RUMOR SAYS THAT JAPS HAVE FORTS

TOKIO, June 29.—3:30 p. m.—It is unofficially reported that the Chik-Wan-Shan, Chit-An-Shan and So-Cho-Shan forts southeast of and part of the Port Arthur defenses, were captured on Sunday after an all-day fight, beginning with an artillery duel.

So-Cho-Shan, it is added, was first captured and the other forts soon afterward. The Russians retreated west, leaving forty dead or wounded. The composition of the Japanese force has not been ascertained beyond the fact that it is said to have consisted of all branches of the service.

The Japanese lost three officers and a hundred men killed or wounded and captured two guns and a quantity of ammunition. The officials here do not confirm the report.

ANOTHER SHIP MAY BE LOST

ST. PETERSBURG, June 29.—6:16 p. m.—A report has just reached the Press correspondent that the Russian Russian Neutron Menia rammed the Russian battleship Navarin at Cronstadt this afternoon. The circumstances and the extent of the damage have not yet been ascertained.

REPORT A BOAT ON THE ROCKS

CHE FOQ, June 29.—3 p. m.—Chinese arrivals from Port Arthur report a large vessel, presumably a Russian vessel, on the rocks ten miles southeast of Liao Tsi Shan promontory. Three funnels and two masts are above water. The Chinese also state that after the Japanese fleet moved away from the entrance to Port Arthur, June 21, the Russian fleet again emerged, remaining out a short time.

Fighting is reported to be continuous on land and from the sea. The weather has been stormy since Monday and extreme heat is reported from Manchuria.

ALL RUSSIA NOW WATCHES THE EAST

ST. PETERSBURG, June 29.—1:30 p. m.—The whole city is awaiting with breathless interest news from the opposing armies in Southern Manchuria, grappled in the decisive battle of the campaign.

But those fully appreciating the almost impassable country through which the Japanese columns are advancing and the difficulty of moving large bodies of troops into position, hardly expect the battle to begin in earnest for several days, although admitting that heavy firing between the advance forces may now be in progress.

The papers, with the exception of the army organ and the Novoye Vremya are unanimously of the opinion that a pitched battle is now certain. The former is silent on the subject, which may be significant, especially as General Koropatik's movements are shrouded in mystery.

RUSH BEING MADE FOR LIFE PRESERVERS

PITTSBURG, June 29.—Captain Isaac B. Williams, United States steamboat inspector, is being kept very busy just now inspecting life preservers. From 1,000 to 1,500 are being made and shipped by express to New York every day from this city.

The reason is attributed to the Slocum disaster. It is said the owners of steamboats are hurrying to get new life preservers on board their vessels so that if an inspection is ordered by the government they will be prepared for it.

The purchasers refuse to wait for the arrival of the goods by freight and the shipments are being made by express.

ONE WEEK'S TREATMENT FREE!

SIMPLY CUT OUT THIS COUPON. Send to The Cal-Cura Company, Kennedy Row, London, N. Y.

Any sufferer from Kidney trouble, Liver complaint, Discharge of the Bladder, Constipation, or Blood impurity who really desires to find a Permanent Cure, may obtain FREE TREATMENT with Cal-Cura Solvent, Dr. Kennedy's new medicine. Simply cut out the coupon above, and mail to the Cal-Cura Company, Kennedy Row, London, N. Y.

Cal-Cura Solvent is unequalled by any preparation, and is Dr. Kennedy's greatest medicine. It acts on an entirely new principle.

Mr. William H. Miller, of Mattawean, N. Y., says: "I was seriously troubled with my kidneys and bladder for over three years. Many doctors and various kidney remedies gave me no relief. But I finally bought a bottle of Cal-Cura Solvent of my druggist, used a few bottles, and I am cured."

CLOUD BURST WAS CAUSE OF FLOOD

PITTSBURG, June 29.—Over five hundred homes, business houses and school houses, a short distance from Pittsburgh on the Pan Handle railroad, were inundated in from two to ten feet of water in Robinson's Run hollow and Charters Valley by the cloud-burst there last night. Many buildings and bridges were washed away, horses and cattle were drowned, and at least one life was lost.

It was rumored that others had been killed, but the reports have not been verified.

There were many narrow escapes. In the Bastian Hotel, McDonald, Charles Hay, the engineer, was caught in a room in the basement. A most without warning the water poured upon him. Escape by way of the door was cut off. He reached safety by crawling through the transom.

The Murchland sisters, who conduct a millinery store at McDonald, narrowly escaped death in the flood. Their store was washed from its base with the three women in it. They were rescued by Charles Cameron, who waded out to the building and carried the sisters one by one.

The force of gushing water was overthrown by the force of glancing water. The five members of the family had sought safety in one of the upper rooms. All succeeded in reaching land by swimming and wading.

Miss Blanche Bush, a clerk in a news stand at McDonald, had a narrow escape. The store was lifted from its place and swept into the stream. Miss Bush was caught in the structure, and as it floated away she screamed for help. Her cries were heard by George Hemmerling, an oil operator. He plunged into the water and swam out to the building and back again, taking Miss Bush with him.

Both the electric light plants at McDonald were flooded and the town was in total darkness. The flood did not subside until daylight and many families slept outdoors all last night. Railroad traffic on the Pan Handle railroad through the flooded district is completely stopped. Tracks were washed away, and many towns above and below Oaktide and Carnegie are without means of communication.

The only fatality reported so far was the drowning of an unknown Italian, whose body was found floating in Robinson Run early today. The damage will reach \$100,000.

DEAFNESS CANNOT BE CURED

Local applications, as they cannot reach the diseased portion of the ear, there is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed, you have a running ear, or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to normal condition, hearing will be destroyed forever, and deafness is caused by catarrh, which is nothing but an inflamed condition of the mucous services.

We will give One Hundred Dollars for any case of deafness cured by our method, which cannot be cured by Hall's Catarrh Cure. Send for circulars, free. Sold by Druggists, price 75c. per bottle. Hall's Family Pills are the best.

Pure Food.

Everybody wants to eat and drink only pure and wholesome food and liquors. The merchant who knowingly sells his customers adulterated goods, for pure, should be punished. Ignorance of the law, of course, excuses no one, but many a merchant was obliged to pay a fine who had no intention of deceiving his customers. The manufacturers are the guilty parties, but they escape because they comply with the law by putting some little mark on the package. A customer goes into a wholesale house and is offered something cheap. He buys it and sells it cheap. It has a little mark "compound" on the package. This leaves the jobber out, but when the retailer sells it he must suffer the consequences.

Very frequently he knows nothing of the contents and is entirely innocent of wrong doing. When a customer wants to buy jelly for three or four cents a pound he surely knows that the stuff is not pure. It is the demand for cheap food that has forced such merchandise on the market. The merchant is in business to sell what the people demand. The only question is to give them what they ask for; don't deceive them.

The pure food law is all right and the people want to know what they eat, but there should be some protection for the merchant against the manufacturer.

Golden Wedding.

Mr. and Mrs. Benjamin Smithers, Grand street, celebrated their golden wedding Friday evening. Those present were: Mr. and Mrs. Y. J. James, Mrs. Ella Snyder, Mr. and Mrs. C. M. Johnson, Mr. and Mrs. George Gibson, Mr. and Mrs. Montague, Mr. and Mrs. J. H. William, Mrs. Hanley, John Popper, Mrs. Farther, Miss Myrtle Snyder, Carl B. Smithers, Ice cream and other refreshments were served.

The season is approaching when the small boy imagines that gunpowder is good for his complexion.

THE THIRD SON DEAD.

A streak of ill-luck seems to be in the wake of Nicholas Harris' family. Mr. Harris resides on East Race street, Shamokin, and is the father of a large family of boys, three of whom have died under sad circumstances within the past three years.

Two, Mathias and Lawrence, were soldiers in Uncle Sam's army. They were on the firing line in the Philippines and escaped death in the battle-fields only to die later from fever in hospitals.

Monday, Philip, aged 21 years, was drowned in a river at Ulrichsville, O., while bathing. A telegram was received by Jeweler Joseph Harris, a brother, apprising him of the sad fact. The telegram was received from another brother, Nicholas, who resides at Columbus, O.

LOVETT-SAVINSKI.

Miss Elizabeth Savinski and William Lovett of this city were married yesterday morning. The ceremony was performed in St. Joseph's Catholic Church by Rev. Father M. J. O'Reilly at 7 o'clock. Miss Highton of Philadelphia was bridesmaid and Thomas Jacobs of Hazleton best man. The newly wedded couple left on a trip to Scranton and other points.

VEGETABLE SICILIAN

HALL'S Hair Renewer. Why not stop this falling of your hair? At this rate you will soon be without any hair! Just remember that Hall's Hair Renewer stops falling hair, and makes hair grow.

POSED AS A TELEGRAPH LINEMAN

C. Graves, of Wilkesbarre, special officer for the Pennsylvania railroad company, Tuesday afternoon arrested a man who gave his name as I. G. Marion, and place of residence Lancaster, Pa., for beating his way over the Sunbury division on a freight train.

Officer Graves was on his way to Sunbury and both riding in the caboose. Marion gaining permission from the conductor by representing himself to be a telegraph lineman in the employ of the company. He stated that he had been sent out in a hurry and had forgotten to get credentials, but to make his story good he carried a pair of pole climbers and a pair of wire cutters. At first Graves was inclined to believe his story, but after being in conversation with him for a while he arrived at a different conclusion and made up his mind that he was an impostor.

When the train arrived at Sunbury Graves arrested the man and took him before Justice of the Peace Carpenter, where he was charged with illegal car riding. At first Marion stuck to the line man story, but when questioned closely, broke down and admitted his guilt. Justice Carpenter sent him to jail for twenty days.

The railroad officers are waging a relentless war on the army of illegal car riders and scarcely a day passes but what a number of them land in jail.—Sunbury Daily.

Killing and Maiming.

The executive in every town in Pennsylvania has received from the state board of health a communication calling attention to the need of a better enforcement of the law relative to the sale of toy pistols and high explosives. It makes the assertion that the total number of casualties in the United States last Fourth of July were 4,349, of which 406 died from lockjaw caused by injuries; 10 blinded; 75 lost one eye; 54 lost an arm or a leg; 174 lost fingers. The causes of accidents were: Blank cartridges, 1,309; firecrackers, 1,152; toy cannons, 379; powder and fireworks, 731.

The toy pistol is a most fruitful source of injury and death, and against this dangerous "toy" there should be a relentless warfare. Each recurring Fourth of July brings with it its noise and blaze and its epidemic of tetanus.

In the Fourth of July tetanus the disease usually becomes manifest on the fourth or fifth day after the injury, and the patient dies in from 24 to 72 hours. The last year out of 406 cases of lockjaw only nine recovered.

It was declared in an address before the Chicago school teachers, assembled in furtherance of the movement for a ban on the sale of the Fourth of July that city, that 1,100 persons were killed and 6,172 were injured in ten cities during the last ten Independence days. The fire loss was \$5,450,000. The burning of Portland, Maine, on July 4, 1895, inflicting a property loss of from \$10,000,000 to \$15,000,000—the most serious conflagration in the country up to that time since the great fire in New York in 1835—is a reminder of the dangerous handling of all forms of fireworks.

Such is the tribute paid to patriotism by the irrational methods of celebrating the country's natal day.

There is no reason to fear that patriotism will languish if the boys are denied the privilege of destroying themselves, or being maimed for life. The rational observance of the Fourth does not suppress patriotic ardor. There is no sense in the barbaric manner in which the Fourth is observed with explosives, endangering life and property.

May Dam the River.

Residents of Berwick and vicinity have practically decided to tear down the piers of the old bridge and use the stone to dam the river, thus making navigation possible.

For the past few days it is almost impossible to get across the stream, even in a row boat, as the stream is very shallow in places and it is no unusual sight to see the ferries and other boats stranded for hours. The county commissioners of Luzerne and Columbia counties held a meeting yesterday and it was shown that navigation will be an impossibility between Nesquehanna and Berwick during the summer, and in consequence it was partially decided to tear down the piers, build a dam, thus raising the water.

An Important Decision.

Judge McDonnell, of Westmoreland county, has rendered a decision refusing a new trial in the suit brought by the Dairy and Food Department against a dealer who sold brandy which was preserved with boric acid. The dealer was convicted and sentenced to pay a fine for the violation of the pure food act of 1895, and applied for a new trial, alleging that the brandy was sold for medicinal purposes and not for food or drink. In the opinion refusing the new trial the court refers to the act of 1897, which prohibits the adulteration of drugs and asserts that a person must be protected from the purchase of adulterated drugs as well as food. This was the first instance of boric acid being used as a preservative which has been brought to the attention of the department.

An exchange says there is big money in store for the man who can cultivate a seedless strawberry and a stoneless cherry.

The 100 editors who attended the meeting of the State Editorial Association at Williamsport, on Tuesday, and were the guests of the city and the Board of Trade, had one of those gay times that usually characterize the outings of the editorial fraternity.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood. All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers; they filter out the waste or impurities in the blood. If they are sick or out of their work, the waste or impurities in the blood, called uric acid, accumulates in the blood, and causes kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It is used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits.

You may have a sample bottle by mail from Dr. Kilmer's Swamp-Root, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

NIAGARA FALLS EXCURSIONS.

Low-rate Vacation Trips via Pennsylvania Railroad. The Pennsylvania Railroad Company has selected the following dates for its popular ten-day excursions to Niagara Falls from Washington and Baltimore: July 8 and 22, August 12 and 26, September 9 and 23, and October 14. On these dates the special train will leave Washington at 8:00 A. M., Baltimore 9:05 A. M., York 10:45 A. M., Harrisburg 11:40 A. M., Millersburg 12:30 P. M., Sunbury 12:58 P. M., Williamsport 2:30 P. M., Lock Haven 3:08 P. M., Renovo 3:55 P. M., Emporium Junction 5:05 P. M., arriving Niagara Falls at 9:25 P. M.

Excursion tickets, good for return passage on any regular train, exclusive of limited express trains, within ten days will be sold at \$10.00 from Washington and Baltimore; \$9.35 from York; \$10.00 from Littlestown; \$10.00 from Oxford, Pa.; \$9.35 from Columbia; \$8.50 from Harrisburg; \$10.00 from Winchester, Va.; \$7.50 from Allentown; \$7.40 from Tyrone; \$8.45 from Bellefonte; \$5.10 from Ridgway; \$6.90 from Sunbury and Wilkesbarre; \$5.75 from Williamsport; and at proportionate rates from principal points. A stop-over will be allowed at Buffalo within limit of ticket returning.

The special trains of Pullman parlor cars and day coaches will be run with each excursion running through to Niagara Falls. An extra charge will be made for parlor-car seats.

An experienced tour agent and a chaperon will accompany each excursion. For descriptive pamphlet, time of connecting trains, and further information apply to nearest ticket agent, or address Geo. W. Boyd, General Passenger Agent, B road Street, Station Philadelphia.

REDUCED RATES TO ST. LOUIS.

Via Pennsylvania Railroad, Account Democratic National Convention. For the benefit of those desiring to attend the Democratic National Convention, to be held at St. Louis, July 6, the Pennsylvania Railroad Company will sell round-trip tickets to St. Louis, from all stations on its lines, from July 2 to 5, inclusive, good returning, leaving St. Louis not later than fifteen days, including date of sale, on date of validation by Joint Agent at St. Louis, at rate of single fare for the round trip. For specific information concerning rates and time of trains, consult nearest ticket agent.

Patrons of Thursday Evening Danes Will Hear an Excellent Concert this Evening. Patrons of the Thursday night dances will hear a most excellent concert by the Foulk orchestra at Hunter's Park tonight. The concert will begin promptly at 8:15 and the program will include a clarinet solo by Arthur Foulk. Dancing will commence at 8:45. The following program will be rendered:

Overture
Two Step—"Polly Prim"
Henry.
Two Step—"Dream of Heaven"
Banner.
Two Step—"Mrs. Sipp"
Russick.
Waltz—"La Casa Loma"
Bramhall.
Two Step—"Uncle Sam"
Holzman.
Waltz—"Queen of Rossmore"
Weidt.
Two Step—"Karama"
Feist.
Waltz—"Sweethearts and Roses"
White.
Two Step—"Social Lion"
Hildreth.
Waltz—"Bells on the Wind"
Godfrey.
Two Step—"Birds in the Bush"
Bramhall.
Two Step—"Jan Brice"
Allen.
Waltz—"Navajo"
Waltz—"Pretty as a Picture"
Barth.

Few teams are fording the river as there is no particular course, and this is always attended with a certain amount of risk. The river conditions have now about reached their worst stage and emphasizes the need of all possible speed in the construction of the new bridge.

Lehigh County women and children are now gathering hundreds of bushels of clover blossoms. These blossoms they take home, boil and strain, then add sugar to the liquor and let it ferment. The result is a clear, sweet wine of fine bouquet and considerable body. Hundreds of gallons are made yearly.

DeWitt's Witch Hazel Salve. The original and only pure and genuine Witch Hazel Salve made. Look for the name DeWitt on every box. All others are counterfeit.

Cures Piles Permanently. DeWitt's is the original and only pure and genuine Witch Hazel Salve made. Look for the name DeWitt on every box. All others are counterfeit.

DEMOCRATS ARE BUSY AT ST. LOUIS NOW

ST. LOUIS, June 29.—It was stated at the headquarters of the National Democratic convention, which will convene in the Coliseum on July 6th, that the only portrait that will be hung in the convention hall will be one of Thomas Jefferson.

John L. Martin, temporary sergeant-at-arms of the convention, said that he would hardly do to have portraits of living Democrats displayed as permanent fixtures in the convention hall.

Plans for the decorations have been completed and the large hall will present a gala appearance. Red, white and blue will predominate, but the Louisiana Purchase exhibition colors will be a feature of the decorative scheme.

The dome of the hall will be formed of ochre hunting. The walls will be decorated with national colors exclusively and the stage will be done in a star-spangled effect. The coats of arms of several states and territories will be placed at intervals along the walls and on the platforms. The standards, indicating the seats of the delegations will be of white, with red rims and blue lettering.

To Prevent a Strenuous Fourth. The authorities all over the State are preparing to rigidly enforce this year all laws tending to prevent a too strenuous Fourth of July celebration.

The State Board of Health it is announced has urged upon the Mayor or Chief Burgess of every city and town in the State the need of enforcing the laws relative to the sale of toy pistols and high explosives for the protection of life and limb.

Startling as the statement may appear the State Board asserts that the recorded number of casualties in the United States resulting from the use of toy pistols, giant crackers and other high explosives on the last Fourth of July was as great as the losses sustained by the Russian forces in the recent two days' battle with the Japanese at Manchey. Russians killed and wounded in that engagement is admitted to have been 5,000.

The Fourth of July casualties in this country last year were 4,349, including 406 deaths and these figures the State Board of Health says are doubtless far below the actual facts. The following statistics have been gathered by Colonel Milton A. Embick, chairman of the State Board's Committee on Explosives, accidents and deaths on the last Fourth of July. Died of lockjaw caused by injuries 406. Died of other injuries 60. Totally blinded 10. Number who lost one eye 75. Arms and legs lost 54. Number who lost fingers 174. Number injured who recovered 3983. Total number of casualties in the United States, 4349.

Tonight's Dance. Music lovers of Danville are looking forward with much interest to the recital to be given by Miss Harriette R. Woods, in St. Paul's M. E. church tonight.

Her recital of last year is well remembered by all those fortunate enough to be in attendance and that they will hear her again is assured by the ready sale of tickets. During the past year, Miss Woods has been a student in Philadelphia and has been quite prominent in musical circles in that city. An excellent program will be rendered, among other numbers being the "Chanson Provençal," the success of last year's recital, which Miss Woods will sing by request. She will be assisted by Mr. Clarence Komptorne Hawden, an organist of much prominence.

The program appears on the fourth page of the News this morning.

Patrons of Thursday Evening Danes Will Hear an Excellent Concert this Evening. Patrons of the Thursday night dances will hear a most excellent concert by the Foulk orchestra at Hunter's Park tonight.
