### OLD TIMERS AT SUNBURY

The Old Timers were defeated at Sunbury Tuesday afternoon in one of the best played games that was ever witnessed at that place.

Sunbury has a first class team and the Old Timers found a foe worthy of their steel. The team is nearly wholly made up of college players, there being but two Sunbury men in the aggregation. State College is mostly represented among the players.

The game began promptly at 3 p. m. with Danville at the bat, but being unable to score. Sunbury made seven hits and Danville six. The hits were not numerous but they were hard and clean. The pitching by McCloud and Steele was of the gilt edged order. The throwing of Shaeffer of Sunbury from left field and of Reilly of Danville from right field was accurate, each fielder catching a man at the plate from his respective position. It was indeed a good all around game, the hot weather seeming to have the effect of putting the Old Timers on their mettle.

The umpiring of Dr. Cressinger was perfectly satisfactory and above the average on an amateur diamond.

The line up:

DANVILLE.		SUNBURY.	
R.	H. O. A. E.	R.	H. O. A. E.
Gosh, If.	0 0 0 0	Mason, 2b.	0 0 1 4
Yerrick, 2b.	0 0 1 4	Kilmer, c.	1 1 6 0
Ross, of.	2 2 2 0	Schoch, lb.	0 0 3 13
Hoffman, lb.	0 0 0 0	Haverstick, 3b.	0 1 4 6
Logan, ss.	0 1 1 4	McCabe, cf.	1 0 0 0
Arthur, 3b.	0 1 1 0	Beck, ss.	1 0 2 1
Hemmer, c.	0 0 2 0	Shaeffer, lf.	0 1 1 0
McCloud, p.	0 0 1 0	Engle, rf.	0 0 0 0
Reilly, rf.	0 0 1 2	Steele, p.	0 0 0 1
			4 7 37 12

Three base hits, Kilmer, McCabe; two base hits, Shaeffer, Arthur, Ross. Base on balls—off McCloud, 2; off Steele, 2. Struck out by McCloud, 4; by Steele, 2. Double plays—Reilly to Hammer; Yerrick to Hoffman; Shaeffer to Kilmer. Hit by pitcher, Ross. Umpire, Cressinger. Time of game, 1 hour, 25 minutes.

### The Fourth at DeWitt's Park.

In order that Danville may not be dull on Fourth of July Dr. DeWitt has decided to throw his park open on that day and will present a series of interesting attractions.

The pavilion will be run all day with the best of music obtainable. There will be base ball and other sports during the morning and afternoon. The whole to wind up with a grand display of fireworks at night.

The base ball will be an especially interesting feature. During the forenoon there will be a game between two teams made up of old time players of South Danville and Riverside who used to delight the crowds fifteen or twenty years ago. They expect to demonstrate the fact that base ball once acquired is never forgotten by playing a game which will surprise the younger generation. During the afternoon there will be a game between a team of this city and one from a neighboring town.

The park will be free and the people of Riverside and Danville are invited to spend the entire day there.

### Bucknell Girls' Initiation.

The Milton Standard of Monday said: "A crowd of Milton people picnicking at Wolfes Grove Sunday were subjected to a shock on Saturday they will not soon forget. The shock was caused by the initiation ceremonies inflicted upon a group of Bucknell girls by the members of a ladies' society of that institution. As college barbarism is not appreciated by the average lay mind, the abuse of the young ladies aroused an intense sympathy which nearly led to interference. The young ladies, blindfolded were driven into the woods where briars, thorns and underbrush abounded. They were struck with paddles until from sheer pain and exhaustion they sank to the ground, after which they were rolled down a hill in constant danger of landing against a tree. Those who were initiated had to endure, and frequently the cries of the young ladies were pitiable. The whole affair simply shows to what extremes persons are willing to go to 'in it.'"

### Mrs. Derr Ill.

Mrs. C. W. Derr of Washingtonville is confined to the home of her husband's parents, Mr. and Mrs. Thomas Derr of Whitehall, by illness attributed to ptomaine poisoning caused by eating canned tomatoes. She was taken sick Thursday and was very ill for several days. She was better yesterday, but had not sufficiently recovered to come home.

### Kerr—Cunningham.

Miss Sara Cunningham of this city and Rev. Thomas Kerr of Muncy were united in wedlock on Thursday evening last. The ceremony was performed at the home of Mrs. Samuel Bailey, sister of the bride, Ferry street, Rev. J. E. Hutchison officiating.

### THE PROPOSED RIVER BRIDGE

The plans and specifications for the new highway bridge over the Susquehanna river between Danville and South Danville have arrived at the office of the County Commissioners.

It is claimed that the proposed bridge will be the finest yet erected by the State. Whether this is exactly the case or not may be open to some question. A glance over the blue prints, however, is sufficient to show that the proposed structure takes precedence over anything that spans the river in this section.

The bids will be opened on July 5th. The instructions set forth that each bidder shall name the time in which he will complete the entire work, as time will be an essential consideration of the contract.

The general description shows the proposed bridge to consist of seven pin constructed steel truss spans, one hundred and eighty-six feet, nine inches center to center of piers, twenty-six feet center to center of trusses and forty feet center to center of railings to be carried on two abutments and six piers. The total length of the bridge is to be thirteen hundred and thirty-eight feet, nine inches face to face of back walls or abutments.

The specifications show that pier No. 2, known as the "new" pier, will be used in rebuilding the sub structure. The coping on this pier will be removed and new masonry built to a higher level. The joints in this pier are to be re-pointed if required by engineer.

The cut-water nose of the piers is to be protected by a steel angle eight inches by eight inches, by five-eighths inch thoroughly bolted to each course. All the coping shall be hammer dressed on top and bottom and finished with one inch draft at all corners and joints. The mortar used shall consist of Portland cement and sand in the proportion of one part cement measured in the original packages and two parts of sand by volume.

The roadway is to be paved with four inch cross-ribbed water blocks on a concrete base with three-quarter inch sand cushion. Joints to be run full with Portland cement grout.

### OLD TIMERS AT SUNBURY

The Old Timers were defeated at Sunbury Tuesday afternoon in one of the best played games that was ever witnessed at that place.

Sunbury has a first class team and the Old Timers found a foe worthy of their steel. The team is nearly wholly made up of college players, there being but two Sunbury men in the aggregation. State College is mostly represented among the players.

The game began promptly at 3 p. m. with Danville at the bat, but being unable to score. Sunbury made seven hits and Danville six. The hits were not numerous but they were hard and clean. The pitching by McCloud and Steele was of the gilt edged order. The throwing of Shaeffer of Sunbury from left field and of Reilly of Danville from right field was accurate, each fielder catching a man at the plate from his respective position. It was indeed a good all around game, the hot weather seeming to have the effect of putting the Old Timers on their mettle.

The umpiring of Dr. Cressinger was perfectly satisfactory and above the average on an amateur diamond.
