mankind for whom the Government has officers constantly on the lookout-the moon

There is a very realistic encounte between Moonshiners and revenue men in which the latter try to destroy the still and capture its owners. The mys terious execution of the Moonshiper the lynching of the negro Sam, are all vividly and startlingly portrayed. The comedy element fairly bubble over with merriment of the good wholesome kind.

The Best of Them All. Lyman H. Howe is conceded to have the best moving picture exhibition in America. He has men in all parts of the world looking out for the best products of the moving picture camera and he secures them regarkless of cost. This season he has pictures showing the marvelous experiences of two exnatives of Borneo, and other original and novel scenes which add greatly to the interest of the entertainment. They will be seen in Danville on Monday evening, April 25th.

April showers are just as wet as any other showers.

Discovered by Dr. David Kennedy-Only Kidney Remedy Sold Under Guarantee.

Dr. David Kennedy was born in New York City, but at an early age his family moved to Roxbury, N.Y. He was graduated in 1860 from the New York College of Physicians and Surgeons. He at once volunteered as a surgeon and was assigned to the United States Army General Hospital in West Phil-adelphia, and soon became President of the Examining Board and Consulting Surgeon.

After the war, Dr. Kennedy settled in Rondout, City of Kingston, N. Y., where for a number of years he enjoyed a large practice as an operative surgeon. He was one of the Presidential Electors of New York te, Mayor of Kingston for four years, eld many other professional, business

and political offices.

The latest achievement of his life was the discovery of Cal-cura Solvent, a positive cure for all diseases of the kidneys and blad. der. In speaking of this remarkable remedy he said: "Cal-cura Solvent is the crowning achievement of my life. It will not dis-

GIVE IT A PUSH

LIVONA CAMP, PA, APRIL 21, 1902 RESPONDENT ABOVE NAMED: MOYER BROS.

You are hereby duly notified and re-I think that every man that has a Common Pleas of Montour County on the first day of the next term of the aforesaid Court (the same being Monday have a bottle of Moyer's White Liniment in the stable or his house. I had a May 23rd, A. D. 1904) then and there horse that stepped in a hole with his front foot, coming down the mountain Featherman the above named Libelant in the above stated case, and to show with a trail of props, and fell forward and strained his shoulder blade. That should be divorced from the bonds of it swelled so fast that we could hardly hold. We used your White Liniment freely, and in a few days he was to work again, and does not show any signs of lameness. It worked like magic.

Respectfully Yours.
