

LOCAL TIME TABLES

DANVILLE AND BLOOMSBURG STREET RAILWAY.

Cars leave Danville: First car leaves Grovania for Bloomsburg at 5:50. First car leaves Grovania for Danville at 5:50. Leaves Danville at 6:20, 7:00, 8:00, 9:00, 10:00, 11:00, A. M. P. M. 12:00, 1:00, 2:00, 3:00, 4:00, 5:00, 6:00, 7:00, 8:00, 9:00, 10:00. Last car Saturdays 11:00 to Bloomsburg. Last car Saturdays 12:00 to Grovania only. Sunday first car leaves Danville at 8:20 A. M. and every hour until 10:00 P. M. 11:00 to Grovania only. Cars leave Bloomsburg same time as at Danville.

Table with columns for EAST, WEST, PENNA. R. R., D. L. & W. R. R., PHILA & READING R. R., NORTH, SOUTH, BLOOM STREET, and SUNDAYS. It lists various train routes and their departure times.

PAVING THE BRIDGE IS UNDER WAY

John Ed. Foley, representative of the United States Wood Preserving Company, arrived at Danville on Monday evening and under his supervision Tuesday morning the work of laying the pavement in the driveway of the bridge was begun. The beginning of this important branch of the bridge work was attended with some ceremony. The two first blocks were laid by Miss Eleanor Wyant, the twelve year old daughter of Mr. and Mrs. Jesse B. Wyant, Mill and Front street. As the young lady was placing the blocks in position the scene was photographed by Mr. Foley and this will be preserved a very interesting picture connected with the construction of the bridge. The laying of the blocks was begun at the Southern end of the bridge and was confined to the trolley track including the space between the rails as well as the strip between the track and the lower side of the driveway. The track for several spans was paved yesterday. As soon as it is completed the workmen will follow paving the remainder of the driveway, which takes in the greater part of the width of the bridge. Barry & Caldwell deliver the sand upon the bridge but the paving crew put it down on the floor as it is needed for holding the blocks.

Y. M. C. A. NOTES.

An interesting illustration of the manner in which the Railroad Department of the Young Men's Christian Association brings together the rank and file of railway employees and the higher officials, was afforded at Hoboken, N. J., on Thursday, April 30. At the annual banquet of the D. L. & W. Railroad Department in that city more than one hundred and fifty men were present representing practically every department of the railway service, while at the guest table were seated President W. H. Traudale, First Vice President Loomis, Second Vice President Caldwell, Chief Engineer Lincoln Bush, General Superintendent T. E. Clarke, and Division Superintendent O. H. Ketchum. President Traudale, in the course of his address, referred in terms of warm praise to the Railroad Association as a platform on which employer and employee could meet on terms of cordial fellowship. Many careful observers are inclined to believe that the Young Men's Christian Association is destined to play an important part in the solution of vexatious questions between labor and capital.

EXPOSURE to a sudden climatic change produces cold in the head and carries it apt to follow. Provided with Ely's Cream Balm you are armed against Nasal Catarrh. Price 50 cents at Druggists or Ely Brothers, 58 Warren Street, New York, will mail it. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation, cleanses and cures. Cream Balm quickly cures the cold.

Repainting the Gates.

The D. L. & W. Railroad painters were at work yesterday on the gates at the Mill street crossing. They touched up the woodwork in a very artistic manner, topping off the long white gates with red. It contributes much to the appearance of things along our paved street.

One thing yet remains for the D. L. & W. Company to do if it wishes to earn the gratitude of every pedestrian and that is to lay a pavement at each side of Mill street at the railroad crossing and also at the culvert over the canal. The sidewalks at those places in their present condition detract from appearances and impose hardship upon pedestrians.

Leaped From Odd Fellows' Train. LEWISBURG, April 26.—Harry Zellwors, who left this place about two weeks ago to work in a restaurant at Jersey Shore, was badly injured this morning. It is not known yet whether he will recover.

Mr. Zellwors came to this place on a special excursion train that was going to Sunbury. He did not know that the train would stop here, and when it stopped a little in the upper end of town he jumped off. He was thrown nearly thirty feet, landing on his head, and sustaining severe injuries. He was attended by Drs. Doniore and Thornton.

THEY TOLD A HARD LUCK STORY

John Kelly, Mike Cunningham and Joe McQueen, a trio of hobos, were arranged before Justice of the Peace Oglesby yesterday afternoon to answer the charge of illegal car riding. They boarded a P. & R. freight at West Milton and on reaching Danville were arrested by Special Officers Purshy and Simmers. Cunningham was not a bad looking fellow, but the other two were bronzed and scarred veterans of the road. Two of the hobos had hard luck stories, rather more pathetic than plausible, which they poured into the 'Squire's' ears. Cunningham said he had just been released from a hospital and still weak from long confinement was making his way home to Havre de Grace, Md. One of the veterans was traveling backward and forward over the country in an unsuccessful effort to find work. He had been allured to Williamsport and not liking the prospects there had decided to retrace his steps and was now on his way to Hazleton. The third fellow impressed with the absurdity of things evidently believed that "silence was golden" and decided to say nothing.

It was a question of whether the fellows should be committed, which meant being boarded and lodged at the public expense, or turned loose and ordered to tramp on. Justice Oglesby chose the latter and gave them one hour to get out of town. In imposing the sentence the Justice remarked that it would be a good opportunity for them to inspect the new river bridge. They seemed to catch the significance of the remark and keenly inquired in which direction the bridge lay. Five minutes later they were headed for the next county.

What the People Want.

Conditions today in the art of entertaining, call for a man of an analytical cast of mind, who is keen to recognize the unwritten and unspoken wants of amusement patrons; and having recognized them he knows precisely how to gratify them. Mr. Howe, who will present his latest collection of new moving pictures in Danville Opera House on Saturday evening, April 29th, exemplifies this in the highest degree. This is an age of specialists, and in the art and science of projecting moving pictures, Mr. Howe is a specialist par excellence. However, it is not alone this that explains his great success, but because he is broad enough in general experience to scan the horizon of the whole world, and with a remarkable intuition invariably select and present subjects that at once attract and hold the great audiences in rapt attention from first to last. It is because he excels in selection as much as in presentation that he surpasses every similar exhibition in existence. His new collection is brimful of interest and entertainment for everybody, and a large audience is assured.

Married at Trenton, N. J.

Miss Stella Fisher, daughter of Mr. and Mrs. Peter Fisher, Danville, Pa., and a sister of Patrolman Charles Fisher, of the local police department, was wedded at 3 p. m., yesterday, to Frank Schultz, of this city. The ceremony was performed in the chapel at the state hospital, the officiating clergyman being the Rev. Dr. Walter A. Brooks, of Prospect Presbyterian Church. The chapel was decorated with carnations and lilies. The wedding march from Lohengrin and Mendelssohn's march was played by Robert Houck. Mrs. Charles Fisher was matron of honor and Charles Fisher best man. The ushers were William Leslie, John Jones and Wilmer South. The bride was attired in a gown of silk voile and wore a veil of real orange blossoms. The dress of the matron of honor was white organdie. Both carried white carnations. After a reception and supper, Mr. and Mrs. Schultz left on a wedding tour which will embrace Niagara Falls and Danville. They will reside on West End avenue, this city.

Mr. Schultz has been a carpenter at the hospital for a number of years and Mrs. Schultz has been an attendant there—Trenton True American.

The Right Name is DeWitt.

DeWitt's Witch Hazel Salve cools, soothes and heals cuts, burns, boils, bruises, piles and all skin diseases. K. E. Zieckfosse, Adolph, V. Va., says: "My little daughter had white swelling so bad that piece after piece of bone worked out of her leg. DeWitt's Witch Hazel Salve cured her." It is the most wonderful healing salve in the world. Beware of counterfeits. Sold by Paules & Co.

REDUCED RATES TO PACIFIC COAST PORTS.

Via Pennsylvania Railroad, Account Lewis and Clark Exposition and Various Conventions.

On account of the Lewis and Clark Exposition at Portland, Ore., June 1 to October 15, and various conventions to be held in cities on the Pacific Coast during the summer, the Pennsylvania Railroad Company will sell round-trip tickets on specified dates, from all stations on its lines, to San Francisco and Los Angeles, April 9 to September 27; to Portland, Seattle, Tacoma, Victoria, Vancouver, and San Diego, May 23 to September 27, at greatly reduced rates.

For dates of sale and specified information concerning rates and routes, consult nearest ticket agent.

Pleasant Surprise Party.

The home of W. H. Wyant, East Mahoning street, Saturday night was the scene of a pleasant surprise party. Mr. Wyant, in whose honor the party was gotten up, was absent when the guests assembled and that he was literally surprised when he returned home and found a house full of people, awaiting him goes without saying. Mr. Wyant was presented with a handsome chair. Refreshments were served during the evening and music was furnished by William Ashton. There were some thirty people present.

REQUIRE A 90 POUND RAIL

The Borough Council held a special meeting last night to take action on some matters pertaining to the Danville and Sunbury Street Railway Company, which is about beginning work on its line in the Borough.

During yesterday the trolley company began the unloading of rails along East Market street, preparatory to beginning construction of its line to the Hospital for the Insane. It was explained in Council that the Borough has decided to pave East Market street—that even at the present time the property owners are circulating a petition asking Council to proceed with the work. The rails unloaded for the trolley track, it was discovered yesterday, are only 4 1/2 inches high and are known as the sixty pound rail—a size altogether too small to be used in connection with street paving. It was the sense of the members that the rails should be replaced with larger ones, ninety pounds in weight, the same as are used on Mill street, and in order that the trolley company might be put to as little unnecessary expense as possible that a halt be called immediately, hence the special meeting last night.

Mr. Vesting moved that the Danville and Sunbury Street Railway Company be notified to put down a ninety pound rail from the intersection of Mill and Market streets as far east as Wall street. Mr. Magill seconded the motion. It carried unanimously.

The bond of five thousand dollars required of the Danville and Sunbury Street Railway Company was presented to the Borough. It was read by the Secretary, and after a short discussion was referred to the Finance Committee for further consideration.

Until the bond is finally approved work on the line can not proceed.

The following members were present: Yastine, Reikensyer, Goeger, Gibson, Fenstermacher, Boyer, Dietz and Magill.

WOMEN'S WEBS.

Grateful Danville Women Tell of the East-est Way to Escape Them.

When the back aches and throbs. When housework is torture. When night brings no rest, no sleep. When urinary disorders set in. Woman's life is a weary one. There's a way to escape these woes. Doan's Kidney Pills cure such ills. Have cured women here in Danville. This is one Danville woman's testimony.

Mrs. Edward E. Langer, of 11 Church St., says: "I still think a great deal of Doan's Kidney Pills. I would not think of being without them in the house. I made a statement for publication in 1896 in which I gave my opinion of Doan's Kidney Pills on account of the great benefit I had received from their use. I have never had any cause to regret making that statement, and now over eight years afterwards, I can reiterate the statement. Before taking it this remedy cured my back and lameness and soreness in the back. The pain over my hips was continuous and when on my feet it was one steady gnawing ache. It hurt me to do anything requiring a bending position, sharp twinges would catch me so suddenly that I had to brace myself until they stopped. The twinges were so annoying and I often suffered from headaches. I read statements given by people in this vicinity who had used Doan's Kidney Pills and concluded to try them. They did me more good than any other medicine I ever tried. After a few doses I no longer experienced such severe pain and finally the pain was removed entirely. The annoyance caused by the irregularities of the kidney secretions was entirely removed. I can honestly recommend Doan's Kidney Pills to those suffering as I did."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Flay Tack Entire Family.

There appears to be an epidemic of cerebro spinal meningitis in the Wilkesbarre region at the present time. Three cases were reported from Breaslin, Monday morning by Dr. H. L. Whitney, of Plymouth, who was summoned to the home of Wincenty Dabiczynski Monday afternoon. On examining the patients the physician announced that they were suffering from cerebro spinal meningitis.

The victims are quite young, one of them being a girl of about 5 years. The doctor says that her condition is critical and fears that she will not recover. The boys' ages are 6 and 5 respectively, while the girl is a little short of five years. They were suddenly attacked Monday afternoon and for a time it was feared they would succumb.

Precautions are being taken by the Wilkesbarre health authorities to prevent a spread of the disease. If any more cases are reported a strict quarantine will be put in force. It is feared that the disease will become general at Wilkesbarre and that the people will suffer an epidemic similar to the one several years ago when small pox was the rage.

Girls Will be Girls.

Manager Wm. A. Brady is delighted at the way New York received his big musical production, "Girls Will Be Girls," headed by Al Leach and the Three Rosebuds, which recently closed a six weeks engagement at the Fourteenth Street Theatre. The stand "Triumph" called it "a novelty"; the "World" said it was "a jumble of nonsense adorned with pretty music"; Hearst's "Journal" said, "There was a laugh every minute"; the "Press" called it "Bright, girly and gladness"; Seton Davies of the "Evening Sun" called it—"A bright, snappy musical comedy," and said that "Al Leach the new star scored decisively." The "Globe" said it was—"Brought out with unexampled splendor and success." The conservative "Times" remarked that—"There was a racy vernacular quality about it all, a vim and intensity of spirits, homeliness of humor such as comes straight from the American heart and goes as directly to it." The "Evening Post" said—"A more enjoyable combination than Mr. Leach and his clever trio has not announced New York this season." The "Mail and Express" "Al Leach must be seen to be appreciated." "Girls Will Be Girls" will be seen at the Opera House on Thursday evening.

FLUSHING PROVES A SUCCESS

The Borough on Saturday adopted a method of cleaning the pavement on Mill street, which it kept up regularly. No one will doubt prove more efficacious than a sweeper or the employment of any other means thus far suggested.

This was simply flushing the street, as directed by Council on Friday night. There should have been no doubt whatever as to the success of the plan. Every thunder shower with a good old-fashioned down pour of rain shows the benefit of flushing. The success of the first experiment with the hose Saturday came fully up to expectations. Almost every part of the street has sufficient grade to carry off the water with its accumulation of sand and dirt very easily. As a result after the flushing, the brick surface was washed as clean as a floor, all the objectionable particles, which might later have become dust, having disappeared with the water down the various "sewer drops" along the paved street.

Street Commissioner E. S. Miller with a couple of men began work shortly after noon, employing a section of discarded fire hose found at the Water Works. Beginning at Market street the work proceeded rapidly and by quitting time they had gotten as far as the D. L. & W. R. R. crossing. The men had a hard time of it, however, owing to the leaking condition of the discarded hose, which kept the poor fellows drenched to the skin. The hose, which was 150 feet long, opposite the Brown building failed to meet when attached to the first plug above a bad accumulation on the pavement that which has to be hauled away in a wagon. At every other point under the strong pressure from the fire plugs the water not only forced every bit of the dirt out from the joints between the bricks but carried it safely off.

Now that the success and practicability of flushing the paved street is demonstrated it would pay the Borough to secure a better quality of hose for the purpose so as not to oblige the workmen to take a dousing every time the work is done.

A Night Attack.

Last night the little daughter of Mrs. Brown, an abnormally and peacefully slept in her little bed near the window, was attacked by a death-dealing demon known as Croup Whooping Cough, and but for the timely use of Kennedy's Laxative Honey and Tar, which she always keeps handy, the life of the little one might not have been saved. Kennedy's Laxative Honey and Tar is different from all of the old-time cough syrups and is best for children because it acts on the bowels, is harmless, safe and certain. Contains no opiates. Sold by Paules & Co.

Charles Reppert's Valuable Dog.

Charles H. Reppert, a Danville boy, now a resident of Paterson, N. J., is a dog fancier of distinction judging from the following from the Paterson News:

Dog fanciers are daffy over Charles Reppert's latest find, an English bull terrier, American bred, and those who have sized him up consider him the most valuable dog of his kind in Paterson at the present time.

Reppert's new kennel occupant is named Amateur Cracksman, and is the son of Ival Dotter. Both are from the famous Earlington kennels of New York. Cracksman is a pure white animal with a solitary brindled spot between the eyes. He is about as ferocious a looking beast as could be described, but in a short acquaintance with him he proves to be of a tender disposition. He weighs 50 pounds and his jaws look like a prize fighter's mug after a finish mill.

Cracksman will be shown at the kennel show of the Passaic County Fish and Game Protective Association, and as it cost Reppert \$1,000 to get the dog and the leather lash that goes with him, it will pay you to take a look at the animal when he is placed alongside of the other dogs that are to make up the coming exhibition in Apollo hall a success.

Forget About Your Stomach.

If your digestion is bad the vital organs of your body are not fed and nourished as they should be. They grow weak and invite disease. Kodol Dyspepsia Cure digests what you eat, cures indigestion and all stomach troubles. You forget you have a stomach from the very day you begin taking it. This is because it gets a rest—recuperates and gradually grows strong and healthy that it troubles you no more. Sold by Paules & Co.

There is Only One.

While mountebanks have played on the credulity and taxed the patience of the public with inferior exhibitions, only one exhibitor—Lyman H. Howe—has approached and developed it with the brain of the scientist and the eye of the artist. Like all great achievements, it has involved indomitable zeal and energy, endless experiment and profound research, but the results are so distinctly superior to the commonplace moving picture that Mr. Howe's exhibition is like Shakespeare—in a class by himself, altogether above and beyond similar exhibitions.

Mr. Howe will present an entirely new collection of events from all over the world in the Opera House on Saturday night.

The sharp, graphic outline, the brilliancy of background and perspective, the fidelity of every subject and the inviolable integrity of every promise made, has secured for Mr. Howe a clientele drawn from all classes that is all his own, and that is a living tribute to his skill, enterprise and endeavor.

Game of Base Ball.

The First Ward Juniors defeated the Third Ward Juniors in a game of base ball played in the furnace yard on Saturday afternoon. The score was 10 to 4.

WHEELMEN MINSTRELS MAY BE HERE

A strong effort is being put forth by the Danville base ball club to secure the Wheelmen Minstrels of Bloomsburg to give an entertainment in the Opera House here in the very near future.

The Wheelmen Minstrels are a famous local aggregation, which is keeping things agog in Bloomsburg at present. It will give two entertainments in the Opera House there this week, one on Thursday night and the other on Saturday night. The status of the minstrels as a local production can be judged when it is stated that the talented Attorney Hon. Grant Herring is center man or interlocutor, while among the end men are Dr. A. K. Aldinger, Attorney George Jayne, Freeze Hicks, George H. Ketter, E. W. Hagenbuch and Gerald Gross. The circle is composed of well known and talented Bloomsburg people. It is a purely amateur effort throughout, the subject itself having a strong local color, being "A Barlesque on the Bloomsburg Town Council."

That the Bloomsburg people see a great treat in store is evidenced from the fact that fifty-five minutes after the board was seated at Beidelman's book store every seat in the Opera House was sold. It was in view of this fact that the second performance on Saturday night was decided upon. The Wheelmen Minstrels give an entertainment in Danville for the benefit of the local base ball club the event will take place early in May. They would no doubt draw nearly as well in Danville as in Bloomsburg, for aside from the interest attaching to the "talent" the subject would prove an alluring one, as Bloomsburg Council has built up a reputation for strenuousness, while Danville rejoices in the possession of a Council which never "scraps."

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: "Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." Paules & Co., druggists, guarantee them at 50c.

The New Moving Pictures.

The way the Lyman H. Howe Moving Picture Company keeps bounding ahead year after year is not only a fine indication of their popularity, but an emphatic guarantee of their superiority. They will present their program of entirely new subjects in the Opera House on Saturday evening, April 29th. Mr. Howe's pictures possess more attractiveness, more infinite charm, more dash and originality than any other similar entertainment. Year after year they swing jubilantly forward in splendid harmony with the progressive policy always in force. For these reasons, it remains today as it has been for the past ten years—easily the peer of all moving picture exhibitions.

A Guaranteed Cure For Piles.

Hobling, Blind, Bleeding or protruding Piles. Druggists refund money if PAZO OINTMENT fails to cure any case, no matter of how long standing, in 6 to 14 days. First application gives ease and rest. 50c. If your druggist hasn't it send 50c in stamps and it will be forwarded post-paid by Paris Medicine Co., St. Louis, Mo.

Pushing Work on Pavements.

Property owners on Mill street, whose pavements were in bad condition, as it is to none for delay have all gotten to work at the same time laying new pavements.

Yesterday the sidewalks were torn up in front of some half a dozen properties mostly adjoining each other between Lower Mulberry and Northumberland streets. Last week the fine flag stone pavement in front of J. H. Cole's was scarcely completed before the one in front of Field's restaurant was torn up. The latter is not yet completed. Other pavements on which work was begun yesterday were those in front of Dietz's meat market, James Martin's grocery and Longenberger's barber shop on the opposite side of the street. At each of the above places the sidewalk was in a very bad condition and the new pavement, which will be of flag stone, will be of the full width required and will be quite an improvement to the paved street.

Climax Brandy of Grape.

The superior vintage of 1878 Brandy, introduced by the Speer N. J. Wine Co., is highly spoken of by physicians, and used in preference to French Cognac by many of the best families and clubs who will have no other.

Street Sprinkler in Commission.

The street sprinkler belonging to the Friendship Fire Company went into commission Monday. It took in a large number of thoroughfares in the Borough including Mill street, which, it was learned is included in its contract for the summer. One sprinkling seemed to place the paved street in very good condition and there was no sign of dust during the remainder of the day.

While the flushing of Mill street on Saturday was found to be very efficacious in cleaning the bricks later discoveries have shown that the action of the water under the heavy pressure from the mains has had a bad effect on the pavement forcing out the grouting and tending to open the joints between the bricks. It is feared, too, that the large quantity of sand washed into the sewer by flushing may sooner or later breed trouble there by clogging up the pipe.

Under the circumstances it does not seem unlikely that flushing may be abandoned and that along with the grouting employed sprinkling may be adopted as a means for keeping down dust in the future.

AS TO OUR BOARD OF HEALTH

Among other matters pending which will receive attention at the next meeting of Council is the selection of some person from the Fourth Ward to represent that division of the Borough in the Board of Health. The Fourth Ward for some time past has had no representation. Mr. Aaron Rookafeller, who was duly elected to succeed himself as a member declining to serve. The matter came up at the last meeting of Council and the members from the Fourth Ward were instructed to cast about for some well qualified person there, who would be willing to serve, reporting at the next meeting when an election will be had.

The Board of Health in the exercise of its official function has not been heard from recently. Dr. Shultz, Secretary of that body, was seen Saturday. From the very favorable report as to the health of the town it would seem that the apparent inactivity of the Board, which some have commented upon, is due solely to the fact that there is no occasion for any meetings at present. There is but one family in town infected with contagious disease of any sort. The outbreak in question occurred on Grand street, a case of diphtheria developing four days after the family returned from a visit to Milton. The little patient recovered and the quarantine was removed, when a few days later another child in the family was stricken with diphtheria. The disease in the latter case has also run its course and the child will probably be removed from the house today. As stated above this is the only case of contagious disease in Danville. Dr. Shultz states that the sanitary condition of the town was never better, thanks to the completion of the Borough sewer.

The prevalence of cerebro-spinal meningitis, which is causing some alarm in other towns, is giving our Board of Health no anxiety for the reason as explained by Mr. Shultz the disease has not approached in dangerous proximity to Danville and there is nothing about our sanitary condition to contribute to any alarm.

Won a Name of Fame.

DeWitt's Little Early Risers, the famous little pills, have been made famous by their certain yet harmless and gentle action upon the bowels and liver. They have no equal for biliousness, constipation, etc. They do not weaken the stomach, gripe, or make you feel sick. Once used always preferred. They strengthen. Sold by Paules & Co.

The public fountain, a gift from the Woman's Christian Temperance Union of town, went into commission Saturday morning in its new position on the Mill street culvert. An attempt to turn on the water revealed the fact that the waste pipe was not in working order.

It was necessary, therefore, Saturday to dig up the side walk and see what prevented the flow of water. The terra cotta waste pipe, due probably to the settling of the new ground was found broken in two. The water was turned off during the day while a new waste pipe was supplied.

The fountain was removed from its original position near the weigh scales to the culvert upon the completion of the latter last fall. It is now admirably located, convenient to the passing throng, where no difficulty whatever attends the drainage, while the handsome ornament itself is in keeping with the massive and well finished culvert.

The fountain was started up none too soon and it is hoped that it can be kept in commission regularly from now until next winter without the interruptions and annoyances which were common while it was in its former position.

To Cure a Cold in One Day.

Take LAXATIVE BROMO QUININE Tablets. All druggists refund money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Changing the Trolley Track.

The Danville and Bloomsburg Street Railway Company yesterday put a force of twenty Italians at work changing the location of the trolley track at the undergrade crossing at the P. & R. Railway in this city.

Yesterday was spent in excavating for the track in its new position, which required a considerable amount of work. The track will lie along the Western side of the undergrade crossing some five feet away from its present location. The sharp curve, which at present hinders the progress of the cars at that point will be eliminated. The track will lie a little lower, too, at the Southern end where a good deal of grading will be required in the road way for vehicles, as well as on the trolley track.

As soon as the street railway is lifted over the driveway it will be open to its full width, although it is doubtful whether vehicles will be permitted to use it until the grading is completed, which should be in the course of a very few days.

The street railway company now proposes to enter upon the general repairs needed on a street to place it in as good a condition as it was in before it was cut down to abolish the steep grade. A great deal of work will be involved in the erection of the long retaining walls required to protect on one side the property of Aaron Rookafeller and on the other that of the Grove Presbyterian Church. Several other property owners are affected but not to the same extent as the two above named. The Borough Surveyor the other day gave the lines for the two retaining walls and work is likely to begin at any day.

MEMORIAL DAY ARRANGEMENTS

Goodrich Post, No. 22, G. A. R., has already begun to make arrangements for Memorial Day. As might be expected at this date they have not proceeded very far with their plans. But there is every reason to believe that the day will be observed in the usual creditable manner. There will be the time-honored march to the cemetery, with the school children among others in line; there will be the usual addresses at the cemetery with the ceremony over the graves that belongs to the full observance of the day. An effort will be made also to repeat the beautiful ceremony of casting flowers upon the river in memory of the sailors lost at sea, which has marked the observance of the day in Danville for several years past.

The following general order No. 6 relating to Memorial Day has been received by the post:

I. "Killed in yesterday's battle." II. "Dying in the field hospital." III. "Badly wounded." IV. "Wounded and in the hands of the enemy."

Forty odd years ago, my comrades, we were thus accounting for the rosy-cheeked, bright-eyed, manly boys, darlings of their mothers, who with the elastic step and merry laugh of youth marched by our sides as we bade good-bye to our homes and dear ones and answered "Here am I," to the call of country, and cheered the sad heart of our God-given Lincoln with the refrain, "We are Coming Father Abraham, three hundred thousand strong."

Recall today the hastily delivered message and taken from these dying boys as you graily continue the charge over their bodies or as you sullenly retreated, most reluctantly leaving them on the field. You have sacredly kept the promise hastily made to your dying messmate: "Yes, Jack, I'll tell your mother." "Sure, Joe, your wife shall get your ring and message." "Never doubt, Charlie, your people shall know what a brave soldier you were, how pluckily you died to save our colors."

As you moved carefully among the dead and the dying over the battlefield after the fight was over; as you walked through the rude field hospital hopefully searching for the comrade you saw fall, but could not stop to help, the dear boy who had been your playmate at school, and to the appeal of whose weeping old mother as you marched away you had to sob back the cheering promise, "I'll take care of Billy." As you steadied yourself, and helped to bear about the deck of the battleship to the cockpit, slippery with the life blood of your shipmates, the body of the sailor boy with whom you had left home to ship in your country's service.

Did you not promise the dying and God for the dead, that your comrades and their supreme sacrifice never should be forgotten, that their dependent ones should be tenderly and fully cared for? Have you kept that sacred promise? Our glorious Grand Army of the Republic has helped you to keep it. It has collected and helpfully disbursed in relief millions of dollars. It made possible, kept alive and cherished the sacred memories and friendships of the war. It was established, by the order of one of its honored predecessors, Commander in Chief Logan, and given to the world Memorial Day on which day you annually rededicate your promise to keep green the memory of your comrades by decorating their graves with the fairest flowers of spring, or casting them upon the sea or the river which flows from the mountain to mingle with its waters, which are the sailors' winding sheet, and by securing the services of your most eloquent and gifted speakers to devote that our country might not be disgraced, dismembered and destroyed, but might live as a nation, the grandest on the face of the globe.

II. Memorial Day will be Tuesday, May 30, 1905. Department and post commanders will attend to the fitting observance of the day.

III. It is the very prerogative of the Grand Army of the Republic, which I direct all department and posts to observe at all Memorial Day services: "Four score and seven years ago our fathers brought forth on this continent, a new nation, conceived in liberty, and dedicated to the proposition that all men are created equal."

"Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battlefield of that war. We have come to dedicate a portion of that field, as a final resting place for those who here gave their lives that this nation might live. It is altogether fitting and proper that we should do this."

"But, in a larger sense, we cannot dedicate—we cannot consecrate—we cannot hallow—this ground. The brave men, living and dead, who struggled here, have consecrated it, far above our poor power to add or detract. The world will little note, nor long remember what we say here, but it can never forget what they did here. It is for us the living, rather, to be dedicated here to the unfinished work which they so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us—that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion—that we be here highly resolved that these dead shall not have died in vain—that this nation, under God, shall have a new birth of freedom—and that government of the people, by the people, for the people, shall not perish from the earth."

IV. Our efficient allied organization, so earnestly devoted to the welfare and encouragement of all comrades, should be heartily welcomed to our services on this day and encouraged to participate with and help us in its observance.

V. Invite all thinking, patriotic people to join with us on this day. Especially should the children in our

schools be encouraged to take part in the ceremonies of the day. Under the direction of our school officials and teachers they can thus be taught by this great object lesson, patriotism, without which all other learning is worthless when useless.

VI. Urge the officials and teachers controlling every school in the nation to hold
