RUSSIAN CRUISERS
IN CHINESE PORTS

PARIS, Aug. 24.—There is reason to believe that a decision is about to be taken providing for the voluntary disarmament of the Russian cruiser Askold and the torpedo boat destroyer Grozovoi, now at Shanghai and the Russian cruiser Diana at Saigon.

This will be done primarily to avoid international complications and will have the effect of reducing the Russian strength by three strong units, but the Russian authorities consider that this will be offset by the avoidance of the possible capture of the vessels named by the Japanese.

Advices received here from Saigon show contrary to previous announcements, that the Diana is in a very bad condition. She had one large hole in her hull below the water line. Her injuries will take weeks to repair. This would have permitted an extension of her sojourn in a neutral port beyond the twenty-four hours which expired yesterday, but it is foreseen that the repairs would entail such stay at Saigon that it is possible that questions affecting the neutrality of the port would be likely to arise, and therefore Russia is disposed to disarm the Diana, which thereafter will remain at Saigon during the war.

The final determination in the matter has not yet been taken but the tendencies are strongly as indicated. It is expected that the action to be taken at Shanghai and Saigon will receive the assent of international significance and practically close them.

RUSSIA MUST IGNORE CHINA

ST. PETERSBURG, Aug. 24, 8:30 a. m.—The Yostovi today says: "Continued violation of neutrality laws in the Chinese ports by the Japanese will compel us to regard the Chinese empire or at least part thereof as being within the sphere of active hostilities. China lacks either the power or the inclination to present Japanese incursion. The warships of neutral powers idly watch these violations. Therefore the agreement as to China's neutrality, made at the beginning of the war, becomes a dead letter and Russia must ignore it in self defence."

SEBASTOPOL WAS BADLY DAMAGED

CHE FOO, Aug. 24.—2:30 p. m.—Information of undoubted authenticity states that the Japanese armored cruisers Nashin and Kasuga have bombarded and silenced the Russian forts east of Golden Hill at the entrance of Port Arthur.

WASHINGTON HEARS OF SEBASTOPOL

WASHINGTON, Aug. 24.—The Japanese legation has received the following cablegram from Tokio: "According to the report of the Commander of the torpedo boat destroyer Anzio, the Russian battleship Sebastopol, while bombarding the Japanese position on land from outside the harbor on the 23rd struck a mine and inclined considerably to starboard with bow submerged. She was towed inside."

EMPEROR HAS MADE PROMOTIONS

ST. PETERSBURG, Aug. 24.—An Imperial autograph letter was also published today, making a number of promotions and conferring decorations on the occasion of the baptism of the heir to the throne including the bestowal on M. Witte, President of the Council of Ministers, the Order of the White Eagle; on Foreign Minister Lamdorff of St. Alexander Nevsky order in Brillants and on Minister of Justice Muraviev and M. Yermoloff, the Minister of Agriculture, the St. Alexander Nevsky order.

Prince Hilkoff, the Minister of Railroads, is appointed a secretary of state. An imperial order of the day decrees that the Finnish military district be abolished as a distinctive district and that it be merged in the St. Petersburg district.

Special acts of grace to the army and navy, similar to those enumerated in the manifesto are also announced. St. Louis is entertaining bigger crowds now.

STABLES FULLY OPENED

Republicans Preparing for Aggressive Movement All Along Line.

THE LIST OF ORATORS MADE UP

Chairman Penrose and Secretary Andrews have the Plan of Campaign Well Defined and Predict a Big Victory.

[Special Correspondence.]

Philadelphia, Aug. 23.—The Republican campaign in Pennsylvania has been formally opened, and it is predicted that the Keystone state will, when the votes shall be counted in November, continue to lead the column of Republican states of the union by the size of her Republican majorities.

Work at headquarters of the Republican state committee in this city has been under way for a week, and very satisfactory progress has been made. In the absence of Senator Boies Penrose, the chairman, Colonel Wesley E. Andrews, secretary of the state committee, has been in charge, and he expects to have all the preliminaries of the canvass disposed of before the chairman shall return. There has been a vast amount of correspondence already with the chairmen of the county committees and other active Republicans throughout the state, and reports from various quarters indicate that the Republicans of this state are taking a very lively interest in the coming election, and that they will continue to do so until the polls are closed on election day.

Hundreds of well-known Republicans from the interior of the state and from the several seats of the city have called at the state headquarters and volunteered their services for campaign work. Many young men who have not heretofore taken a hand in politics have asked to be enrolled for organization purposes, and a long list of orators has been made up for Chairman Penrose to call upon who, when dispatched to different parts of the state to address mass meetings.

There are a thousand and one things to be put into shape before the active outdoor campaigning shall be inaugurated, and it is this work that is engaging the attention of Secretary Andrews, who, with a score of stenographers, is busy until late every evening at the headquarters on Locust street, above Broad.

This building is admittedly the best equipped and most desirable headquarters of any political organization in the country. The property has been leased by the Republican organization of Pennsylvania for a number of years, and it is admirably suited for the purposes for which it is being used. Since the last campaign the building has been thoroughly renovated and made more attractive in many ways.

Chairman Penrose and Secretary Andrews have adjoining offices on the second floor, each with an outlook on Locust street.

Chairman Penrose and Secretary Andrews had several conferences before the senator departed on his vacation, and the plans for the campaign were fully mapped out. Senator Penrose has just written home that he expects to work in this city by September 1. He is having an enjoyable time riding on horseback in the wilds of Wyoming and Idaho, and will without doubt return in splendid health to take up the work of the chairmanship of the state committee and press the campaign vigorously during the last eight weeks of the contest.

A meeting of the Republican state committee will be held on or about September 12, at which nominations will be made to fill vacancies on the presidential electoral ticket. Some of those who were nominated for these honors by the Republican state committee have been found to be ineligible for the position by reason of the fact that they are connected with national banks. They must either resign their positions in these financial institutions or get off the ticket. Some will retire from the ticket, while others have expressed a determination to temporarily withdraw from their connection with national banks so that they may have an opportunity to vote in the electoral college for Roosevelt and Fairbank.

The meeting of the state committee will afford Chairman Penrose an opportunity to personally confer with the active men from the different counties and to have them report as to the condition of the party organization in their respective counties.

There have been many calls for literature bearing upon the present campaign, and as soon as the national committee shall be in a position to meet this demand a supply will be gotten for distribution directly from the state headquarters in this city. The speech Chairman Cannon, of the Republican national convention, and copies of the national platform are among the documents for which the greatest number of requests have been received.

It is not intended that the speech-making part of the campaign shall be inaugurated before the middle of September. At present there are so many reasons why their vacation time should not be held to hold political meetings at this time. There will be ample opportunity during the months of September and October to hold all the meetings that shall be necessary to rally Republicans of the old Keystone state about their party standard for the victory which is assured in November next.

MUST LOOK TO CONGRESS

Pennsylvania's Interests Have Much at Stake at Next Election.

AGGRESSIVE FIGHT TO BE MADE

A United States Senator and Thirty-two Representatives to the House Who Will Vote on Tariff Legislation Will Be Chosen.

[Special Correspondence.]

Harrisburg, Aug. 23.—Naturally interested centres here in the selection of members of the general assembly, as the next legislature, which meets here in January next, will be called upon to elect a United States senator for the full term of six years to succeed Governor Pennypacker's appointee, Philander Knox.

Among the nominees for the senate and the house who have been placed in the field already are many new candidates, and there is considerable speculation regarding the outcome of the contests in several districts.

The election of a stalwart Republican to the United States senate is of paramount importance to the vast industrial and other interests of Pennsylvania, as is also the matter of the election of Republican candidates for the national house of representatives.

The election of candidates for the legislature, who will have a vote on the United States senate, and the success of Republican nominees in the 22 congressional districts in this state will occupy the attention of the party leaders from now until the 8th of November next, when the ballots will be cast and counted.

Senator Penrose, as chairman of the Republican state committee, will give personal attention to this phase of the campaign, and he will have the hearty co-operation of every loyal member of the Republican organization throughout the state.

The fight for the election of these candidates will be made upon clean-cut lines, and will be aggressive from the start.

The voters of Pennsylvania will have impressed upon them the fact that the Democracy has ever been antagonistic to the Pennsylvania idea of the protective tariff, and that it is vitally essential that the Republican majorities in both branches of congress shall be maintained, in order that the great industrial interests, the vast army of industrial workers and the millions upon millions of capital invested, shall be kept free from harmful legislation at Washington.

In some respects, Republican loss of congress would be more disastrous to Pennsylvania's interests than the loss of the presidency.

It is pointed out that the Republicans have a majority of less than 30 in the present house of representatives, and that a change of 15 votes would give the house to the Democrats.

It is known that the Democrats are figuring upon gains in the congressional districts of Pennsylvania.

FIRE CAUSES MUCH DESTRUCTION

[Continued from First Page.]

house also helped to protect that building, although the porch at one time was on fire and was burning rapidly but was extinguished by W. G. Brown. The Brown building, higher than the rest, with its successive flights of wooden stairs on the rear was in great peril, but the entire building was kept drenched with water. Mr. Brown himself playing on the lower stories by means of a larger hose attached in the house.

By this time a thousand people had assembled at the fire. It was a moment of great suspense. Immense volumes of smoke raining fire brands down into Mill street poured over the roofs of the Brown, the Ammerman and the Parsel buildings. Houses on the east side of Mill street even were in danger and several of these were kept drenched with water by their owners. All this while only a slight wind was blowing and no one could help but picture the frightful results should the wind increase or should the fire have occurred during dry weather instead of just following a rain, as on Saturday, when everything was damp.

Such was the state of affairs when the firemen began to play upon the row of burning buildings. The efforts of the fire fighters were watched with the utmost anxiety by the many families whose premises extended to the very threshold of the burning buildings. As usual, however, the work of the firemen was effective. Several streams of water were soon playing upon the fire and it was not long until the great blaze which lit up the heavens began to subside. Each of the barns was roofed with tin, which to some extent may have interfered with the best efforts of the firemen. But the first thing done was to check the spreading of the fire. It was impossible to save either the Ammerman or the Parsel barns; Sunday where these had stood was to be seen only a few feet of brick and the building on Mr. Woods' property is about half burned but will be a total loss. New weatherboarding on the east end and a new roof for a portion of the large barn. The loss to the large quantity of hay some twenty bushels of oats and other feed were burned.

Mr. Ammerman had only a small insurance on his barn and his loss will be quite heavy. The Parsel barn itself was partially insured, as was also the barn on the Woods' property. Livestock on the farm carried no insurance.

Milton Ammerman and sister, Miss Maggie along with some city visitors were camping out over on the farm and had with them one of the horses and the baronette, otherwise in all probability the two latter would have been burned also.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is a new and reliable disease that science has been able to cure in all instances and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing the work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for every case that it fails to cure. Send for list of Testimonials.

Milkmen Carry Milk.

No one experiences more inconvenience in being kept off Mill street while paving is in progress than the milkmen. They are obliged to tie their horses at as convenient a spot as possible, mostly on East or on West Mahoning street, and to carry their milk for a square up and down Mill street.

Removed to the Hospital.

Mrs. Katherine O'Brien of Northumberland street, who has the misfortune to fall and fracture her left hip last week, was removed to the Mary M. Packer Hospital at Sunbury, Saturday night, where she will receive treatment. Mrs. O'Brien's two sons, Michael and James, accompanied her to the hospital.

ANOTHER BANK HAS CLOSED ITS DOORS

SYDNEY, Ohio, Aug. 24.—On application of Frank B. Reed, cashier of the German American Bank, the oldest financial institution in Sydney, was today placed in the hands of a receiver.

Reed stated in his petition that the bank could not meet the obligations as they came due. The bank has a capital stock of \$75,000.

Its liabilities are estimated at \$250,000 and assets at \$300,000. W. H. C. Goode was appointed receiver and gave bond in the sum of \$500,000. The opinion prevails that the bank will pay creditors in full, many of the stockholders, in partnership, being wealthy. Following the appointment of receiver, E. H. Reed, cashier, and John H. Gardner, president, made individual assignments. Later Peter Wagner, father of John H. Wagner, and a large stockholder, resigned.

NARROW ESCAPE OF FIFTY FAMILIES

NEW YORK, Aug. 24.—Fire today destroyed a five story brick tenement house in the Williamsburg section of Brooklyn and over fifty families narrowly escaped with their lives. Four alarms were sounded, and most of the Brooklyn fire fighting apparatus was called into service.

Early reports of loss of life could not at once be substantiated, the flames being so hot as to drive back the rescuing parties. The blaze apparently started in the front of the center tenement and spread in both directions and then to the rear.

The hallways quickly were filled with smoke and many of the occupants had to escape over the buildings in the rear, which also soon caught fire but it is believed all escaped. One fireman was slightly injured. The loss is estimated at \$20,000.

President at Work.

OYSTER BAY, L. I., Aug. 24.—After a delightful horseback ride and some invigorating exercise about the grounds of Sagamore Hill, today, President Roosevelt worked for several hours in his library. He was joined there by Secretary Loeb and together they disposed of an accumulation of mail relating principally to government business.

National Chairman George B. Corley tonight will be a guest of the President tonight. He will arrive here on a late afternoon train and remain until tomorrow morning. He desires to consider with the President some phases of the campaign which have arisen, in which the President has a particular interest.

Autoists Make Remarkable Trip.

F. M. Owen and Will G. Brown Saturday morning returned home from their interesting auto trip to Buffalo and Niagara Falls.

They made a most remarkable record. During their long journey, which was made with Mr. Brown as chauffeur they covered something like twelve hundred miles, yet during this long trip they escaped accidents of all sorts not even meeting with a puncture. Nothing in the way of ill luck occurred until the two autoists reached Mooresburg on their homeward run, Friday night. Here a heavy shower obliged them to put up their machine at the hotel and remain all night. Saturday morning they found the roads in such a muddy condition that they were obliged to complete their journey to Danville as best they could, leaving the machine at Mooresburg.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It is used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make no mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.
