

LOCAL TIME TABLES

Table with columns for Danville and Bloomsburg Street Railway, listing departure and arrival times for various routes like Danville, Penna. R. R., and D. L. & W. R. R.

ACTIVITY IN TROLLEY CIRCLES

S. M. Eulings, Jr. of Philadelphia and R. H. Twigley of New York, representing interests which with Hon. M. H. Kulp and his co-workers in the Shamokin and Edgewood Electric Rail way Co., are about to build a trolley line from here to Sunbury.

There is soon to be built a trolley line which with two short connections already projected, will enable a passenger to travel from Forest City to Philadelphia by trolley and third rail, a distance of more than 200 miles.

Application has been made for a charter for a trolley line by the Tamaqua Traction Company, to run between Tamaqua and Mahanoy City, which will then complete a line between Shamokin and Philadelphia.

It is then expected that the Inter-Traction Company will extend its line from McAdoo to Delano, thus completing the electric link between Forest City and Philadelphia, via Mauch Chunk.—Shamokin Daily Herald.

Head Not Identified. Although the missing head of the body of the man murdered near Hickory Ridge has been found it has not been identified and the mystery and horrible murder is as far from being solved as ever.

When the report was circulated that the head was that of an Italian many Italians went to the undertaking establishment and looked at the man's head, but none were found who could identify the murdered man.

An Important Sale. Charles A. Gulick, executor of the estate of the late Charles Haughaug, of South Danville, has advertised the Haughaug farm for sale on December 20th.

Christmas Program. The churches are already preparing for Christmas programs and in about every Sunday School committees have been appointed and in some parts have been assigned.

PHYSICAL EXERCISE AS A TONIC

The value of physical exercise has long ago been recognized by thoughtful men and women, and today, more than at any previous time, physicians and others, who are carefully studying the needs of men, are everywhere advocating the necessity of proper physical training for the betterment of humanity.

For a number of years the leading magazines and newspapers have been printing numerous advertisements, setting forth systems of exercise, whereby old and young, fat and lean, tall and short; in fact, anybody, by a few minutes exercise in the morning or evening, taken according to directions of the parties who advertise the system (costing anywhere from \$5.00 to \$10.00 for a course of lessons) would make most rapid progress in the matter of physical health and strength.

It is strange, too, that men will pay a good price for an "exerciser," a "pulley weight" or a "long-tester," and then let it stand around as an "ornament," when they can have the privilege of enjoying systematic body-building exercise, under the direction of a man who knows just what is best for each individual who comes under his teaching, and who studies each subject with reference to weak points, so as to give intelligent all-around instruction.

There are now two classes composed of business men, who are ready and willing to speak in the highest terms of the value of this work. The Y. M. C. A. Gymnasium is equipped for business, with a first-class physical instructor, and should be supported by many more of our citizens, who desire to exercise for better health and strength.

A visit to the Association and a talk with Mr. Carpenter, the physical director, will convince any one that the exercises prescribed will be highly beneficial in every way. There are also ladies' classes. To those who are interested, a cordial invitation is extended to visit and inspect the gymnasium of the Y. M. C. A. Come in any time.

THE TRUE TEST. Tried in Danville, it Has Stood the Test. The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Danville. Kidney sufferers can hardly ask for stronger proof than the following:

Levi Alliger, baker, of 103 North Street, says: "I found no relief from the use of Doan's Kidney Pills than from anything I ever used for kidney trouble. About eight years ago I had considerable lameness in my back, over the hips and a continual aching right over the kidneys. These pains clung to me and increased in severity if I stopped or lifted. Occasionally sharp pains would pass through me and shoot up between my shoulders, along my spine. All this caused me considerable suffering and kept me from work. I could not sleep well at night, and in the morning would arise tired and unrefreshed. I read about Doan's Kidney Pills curing others and got a box. After taking them I directed I felt better and continued the treatment until I felt all right. I made a statement in 1896, in which I said that Doan's Kidney Pills had cured me. I can only reiterate that statement at this time. I always keep Doan's Kidney Pills in the house, and whenever a cold or a strain brings on a tired or weak back they never fail to remove the trouble."

Remember the name—Doan's,—and take no other. In one of the best and most exciting games of basket ball played on the Army floor this season Danville was defeated Tuesday by the Mt. Carmel team by the score of 29-27.

MAN DEAD ON FREIGHT CAR HIS SKULL FRACTURED

The dead body of a man was found lying on the top of a house car, Wednesday morning, when an early north-bound Philadelphia & Reading freight train arrived at Catawissa. The head and face of the unfortunate man being covered with blood, presented a gruesome sight.

Members of the crew having charge of the train recognized the dead man as John Herring, of Reading. His brother, Newton Herring, and another man, also of Reading, were riding in the caboose of the same train. Undertaker Berninger was given charge of the remains, and the matter placed in the hands of the Coroner, Dr. B. F. Sharpless, for the purpose of an investigation. It developed that the deceased, his brother and the other man, who professed to be their cousin, were on their way to this city when death overtook the former. Strange to say, after the discovery of the body of the dead relative, Newton Herring and his cousin continued their journey on the same train to this city, where it is said, they have relatives.

Immediately after the fact the Coroner placed requesting the two men to return to Catawissa, so he could examine them as witnesses. They complied with the request, leaving here on the 11:23 P. M. train. Upon reaching Catawissa they at once proceeded to the office of Dr. Sharpless, where they explained their strange conduct by saying that they were greatly affected at what had occurred and were hardly responsible for their actions.

They confirmed the story of the railroad men, relative to the dead man's name and place of residence. He had been employed in the Tabo Works at Reading. His age was between 31 and 35 years, and he is survived by a wife and one child. The three men were enroute to this city with the hope of obtaining employment in the Reading Iron Works.

The indications are that Herring met his death by being struck by the roof of the Shamontun tunnel, about 5 miles from Mainville, while standing on the roof of the car unconscious in the darkness of his near approach to the tunnel.

One side of his head was badly lacerated and his skull fractured, the latter injury having caused death. The remains were shipped to Reading this morning.

A Present Day School Evil. It is about to be scientifically proven that our pet theories of education and the plan of crowding young brains with a vast assortment of facts and theories, which, it is argued, will recur to the person in later years while now serving to develop and set in motion the machinery of thought, is all wrong and positively injurious.

A distinguished London physician whose special work brings him in close touch with the primary grades of King Edward's schools, has sounded a note of warning as to the harmfulness and inefficiency of our present popular mode of education.

REV. HUTCHISON'S ABLE SERMON

The Rev. J. E. Hutchison of the Mahoning Presbyterian church Sunday concluded a most interesting series of sermons on "Difficulties that Hinder People Unting With the Church."

TO REPLACE CON-DEMNED ARMORIES

The chances for a new Army in this city will be exceedingly bright should the matter of State Armories be taken up at the next meeting of the Legislature. That a bill will be passed providing for their erection seems beyond a doubt.

The management should have the games started promptly as advertised at 8:30, as it is better to have a few late comers miss part of a game than to keep a large audience waiting for the tardy ones to arrive.

The management should have the games started promptly as advertised at 8:30, as it is better to have a few late comers miss part of a game than to keep a large audience waiting for the tardy ones to arrive.

OLD TIMERS DEFEAT SHAMOKIN

In a well played game of Basket ball last evening at the armory the Old Timers defeated Shamokin by a score of 16 to 12. A large audience enjoyed the game, and were very liberal in their applause for both teams.

The management should have the games started promptly as advertised at 8:30, as it is better to have a few late comers miss part of a game than to keep a large audience waiting for the tardy ones to arrive.

STONE BUILDERS TO LEAVE

But one course of stone and the coping are needed for the completion of the abutment on the Danville side of the river and Messrs. Caldwell, Barry & Leonard expect to finish the work before the close of the present week.

The laying of stone began the latter part of August and has proceeded swiftly and smoothly ever since. There were no long delays and though good luck as far as weather conditions and floods prevailed the able management has been demonstrated in the fine result obtained.

The work was cut up in departments with competent foremen at the head of each. Thomas Leonard of Philadelphia, one of the firm was in charge of the masons. P. J. Barry, also of the firm, of Mahanoy City, acted as treasurer and with J. S. Caldwell of Trenton, has been here since the work began.

James Barry the general foreman was a most important figure about the operation. The task of tearing down the remaining spans of the old bridge was done under his direction as well as the unloading of stone, building the tramways, etc. He was always to be found on the scene and being of a genial nature made many friends on both sides of the river.

James Leonard of New Britain, Conn., had charge of the rigging, a dangerous job, though the huge derricks were set up and taken down without any accident. He was assisted in the work by William Leonard, also of New Britain.

Others who were identified with the job from beginning to the end are Thomas Toner and John Carody of New Britain, Conn., stone masons, John Burke of Scranton and Charles Pingley of West Virginia, hoisting engineers, James Dagan of Plattsburg, N. Y., and Stephen Murray, of Eckley, Pa., who were in charge of the concrete work.

These workmen have been together for a number of years and are a hard-working, industrious set of men. Their record, while in Danville is of the best and they will leave many friends here. They expect to leave next Monday and will spend Christmas at their homes. It is not unlikely that Caldwell, Barry & Leonard will be in charge of the masonry at the Catawissa and Berwick bridges.

Others who were identified with the job from beginning to the end are Thomas Toner and John Carody of New Britain, Conn., stone masons, John Burke of Scranton and Charles Pingley of West Virginia, hoisting engineers, James Dagan of Plattsburg, N. Y., and Stephen Murray, of Eckley, Pa., who were in charge of the concrete work.

JEWISH HOLIDAYS

The feast of Chanukah will be observed by the Jewish world commencing next Sunday and the inauguration of the holiday will be marked by the B'nai Zion congregation in this city in a very fitting manner.

A children's service will be given Sunday evening commencing promptly at seven o'clock. At this service the Sabbath school students will make addresses, give recitations, etc., appropriate to the day and its significance.

Rabbi Rosenberg will have a short lecture also and the music program will be attractive. J. J. Newman will sing a solo and Herbert Wyle, violinist, will render two numbers.

A choir of seven voices with Miss Gertt under Heim at the organ will sing a special service.

A Pleasant Pill. No Pill is as pleasant and positive as DeWitt's Little Early Risers. DeWitt's Little Early Risers are so mild and effective that children, delicate ladies and weak people enjoy their cleansing effect, while strong people say they are the best liver pills sold.

Fairview School Report. The following is the report of Fairview school, Limestone township, for the third month ending Friday, November 25th, 1904.

Number of pupils enrolled: Males 14; females 9, total 23. Percentage of attendance: Males 92; females 80, average 86.

The following pupils were present every day during the month: Myron Welliver, John Welliver, Edward Lilliver and Lloyd Cooper.

Patrons and friends of education are invited to visit us at any time.

SCHUYLER G. IRVIN, Teacher

Growing in Interest. The series of revival meetings at the St. Paul's M. E. church, which have been in progress for some time under the leadership of the pastor, the Rev. S. B. Evans, are growing in interest. Three penitents were at the altar last night.

Danville Fleets Defeat. The Danville foot ball team were shut out by the ex-High School eleven of Bloomsburg at DeWitt's Park on Thursday afternoon by a score of 16 to 0. The Danville boys put up a fairly good game but they were outclassed in both weight and tactics.

The home team declares that the ex-High School team was composed mainly of students spending Thanksgiving at Bloomsburg, nearly all of them being members of college class teams.

Despite the discouraging score it was an interesting game and a good sized crowd was in attendance.

Touchdowns Taylor 2, Frymire 1; Goals from touchdowns Allan 1. Ticket 212 held by Frank Garrod drew first prize, a sack of flour. The second prize, a two pound box of candy was won by ticket 26, but has not been claimed.

Richards-Smedley. Charles E. Richards of Sunbury, a former resident of this city and Miss Ida Fox Smedley of Northumberland were married at the latter place on Saturday, November 19th.

Thirteen Snow Storms. We are to have just thirteen snow storms this winter according to an old rule. The first fall of snow occurred on the thirteenth of the month and the date of the event is the total number of storms that will come during the winter. The old hoodoo number 13, is figuring prominently in this connection as the second snow storm which came Saturday, the 26th, was just thirteen days later. Last year the first snow storm came on the 30th of November and there were just thirty snow storms during the winter. Apparently there is something in the old rule.

Kocher-Lewis. John R. Kocher of Mahoning township and Miss Annie M. Lewis of Valley township, were united in marriage on November 21, 1904 by the Rev. John Sherman, pastor of the First Baptist church.

Family Reunion. A reunion of the Ward family was held on Thanksgiving Day, the gathering taking place at the home of Mrs. Jacob Ward, Center street. Those present were: Mr. and Mrs. Charles Ward and daughter Priscilla, Sherman and Page Fowler and Charles Miller of Williamsport; Mr. and Mrs. Howard Ward and daughter Ethel and Mr. and Mrs. Willard Mutter and daughter Helen of Danville.

At Strawberry Ridge Church. The Lord's Supper will be observed in Trinity Reformed Church, Strawberry Ridge, on Sunday, December 11th, at 10:30 a. m. There will be preparatory services on the preceding Saturday at 2:30 p. m. There also will be services at 7:30 each evening of December 7, 8 and 9. The pastor will be assisted at some of these evening services by other ministers.

Lodge of Sorrow. The Elks Lodge of Sorrow will be held throughout the United States next Sunday. The lodges in this section will all attend memorial services and Wagner exercises Sunday. The most attractive. Danville Lodge, No. 554 will hold exercises in the opera house and will have as guests members of the Bloomsburg lodge who will attend in a body. The following program has been arranged:

Overture—"Bohemian Girl" . . . Balle Wyle's Orchestra, Herbert Wyle, Director

Opening Exercises . . . By the Lodge

Solemn—"Coppetoe" . . . Orchestra

OPENING ODE. Great Ruler of the Universe

All Seeing and All Hearing

Look down upon and bless our work, And be all glory Thine

O'hear our prayer for our honored dead

While bearing in our minds The memories graven on each heart

For "Auld Lang Syne."

Invocation Rev. Edward Haughton

Trombone Solo—"Evening Star"

All Seeing and All Hearing

Soprano Solo—"Face to Face"

Miss Mary Derr of Lewisburg, Enology. C. C. Yatter, Esq.

Enology. C. C. Yatter, Esq. Song—"But the Lord is Mindful of His Own"

Mendelssohn

All Seeing and All Hearing

Selection—"Red Feather"

DeKoven . . . Orchestra

Oration . . . James Scarlet, Esq.

Solemn—"The Holy City" Orchestra

All Seeing and All Hearing

"O My Soul"

Miss Margaret Ammerman

Closing Exercises

Wagner—"Crossing the Bar"

Beltroni

Wagner—"My God to Thee" . . . Audience

"Nearer, My God to Thee" . . . Audience

Shakespeare Club's Trolley Ride. The following members of the Shakespeare Club enjoyed a trolley ride to Catawissa Saturday evening: Misses Viola Young, Rachel Goodall, Harriet Bondeman, Jennie Lovell; Messrs. Sidney G. Cannard and Walter S. Loyd. Thomas Lawrence of New York City was also one of the party. While in Catawissa the club was very pleasantly entertained at the home of Mr. and Mrs. Wilton Reinhardt.

To Cure a Cold in One Day. Take LAXATIVE BROMO QUININE Tablets. All druggists refund money if it fails to cure. E. W. Grove's signature is on each box. 35c.
