Help Poll the Vote. Don't underrate your own importance in this great campaign. Every individual is a cog in the political wheel, and if he slips or fails he jars the machinery. In congressional contests, one vote has been known to change an election precinct and a small group to change a seat in congress. Besides, if you are vigilant you will set a good example to some other fellow who may be lazy and indifferent, so your vote may really have not permitted the Democrats to paign as any other member of the speaker of the house be elected, to be ent, thoughtful voters of this country control congress for many years. Vote the Straight Ticket. The time has come to line up for direction. the congress fight. The president is beyond the danger line. He is certain of election. He should not be embarrassed by a partial victory. It should be complete. The men who are opposing the Republican candidates for congress might as well go over to the opposition completely and vote for Parker. The time has come to lay aside all personalities and vote a straight ticket. A personal vote against a Republican candidate for the house is a vote against the party and president. Drop all personalities and all grievances and vote for Roosevelt and the Republican ticket and vote it straight.

#### -Greensburg Tribune. Stand by the Congressmen.

It would be a grim political joke if Pennsylvania, after giving a majority of 300,000 for Roosevelt and protection, should elect one or more free trade congressmen whose votes might minimize such a splendid result. There is now no doubt whatever of President Roosevelt's election. In view of this fact the election of a strong working majority in congress is the logical corollary.
