Don wagged his tail anxiously and with doubt. He didn't understand only that things were not at all right and that there was trouble ahead.

When Miss Barclay came down the next morning she found the big pointer tied to a magnolia tree in her front yard. Affixed to his collar was a card. She stood for a moment in blank amazement looking at the dog. Don sat down and smiled at her, thrashing his tall vigorously among the leaves friendly.

The girl approached slowly. Don watched her, but made no extravagant demonstrations. It was a point in his favor and went far toward excusing

by unseemly fawnings.

are you, anyway?" she asked quizzical-

The pointer opened his wide jaws and laughed with a soft, panting breath. Then he solemnly raised the right paw and laid it in Miss Barclay's hand. Curiosity took possession of the girl, and she tore the card from the dog's collar and read it:

the dog's collar and read it:

Dear Miss Barclay—Here is the bearer,
Don, pursuant to your expressed wish of
yesterday. Perhaps it is a bit cowardly,
but I confess I haven't the heart to kill
him myself. He and I have been ohums a
long time, and its is the only being I
know in the whole south. So, while I express my deepest regret for the annoyance he caused you yesterday, let me bespeak for him an easy and painless death,
for he has his good points. Very respectfully, ROBERT CARLETON.

"Well!" eigenleted Miss Barclay

"Well!" ejaculated Miss Barclay when she had read it. "Oh, my!" She glanced furtively up and down the street and across the way and seemed about to run. Nobody was in sight, however, save a ragged negro boy carrying a valise around the corner. "How foolish of me!" she smiled. She reread the note and looked at the dog.

Don wigwagged her a friendly signal, "Nonand the tears came to her eyes. "Kill self who does not take a special pleassuch a dear fellow! Never!"

She sat down on the grass and puckered her brows as she thought. Presently a light came into her eyes and and picturesque as the United States sister to you."

tried to be angry-very, very angry. association of red brick, Sloan square, But somehow she did not quite succeed. She remembered the picture of a tall, flushed young fellow with a "The names of the states and terri-

AMERICAN WOMEN. A Phase of Their Housekeeping That

Surprises Englishwomen. English has always been that the latter are a nation of shopkeepers. An Englishwoman has called Americans "a nation of housekeepers." During a visit to this country she was struck

a visit to this country she was struck by the fact that so many American women of means and refinement either "do their own work" or actively superintend the domestic arrangements, taking a pride in this duty.

Our friend was surprised to learn that "an American woman will spend the forenoon in cooking or dusting or cleaning, then dress herself like a duchess and sally forth to the meeting of a fashionable club where she is to read a learned paper, like as not, or else call a carriage and make a round of social calls. And her standing does not seem to be impaired in the least by the fact that during part of the day. not seem to be impaired in the least by the fact that during part of the day she has done the work of a menial nor has it affected her own personal To attractiveness." No other woman has done so much

as the American to emphasize the dignity of labor.-Housekeeper.

SAILORS' TROUSERS.

The Reason They Are Baggy and Wide From the Knees Down. A sailor's trousers often give rise to A sanor's trousers often give rise to a great deal of ridicule by reason of their bagginess and wideness from the knees down. No one troubles to think that they may have been made in that they may have been made in that way for some special purpose or other.

Jack tars naturally have so much to do

By with water that it is almost to be wonwith water that it is almost to be won-dered that for working purposes they are not supplied with knee breeches, in which they would be able to paddle shout without danger of damaging the which they would be able to plaudic about without danger of damaging the leg portion of their nether garments.

As this innovation has not taken place, the trousers are made very baggy so that they can be easily turned up well out of the water when work in the water when work in the water has to be done. Were they provide the place of the year 1994.
