REPAIRS ARE COMPLETED. Repairs on the Flat School House, which is being fixed up to receive the shoe manufacturing business brought here from Milford, N. J., are now practically completed and the building shows up very nicely. In addition to a new roof, a new floor has been laid on both first and second stories.

BIG FIRE SWEEPS TORONTO'S CENTRE. TORONTO, April 20.—The fire that raged throughout the night and up to an early hour today in Toronto's wholesale and retail district was the most disastrous in the history of the city. The total loss is conservatively estimated at between five and six million dollars. The principal warehouses of the city were reduced to ashes and nearly 250 firms were put out of business.

MAY ADOPT STEAM POWER. The ferry put in a full day yesterday. Trips were made regularly and in addition to the usual number of foot passengers, a good many horses and vehicles of various sorts were transported. During several trips the flat was crowded with teams.

BRAKEMAN'S COOL HEADED ACT. To be caught in a railroad collision and to save one's life by jumping is no doubt an evidence of some presence of mind. It remained for a P. & K. brakeman, however, who was caught in a wreck at this city Sunday to display the very same of cool-headedness by calmly weighing his chances of escape as the mixup thickened around him and deciding that to cling to his hold between two cars derailed would be a wiser course than jumping.

LETTER FROM E. V. FLICK. Three Rivers, Mich., April 11, 1904. To the American—I will drop a few lines at this time believing that they will prove of general interest to your readers.

FAMILY HAD A NARROW ESCAPE. Shortly before three o'clock Monday morning the members of the family of John Smith, who reside on the Samuel G. Savage farm, in Upper Augusta township, Northumberland county about three miles from Sunbury, discovered that the house was on fire and so rapidly had the flames spread that the family had a narrow escape from meeting a horrible death, being forced to flee in their night clothing.

LAST RITES PERFORMED

James H. Voris, whose death as the result of pneumonia occurred in New York Wednesday, was laid to rest in Fairview cemetery on Saturday afternoon. The funeral was a very largely attended and impressive one. The deceased was a member of the Order of Elks and among the sorrowing friends who gathered around his bier in addition to a large circle of relatives were a representation from the lodge of the order to which he belonged in Perth Amboy, and a still larger delegation from Lodge No. 754, B. P. O. E., of this city.

His Twenty-First Birthday

F. J. McCaffrey was tendered a very pleasant party at the home of his parents, Cherry street, on Friday evening in honor of his 21st birthday. The evening was most delightfully spent with music, dancing and games. Mr. McCaffrey received a number of valuable presents, among the tokens of esteem being a gold watch and chain from his gentlemen friends, and a handsome shaving mug from his lady friends. He was also remembered by his parents with several useful presents.

Case After Case

Plenty More Like This In Danville. Scores of people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement? Jos. Hooper, of 102 North Spruce St., says: "I was for a long time afflicted with lameness in my back, and pain over my kidneys. I had a great deal of nervousness, restlessness; did not sleep well, had bad dreams, and was continually tossing from side to side striving to get a comfortable position. The kidney secretions were not normal, was tired all the time, and often had a dull aching in the back of my neck. I read accounts of Doan's Kidney Pills curing people. The description of their symptoms tallied almost exactly with mine and induced me to try the remedy. On using them a short time the whole trouble disappeared."

Fish Wardens Will Be Active

Good trout fishing according to all accounts will be two weeks late. In streams running through snow-bound sections this will be especially true. With snow water in the streams, trout are not usually frisky, neither is it natural for bugs to float on the surface, and the prematurely appearing artificial fly or bait is an object of suspicion to the game fish. Some of the open streams, which run for miles through stretches where the April sun can fall unrestrictedly upon them, are all right for bait fishing, for in these streams the fish get warmed into activity which welcomes the first cast of a wriggling worm after a winter's fast. With the season now open the vigil of game wardens throughout this section of the state will be increased. Each has been instructed by the officers of the Sportsmen's association to be on the lookout for illegal fishing. They have been ordered to arrest anyone caught taking trout of an illegal size and also to take into custody those detected buying or selling trout. No game fish can be legally taken except by rod, hook and line. Size of trout which may legally be taken is six inches. But fifty brook trout can legally be taken in one day. It is illegal to buy, sell or offer for sale any brook trout. Trout caught in an illegal manner must be released alive.

Generous Justice at Bloomsburg

Here is a chance for love-sick swains who would a married be—and who lack the price generally supposed to be necessary. In Clem R. Weiss, Bloomsburg's newly elected Justice of the Peace, they have a benefactor, the like of whom has seldom been seen in this grasping age. Mr. Weiss enters upon his duties as justice the first of May, and for one month he agrees to marry, absolutely free of all cost, any love-sick swain who will allow him to tie the knot, and he promises, furthermore, to tie it so effectually that it will take nothing short of a divorce court to untie it. To the June brides this will come as a crashing blow, for Mr. Weiss restricts the time limit to one month, the time expiring on the first of June. There is some talk, however, of the Columbia county girls preparing a petition which they will present to Mr. Weiss, asking that he lengthen the period from one to two months. It might be stated, in order that the girls be not deceived, that in the matrimonial art Mr. Weiss is somewhat of an amateur, and as yet is woefully inexperienced, but he is counting on his experience of the month to stand him in good stead on the stormy sea of a justice's life. It is barely possible that he will furnish free cabs, receptions and a few other adjuncts to a successful marriage.

Makes a Clean Sweep

There's nothing like doing a thing thoroughly. Of all the Salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures Burns, Sores, Bruises, Cuts, Boils, Ulcers, Skin Eruptions and Piles. It's only 25c, and guaranteed to give satisfaction by Pauls & Co., druggists. Lackawanna Summer Resorts Described. "Mountain and Lake Resorts" is the title of an attractive publication just issued by the Passenger Department of the Lackawanna Railroad. The book is intended to give readable and reliable information about vacation places along that road and its 128 pages are filled with suggestions for those seeking summer homes. The various hotels, and boarding places, their location, rates and facilities are accurately described, and in addition there are two large maps of the territory reached by the Lackawanna, showing the principal roads, streams, lakes and other topographical features on a large scale. These maps are in colors and are especially designed for this edition. More than 100 half-tones add to the interest of the book and a brightly written love story entitled "A Chance Courtship" completes its contents. The book may be had by sending the necessary postage of ten cents to T. W. Lee, General Passenger Agent, New York.

A Thoughtful Man

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c. at Pauls & Co's Drug Store. Pigeon Racing at World's Fair. Our townsman George Stickle intends to take part in pigeon racing at the World's Fair at St. Louis during the coming summer. Today he will send by express two of his choicest birds to the Model Poultry Farm, which is maintained in connection with the Great Fair. On the farm is established a loft for the training and racing of homing pigeons, which, it is believed, will be a great school for educating the people in the fascinating sport of pigeon racing. All the birds sent to the 1904 hatch, that have never been outside of the home loft. Races will be flown from 25 miles to 200, suitable prizes offered for each race.

Death of John Haller

A Y. M. C. A. Secretary Among the Sioux Indians. The Sioux Indian Y. M. C. A. secretary has been speaking at the Associations in the vicinity of New York lately. He is a full-blooded Sioux. His name is Ta-san-ke-man, or Walking Horse. He travels among the forty-five Associations in the Dakotas. These Associations, he says, have recently erected three new log buildings, making the number now occupied thirteen. The Indians built these themselves and gave the money for the hardware, windows, etc., costing \$25 to \$50 apiece. In his travel during the past winter he has often been caught in blizzards on the prairies and obliged to camp out in a light tent. In June he will hold six Association training conferences in as many different Indian reservations, which will be attended by from 100 to 400 men, many of them driving several hundred miles to the conference places. At one such conference last year a skilled farmer gave lectures on farming and stock raising, followed by conferences and discussions of practical questions and problems in the daily life of the Indian farmer. Mr. Tibbetts has arranged some of the International Association Bible courses for his own members—one for the Indians who cannot read, and another in the Dakota language and a third for young men returning from the Indian schools. Many of these returned students have become Christians and are leading in the Sioux Association.

Howe's Moving Pictures. The entertainments given at the Grand Opera House yesterday by the Lyman H. Howe Moving Picture Company were great treats and deserved the large and appreciative audiences which turned out both at the afternoon and evening performances. The pictures thrown on the canvas were some of the finest that have been exhibited in this city, their clearness excelling anything previously shown here. The most prominent pictures were "The Celebrated London Kickabouts," "The Czars of Russia, His Cosacks and the Imperial Palace," "The Bewitched Trunk," and scenes of the Baltimore fire. One new feature that was introduced into the pictures was the magnifying of water, cheese and small animals so that one could easily see the microbes in the former and the various organs of the animals. The entertainment lasted fully two hours and there was not a dull period during that time.—Harrisburg Independent. Howe's Moving Pictures will appear in this city next Monday evening.

A Meritorious Record. Their record of eighteen successful semi-annual tours shows conclusively the merits of the Lyman H. Howe Moving Picture Co., which exhibits in this city on Monday evening. No other similar show has such an enduring record. The reason of this success is that they have aimed from their first performance to make the next better and they always present more up-to-date and expensive pictures than any one else dares attempt. They have continued that plan this year on a still wider scale than ever before and their pictures are simply a succession of surprises. The improved machine they use this time is the highest development in the art and projects the pictures in a delightful, satisfactory, elegant and impressive manner.

State Banks Show Remarkable Growth. From the recently published annual report of the Penna. State Banking Commissioner the following interesting facts are adduced: There are in Pennsylvania 417 banks and trust companies, under supervision of the Banking Department of state. The deposits amount to \$62,624,514.41, with the average number of depositors 1,154,717, or an average amount of \$53.60. The capital stock paid is \$102,518,317.84; surplus, \$96,754,492.12; undivided profits, \$28,456,322.36; which with deposits, amounts to \$750,062,568.73 in these 417 institutions. Money loaned amounts to \$274,480,400.59; stocks, bonds, etc., \$536,859,667.01. The recent reports of the local banks show a remarkable growth and high averages to the totals. The value of the banking institution needs no further comment than the silent testimony to its mighty force as displayed in the foregoing figures.

Howe's Moving Pictures. The entertainments given at the Grand Opera House yesterday by the Lyman H. Howe Moving Picture Company were great treats and deserved the large and appreciative audiences which turned out both at the afternoon and evening performances. The pictures thrown on the canvas were some of the finest that have been exhibited in this city, their clearness excelling anything previously shown here. The most prominent pictures were "The Celebrated London Kickabouts," "The Czars of Russia, His Cosacks and the Imperial Palace," "The Bewitched Trunk," and scenes of the Baltimore fire. One new feature that was introduced into the pictures was the magnifying of water, cheese and small animals so that one could easily see the microbes in the former and the various organs of the animals. The entertainment lasted fully two hours and there was not a dull period during that time.—Harrisburg Independent. Howe's Moving Pictures will appear in this city next Monday evening.
