The University of Pennsylvania Alumni at a meeting at the Central Hotel, Sunbury, Monday evening established a permanent organization and elected the following officers: President, Rev. Charles Morrison, 600

Moore '68D Shamokin; Secretary and Treasurer, L. O. Glass '04C Shamokin; Executive Committee, Dr. W. E. Drummheller '02 D Berwick; Dr. L. E. Shnell '88M Shamokin; Dr. Sidney Davis '73M Milton; Dr. H. M. Becker '98M Sunbury.

Through the efforts of Dr. Drummheller, Columbia and Montour counties have been admitted to the district and wishes the names of all graduates living in this vicinity sent to him at Berwick.

After the organization was effected a banquet was held and spirited speeches were made. Similar organizations are to be formed all over the country. Moving to Danville.

The uncertainty of the river situation is causing several South Danville families to move to this city in the fear that if they were to remain at Riverside this winter they might become cut off from this city just as they were for a month or so last spring after the flood.

TELEPHONES FOR COUNTRY

O. V. Amorman, Esq., has just returned from the St. Louis Exposition and a visit in southern Illinois. He became greatly interested, while in Illinois, in the systems of rural telephone lines that have been extensively established there and which are proving of untold value to the farmers.

He was impressed with the matter to such an extent that he made a little study of the situation there in comparison with the situation in this section and as a result he has decided to work up the rural telephone business here if given any encouragement. Pettijohn, Pitman & Company have put in hundreds of phones in southern Illinois and Mr. Pettijohn is now interested in the situation in this section as the result of that Mr. Amorman told him, and would be willing to come here to promote lines from farm to farm all through this section if he were given the assurance that the movement could be successfully carried out.

Mr. Amorman is confident that the establishment of rural telephone systems in this part of the State would be a great boon for the farmers. Since he came here the Illinois firm has written inquiring the price of poles, and so on, and expressing a desire to open up this territory. Mr. Amorman will broach the subject to some of the farmers of his acquaintance and wait to hear from any who may be interested. If sufficient interest is aroused he will take active steps towards the formation of the rural systems here.

Anxiety Over Bridge Matter.

The question as to whether the new river bridge could be used even if completed this winter is causing some speculation because of the fact that patent block flooring is to be used and could not be laid in cold weather. It is understood, however, that there will be no trouble along this line, for if the regular flooring can not be put in place as soon as the bridge is completed a temporary plank floor will serve during the cold weather.

THE PERFECT WAY.

Doan's Kidney Pills are made for kidneys only. They are endorsed by Danville people. J. L. King, moulder, of 403 E. 4th St., Bloomsburg says: "The statement I made in 1896 is about all I can say regarding Doan's Kidney Pills.

They cured me of kidney complaint and backache at that time and the cure has been a lasting one. I can now, eight years after, endorse my former statement. Prior to 1896 I had suffered for a long time with a weakness and lameness over my kidneys accompanied by a terrible backache right across my loins and a constant dull pain never let up day or night. When I stooped as my work so often required me to do I could scarcely straighten. Sharp twinges would catch me in the small of my back, taking the very life out of me. I heard Doan's Kidney Pills spoken about as being an effective remedy so I procured a box. They cured me, and during the past eight years I have had no return of any kind of trouble.

Plenty more proof like this from Danville people. Call at druggists and ask what their customers report. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Cigar Over Century Old.

William M. Sechler has a curiosity that attracted a great deal of interest yesterday. It is in the form of a cigar which is probably over one hundred years old. The stone house on the farm of L. H. Park at Cameron, built in the year 1786, during last month was being rebuilt by the owner and the cigar was found between two stones in the wall. It had been plastered over and was well preserved.

The plaster was made of a mixture of lime, sand and straw, the only kind that was used a century ago. The cigar can be seen at the store of A. H. Grono. It came into Mr. Sechler's possession through his father being one of the mechanics making the repairs on the old land mark.

To Cure a Cold in One Day.

Take LAXATIVE BROMO QUININE Tablets. All druggists refund money if it fails to cure. E. W. Grove's signa-true is on each box. 25c.

Birthday Party.

The eleventh birthday of Maude Winters was celebrated at the home of her parents, Mr. and Mrs. Jacob Winters on Monday evening. Those present were: Mr. and Mrs. Grant Gulick, Mr. and Mrs. Joseph Oschger, Mr. and Mrs. John O. Reppert, Misses Sarah Winters, Maud Winters, Florence Myers, Lizzie Campbell, Bessie Keeler, Ruth Dye, Emma Elliott, Sarah Elliott, Marion Myers, May Hoffman, May Mottern, Hattie Wilt, Viola Mottern, Mabel Eberly, Ada Messer, Messrs. Jacob Winters, George Wertman, Willson Dye, Ralph Myers, Harry Redding, Edward Hynes, Earl Woodside, Fred Woodside, Harry Wilt and John Hoffner.

WILL RUN IN THIRTY DAYS

That Danville & Bloomsburg trolley cars will run under the Philadelphia & Reading railway tracks and up Mill street in this city as far as the Delaware, Lackawanna & Western crossing by the end of thirty days is now the expectation, the realization of which it goes without saying will greatly please all Danville citizens.

Yesterday in all there were about a half hundred men at work on the site of the proposed "A" street undergrade crossing, of whom half were Philadelphia & Reading employes engaged in putting stringers under the tracks and the other half laborers in the employ of Contractor Rogers. He has a crew at work excavating on either side of the railroad. The progress of operations will be facilitated by the arrangement that has been made for carrying for the earth that is removed. The railroad people will permit the contractor to place it right near the scene of work on the railroad property.

The trolley track laying was being hastened yesterday by two crews, one east of Church street on Walnut street being engaged in excavating and one near Bloom street placing the track in condition for use.

Charming Home Wedding.

At the home of Mr. and Mrs. George B. Strouse in Mahoning township, occurred the wedding of their daughter, Miss Julia Susan Strouse, and Lloyd John Wartz, of this city, at 7:30 o'clock Saturday evening.

The Rev. Dr. M. L. Shindel, of the Pine Street Lutheran church, performed the ceremony. The wedding was a charming affair and was witnessed by a large number of guests. A sumptuous repast followed the ceremony.

The bride and groom are highly esteemed young people whose many friends wish them much happiness. They received a wealth of gifts.

The Mechanicville cornet band enlivened the enjoyable occasion with excellent music. The guests spent the evening very pleasantly in song and social conversation.

Those present were: Mr. and Mrs. George B. Strouse, parents of the bride and son Enos, Mr. and Mrs. Zach Wartz, parents of the groom, Frank Wartz and wife, Heber Wartz, William Williams and wife, Samuel Edmondson, and wife, Jennie Edmondson, and Miss Kate Strouse of this city, Mrs. Juliet Wartz, and son Allen of Washingtonville, Mr. A. Confer of East Danville, Albert Cashner and wife of this city, Miss Ada B. H. of Riverdale, and Frank Derr, Otto Volkman, Charles H. Moser and Robert Lee of Grovania.

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary.

Mrs. Lois Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by Paules & Co., Druggists, Price 50c, and \$1.00. Trial bottles free.

Dr. Henkel Passes Away.

The Rev. David M. Henkel, D. D., died at his home at Catawissa yesterday morning. He was the first pastor and organizer of Trinity Lutheran church, this city, and was well-known to Danville people.

He was born in Virginia in 1820. His father was the first Lutheran minister to engage in Christian work in Columbus, Ohio. After graduation in 1849 the Rev. Mr. Henkel preached at Goshen, Ind., then at Stewartsville, N. J., and in 1859 came to Danville and built Trinity Lutheran church, where he was pastor for eight years. He built St. John's church at Strasburg then went to Richmond, Va., thence to Mt. Pleasant, N. C., and from there to Nokomis, Ill. In 1882 he removed to Catawissa, retiring from active ministry.

The deceased was a very able speaker and was identified with the Lutheran ministry since 1848. Rev. Henkel was twice married, his first wife died in 1878. In 1875 he married Susan C. Eyer, eldest daughter of the Rev. W. J. Eyer, of Catawissa.

Five children belonging to the first wife survive: Mary, wife of C. W. Siffard, Ottawa, Kansas; Leah, wife of Rev. A. L. Yount, Greensburg, Pa.; Charles L., New Decatur, Alabama; William D. and Luther S., of Philadelphia. The second wife survives along with seventeen grandchildren.

The funeral will take place Saturday at two o'clock p. m., from the family residence. The sermon will be preached by the Rev. Dr. Repass, of St. John's Lutheran Church, Altoona.

Not a Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles and General Debility." This is what B. F. Bass, of Fremont, N. C., writes. Ready for Livery.

Whenever the engine and dynamo for the municipal light plant reach Danville the foundations for them will be in readiness and they can be promptly set up. So far no advice from the Ramsey Electrical company have been received and it is not known when the machinery will be shipped.

Yesterday Superintendent Keeler, of the Water Works, removed his crew from the protecting wall and resumed operations on the big bed of masonry in the Water Works building. By evening the foundations were completed. They will have to set for a few days and at the end of that time will be hard enough to bear the weight of the machinery that is to be placed on them.

The work on the street is being delayed by a shortage of poles. A report was received yesterday that a carload of poles was held up by the breaking of the car when on its way to this city. They will arrive in a few days, however, and the planting of them will be resumed.

BRISK FIRE IN DOUBLE HOUSE

The timely discovery of a brisk fire in the double dwelling house at 332 and 334 Mulberry street at 9:30 o'clock yesterday morning prevented a bad blaze. The flames consumed a bed and did damage in an upstairs room before being overcome.

Before the arrival of the firemen a bucket brigade did valiant service and with the aid of a garden hose extinguished the fire. The fire was in the side of the house occupied by Charles Shears. How it originated is not known. The clothing on a bed was destroyed and the bed was ruined. The excitement attending the fire was lively and many things were carried out of the side of the house in which John Paul lives. No damage was done to Mr. Paul's home except the breaking of a couple of panes of glass when taking goods out of an upstairs window.

FINE COURSE IN ARRANGED

The Young Men's Christian Association has just completed arrangements with the Ithaca Conservatory of Music for a course of four strictly high-class entertainments, to be given in Y. M. C. A. Hall,—one a month—beginning Tuesday evening, November 22nd, at 8 o'clock. The next will come Thursday evening, December 8th and the remaining two (on dates to be arranged) in January and February.

The first number will be a concert company, consisting of 4 accomplished young ladies. The second entertainment will be given by Miss Mildred Gillum, monologue artist, who will appear in a miscellaneous program. The third number is to be a male quartette, and the fourth will consist of Readings by Florence L. Ketchum.

The entire course will be first class in every respect, and each number will prove entertaining and instructive. These entertainments have been secured for the pleasure and profit of the people; and, in order that all may have an opportunity to attend, the price of admission has been fixed at 15 cents, for men, women and children. There will be no reserved seats. The Association Hall seats about 325 persons; after these are filled, there will be standing room only. Tickets will be on sale at the Y. M. C. A. building in time for each entertainment.

The Y. M. C. A. has arranged these entertainments for the pleasure of the people, and put the price within the reach of all. The small admission fee does not mean inferior talent. The object of the course is to furnish cheap entertainments at small cost, aside from any money-making consideration.

Home After Long Absence.

Mrs. John L. Evans and daughter, Marguerite, on Saturday returned to Danville, their home city, after a long sojourn in a strange land, or rather in several distant parts of the country, for they have traveled considerably during their absence of about ten months. Mr. Evans left here a year ago and his wife and daughter joined him last January at Albuquerque, New Mexico, where they took up their residence in the hope of Mr. Evans there recovering his health.

Three months ago they went to Colorado Springs, where Mr. Evans was given very beneficial treatment, which now he is receiving at Denver. His physician states that at the end of six weeks he may be able to return to his home.

On their way back to Danville Mrs. Evans and her daughter visited the St. Louis Exposition. They were greatly pleased to get home. Life in New Mexico, dry and sandy, was not to their liking. They, however, enjoyed Colorado Springs. If the health of Mr. Evans continues to grow better and he gets home as expected he will arrive at about Christmas time. His home-coming after so long an absence will doubtless be a happy one.

Election Was a Quiet One.

The election of a Captain of Company F was conducted at the Armory by Major Charles P. Gearhart Saturday night and was a very quiet affair, there being no opposition to the reelection of Captain J. Beaver Gearhart. The attendance of members of the company was large. The reelection of the present incumbent of the office of Captain left no vacancies to be filled.

After the election Captain Gearhart briefly addressed his men. He referred to the change in regulations and went over the work that the company will have to do prior to the next inspection.

Will Church Club Change.

Whether the Church Club of the Diocese of Central Pennsylvania shall remain as it is or split is a question which the members will be called upon to solve at the fall meeting to be held at Wilkesbarre next week.

It has been suggested that, when the two new dioceses are carved out of the old one, that the club will remain as it is, changing its name to the Church Club of Central Pennsylvania. It is not desired to have the club split because two small ones would not be as strong as the present large one.

Secretary Frank C. Angle has sent out preliminary notices of the fall meeting and dinner which will be held at Wilkesbarre on November 17. Hon. Henry M. Hoyt, solicitor general of the United States, will be the guest of honor.

State Grange Meeting.

Of great importance to the patrons and farmers of Pennsylvania is the coming State Grange meeting to be held in the City of Erie, December 13th to 16th. It promises to be one of the largest and most enthusiastic State Grange meetings ever held.

If the plodding farmer, who has all his life never looked beyond his farm and the narrow limits of his little community could spend at least a day in this meeting he would get such a revelation of the dignity of his calling and the possibilities before the American farmer as would be a revelation to him. Why should not every one of the more than 300,000 farmers of the State be represented there? What respect would be paid to the utterances of such a body?

Death of Mrs. Farley.

Mrs. Margaret Farley, an aged lady who was widely known and highly esteemed in this city, died at 7:10 o'clock Saturday evening at the home of her son, William H. Farley, 712 East Front street. She was 79 years old on March 5th last and is survived by two sons, William H., of this city, who is a foreman for the Shamokin Lumber and Construction Co., and Robert, the Philadelphia & Reading freight agent here, and one daughter, Mrs. Thomas P. Morgan, of Tyrone.

Wedding is Announced.

Announcement is made in this city of the coming wedding of Joseph Ziehlensch and Miss Mary K. Dolly, of Elizabeth, N. J., which will occur in the latter part of this month at Elizabeth. The prospective groom formerly resided in Danville.

THE DANVILLE TEAM A WINNER

The Danville basket ball team successfully opened its season Friday eve with a well played game against the Lewisburg Athletic Club. A large crowd filled the Armory and thoroughly enjoyed the sport.

The Danville team has good material in plenty and a change of players was made in the second half in order to give all of the players a try out. In the first half Lewisburg scored 11 points and Danville 5, the former throwing more accurately, although Danville in passing was far superior to the visitors. In the last half Lewisburg was only able to score one point and that was on a foul, but Danville by outplaying their opponents at every point, scored twelve. On the whole it was a finely played game.

The score was: Danville, 18, Lewisburg, 12. The teams lined up as follows: Danville: Lewisburg A. C. S. J. Welliver, forward; Grier Barber, forward; Smith Barry, center; Lose Peters, center; Rosenthal, defense; Taggart Bedea, defense; McNinch Russell, defense; H. Welliver, defense.

Goals from field—S. J. Welliver 2, Barber 3, Peters 2, Grier 1, Smith 4. On fouls—Barber 4, Grier 2. Time of halves, 20 minutes. Umpire, I. Rosenthal.

Katherine Willard.

Manager Edward C. White, under whose direction Katherine Willard is starring in "The Power Behind the Throne," is a strict disciplinarian. When his company is playing in a one night stand, Mr. White insists upon a performance equal to, if not better, than is given in a large city. Every piece of scenery in the production

Terminated with an ugly end on the log of J. B. Orr, Franklin Grove, Ill. It developed a stubborn ulcer unyielding to doctors and remedies for four years. Then Bucklen's Arnica Salve cured it. It's just as good for Burns, Scalds, Skin Eruptions and Piles. 25c at Paules & Co.'s Drug Store.

Wind-up of Cider Season.

The price of cider, which at one time this fall was down to \$1.75 a barrel and which lately has been selling for five and six cents a gallon when purchased by the quantity, is now rising, having gone to eight cents a gallon, wholesale price. This marks the close of one of the busiest cider seasons of recent years. The two local cider presses, Summons' on this side and Hoover Brothers' in Riverdale, were kept running nearly every day when the apple crop was being harvested and on numerous occasions turned out as high as 2000 gallons of cider a day.

Thousands Cured.

DeWitt's Witch Hazel Salve has cured thousands of cases of Piles. "I bought a box of DeWitt's Witch Hazel Salve on the recommendation of our druggist," so writes C. H. LaCroix, of Zavalla, Tex., "and used it for a stubborn case of Piles. It cured me permanently." Sold by Paules & Co., Gosh & Co.

A Hopeful View.

The Iron Age takes a most hopeful view of industrial conditions this week. It observes that "the only branch of steel manufacture now really lagging is the rail trade, which will continue quiet until the price for next year is settled." Prices of pig iron are soaring and the rising tide of demand has been sufficiently strong to carry northern prices up to a parity with southern, and all sections have thus enjoyed a share of the heavy buying movement the past week.

A Good Complexion.

Sparkling eyes and rosy cheeks restored by using DeWitt's Little Early Risers," so writes S. P. Moore, of Nacogdoches, Tex. A certain cure for biliousness, constipation, etc. Small pill—easy to take—easy to act. Sold by Paules & Co., Gosh & Co.

Purchased Two Farms.

A big real estate deal has just been completed, whereby Mr. W. H. Latimer, of Market street, this city, becomes the owner of two of the Bennett farms in Anthony and Tyrone townships. The farms are among the finest in the county, rich level land and greatly improved. The buildings on them are very substantial. In the tract is 400 acres. The consideration for the property was \$16,500.

No Foot Ball Game.

The Northumberland foot ball team came to Danville Saturday, but because of the bad weather no game was played with Danville. It is probable that arrangements will be made to play the game here on Saturday of this week.

Came by Trolley.

The attendance of strangers at the play at the Danville Opera House Saturday night was large. There were people from Bloomsburg and points all along the line of the Danville and Bloomsburg trolley here to enjoy "The Missouri Girl." The trolley was liberally patronized. The Danville and Bloomsburg road certainly is proving a great convenience in every conceivable way and the folks living on the new trolley line are not slow in taking advantage of it.

Turkeys Will Be Shipped East.

The price of turkeys will in all probability be more reasonable this year than during the past two seasons, as the supposed scarcity of the handsome fowl in this section has caused the western raisers to make extensive preparations to flood the market at greatly reduced prices. This they say will give them a comfortable margin of profit.

Secured Marriage License.

A marriage license was issued at the Prothonotary's office Saturday morning to Edward Clyde Springer and Florence Edna Sassaman, both of Pottsgrove.

FIFTY-EIGHT DELEGATES

Fifty-eight delegates registered yesterday at the opening session of the twenty-second annual meeting of the Woman's Home Missionary Society of the Northumberland Presbytery, in the Mahoning Presbyterian church. The convention opened at 3 o'clock in the afternoon when good reports were made and preliminary work disposed of. In the evening there was an excellent lecture. Today there will be sessions at 9 a. m. and 2 p. m.

Yesterday afternoon the devotional service was conducted by Mrs. S. D. Ball, of Lock Haven, in the absence of Miss Alice G. Frick. Mrs. J. E. Hotelston gave a hearty greeting to the delegates, to which Mrs. W. W. Mosby responded. The report of the Corresponding Secretary, Mrs. C. G. Furst, of Lock Haven, was a very encouraging one, showing that the membership of the Society is strong. Mrs. T. S. Moorehead, of Milton, the treasurer, gave an interesting talk on financial matters. Miss Foster, of Williamsport, the Secretary of Literature, reported on the work of her department, and an excellent report was made by Miss Mary Voris, of this city, the Secretary for Freedmen. Mrs. Morris offered a prayer at the close of Miss Voris' report.

The Round Table conference conducted by Miss Mary E. Hoffa was very beneficial. Ten phases of Missionary work were developed by members of the Society in two-minute talks. The Rev. J. E. Hutchinson was in charge of the evening session, at which Rev. D. E. Finks lectured on "Strange People in Our Land," illustrating his excellent address by the use of stereopticon views. He talked of the Mexicans, Mormons and Indians of the West.

A Runaway Bicycle.

Terminated with an ugly end on the log of J. B. Orr, Franklin Grove, Ill. It developed a stubborn
