

POINTS FOR SMOKERS.

How to Use Tobacco Without Injuring Your Health. Smoking, according to Dr. Caze, a well known French physician, is not an injurious but a beneficial habit.

THE MOST ORIGINAL NOVEL OF THE YEAR

The most competent judges have pronounced "The Bishop's Carriage" the most original novel of the year. It is a tale about flesh and blood people; a story for men and women.

WALKING IN CIRCLES.

Why People Lost in Fog or Forest Do Not Go Straight On. It is a matter of common knowledge that when a man is walking blindfolded or is lost in a fog or in some unknown forest or desert instead of walking straight he has always a tendency to work round in a circle.

INSTANT DEATH.

It Is Not So Quick But That The Mind Has Time to Act. It is questionable if such a phenomenon as instant death is known to the scientist and investigator. Physicians and surgeons tell us that death by gunshot wound is the easiest mode of terminating life; yet, rapid as such a mode of taking off must necessarily be, the body has leisure to feel and time to reflect and on rare occasions even to act.

KOREAN HOUSES.

They Are Comfortable Neither In Summer Nor Winter. The Korean style of architecture is suited to anything but an extreme climate such as prevails there. During the winter months it is very cold. The houses are made of bamboo frame-work, plastered within and without with adobe mud. The roof is thatched with straw, which is weather proof. The inside may be made into one room by the sliding back of a screen partition. Just why these were introduced it is impossible to say, for they are but rarely used, as privacy is never desired in Korea. This open space becomes the living room, and even when travelers are passing along and must halt for the night they are invited to share a common sleeping place on the floor with the entire family. The discomfort of such an experience is extreme during the summer. In the kitchen, which is just without the living room, there is located a most curious kind of stove. From this pipe extends under the floor to the living room. They warm the house summer and winter alike, for it has never entered their minds that some means could be devised whereby the heat could be turned off from the other quarters.—Houskeeper.

THE ELECT OF BOSTON.

I can remember when it was Joseph by said of some families of Massachusetts that they claimed to have had, in the time of Noah's deluge, a boat to themselves, and I can recall, on the other hand, when a social aspirant in Boston asked, "Who belong to the really old families, grandmothers?" and when that relative shook her weary head and said, "Mostly no one, my dear,"—Thomas Wentworth Higginson in Atlantic.

ENLARGING THE CHEST.

Any one can increase the size of his chest two or three inches in as many months without the use of any apparatus or mechanical contrivance whatever. When he rises in the morning let him go into the purest air he can find, raise his arms to the height of shoulders, the palms downward, then, while inhaling a deep breath, gradually extend them upward until the backs of the hands touch above his head. Do this a dozen times every morning, and the result will be a chest development that will surprise any one who has not made the experiment.

HOW TO MAKE A GOOD FACE WASH.

A prominent beauty expert recommends women whose skin is fine in texture and easily roughened and irritated to use the following wash: Finest of myrtle, five grams; rose water, 500 grams; tincture of quilla, sufficient for emulsion. This, he says, should be applied to the face with a piece of the linen. The face should be dried with a circular, upward movement with a piece of fine, dry linen.
