MR. LAUMASTER'S TALK ON ALGIERS Benjamin Cook, R.,. George Crossley, D.,.

Mr. Laumaster delivered the fifth of a series of addresses on his trip to the Holy Land in the Y. M. C. A. Howard Fryling, R.,.... Hall yesterday afternoon, before a Edward Welliver, R., large audience. After briefly outlin- Alfred Baylor, D., ... ing previous addresses he took up the William H. Maust, D. afternoon's topic: "Experiences at Algiers."

Mr. Laumaster opened the address Michael Breckbill, D., with an account of the method adopted by the tourists' agent to enable the party to make the best use of their time on shore. Slips were issued to the tourists containing information E. L. White, R..... relative to the places about to be vis- Wiliam Hartzell R. ited, and suggestions for the sight- George Heckendorn D.

The speaker first described the entrance to the city of Algiers. He M. P. Scott R..... spoke of the beautiful harbor and bay Saumuel Krum D..... where their ship anchored. As is customary in places of this kind, mer- | Charles H. Rudy, D..... chants soon thronged around the boat trying to sell their wares to the tourists. The party was taken to shore early in the morning and began their day of sight seeing. They visited David Spotts, R.,.. many points of interest in the quaint | William Mettler, R. old city, being carried from place to Joseph Reed, R ... place in carriages, which method Joseph Yeager, D., afforded an excellent opportunity to Charles Riffel, D. . . . see the entire city between stopping John Kutz, D., ..

Among the places of interest visited R. B. Bird, R., ... was the great wall or breakwater, John Unger, R., which was built by Christian slaves, Daniel Moll, D. over 30,000 being engaged three years John Wildsmith, D.,.... in the work of building it. Other places visited were the citadel and John Conway, R., the palace of the governor, the public H. S. Shultz, D., library and museum, the famous residence portion of the city, known as William Lewis, R.,..... Mustapha Superieur, a number of the mosques, the public gardens and HIGH CO. squares and many of the public build- Jacob Yeager, R..... ings.

The view of Algiers from the bay is most beautiful, the city being on a Justice OF. form around an artificial harbor. The John M. Hinckley, R.,.. buildings are principally white, and William Jackson, R., ... it is common to speak of the city as a "Diamond enclosed in an emerald,"

[INSPECTOR OF INSPECTOR OF INSPECTO on account of its beautiful setting John Snyder, R.,.... of green hills and trees. The city is Daniel J. Snyder, D., divided into two parts. French Algiers and Arab Algiers. The Freach portion GEARHART TOWNSHIP. of the city is as gay as modern Paris. It is fronted by the Boulevard de la Republique which is 3700 feet long C. S. Smith, R.,.... and cost \$15,000,000.00. Here are the finest stores, hotels and public W. W. Gulick, R., buildings. In Arab Algiers the streets J. E. Hummer, D.,. are narrow, houses windowless and no C. W. Gearhart, D , . . vehicles. Some of the streets are a H. L. DeWitt, D., ... succession of steps, it being necessary to mount as many as 500 on some of Harrison Kase, R.,.... these inclined highways.

It was in the Arab quarter of the city that the party got their first real Peter Baylor, R., .. glimpse of Oriental life. The popula. Daniel Gottshall, R., tion here is a mixture of Moors, Arabs, Joseph A. Campbell, D., ... Bedouins, Turks, Romans and Jews. G. M. Richart, D., .. The costumes of the inhabitants are most striking, there being many veil. W. R. Clark, R.,... ed women, and others whose garb Oliver Hoover, D., midst of Oriental life. This Arab H. Spencer Vastine, R., quarter is rapidly disappearing, how. Oliver Hoover, D., ever, 300 of the old houses having G. M. Richart, D., ben destroyed in one year. It is expected that Algiers will soon be a Bruce McCracken, R.,... modern French city. The population John Wesley Hummer, D. of the city of Algiers is 138,000.

The climate is equable throughout J. A. Gottshall, R., the entire year, and at all times is most | C. F. Hummer, D. delightful. It is a very popular health resort for many. A goodly number W. H. Romig, R., of the people are engaged in gardening W. K. Mowrer, D.,. and artisan employments. There are vineyards, palm trees, beautiful private gardens and everywhere the vegetation is most luxuriant. The city Charles W. Derr, D , . has a system of electric cars, and also Fred Yerg, D., has a steam railway that runs into the interior. There are good roads, Ralph B. Seidel, R., . schools and churches. The prevailing C. W. Seidel, D., style of architecture is Moorish with many modern buildings.

In conclusion Mr. Laumaster said H. S. Moser, D., that he hoped that the series of addresses would result in awakening a deeper interest in missionary work.
