Fake Photographer.

A fake traveling photographer succeeded in doing a land office business information there will direct parties in Hazleton last week and was later seen headed this way.

His method was to take pictures of the employee of business houses, factories, hotels, &c., and then repeat a hard luck story, requesting the cash in advance for the pictures in order that he could procure a meal and lodging. Many persons had their sympathy aroused and paid the money. Observant persons noticed that he used the same plate each time he took a pictore. It is estimated that he secured at least \$10 from his victims. Some of moment to do anything, and the horse, Yeager; In-pector.
