REPUBLICAN STATE TICKET

For Supreme Court Justice,
JOHN P. ELKIN, of Indiana county.

# ROOSEVELT AND FAIRBANKS WILL BE THE TICKET

CHICAGO, June 22.—Senator Fairbanks will be nominated for Vice President unanimously.

The Illinois delegation met today and decided to withdraw the name of Representative Robert R. Hitt.

When Illinois is reached on the call of delegates Senator Cullom will announce that he has received a telegram from Mr. Hitt, asking that his name be withdrawn from the convention and that Illinois will support Mr. Fairbanks.

The names of other candidates will also be withdrawn. Senator Dolliver will present the name of Senator Fairbanks to the convention.

With the platform completed and in the hands of the committee, every element of speculation seems removed from the remaining sessions of the convention.

The members of the Colorado delegation said that, following the action of the Illinois delegation, they would not present the name of Mr. John M. Springer as the Vice Presidential candidate from that state.

CHICAGO, June 22.—The Republican National Convention met again at noon. Yesterday was Elihu Root's day, this was Speaker Cannon's.

The day was flawless, clear sunshine, a fresh breeze from the lake and temperature near 75. The delegates spent most of the morning out of doors before the hotels on the lake front, where many of the State headquarters are. Senators and governors lined up along the curb with much more ordinary folk, or walked up and down watching equipages on the drive, or looking at the sails outside the breakwater.

"What a holiday this convention is," remarked Senator Depew to his near neighbors, who happened to be Governor Durbin, Indiana, and Representative Hull, of Iowa. "I feel quite as though I were at the seashore with nothing to do except to be idle and look at the water."

"It isn't strenuous," said Mr. Hull, "but always interesting. A national convention seems to me more expressive of the peculiar genius of our people than any other institution. A convention is always unique. For one to be dull is an impossibility."

A band engaged by the Pennsylvania delegation gave a concert during the morning. Ladies visited the headquarters in the hotels with flowers, or called to get autographs of statesmen or just to see them from a distance. The turnout of carriages and automobiles was extraordinarily large. One session a day of the convention gives plenty of time for other engagements, and there were several late breakfasting parties at the clubs. Most of the clubs have a visitors' list half as large as the membership.

The decision of the convention to accept the invitation of the Louisiana Purchase Exposition on Friday and Saturday has done much to stop a small movement looking towards a two-day convention. Senator Depew has arranged for three special trains for the delegates and the tickets of delegates on all railroads will be accepted to and from St. Louis as if it were in Chicago.

New Yorkers led in the movement for a two day convention, but today in view of the fact that a large number of the delegates will go to St. Louis they are at least quiescent. Saturday sees the dedication of the New York State building and Governor Odell, the two United States Senators and others will attend.

Although the doors of the hall were opened half an hour later than yesterday, for the first twenty-five minutes after 11 o'clock the band played to a sprinkling of gallery spectators. A sea of brown back chairs and a mezzanine was broken only by an occasional dot of black or the bright spot of a woman's gown. Groups of sergeants-at-arms stood idly about and in the delegates' section a half dozen men leaned back and read the morning papers.

Yesterday a huge bunch of peonies graced the chairman's table, but today a superb cluster of American Beauty roses stood ready to greet Mr. Cannon when he assumed the chair.

The huge portrait of President Roosevelt that has served to present a tableau by its dramatic unveiling during Mr. Root's speech yesterday, was placed on an easel at the right of the platform. Otherwise the decorations were unchanged.

Everything for the day's programme in the way of committee reports was in readiness. Another shout was heard to the left and the picturesque Alaskan delegation with their Totem poles, mounted with American eagles marched in and took their seats.

At 12:15 the playing of the national air brought the whole assemblage to its feet, silk flags were whipped out in various parts of the hall and were waved in time with the music. The band continued to enliven things at intervals as the wait continued. Meanwhile the gallery seats were taken to a greater extent than on the day previous.

## TARIFF PLANK AGREED UPON

CHICAGO, June 22.—The tariff plank agreed upon by the sub-committee of the resolutions committee declares for the "cardinal principles of protection," and further that the rate of duty should be the difference between the cost of production in the United States and abroad. The rates of duty should be readjusted only when conditions have so changed that the public interest demands it. All such changes should be made by the Republican party.

A long paragraph was adopted in relation to reciprocity. Several votes were taken on this subject and it was reconsidered two or three times before being finally agreed to. It is a declaration for "commercial reciprocity, which is possible only under a protective tariff and whenever reciprocity arrangements can be perfected without injury to any industry."

The opposition to the reciprocity plank was led by Mr. Blythe, of Iowa, Representative Dalzell and Senator Hansbrough, while Senator Lodge and Senator Foraker persisted in an effort to secure the declaration. It was urged that reciprocity had been endorsed by previous platforms and more particularly in the last speech of President McKinley at Buffalo, and had been followed by the present administration in carrying out the policies of the McKinley administration.

More time was spent on this subject than on the remainder of the platform and the opponents only consented to agree when it appeared that the fight might be taken into the committee on resolutions and possibly before the convention. As the matter stands now the sub-committee will report unanimously, and it is expected its action will be ratified by the convention.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out often are caused by catarrh, which is nothing but an inflamed condition of the mucous services.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

Sold by Druggists, price 75c. per bottle

## Y. M. C. A. NOTES.

Among the passengers on the Kaiser Wilhelm der Grosse, which arrived last Tuesday, were Messrs. J. L. Fernandes Braga, president of the Board of Trustees of the Rio de Janeiro Y. M. C. A., and his son, Luiz Fernandes Braga, an active worker in that organization. Mr. Braga is proprietor of an important hat manufactory in Rio, and goes to the World's Fair to compare the product of his industry, on exhibition at the Brazilian pavilion, with that turned out by factories here hoping thus to add to the perfection of his own output. He is known in Rio as "O Biblia" (The Bibleman).

Mr. Braga is an advocate of the Y. M. C. A., and has always been a generous contributor to its support, especially for the construction of its building. On the pier to meet Mr. Braga and family were Messrs. Myron A. Clark, recently returned on furlough from Rio, where he has been the general secretary of the Association for thirteen years, and John H. Warner, the fourth secretary to be sent to South America by the North American Associations, who sails on the 5th of next month. Mr. Warner is a graduate of the Ohio State University, and for the past year has been secretary of the Association there. He goes to Rio to take the place for one year of Mr. Clark, and on the latter's return he will locate in Pernambuco, Brazil, to direct the new Association there.

Mr. Clark went to Rio de Janeiro thirteen years ago, when there were no Associations on this continent south of the Equator. He formed the first Association in Rio in 1893 with 71 members, which now has 434 members, 90 per cent. of whom are natives of the country. The Association occupies a building worth $50,000, largely provided by gifts from the merchants of Rio de Janeiro, supplemented by those of North Americans who have business interests in Brazil.

## WANT PARTY SQUARE ON BALLOT CUT OUT

The fate of the "party square" on the official ballot of Pennsylvania depends on the ultimate decision in a case argued this week in Philadelphia.

For eleven years the voters of this state have been permitted to vote any of the regular party tickets by a single cross mark in a square or circle on the ballot, while those who desired to exercise discriminating judgment as to individual candidates of various parties have been compelled to mark separately each name on the ticket.

In the proceeding pending in court it is charged that the "party square" is a violation of Section 5 of Article 1 of the state constitution, which stipulates that "elections shall be free and qual."

Bloomsburg has pased a law prohibiting peddling about the streets and has made provision for a curb market, which has just been inaugurated.

## DEATH LISTS GROW WITH EVERY HOUR

NEW YORK, June 22.—A determined effort to ascertain as nearly as possible the number of persons who took passage on the excursion steamer General Slocum when she started on her ill fated trip up the sound one week ago today, has been began under the direction of the police department.

One hundred patrolmen, specially selected from the various precincts, have been detailed to visit the homes of every person whose name has been in any way mentioned in connection with the disaster. These officers will make up a list of names of all persons who went on the excursion from their several districts, with their individual fates. From these lists, a final report, embodying all the names will be printed.

The list of known dead which has reached 846 up to 2 o'clock this a. m., has steadily increased since that hour. Before daylight twelve more bodies had been taken from the river and nearly every succeeding hour added to the total.

## RUSSIANS LOSE THREE SHIPS

TOKIO, June 22.—The Japanese captured a junk leaving Port Arthur yesterday, June 21, and the Chinamen on board say that a few days ago two Russian torpedo boat destroyers and the steamer Shintaiping struck mines at the entrance to the harbor and sank. One hundred and forty lives were lost, according to their account.

## RUSSIANS SURPRISED MADE THEIR ESCAPE

LONDON, June 22.—A despatch to the Daily Mail, under date of June 21, from New Chwang, says:

While a Russian force of 8,000 under General Kondratsvitch was traversing Wafungko ravine, nine miles south east of Kai Chou, June 19, it was surprised by concealed Japanese artillery.

The Russians lost heavily, their casualties being 1,200 in number. General Kondratsvitch extricated his men and led them in good order to an entrenched position.

## EMERSON'S DEATH STILL A MYSTERY

SEATTLE, June 22.—The facts leading up to the shooting of Col. Elward Emerson, Jr., war correspondent of the New York World, in the Far East, are related by R. L. Dunn, correspondent in Korea for an American weekly magazine, who has reached here. Mr. Dunn made this statement after being informed that Col. Emerson was dead:

"Col. Emerson, as a military man, was well aware of the positions occupied by Japanese soldiers. Some time ago he made the announcement that he intended to go through the Russian lines and work from that vantage point.

"When it came to the ears of the Japanese military authorities that Emerson intended to take this step an officer approached another representative of Emerson's paper and informed him that if he took such a step the goverment could scarcely be further responsible for his safety.

"I contemplated a move similar to that outlined by Emerson," said Mr. Dunn, "but the Japanese made it clear that it would not be wise for me to proceed. Emerson held papers which would have carried him through the Russian lines in safety. In view of these facts, I am inclined to think the real story of his death has not been learned."

## HOW TO SEE FAIR AT A MINIMUM OF COST

Seeing the World's Fair can be made the least expensive of luxuries to Danville people if judgment is used in the matter of expenditure. It requires only economical care to keep a visitor's daily expenses down to the minimum cost of living in any American city, with a few cents added for admissions and the purchase of souvenirs.

As in every city and under all circumstances the scale of hotel prices in St. Louis has a wide range, but the visitor has only to determine what price he wishes to pay and reasonable accommodations are easily procured. On the European plan these rates run from 50 cents to $5 a day, and meals can be purchased at a cost of from 15 cents up.

Boarding houses, where both room and meals can be had at from $5 to $10 a week, are abundant in the most desirable residence district of St. Louis. More than fifty temporary hotels have been erected.

For the convenience of visitors and to prevent impositions being practiced upon them by unscrupulous landlords, the World's Fair management has compiled and published for free distribution a complete list of reliable hotels and reputable boarding houses where accommodations may be had. There are more than 150 established hotels in the city, and all of these have entered into an agreement with the exposition not to raise their rates.

Up to this time this contract has been faithfully lived up to and with the immense capacity of all these hotels combined the prices of private boarding houses have been satisfactorily regulated. It is now not only possible to get accommodations of most any kind, but at the most reasonable figure.

With the restaurants the World's Fair city and the Exposition are both well provided and as the visitor is mostly upon the go while in St. Louis these are found more convenient than the pretentious dining rooms of hotels and private homes.

**Thousands Have Kidney Trouble and Don't Know it.**

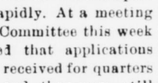
**How To Find Out.**

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

**What to Do.**

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and $1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.



Home of Swamp-Root.

Don't make no mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N.Y., on every bottles.

### Fourth of July Precautions.

It is said that during the celebration of Bunker Hill day in Boston last week three hundred persons were injured through the use of toy pistols, firecrackers and other explosives, and that this has revived talk about the folly of this kind of fun.

Whatever Boston may or may not do, this comes as a warning to every town as to use of toy pistols on the Fourth of July. Wherever statutes, ordinances or police regulations prevent it these engines of death should be eliminated and those who sell them should be arrested. The firecrackers that contain high explosives should be treated in the same way, together with the sellers.

Nobody should be permitted to use any kind of pistol on the Fourth or during any celebration. The man who uses any explosive carelessly—even to the smallest firecracker—should be arrested. It is not necessary to cut off the use of all makers of glad noises, but their reckless use should be prevented or stopped. The police of Harrisburg will prevent the sale or use of toy pistols on the Fourth. That should be a hint to the police of all other cities. —Harrisburg Telegraph.

Arrangements for the Knights Templar conclave of 1905 at Williamsport are progressing rapidly. At a meeting of the Executive Committee this week it was announced that applications had already been received for quarters for 2,300 people, and they were still coming. Williamsport's reputation as a convention city, and particularly its Masonic reputation, has spread so widely that the conclave of 1905 already promises, although eleven months off, to be the largest that has ever been held in the state.

## "LAST DAYS OF POMPEII"

Montour Castle, Knights of the Golden Eagle, will run a special train to Shamokin via Reading Railway on Saturday evening, June 25th, for the purpose of witnessing Pain's "Destruction of Pompeii" to be given at Edgewood Park on that date. Round trip tickets $1.00. Special train will leave Danville at 5 p. m., returning leave Shamokin at 11:15 p. m.

Pain's magnificent pyrotechnical spectacle, "Last Days of Pompeii," is controlled and managed exclusively by Henry J. Pain, the famous pyrotechnist of London and New York, who is unquestionably the greatest fire works manufacturer in the world. It is not to be wondered at, then, that such marvelous pyrotechniacal effects are produced as are shown in his "Pompeii" spectacle, particularly in the thrilling eruption scene of Vesuvius and destruction of the ancient Roman city. But it is not alone in pyrotechnical scenes that Pain surpasses, for the gorgeous spectacular and scenic features of "Last Days of Pompeii" have never been surpassed by any open-air spectacle in America. Thousands upon thousands of yards of scenery, mounted on massive frames and rolls, huge buildings, temples and arches, covering an area of four acres of ground, stand as a mimic representation of the city of Pompeii that lay nestled at the foot of Mt. Vesuvius, its destroyer.

Following the destruction of the city, which closes the spectacle proper, will come the principal event of the night, the $1,000 display of Pain's beautiful Manhattan Beach fireworks.

The management promises that this display of pyrotechnics has never been equalled in this part of the state, and will be an exact counterpart, piece for piece, of the famous Pain displays shown nightly at their great displays at Manhattan Beach, New York.

### WORLD'S FAIR.

Great Coach Excursion via Pennsylvania Railroad.

June 9, 16, 23 and 30 are the next dates for great coach excursions to St. Louis via Pennsylvania Railroad, account of the Louisiana Purchase Exposition. The rates for these excursions have been fixed at such a low figure that they afford those of limited means an opportunity of seeing the World's Fair at an exceptionally small cost. The unusual success attending the first Pennsylvania Railroad excursion indicates that these will be very popular.

Special trains of Standard Pennsylvania Railroad coaches of the most modern pattern will be run on the above-mentioned dates from New York, Philadelphia, Harrisburg, Altoona and Pittsburg, directly through to St. Louis, with ample stops for meals at convenient hours. Each train will be in charge of a Tourist Agent of the Pennsylvania Railroad. The rates will be the same as for the first excursion, May 10, $20 from New York, $18.50 from Philadelphia, and proportionate rates from other stations.

Specific information regarding time of special train and connections and rates from principal stations east of Pittsburg, will be announced shortly

While out in the river at Sunbury rowing Zack Conrad, his son Samuel, Harry Moore and John Brumback by the breaking of an oar were unable to manage the boat and before they could receive help the boat passed through the first break in the Shamokin dam. Moore jumped out of the boat, which passed through the break in safety and was picked up by his companions some distance below the dam. All were thoroughly frightened and it was an experience that they will never forget.

**THE SMART SET**

A MAGAZINE OF CLEVERNESS.

Magazines should have a well-defined purpose.

Genuine entertainment, amusement and mental recreation are the motives of THE SMART SET, the

MOST SUCCESSFUL OF MAGAZINES

Its NOVELS (a complete one in each number) are by the most brilliant authors of both hemispheres.

Its SHORT STORIES are matchless—clean and full of human interest.

Its POETRY covering the entire field of verse—pathos, love, humor, tenderness—is by the most popular poets, men and women, of the day.

Its JOKES, WITTICISMS, SKETCHES, etc., are admittedly the most mirth-provoking.
