KEYSTONE COMMISSION CO

The contract holders of the Keystone Commission Company in this city yesterday received the following communication:— Dear Sir:—You are hereby notified that the Keystone Commission Company has removed its home office to 405 Metropolitan Building, East St. Louis, Mo.

First, the inadequate service of the local express companies, secondly because of the action of certain Danville people to put in operation a plan that would work injustice to the general contract holders, which if put in operation would disrupt the Company.

Keystone Commission Co. The Keystone Commission Company began business in this city some time ago under the name of the Interstate Commission Company, with offices at Buffalo, N. Y.

The National Bird. Those of us who cannot be sufficiently thankful without the aid of a turkey on Thanksgiving Day are threatened with a turkey famine or a great depletion of purse in the purchase of the American bird.

Subject to Military Duty. It may be of interest to our readers to know the number of men in Montour County, who according to returns made at the office of the County Commissioners by the several assessors of the County, are subject to military duty.

Favorable for Farmers. The farmers of this section are having an opportunity this fall to clean up more thoroughly and to accomplish more in the way of getting ready for spring than they have had in many years.

Stetson's Uncle Tom's Cabin. Stetson's "Uncle Tom's Cabin" is the title of a really big company, which, under the personal management of Leon W. Washburn, whose name has been long and favorably associated with up-to-date amusements, is to appear at the Opera House on Saturday, November 26th.

Blizzard Predicted by Prophet. Weather Prophet Devoe, of Hackensack, N. J., says the temperature will fall rapidly and a blizzard will prevail over the Northern States the latter part of the week.

A GREAT ATTRACTION

A large and cultured audience made up of Danville, Bloomsburg and Catawissa people enjoyed one of the most notable attractions of the season at the local theatre last night, the play being "The Triumph of an Empress" with Mildred Holland in the role of "Catherine the Great of Russia."

The telling of a more outline of the story can give no adequate idea of the play's strength, nor can it show the intense heart interest that runs through the entire piece. The entire company was exceedingly well balanced, made up of clever and talented people.

Though Miss Holland has always been greeted with enthusiastic audiences in Danville her new play met with popular favor last night. Its chief value, however, is in giving Miss Holland another of the roles in which she excels.

Henry C. Mortimer's portrayal of the Emperor was sincere and intelligent. Lillian Norris as plotting confidante gave an impressive rendition of the difficult role.

AN ENDLESS CHAIN.

Gratitude Stretches it Further and Further in Danville. Like an endless chain. Time adds a new link every day. Danville people cured Indorse Doan's Kidney Pills. A pleased patron is the best ad.

Remember the name—Doan's,—and take no other. The National Bird. Those of us who cannot be sufficiently thankful without the aid of a turkey on Thanksgiving Day are threatened with a turkey famine or a great depletion of purse in the purchase of the American bird.

IS STILL A MYSTERY

Men searched the mountains surrounding Hickory Ridge all day Sunday hunting for the missing head of the man whose body was found by hunters Saturday morning, one hundred feet from the public road, between Hickory Ridge and Shamokin.

Everybody is convinced that the man was murdered, and it is generally believed the victim was a collector for an installment firm and that he was robbed of a large sum of money. The tragedy occurred immediately after pay day, and the region is generally visited by installment collectors after the miners receive their semi-monthly earnings.

The body of the victim was taken to a Mt. Carmel undertaking establishment Sunday and carefully examined. The hands are small and fair, the nails being well manicured. The body measured five feet two inches. The knuckles of the right fist were torn, indicating that the victim had battled with one or more assassins.

A searching party Sunday night found a sack coat, two new gloves, a piece of carpet, a four-in-hand tie and a stickpin several hundred feet from where the body lay. The coat is thought to have been torn from off the dead man.

Coroner Dreher, of Shamokin, says the decapitation of the head was accomplished by one sweep of the knife, the bones of the vertebrae being cut through. There was no dislocation and whoever used the knife wielded it with anatomical knowledge.

Six bullet wounds were found, two in the breast, two in the back, one under an arm and another in the calf of the right limb. The bullets were from a .35-calibre revolver, several empty shells being found near by.

John Biemsky, pumpman at Hickory Ridge Colliery, says he heard pistol shots along the road about 8 o'clock Friday night, but paid no attention to them, as frequently crowds of Italian and Hungarian miners discharged firearms at trees and in the air.

The body of the victim lay at Hickory Ridge a long time before it was removed to the undertaker's and it was viewed by many men and women, all of whom were fearful it might be one of their relatives.

In all of the more important towns in the region inquiries have been made to learn whether any one has disappeared. So far no one has been reported missing.

Monday morning Coroner Dreher empaneled the following jury at Mt. Carmel: Dr. W. H. Lewis, James Whitehead, W. Lee Williams, John Dreher, W. P. Kemble and John A. Breslin. The jury viewed the body but no time was fixed to hear testimony, it having been decided to wait until there may be some later developments in the case.

It is likely that the Northumberland County Commissioners will offer a reward for the finding of the missing head.

There has been absolutely no new developments in the case of the headless man found on Saturday near Hickory Ridge. The whole region near the scene of the awful discovery has been searched in vain for the missing head. It seems that almost every clue has been exhausted.

BLOOMSBURG 28 WYOMING 0

The ideal foot ball weather that prevailed Saturday brought out a large crowd of enthusiasts to witness the contest between the Bloomsburg Normal School and Wyoming Seminary at Bloomsburg. Those who expected to see an interesting and exciting game, were not disappointed. Although it was Bloomsburg's game from the start, Wyoming's play was not without vim and dash, and the Normal's touchdowns were only made by hard, consistent playing.

The Bloomsburg captain generally his team admirably, to which was due in a large degree the inefficiency of Wyoming's defense. An old foot ball trick play called the "delayed pass" was worked by the Normal team a number of times, and nearly always proved an excellent ground gainer. The quarterback on receiving the ball from the center quickly faces the back field while the whole team with the exception of one back plunges through center. The opposing team, thinking the ball is going where the attack is made, direct all their attention to center, while the quarter with a half back for interference takes the ball around either end.

Bloomsburg made her first touchdown in 8 minutes after playing had started. Two more touchdowns were netted in the first half. It was in this half that Herman, Wyoming's quarterback, was injured and was carried from the field. It was at first thought that he was suffering from a fractured skull, later, however, he regained consciousness and it was found that his injuries were not serious.

In the second half Gregory, of Wyoming's team had his shoulder blade broken. The game ended with the score 28-0 in favor of Bloomsburg.

The line up: Wyoming. Taylor, left end, Cox. Dennison, left tackle, Gregory. Gilbert, left guard, Jones. Hartman, center, Silmore. Long, right guard, Thayer. Shaw, right tackle, Russell. Titman, right end, Zerbe. Back, quarterback, Herman. Brown, left halfback, J. C. Miller. Fisher, right halfback, W. Miller. Touchdowns: Brown, 2; Titman, 2; Weimer, Taylor. Goals from touchdowns: Brown, 3; Referee, Sautters, Williamsport; Empire, Smith, Bucknell; chief linemen, Haas; linemen, Allen, Bloomsburg and Gregory, Wyoming; timers, Wall, Wyoming and Cope, Bloomsburg. Time of halves 30 and 25 minutes.

The following Danville people attended the game: Mr. and Mrs. Thomas J. Price and son Edward, Mrs. F. G. Peters and son Arthur, Mrs. George Maiters, Miss Sallie Musselman, Fred Jacobs, William McClure, Dr. J. O. Reed, Shoop Hunt, Harry Peters, George Clark, W. G. Parsel, C. P. Hancock, A. H. Woolley, William Startzel, Baldy Smith, William Oglesby, Harry Bedea, Harry Welliver and Frank Walker.

Trolley Advantages. With a pardonable air of pride Monday's Morning News announced that "Danville was filled with visitors on Saturday most of them coming into the city by way of the trolley line. Berwick, Bloomsburg, Catawissa and other towns in Columbia county were represented."

This is the legitimate fruit of the trolley communication which Danville's enterprise helped to bring into operation. Where there are easy means of intercourse there will be travel and business.

We very much need something of that kind in this locality. Probably in no other town of equal size in the State are there so many arrivals of people from a distance as there are in Danville, but they come by railroad and do not have the same intent to do business with our local tradespeople as would those who come by trolley. There are greater possibilities of business with the latter kind of visitors, a fact that should be recognized by all towns that are looking after trade, and should make an impression upon the business men of our city.

We need trolley communication with other localities. We especially need it with Snyder county which would be a prolific source of business for our merchants and general traders. A trolley line extending from this place through that section with its numerous agricultural population and its many small towns, would greatly enlarge the general trading business of this city. Can't this be made obvious to our business people?—Snyder Item.

Sour stomach, belching, gas on stomach and all disorders of the stomach that are curable, are instantly relieved and permanently cured by the use of Kodol Dyspepsia Cure. S. P. I write this to show how well the remedy is spoken of here." Kodol Dyspepsia Cure was discovered after years of scientific experiments and will positively cure all stomach troubles. Pushing the Work. The bricklayers are vigorously working on the third story of the Oliver Drumheller hotel at the corner of Third and Arch streets, Danville. The object is to have it under roof before the cold weather sets in. When completed it will be a handsome and complete structure, and an addition to the other excellent hotels of that city.

MR. LAUMASTER'S SECOND ADDRESS

At the men's meeting in the Young Men's Christian Association Hall yesterday Mr. Laumaster gave his second address to the "World's Sunday School Convention and Visit to the Holy Land." A good sized audience was present, and all were very well pleased with the interesting facts presented.

In his address Mr. Laumaster finished up his account of the Convention at Jerusalem which was begun in the first address last month. He gave accounts of the leading addresses of the convention, reading extracts from many of them. His discussions of the speeches of the press censor and Governor of Jerusalem and of Ministers from Turkey, Japan, Corea, Persia and the Philippines were especially interesting.

He talked about the missionary reports made at the convention by representatives from every part of the world and read extracts from many of these interesting reports. In this connection he also spoke about the missionary collection that was taken up at the convention, and which amounted to nearly \$4000.

He gave in full the resolutions adopted by the convention, which are of especial importance to Sunday School interests throughout the world.

Mr. Laumaster's talk included many very interesting bits of description, his vivid pictures of the large tent in which the convention was held being particularly absorbing. The big canvas was in the form of a rectangular tent open at the sides and ends, and sufficiently large to seat many more than the 1500 regular delegates. Yet the tent was always crowded, many natives standing outside. The tent was pitched outside the walls of Jerusalem near the Mount of Olives Golgotha and Gethsemane, all places of extreme interest in sacred history. By the governor's order special police and soldiers of the Sultan of Turkey were detailed to guard the tent at all times; so that the best of order prevailed.

The entire audience was extremely well pleased with Mr. Laumaster's instructive account of the convention in this address. The next address will have to do with the first landing at Funchal in the Madeira Islands.

Mothers Praise It. Mothers everywhere praise One Minute Cough Cure for the sufferings it has relieved and the lives of their little ones it has saved. A certain cure for coughs, croup and whooping cough. A. L. Spafford, Postmaster of Chester, Mich., says: "Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. One Minute Cough Cure quickly relieved and cured her and I cannot praise it too highly." One Minute Cough Cure relieves coughs, makes breathing easy, cuts out phlegm, draws out inflammation, and removes every cause of a cough and strain on lungs. Sold by Paulus & Co., Gosh & Co.

Lyman H. Howe's New Pictures. Novelties come and go with every season; many disappear in a literal sense; those that lack something of art and originality, or daintiness, hence are failures. A few are "bits," so to say. They come in the field to stay. This applies especially to Mr. Howe's Moving Pictures, which will be presented in the Opera House on Thanksgiving night. They are the ideal of perfection sought for in entertainment.

If you have found the statements of others at variance with the facts, do not distrust Mr. Howe's announcement to the linbo of doubt. He has a scrupulous regard for truth, and the advertisements and display announcements do not do full justice to the excellence of his entertainment.

A Runaway Bicycle. Terminated with an ugly cut on the leg of J. B. Orner, Franklin Grove, Ill. It developed a stubborn ulcer unyielding to doctors and remedies for four years. Then Bucklen's Arnica Salve cured. It's just as good for Burns, Scalds, Skin Eruptions and Piles. 25c at Paulus & Co's Drug Store.

Card of Thanks. Facing some discouraging circumstances while working for our supper table on the 17th of November, we still felt sure our Y. M. C. A. work held a warm place in the hearts of our people, and we would do well. After knowing what great success crowned our efforts, we do feel that we owe hearty thanks to a very generous public. Financially, the supper was one of the best we have ever had. In every respect it was fully up to the standard and to all interested in any way, we are very grateful.

WILKESBARRE 67 DANVILLE 31

The Ninth Regiment basket ball team of Wilkesbarre administered a very decided defeat to the Danville team at the Armory last evening by the score of 67-31. The game, however, was not an uninteresting one-sided contest, the soldiers only throwing their baskets after the hardest kind of work.

The visitors outweighed the home team, which was possibly their greatest advantage. Danville scored the first basket of the game and for a few minutes prospects looked bright for a Danville victory, but Wilkesbarre soon started the fine playing that held the locals down. The first half ended with the score 25-7 in favor of Wilkesbarre.

Part of the second half was much the same as the first, and it was not until Kane, Wilkesbarre's star center, was compelled to leave the game on account of injuries, that Danville did any consistent playing. With only five minutes to play Danville made six pretty goals before time was called. The game ended with the score 67-31 in favor of Wilkesbarre.

The line-up: Wilkesbarre. Hess, forward, Danville. Hoar, forward, S. J. Welliver, center, Peters. E. Dreyer, center. Dreyer, guard, Bedea. Vose, guard, H. Welliver. Goals from field, Hess, 3; Hoar, 12; Kane, 15; Dreyer, 2; Barber, 3; S. J. Welliver, 4; Peters, 2; Bedea, 4; Barber, 1; H. Welliver, 1. On fouls, Barber, 1; Hoar, 1. Umpire, Rosenthal; Timekeepers, Jacobs and E. Dreyer. Score, Angle.

Y. M. C. A. NOTES. L. E. McClachin and W. L. Beard, who for ten years was a secretary of the American Board, and who knows the Chinese language and the Chinese like a native, will soon go to Foochow to establish work there and to extend it to the interior towns and cities of the F. K. Fukien Province.

Jo E. Hubbard has been out to Havana where for nine months he has been preparing for a Y. M. C. A. and on the 11th, L. L. Price, secretary at Washington, sailed for Havana to aid in launching the Association and meet the leading men of the city at a banquet, on the invitation of the United States Consul-General, the Postmaster-General of Cuba, and leading business men of the city. He will spend two weeks there, getting the Association established on the lines which have made the American Associations successful. J. H. Warner has been sent to Brazil.

The money to send these men has been raised by the young men of the Associations, although business men have guaranteed the entire expense of some of the secretaries for terms of three to five years.

The Y. M. C. A.'s of this country are sending out the pick of trained college men to organize, establish and direct Young Men's Christian Associations in other nations. The eighth man to be sent out this year is F. J. Michel, who sailed on Saturday. Four more secretaries will be sent to the foreign field within the next three months. Mr. Michel goes to India to organize the first railroad Associations among the 300,000 men employed on railroads in that country. For three years applications have been before the International Committee of the Y. M. C. A. to send a man to establish Associations at division points on the Indian railroads. Mr. Michel has been superintending the railroad Associations in Kentucky. The railroad Associations of America will finance his work.

Within a few weeks the Canadian Associations have sent out C. S. Patterson to take charge of the \$15,000 building erected by John Wanamaker for the 30,000 school boys in Calcutta. E. C. THANKSGIVING AT HOSPITAL

Thanksgiving Day is always memorable at the State Hospital for the insane for at that time an extra effort is made to make the day one of cheer and happiness for the patients. This year will be no exception and besides an elaborate dinner an entertainment will be given in the amusement hall.

A turkey dinner will be served and it will take over 100 of the toothsome fowls to supply the need. The aggregate weight of the birds is 1500 pounds, 20 baskets of potatoes will be necessary for the meal as well as 300 bunches of celery and 52 gallons of chowchow. For dessert 400 mince pies will be served.

In the evening a play entitled "Young Dr. Devine" will be performed. The characters will be portrayed by the attendants who usually give very creditable performances. The patients are highly appreciative and the good points are loudly applauded.

UNCLE TOM'S CABIN. Leon W. Washburn, with Stetson's "Uncle Tom's Cabin" Company, fills an engagement at the Opera House on Saturday afternoon and evening. When the patrons will see this time honored play in all its superior attractiveness. "Uncle Tom," the hero of this purposeful story, is portrayed by Ed. Esny, Stetson's original "Uncle Tom," probably the best known impersonator of this celebrated character in the world. There will be two Toppies and two Marks in the great double cast. The work of competent players is further enhanced by beautiful stage settings and new electrical devices. Col. Sawyer's celebrated pack of Siberian bloodhounds is one of the features with this company, as well as the prize Shetland ponies. New and novel specialties are introduced by the Creole Ladies' Quartette; John Loory, champion buck and wing dancer, assisted by the Mississippi Singer Lu Oette; "The Lone Star Quintette" in superb vocalizations and the grotesque "Lumber Lee." The street parade of this big company will be worth going to see.

Not a Sick Day Since. "I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. for your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles and General Debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c at Paulus & Co's. Drug store.

Many Candidates for Bishopric. There are thirty candidates, many within the diocese for bishop of the new Episcopal diocese to be formed at Lancaster the last of this month. It is likely that a chief pastor from without the diocese will be chosen.

Among the other names mentioned for the bishopric are the Rev. Charles J. Wood and the Rev. Dr. Walter Breed, of York, the Rev. Edward Henry Eckel, rector of Christ church, Williamsport; the Very Rev. Leroy F. Baker, archdeacon of the Harrisburg archdiocese and rector of St. Paul's church, Harrisburg, and the Rev. Charles Francis Joseph Wriggley, rector of Grace church, Brooklyn Heights, Brooklyn, N. Y. Several Bishops of other dioceses will be candidates.

Thousands Cured. DeWitt's Witch Hazel Salve has cured thousands of cases of Piles. "I bought a box of DeWitt's Witch Hazel Salve on the recommendation of our druggist," so writes C. H. LaCroix, of Zavalla, Tex., "and used it for a stubborn case of Piles. It cured me permanently." Sold by Paulus & Co., Gosh & Co.

A Newspaper in the Making. "Though an angel should write, still 'tis devils must print." This printing, not by a 'devil,' but by the latest octuple Hoe printing press, is only one of the many novel and instructive features of the Lyman H. Howe Moving Picture Company this season. What a pulpit the editor mounts daily often with congregation of 50,000 within reach of his voice, and never, so much as a nodder, even among them. Notwithstanding his power, there are few—very few—who are conversant with the many scenes of absorbing interest daily occurring in a big newspaper plant. You have read hundreds of newspapers, go and see the remarkable series of the brilliant moving picture Mr. Howe will present in the Opera House on Thanksgiving night, and showing you precisely the "Modus operandi."

Activity in Barn Building. The alley between Mill and Ferry streets, where a number of barns were destroyed by fire on the evening of October 31st, now presents a scene of great activity. All the barns that were damaged or destroyed by the fire are either being razed, or rebuilt.

On the property belonging to Foust Brothers the new brick bank barn is well under way. The excavations have been finished and the stone foundation is over half completed. The barn adjoining the Foust barn, and belonging to John Keim was not entirely destroyed, and is being rebuilt.

The large double barn next to the Keim property, which was formerly owned by William G. Shoop, has been purchased by F. C. Angle. Only the top of this building was damaged. It is now being rebuilt and remodelled. The barn next to Carl Litz's restaurant has been sold by Mr. Angle to Joseph Lechner who has torn down the building and will not rebuild.

Mr. Angle will not rebuild the barn in the rear of his Market street residence.

Adam Hornberger is remodeling and repainting his residence on Upper Mulberry street.

CO-OPERATIVE TELEPHONE LINE

Charles V. Jernman, Esq., who has been agitating the construction of rural telephone lines stated last evening that the plan is meeting with great favor among the farmers of Montour county and that the building of a co-operative system embracing many small lines with the farmers themselves as share holders will probably be a project of the near future.

The plan that meets with most favor is a telephone system running lines from the different towns and villages at different points of the compass, each line to accommodate from 25 to 40 phones and to be connected, not only with other lines of the system, but with lines of other companies as well.

This that can be accomplished is shown by the following letter:— Sunbury, Pa., Nov. 16, 1904. Mr. Chas. V. Jernman, Danville, Pa.

Dear Sir:—I understand that you are interested in the construction of the farmers line in Montour county and adjacent territory. I would respectfully call your attention to the fact that the United T. & T. Co. are willing to make an agreement with the farmers who propose building a line whereby the latter can have connection on the several telephone exchanges adjacent to Danville, Pa.

Kindly oblige me with an answer. Yours truly, H. N. DANIELL, Dist. Supt.

Recovered Speech and Hearing. Messrs. ELY BROS.—I commenced using your Cream Balm about two years ago for catarrh. My voice was somewhat thick and my hearing was dull. My hearing has been fully restored and my speech has become quite clear. I am a teacher in our town. L. G. BROWN, Granger, O.

Why is This Thus? "Say," asked a Danville citizen, "did you ever see a man going to make a deposit in bank? He carries his bank book, with a bunch of money and checks, at arm's length, all conspicuously exposed to public view. Why does he do it? And have you ever noticed the same fellow, when he renews or lifts an old note at the bank, how he tears it into minute fragments and quickly conceals them in a cuspidor or elsewhere, out of sight? He doesn't walk up street holding the forehead note at arm's length. Why doesn't he?"

A Good Complexion. "Sparkling eyes and rosy cheeks restored by using DeWitt's Little Early Risers," so writes S. P. Moore, of Naogauchotes, Tex. A certain cure for biliousness, constipation, etc. Small pill—easy to take—easy to act. Sold by Paulus & Co., Gosh & Co.

Disastrous Wrecks. Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferer from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Craig of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by Paulus & Co., Druggists, Fremont 3rd, and \$1.00. Trial bottles free.
