WERE MARRIED IN READING

The many friends in this city of Miss Vesta Williams, formerly of Danville, will be much interested to learn of her wedding to J. C. Potts, which took place in Reading on Monday morning. The bride is the sister of Mrs. W. A. Scholer, Market square, and a daughter of W. D. Williams, formerly superintendent of the Mahoning Rolling Mill, this city. With her parents she removed to Pottsville several years ago. The following account of the wedding is taken from the "Pottsville Republican" of Monday: A quiet wedding took place at 11:30 o'clock this morning at the parsonage of St. Barnabas Episcopal church, at Reading, when Miss Vesta Williams and J. C. Potts, both prominent young people of Pottsville, were made man and wife. The ceremony was performed by the Rev. J. B. May, rector of that church, and formerly assistant rector of Trinity Episcopal church, of town. In attendance were a number of the relatives of the bride and groom. After a wedding dinner they departed on an extended wedding tour to points of interest and upon the conclusion of their trip, will return to Philadelphia, to make their home. The groom is the eldest son of the late Capt. W. W. Potts and of Mrs. Eliza Potts, and is well known and respected by a large number of Pottsville friends in which town he has always resided. Until about a year ago he held a responsible position in the paymaster's department of the P. & R. O. & I. Co., and resigned to accept a position with Swift & Co., at Philadelphia. Since going to that city he has met with excellent success and has received several promotions. He is a member of Pottsville Lodge, F. & A. M., of the Pottsville Lodge of Elks, of which he was leading Knight, prior to his removal to the city. During the Spanish war he served in the Fourth Regiment as a member of the drum corps in the Porto Rico campaign. In the National Guard since the war, he was for several years bugler of the Eighth Regiment and was promoted to the Brigade staff in the same capacity with the rank of sergeant. The bride is the daughter of the Rev. and Mrs. W. D. Williams, of North Third Street. She is the possessor of many talents, notably among which is a wonderfully fine contralto voice which has attracted considerable favorable comment not only in the county but in Philadelphia, where she is the soloist of a professional quartette in the Broad and Oxford street Presbyterian church. Miss Williams participated in a leading role in most of the amateur musical productions in Pottsville, her personal beauty adding greatly to the effect of her rare vocal talent. The wedding was witnessed by a number of relatives from Pottsville. The bride was becomingly attired in a traveling suit and was attended by Mrs. Lillian P. Bowen, as matron of honor, and the groom by S. N. Potts, as best man. The young couple received numerous presents from their many friends and all join in extending to them their heartiest congratulations.

Reformed Synod at Allentown. The next triennial session of the General Synod of the Reformed Church of the United States will be held in Zion Reformed church at Allentown, beginning May 16, and continuing about ten days. The session of 1902 was held in Baltimore. About 300 clergymen and laymen, representing the various synods of the country, will attend, embracing the Eastern Synod, the Synod of the East, the Pittsburgh Synod, the Ohio Synod, the Central Synod of the Interior, and the Northern Synod. The principal business will be the adoption or rejection of the proposed new constitution of the Reformed church of the United States. This has been framed by a committee of eminent theologians and laymen appointed at Baltimore.

ASK FOR ROADS.

The state appropriation for good roads made in Northumberland county last year amounted to about \$4,000. Zerbe township got all of this. This year the commissioners have already been petitioned by Shamokin, Coal, Upper Augusta and Rockwell townships for the money or as much of it as they can have. Coal wants ten miles of new road and Augusta is modest with an application for one mile.

NO DATE SET FOR INSPECTION

The County Commissioners yesterday received a communication from John E. Stott, secretary of the Board of Commissioners of Public Grounds and Buildings, Harrisburg, which would seem to indicate that the inspection of the new river bridge is giving the Board no special concern at present and may be still at some distance in the future.

The communication, which came unsolicited, had enclosed with it a newspaper clipping containing a report of the joint meeting of County Commissioners held at Danville, copied from the Morning News of the 13th inst., which stated that a reception appropriate in its nature was contemplated for the Harrisburg party on the date of the inspection and that a committee had been appointed to wait upon the Governor to determine whether or not he would be present and to obtain some other information relative to the inspection.

The communication was in reply to the newspaper clipping and read as follows: "Harrisburg, Pa., April 17th, 1905. County Commissioners, Danville, Pa.

"I beg to inform you that before the Danville bridge can be inspected the Board of Commissioners of Public Grounds and Buildings, first must have notice from the engineer that the said bridge is completed; when that notice is received the inspectors appointed to inspect the said bridge are first confirmed by the Court and then the Board will set a time for said inspection, which time you will have due notice of.

JOHN E. STOTT, Secretary.

May Use Three Hooks.

The following from Monday's Harrisburg Telegraph will be of interest at this time: "The Legislature just ended made no change in the law relating to fishing for trout," said Fish Commissioner Meahan today, "and those who go out to catch the speckled beauties—I believe that is what you call 'em—need have no apprehension that there have been changes. A man can catch but fifty trout in one day, and if he catches any more on that day he pays ten dollars for each one over the fifty. These stories of big trout catches will stop hereafter, and you will no longer hear of how a man whipped a stream and in a few hours caught a couple of hundred trout. That is the kind of a story this department investigates, and if found true the offender is hauled up for violating the law.

"Last year we hunted down a story from Altoona to the effect that two men had caught several hundred trout in one day, and discovered that the big catch originated in the mangle factory of an Altoona reporter and we took that gentleman before a justice of peace and made him take a oath that he would never again tell a lie like that and put the department to trouble.

"No trout less than six inches long can be legally caught and a fisherman must throw back into the stream any trout that he catches smaller than that. As to fishing for trout on Sunday, that is a matter that has not yet been thrashed out in the Superior court, where it now is. A law passed in 1870 forbade Sunday fishing, but it is a question whether the new law of 1901 did not repeal it, and the court now has it under consideration.

Money Transfer Business Extended.

The Western Union Telegraph Company has extended its money transfer business to foreign countries. The local Western Union office will accept money to be transferred by cable to points in Great Britain and Ireland, France, Switzerland, Germany, Austria, Hungary, Italy, Sicily, Spain, Portugal, Belgium, Denmark, Sweden, Norway, Russia in Europe, Turkey in Europe, Roumania, Bulgaria, Serbia, Greece, Corsica, Sardinia, and all other countries in Europe. They also transfer money to Alaska, Cuba and the Philippines.

REDUCED RATES TO PACIFIC COAST POINTS.

Via Pennsylvania Railroad. Account Lewis and Clark Exposition held Various Conventions. On account of the Lewis and Clark Exposition at Portland, Ore., June 1 to October 15, and various conventions to be held in cities on the Pacific Coast during the summer, the Pennsylvania Railroad Company will sell round-trip tickets on specified dates, from all stations on its lines, to San Francisco and Los Angeles, April 9 to September 27; to Portland, Seattle, Tacoma, Victoria, Vancouver, and San Diego, May 22 to September 27, at greatly reduced rates.

Committees Appointed.

The following committees have been appointed on the Freeze Banquet, which will take place at Bloomsburg on April 28th: Committee on Banquet—Hon. Grant Herring, John G. Hartman, A. W. Dwy, James Scalet, R. S. Ammerman and C. P. Gearhart. Committee on Program—H. A. McKillop, B. F. Zarr, Paul E. Wirt, W. H. Rhawn and F. P. Ikeler. Committee on Reception—Charles W. Miller, J. Boyd Robinson, L. E. Waller, J. L. Evans, L. E. Howell. Committee on Souvenirs—James Scalet, William Christman, Montgomery Smith, O. C. Yetter and J. G. Jayne.

GENERAL COXEY A BANKRUPT

An exchange prints the following: "General" Jacob S. Coxe, formerly of Danville, he of "army" fame, is now in the midst of bankruptcy proceedings, but calls it merely an accident. His debts are \$285,000, but they are not much higher than in his first failure, and he emerged from that triumphant. He can do it again, he says. Coxe is a man of real ability, but somewhat erratic. His object in marching the "great unwashed" to the capital grounds was to make a demonstration in favor of good roads. He said that he was just ahead of the times.

Today one of the greatest universalities in the rural districts is the "Good Roads" agitation and in every State hundreds of miles are being built by the taxpayers. Coxe spent all of his money in this crusade and went broke but not for long.

On one of his farms he found a great deposit of silica and he started to mine it and sell it to the glass makers. He prospered and with his profits built a \$250,000 steel mill. This, too, was a success.

Coxe recently made costly additions to his plant, and his present trouble is due to the fact that he could not get enough ready money to meet his heavy indebtedness; "He is not cast down—no Coxe."

Meet With Generous Response.

Hon. James Foster, Chairman of the Soldiers' Monument Committee, yesterday stated that the solicitors are reporting very satisfactory progress. At least one more additional large subscription is in sight, while the masses are responding in a way that reflects well upon their liberality and patriotism. The solicitors, it seems, have been the most active in the Third Ward where canvassing is nearly completed. It is this ward which seems to form a criterion, nearly every person approached subscribing something. All that is required is for the people of the other wards to do as well and the Soldiers' Monument will be assured.

Annual Literary Contest.

The annual Literary Society contest between the Lincoln and Garfield Societies of the Danville High School, will be held this year on the 28th of May. This contest is always an event of great interest in the High School calendar, and is the occasion of great enthusiasm aroused by friendly rivalry between the two organizations. The recently elected contestants are as follows: Lincoln Society.—Declamation, Morris Dreifuss; Recitation, Isabel Love; Debate, Harry Schoch, Frank Lovett. Garfield Society.—Declamation, Clyde Davis; Recitation, Florence Trumbower; Debate, J. D. Jobborn, William McCoy.

A Fatal Encounter.

An episode which occurred in the Cautsky Mountains and one that is causing much newspaper comment, is a raid on a band of moonshiners that terminated in a thrilling and fatal encounter. The fight was a terrific one, and although the rugged moonshiners put up a desperate struggle, those who were not killed were captured by the daring sheriff's deputies. This combat between brave and fearless men takes place nightly with such realism as to appear to be life itself in the Lyman H. Howe Moving Picture's. Howe's Moving Pictures will appear in this city on Saturday, April 29th.

Odd Fellows to Sunbury.

Local Odd Fellows are preparing to go to Sunbury in large numbers on Wednesday, April 26th and will take a prominent part in the parade. Joseph H. Mackey has been re-elected grand secretary of the grand lodge of Pennsylvania, he having no opposition. The only contest was between Rev. B. H. Hart, of Harrisburg, and G. R. McGiltherry, Philadelphia, for grand ward. The returns from a big majority of the lodges of the state give Hart a big majority, that cannot be overcome.

A FORGOTTEN WELL UNCOVERED

A forty-five foot pole, belonging to the United Telephone and Telegraph Company at the Hebbens House south of the city on the line to be occupied by the right of way in connection with the new pavement to be put down in Mill street and it was ordered to be removed Monday. It proved nearly an all-day job for the men. The plan adopted was the usual one of digging another hole alongside the pole nearer to the buildings and when a sufficient depth had been attained to force the pole, heavily loaded with wires, over into the new hole where it would be out of the way of the curb.

In attempting to sink a hole yesterday a curious discovery was made. A depth of several feet had been attained when an opening appeared under the digging implements and one of the men remarked they were in good luck, as they had just uncovered an old post hole, which could be reopened with little difficulty. A "post hole" it proved to be indeed, one that could have nearly swallowed the big pole and several others like it. The opening was an old well, which having served its day and generation in the early days of the town was covered over some time in the past and the spot from time to time filled up as required by the improvements on the street.

The well was found to be secretly walled up and so far as could be determined by the men was very deep. The opening was re-covered and another spot alongside the well selected for the pole.

Men of advanced years who have lived in Danville all their lives seem to have no recollection of the well, which undoubtedly was maintained in connection with the Union Hall hotel in the earlier part of its history. It would not be strange if the old well passed out of use fifty years or more ago.

TIME IS THE TEST.

The Testimony of Danville People Stands the Test. The test of time is what tells the tale. The public soon find out when misrepresentations are made, and merits alone will stand the test of time. Danville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? A cure that lasts is the kind that every sufferer from kidney ills is looking for.

David B. Jones, printer, of 401 Church St., says: "I think very highly of Doan's Kidney Pills. They cured me of an enervating backache and lameness across the small of my back. This trouble accompanied with sharp twinges just as represented. Later I had considerable pain all over my back even extending to the top of the head, in fact, I never knew where the pain would strike me next. I saw Doan's Kidney Pills highly recommended and procured a box at a drug store. It only required a short time to show that they were helping me, and after taking the treatment for a time the trouble left me entirely and I have had no return of it for years. I made a statement to that effect in 1896 and that statement stands as good today as it did then." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Council's Wrong Action.

With commendable public spirit the Northumbria Press opposes the action of the council of that borough in imposing restrictions upon the right of way of the Northumberland County Traction Company through the borough limits. Upon this subject it says: "Assuming that the people would make it an advantage to the town, we advocate the granting of the right of way to the trolley line, desiring it because a majority of our taxpayers want it. And how may we make it beneficial to the community? By competing with other communities in business, thereby keeping trade at home, and in all ways possible attracting people to the town, instead of sending them away from it.

A Big Electric System.

The whole electric world has been granted in Sunbury, Selingsgrove and Middleburg to George W. Wagenseil, of Middleburg, and David Goldstein, of Pittsburgh. It is proposed to organize a company called the Middle Creek Electric Company of which P. H. Harter, of Sunbury, is to be treasurer, and combine the local companies of the three places and also of Northumberland, to furnish electric light by means of a water power in Middle Creek, two miles below Selingsgrove, where a tunnel will be dug through Naishe's Mountain for a distance of 1200 feet. A trolley line will be built from Sunbury to Milltown.

Frightful Suffering Relieved.

Suffering frightfully from the violent poisons of undigested food, C. G. Grayson, of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes: "that I was cured." All stomach and bowal disorders give way to their tonic, laxative properties. 25c at Paules & Co's drug store Guaranteed.

Reading's New Baggage Rules.

The Reading Railway Company has inaugurated a crusade against passengers inclined to occupy more than their share of space in coaches. Hereafter they will be compelled to keep their hand baggage in the seats with them or else place their grips at their feet. In no circumstances will they be permitted to place them in the aisles.

Won a Name of Fame.

DeWitt's Little Early Risers, the famous little pills, have been made famous by their certain yet harmless and gentle action upon the bowels and liver. They have no equal for biliousness, constipation, etc. They do not weaken the stomach, grip, or make you feel sick. Once used always preferred. They strengthen. Sold by Paules & Co.

Dentists Will Convene.

Local dentists, who are members of the Pennsylvania State Society, have received the call for the annual convention to be held at the Bellevue Stratford Philadelphia from June 27th to 29th. The committee propose making the event notable.

Y. M. C. A. BOYS' BIBLE CLASS

The regular monthly reception of the Thomas Beaver Boys' Bible Class of the Y. M. C. A. was held in Association Hall, Tuesday, with an attendance of nearly four hundred persons, one hundred and sixty of the number being members of the class. The audience was the largest of the season and taxed the hall to accommodate the crowd.

The program was in charge of Mrs. T. J. Rogers and Mrs. Jesse Shannon, who deserve credit for the way in which they conducted the exercises. Mrs. Emma McHenry was the accompanist for the Bible Class, and Mrs. Wesley Morrill accompanied those who took part in the entertainment.

The program was opened with singing by the Boys' Bible Class, followed by reading of the Scriptures by Mrs. Jesse Shannon and prayer by General Secretary William D. Laumaster. After another song by the boys there was a very fine drill given by girl members from the South Danville schools, taught by Miss Pfahler and Miss Campbell. This was a very fine feature and was enjoyed by all present.

W. J. Rogers gave a recitation in German dialect, which struck a responsive chord in his hearers. Two delightful vocal solos were rendered by Miss Corabel Hendrickson. A piano duet was a pleasing number, executed by Anna Edmondson, Phoebe Corry, and Mary Rogers, after which followed a vocal solo by Miss Bertha Rody. The closing number was a violin solo by George Wildsmith.

The entertainment was a success in every way, and was enjoyed by every member of the large audience.

Forget About Your Stomach.

If your digestion is bad the vital organs of your body are not fed and nourished as they should be. They grow weak and invite disease. Kodol Dyspepsia Cure digests what you eat, cures indigestion and all stomach troubles. You forget you have a stomach from the very day you begin taking it. This is because it gets so strong and healthy that it troubles you no more. Sold by Paules & Co.

Social and Musical.

A cobweb social and musical was held at the First Baptist church on Friday evening. It was largely attended. The program, which was excellently rendered, was as follows: Piano Duet, "Sandflower Dance," Miss Miles and Schler. Solo, "Whisper," Miss Bertha Evans. Cornet Solo, "Oh Golden Land of Peace," Mr. Latimer. Drill, "The Doll's Lesson," Eight Girls. Solo, "O Thou Sublime, Sweet Evening Star," Mr. Russell. Recitation, "Selected," Mr. Rogers. Solo, "Burst Ze, Apple Buds," Miss Ammerman. Piano Solo, "Lilies of the Valley," Miss Jenkins. Solo, "Faves in the Firelight," Mr. Herrington. Recitation, "Selected," Mr. Rogers. Duet, "As Pants the Heart," Mrs. Sober and Mrs. Lonsberger, Miss Miles accompanied.

The Right Name is DeWitt.

DeWitt's Witch Hazel Salve cures, soothes and heals cuts, burns, boils, bruises, piles and all skin diseases. K. E. Zickelose, Adolph, W. Va., says: "My little daughter had white swelling so bad that piece after piece of house worked out of her leg. DeWitt's Witch Hazel Salve cured her." It is the most wonderful healing salve in the world. Beware of counterfeits. Sold by Paules & Co.

Holy Week.

The whole Christian world has entered upon a season of religious worship. Through the present week in the midst of this bustling, bustling scientific century life given to iconoclasm and materialism, millions will be on their knees to do honor to the God-man who in far away Judea almost two thousand years ago was living through the stress and agony of his last days of sacrifice for humanity.

Cerebro-Spinal Meningitis.

The mysterious disease of meningitis that has been puzzling the people, and some of the physicians, the past few months, is now on the decline. The New York World in commenting upon the ravages of the disease says: "Cerebro-spinal meningitis is an imperfectly understood inflammation of the membranes enveloping the brain and the spinal marrow. It is most to be feared in poor and closely crowded quarters of great cities, yet in rural Silesia it has been so severe that the peasants have fled from their ravages, and in New York a railroad president has died of it in a fashionable hotel. It is very sudden in its attack and causes excessive suffering. New York will not soon forget the description of the agonies suffered by a poor girl who had contracted meningitis and was wretchedly put in a cell for alcoholism. The disease is doubtless in some manner communicable.

An Army for Danville.

The bill appropriating two hundred and fifty thousand dollars for the erection of new armories for the National Guard of Pennsylvania passed both branches of the legislature and is in the governors hands. Danville is much interested in this measure for it is approved Danville will get a new twenty thousand dollar armory. The law provides that this sum shall be appropriated and that the companies who are most in need of new quarters shall be first considered.

Ask for Roads.

The state appropriation for good roads made in Northumberland county last year amounted to about \$4,000. Zerbe township got all of this. This year the commissioners have already been petitioned by Shamokin, Coal, Upper Augusta and Rockwell townships for the money or as much of it as they can have. Coal wants ten miles of new road and Augusta is modest with an application for one mile.

TROLLEY TRACK ON E. MARKET STREET

Following the arrival of a car load of tools for the Danville and Sunbury Street Railway, several contracts for material and machinery were let by that company on Saturday; other contracts will be awarded today.

In order that the trolley company might be in a position to begin work, on Friday evening a conference was held by the trolley people and the Streets and Bridges Committee of Council composed of Amos Vestine, G. F. Reifensnyder, Arthur Dietrich, J. H. Boyer and J. R. Hughes, at which some very important details as to the right of way and location of the track were settled.

The question of a right of way was practically disposed of at the last meeting of the Borough Council when a communication was received from the Danville and Sunbury Street Railway Company stating that the Danville and Bloomsburg Electric Railway Company by its indenture, dated February 23, 1905, had conveyed all its rights, title and interest in its route and franchise to the Danville and Sunbury Company.

The communication was accepted by Council and placed on file. In the purchase of the portion of the route designated the Danville and Sunbury Street Railway Company secures the right of way through that part of our Borough. The only matter left for Council to adjust was the location of the track on East Market street, where the thoroughfare becomes too narrow to follow the custom and lay the track in the middle of the street.

The matter was fully discussed, Friday evening, and the outcome was that on East Market street the track of the Danville and Sunbury line should be laid in the middle of the street until a point a short distance above the Washington Hose House is reached; there where the thoroughfare narrows down to twenty-four feet, the track is to take the north side of the street, which it will follow to the upper end. That is the upper part of East Market street is too narrow to permit laying the track in the middle was a fact quite apparent from the first and it was a mooted question with the residents which side should be occupied. The Committee on Streets and Bridges in placing the track on the north side was largely, if not solely influenced by the fact that the water pipe lies on the south side of the street. It is obvious, therefore, why the Committee preferred to leave that part of the thoroughfare open.

The Danville and Sunbury Street Railway has undergone some change in officers. Charles P. Hancock succeeds O. C. Yetter, Esq., as President of the Company. Isaiah Hagenbach still remains Secretary and W. A. Heller, Treasurer and General Manager. The Board of Directors also remains the same.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: "Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." Paules & Co., druggists, guarantee them at 50c.

A Night Attack.

Last night the little daughter of Mrs. Brown, as she sweetly and peacefully slept in her little bed near the window, was attacked by a death-dealing demon known as Group Whooping Cough, and but for the timely use of Kennedy's Laxative Honey and Tar, which she always keeps handy, the life of the little one might not have been saved. Kennedy's Laxative Honey and Tar is different from any other of the old-fashioned cough syrups, from all of the children being safe and certain; it is harmless, safe and certain; it contains no opiates. Sold by Paules & Co.

BADGES ARRIVE FOR OUR FIREMEN

The firemen's badges recently ordered have arrived and these add a feature to the equipment of our fire department which places it on a par with that of the most effective and best regulated in the State.

The badges, which were procured through Otto Welp, a member of the Philadelphia Fire Department, are exceedingly handsome—one of gold for the Fire Chief and the others of silver—one for each of the Assistant Engineers and one for each of the Fire Policemen.

The latter, twelve in number, so far as performing any part is concerned form a new feature of the fire department. The Fire Police, three from each company, have been regularly elected for years past, but it was a piece of idle ceremony. The present year was the first that they were sworn in and assigned to duty. Henceforth the Fire Police will be an important factor at every fire. With the new badges displayed as a mark of authority it will be their duty to keep things straight about a fire—to stretch a rope if necessary to keep the crowds back and to see to it that property removed from burning buildings is taken care of and not stolen.

The Danville Fire Department is as well drilled as it is well equipped. Its prompt response in times of fire has often been commented upon while in the actual work of fighting fire our firemen have always acquitted themselves in a way that called forth praise.

TO ACCOMMODATE those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. This liquid embodies the medicinal properties of the solid preparation, Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Arbutus is Becoming Scarce.

Arbutus arbutus, the first wild-wood flower of spring, has been in full bloom for the last week and many album parries have scoured the mountain slopes for the dainty blossoms. Arbutus, which a few years ago was quite plentiful in the woods, is gradually becoming extinct. The flower will not grow in gardens or greenhouses, but must be in the woods to thrive. Persons in search of the delicate clusters of flowers are too eager to obtain large bunches, and in consequence, the whole plant, roots and all, are torn from the ground. This with the cutting of timber and numerous forest fires threatens to make this most fragrant of flowers rare in this vicinity in a few years. Even now those in search of it must go to certain favored places away from the path of spring flower gatherers to be successful.

As those who know the flower have seen, it has two colors, pink and white. The pink flowers are generally the larger and grow in large clusters. As a rule the pink flowers grow under the leaves and in shaded places. The flowers that grow in the bright sunlight are usually white, although there are exceptions to both cases. Sunlight has a tendency to darken the flower.

Arbutus is Becoming Scarce.

Arbutus arbutus, the first wild-wood flower of spring, has been in full bloom for the last week and many album parries have scoured the mountain slopes for the dainty blossoms. Arbutus, which a few years ago was quite plentiful in the woods, is gradually becoming extinct. The flower will not grow in gardens or greenhouses, but must be in the woods to thrive. Persons in search of the delicate clusters of flowers are too eager to obtain large bunches, and in consequence, the whole plant, roots and all, are torn from the ground. This with the cutting of timber and numerous forest fires threatens to make this most fragrant of flowers rare in this vicinity in a few years. Even now those in search of it must go to certain favored places away from the path of spring flower gatherers to be successful.

An Army for Danville.

The bill appropriating two hundred and fifty thousand dollars for the erection of new armories for the National Guard of Pennsylvania passed both branches of the legislature and is in the governors hands. Danville is much interested in this measure for it is approved Danville will get a new twenty thousand dollar armory. The law provides that this sum shall be appropriated and that the companies who are most in need of new quarters shall be first considered.

Ask for Roads.

The state appropriation for good roads made in Northumberland county last year amounted to about \$4,000. Zerbe township got all of this. This year the commissioners have already been petitioned by Shamokin, Coal, Upper Augusta and Rockwell townships for the money or as much of it as they can have. Coal wants ten miles of new road and Augusta is modest with an application for one mile.
