Unwholesome Fruit.

The Philadelphia Department of Public Health has sent out a warning of the danger of eating unripe and overripe fruit. It says that carelessness in the consumption of fruit causes much illness.

The Department is right. Ever since man learned the difference between fruit he might eat and that which he might not eat, he has been devouring and in Philadelphia it created a genit ripe, unripe and overripe. And he uine popular furore, and elicited more has been paying the penalty by increasing the tribes of doctors and undertakers.
