## STATE PRESS IS TRUE

Pennsylvania Editors Loyal Supporting Roosevelt and Fairbanks.

HOT SHOT FOR THE OPPOSITION

Loyal Support to the Republican Party's Candidates and the Organization All Along the Line.

Never have the editors of Republican newspapers throughout Pennsylvania manifested a more lively interest in the success of the Republican candidates—local, state and national, than in the present campaign. They have lined up enthusiastically for the whole Republican ticket, and they are daily pouring hot shot into the ranks of the opposition. There is no insurgency, there is no swerving either to the right or left, but all are united in sustaining the magnificent administration of President Roosevelt and in steadfastly supporting the Republican organization. Here are a few excerpts from newspapers published in this state bearing upon the political situation:

Good Politics and Good Sense. It is very essential that the best interests of the country that a Republican house of representatives should be elected at the coming fall elections. It would mean that the congress would, at its next reorganization continue to be a harmonious body, politically, and capable of acting upon definite lines of legislation in accordance with the policies of the dominant party.

There does not seem to be any reason why a Republican house should not be elected. Nothing has occurred to present a new situation to the country warranting a reversal of its previous endorsements of Republican legislation and Republican policy.

## FIRST ATTACK OF BATTLE OF MUKDEN

ST. PETERSBURG, Sept. 21.—2:30 p. m.—Gen. Kuropatkin telegraphing under yesterday's date, declares that the situation at the front is unchanged. He describes an outpost fight Tuesday at Da Pass, half way between Bentsioaptze and Sintsin.

A Japanese force consisting of four troops marched up from Dzantichan, twenty-three miles northeast of Saimadzi and tried to capture the pass and turn the Russian left flank, but the Russians repulsed the attack and the turning movement was checked by Russian cavalry, supported by machine guns.

The receipt of the news at Tokio, of the march of the Japanese from Dzantichan was the probable origin of the rumor that Kuroki had crossed the Hun river, which is twenty miles north of Da Pass. The most reliable information does not indicate the resumption of the Japanese offensive for some days.

## EXPECT BATTLE NEAR MUKDEN

TOKIO, Sept. 21.—An impression is growing generally that an engagement will soon take place at Mukden. General Kuropatkin is evidently preparing to make a determined resistance to any attempt to dispossess him and is entrenching and constructing defences. He has an immense force available, but the opinion is expressed that Tie Pass would be a more favorable location for defense.

The Russians, however, are unyielding to suffer loss of prestige which would be involved in the abandonment of Mukden. Both armies are now rested and have recovered from the effects of the fight at Liao Yang. They are in condition to fight and the weather is favorable for military operations. The roads are drying and the Japanese are speedily restoring the railway.

A party of military attaches who recently came to Liao Yang from Tokio were dragged for 100 miles in open trucks by coolies. The army is now forwarding rolling stock with captured cars and engines and the service will soon be thoroughly organized.

With the Liao river open the task of transporting men and supplies to the advanced base of operations at Liao Yang is simple.

There is much speculation now as to the extent of the fall and winter campaign. It is generally thought that Field Marshal Oyama will continue pressing Kuropatkin back until the winter falls and will then strongly guard his advance line until spring. The Japanese carried on an aggressive campaign against the Chinese during the winter, but conditions are different in this war.

A renewal of the attack upon Port Arthur on new and more aggressive lines is expected this week, and it is predicted in well-informed quarters that the reduction of that fortress will be accomplished within ten days or a fortnight.

The authorities continue silent concerning operations there. The publication of a small list of casualties in the naval brigade, operating on land is the only recent official utterance in reference to the siege.

The spoils taken at Liao Yang continue to grow. Kuroki reports the capture of miles of railroad rails and 200 tons of coal.

## COURT CONVENED

## USED NETS ILLEGALLY

Fish Warden Harmon, who has been causing trouble for the fishermen in the vicinity of Sunbury for the past ten days, was busy again Wednesday morning and arrested M. P. Kreider of Sunbury for using a net in violation of the law.

The language of the Act of Assembly under which the arrest was made is as follows:

Each fyke net is to have attached thereto a metallic tag, bearing the name and address of owner. Any person convicted shall pay a fine of \$25 for each net, and also a fine of ten dollars for each fish unlawfully kept, together with forfeiture of nets and all other appliances so used, to the fish commissioner.

Mr. Kreider pleaded not guilty when arraigned before Justice Carpenter of Sunbury and October 4th was fixed as the day for the hearing.

Warden Harmon threatens to tear out all of the walls and confiscate nets, boats and other paraphernalia he finds and some trouble may result.

According to the law, nets having wings or walls cannot be used at all during the month of September. More arrests are promised.

## THE COMING MILTON FAIR

The managers of the Milton Fair Association are more than pleased with the encouraging outlook for a successful fall meeting. The fair opens on Wednesday, October 5th, and continues on the 6th and 7th. Secretary Paul and several clerks have been kept busy for some time sending out advertising matter and answering inquiries, and there is no exaggeration in the statement that in every department there is an unusual interest shown by intending exhibitors.

The attraction that have been secured to entertain the people are the very best, and are entirely different from anything ever shown here. Good music has also been secured for each day, and the midway will present its usual attractive features. The poultry exhibits of the Milton fair alone are worth going to see if there wasn't anything else to interest you. Special arrangements have been made for an improved service and reduced rates.

## Dementions of Retaining Wall.

As yet no dimensions have been decided upon as to the length of the proposed retaining wall at the Water Works. The plans will be drawn by Borough Engineer Keefer and will show dimensions and give estimates for two walls, one 85 feet in length and another 155 feet in length.

The Water Commissioners seem to favor the 155 foot wall taking in the entire length of the Borough property. The smaller structure would include only the length of the Water Works buildings and would leave an open space between the County lot on the west side of the bridge and the filtering plant.

The County Commissioners will be asked to join with the Borough and build a wall along the County lot to adjoin with the Borough structure thus making it continuous from the abutment to the extreme western end of the Water Works buildings.

The wall will be twenty-five feet high and will remove all danger of washouts and insure safety to the pump-room during the heaviest floods.

## The Great Bloomsburg Fair.

The Fiftieth Annual Fair of the Columbia County Agricultural Society will be held October 11, 12, 13 and 14. Every day will be a big day. High class attractions daily; Sansone and Delila in their graceful and astounding athletic feats; Royal Japanese Troupe exhibiting Oriental Talent, and LaBelle comic juggler, will entertain between heats of the races. A large addition to the grand stand has just been completed where all may be comfortably seated. You will witness the largest exhibit ever held on these grounds. The Miniature Railway, the Ferris Wheel, the Merry-go-Round and various amusements on the Pike will enliven the occasion.

The racing program will be as follows: Wednesday, 2:18 pace, 2:27 trot and County Race. Thursday, 2:15 pace, 2:17 trot and 2:31 pace. Friday, Free for All, 3:32 trot and 2:35 pace. Bands from Wilkesbarre, Sunbury, Berwick, Catawissa and Bloomsburg will be in attendance.

Farewell Party. Last evening a farewell party was tendered Mr. and Mrs. B. P. Harris.

## Board of Pardons Held Session Yesterday

HARRISBURG, Sept. 21.—The case of John Carcon, William Murphy, Patrick Murphy, William R. Martin and Frank Green, serving ten years in the Pottsville jail for burglary and assault and battery, was again heard today by the board of pardons.

A sworn confession from Dennis Grummel, a convict, that he and five others, none of whom are the men now in jail, are guilty of the crime for which they were convicted, was submitted. The board suggested that Grummel's confession must be corroborated before the case can be favorably considered. Counsel for the prisoners asked for a continuance, in order that corroborative evidence might be submitted.

The board took the matter under consideration. Several other cases, including that of Samuel Greason, the alleged negro accomplice of Mrs. Kate Edwards, the Berks county murderess, under sentence of death in the Berks county prison, were heard. No final action was taken in any of these cases.

## Will Install Wright At Allentown Home

SAN FRANCISCO, Sept. 21.—Owing to the fact that the constitution of the Sovereign Grand Lodge, Independent Order of Odd Fellows, requires that officers shall be installed before the adjournment of the session. Campbell, of London, Ont., next Saturday, at the same time that the other officers are installed in this city by the Sovereign Grand Lodge. The appointive officers will be selected by Mr. Wright and telegraphed to the Sovereign Grand Lodge before the installment ceremony.

A New Pavement. Contractor D. J. Rogers is putting down a concrete pavement in front of the Globe store. This sidewalk will conform with the established grade and will meet all the requirements made by the new curbing. It will be a handsome piece of work when completed and will add considerably to the appearance of the street.

Last Game of the Season. The Merchants Base Ball Club will cross bats with the Hospital Club on the Nail Mill grounds next Monday afternoon at three o'clock. This will probably be the last game of the season between these clubs and an interesting contest may be expected.

## Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make no mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.
