SOLOMON DERK'S STRANGE RIDE

Among the visitors to this city yesterday was Solomon Derk of Shamokin, a man who in a remarkable way illustrates that bodily infirmity, even though the most grievous affliction, need not necessarily embitter a man to the world and cut off his capacity for enjoyment.

Solomon Derk is seventy-eight years of age. In addition he has not walked for twenty-two years, being a victim of paralysis and disabled from the hips down. Solomon, however, who is afflicted with a kind, sunny disposition, does not mind the advancing years and he very easily gets over the infirmity of not being able to walk by installing his bed in a covered wagon and employing a driver to take him wherever he wishes to go. Thus he is enabled to enjoy many an extended trip out among the green fields and over the country roads that he knew in early life, visiting old friends by the way.

Yesterday he passed through Danville in his comfortable bed-wagon on his way to Moersburg, where Mr. Derk said he knew the Moser family and would call upon them. The wagon was in charge of George O. Auman, a Constable of the Tenth Ward of Shamokin. They left Shamokin yesterday morning and arrived in Danville via the free ferry about 11 o'clock. During the short sojourn in this city Mr. Derk found time to renew acquaintance with several friends. The old man lying on his couch became very reminiscent and dwelt with animation upon the more active days of his life when he served an enlistment in the 106th Regiment in the Civil War or made his living as a shingle-maker in the woods of Columbia and Northumberland counties.

Mr. Derk spent many years of his life in the vicinity of what is known as the "Dark Settlement" living between Millville and Pine Summit, Columbia County. He was a famous shingle-maker in the days when shingles were worked out by hand. When in his prime, he said yesterday, he built up great records in the woods. It was his boast that more than once he had taken a tree growing in the woods, cut it down and worked out 1000 shingles, all in one half a day.

Mr. Derk does not like Shamokin. He says the town is "too noisy" and the object of his visit to Moersburg is to see whether he can not rent a house at that place. Falling at Moersburg he will proceed to Pottsgrove, where he thinks he would also like to live.

Solomon Derk lying on his bed passed through Danville nearly two years ago. He was then on his way to Watsonville to visit some old friends.

A Representative Amusement Enterprise.

The Sig. Sautelle and Welsh Brothers Combined Railroad Shows and Menagerie, which is carded to appear here shortly have never defaulted in a single promise to pay or to please. They have kept in the middle of the road, and have never departed into by-paths. They have stood like a beacon light for many years, and are grand in having the best of everything. Its performers are a galaxy of stars; its animal actors a high class of brute learning its tents among the largest and best equipped; its parade one of the most novel and elaborately decorated of the most complete collections of rare and wild beasts in the world, and its ensemble the finest of all latter day shows. This big union of shows will exhibit at Danville Tuesday, May 16th.

To Prevent Township Bankruptcy

An act which Governor Pennypacker has attached his signature a few days ago will remedy an expensive abuse in many of the counties in this state. Under the provisions of the act all judgments given by justices of the peace against townships, boroughs or school districts must be filed with the prothonotary within one week from the time of the rendition of judgment. Heavy taxpayers in many counties have had large burdens in the shape of taxes placed upon them owing to the loose methods in which judgments have been given against municipalities and school districts.

NEW BUILDINGS ARE COMPLETED

The rebuilding and many alterations on foot at the stove works are practically completed. The new additions give the plant quite a changed appearance on the exterior, while on the inside in addition to the increased space there are improved facilities and rearrangement of departments that will add to convenience and indirectly assist in improved showing.

The annex to the foundry was the first portion completed. The floors are all in shape and new moulders are being employed as fast as they arrive. From some eighty, at present employed, the number will be increased to a hundred or over. As at present arranged there is no more commodious, better ventilated or better lighted shop in the country. To facilitate work and make it easier for the moulders a trolley system is contemplated and will probably be installed very soon to convey the iron from the cupola to the various floors. Instead of being laboriously carried by hand to the remote end of the foundry the heavy ladles of molten metal will be suspended from an overhead trolley and pushed along with scarcely any effort.

The capacity of the mounting room has been doubled by the addition of another story. Several new moulders have already been employed and more will be taken on later. The second story in the mounting department is one of the most desirable apartments about the whole plant, being well lighted, airy and decorated with a coat of whitewash. Several new machines are being installed in the cleaning room while every department is being enlarged to keep pace with the increased capacity of the moulding department.

About a year ago the offices were removed from the first story to the second floor. Among other changes that followed, the supply department, presided over by William Flick, has also been removed from the first story and is now installed on the second floor of the main warehouse adjacent to the offices.

As a result of the enlargement and the improved facilities the product of the plant will be increased by at least one-third.

National Guard and its Doings.

The Adjutant General last week issued a General Order which will be interesting to all National Guardsmen. It gives in detail the number of men qualified as marksmen in 1904 in each organization. As usual the Third Brigade leads the other brigades in figure of merit. The Thirteenth Regiment leads the infantry by a good margin.

The figure of merit of the Division is 54.92.

The figure of merit of the Third Brigade is 65.79, and that of its component organizations is as follows: Regiment Headquarters, 50; Fourth Regiment, 67.01; Eighth Regiment, 74; Ninth Regiment, 47.75; Twelfth Regiment, 54.76; Thirteenth Regiment, 82.85; Governor's Troop, 84.30.

The figure of merit of the First Brigade is 58.47 and that of its component organizations is as follows: Brigade Headquarters, 68.05; First Regiment, 45.59; Second Regiment, 32.17; Third Regiment, 40.47; Sixth Regiment, 87.01; Troop A, 53.80.

The figure of merit of the Second Brigade is 54.92, and that of its component organizations is as follows: Brigade Headquarters, 50; Fifth Regiment, 48.65; Tenth Regiment, 50.82; Fourteenth Regiment, 61.40; Sixteenth Regiment, 54.10; Eighteenth Regiment, 55.89; Sheridan Troop, 93.75; Troop F, 24.82.

The Twelfth Regiment stands seventh in the 14 infantry regiments. It qualified eight experts, seven sharpshooters, 189 marksmen, 133 first class men, 151 second class men, 52 third class men and 182 did not get near the ranges.

The experts were two on the Field and Staff, four in Company A, one in Company C and one in Company E. The sharpshooters were three in the Field and Staff, two in Company C, one in Company F and one in Company K. Those who did not get to the range at all were four in the Field and Staff, five in Company A, 29 in Company B, 14 in Company C, 18 in Company D, seven in Company E, 17 in Company F, 37 in Company G, 9 in Company H, 24 in Company I and 19 in Company K.

The figure of merit of each part of the regiment was as follows: Field and Staff, 86.87; Company A, 91.69; Company B, 34.65; Company C, 71.76; Company D, 46.85; Company E, 54.30; Company F, 58.55; Company G, 32.59; Company H, 57.21; Company I, 45.34; Company K, 46.18.

In most of the regiments of the State a determined effort is being made to cut to the minimum the number of men who do not get to the range by getting all out as early in the season as possible.

Provisional Agreement.

The King Bridge Company, through their representative, and the Columbia County Commissioners, have reached a provisional settlement in the Millville bridge matter. The settlement of course, is contingent upon the action of the Dauphin County court in the matter of the petition which will be presented to that court by the county looking forward to the reconstruction of the bridge by the state, in accordance with the provisions of the "Rose" bill recently signed by the Governor, which applies to the Millville bridge conditions.

Let me say I have used Ely's Cream Balm for catarrh and can thoroughly recommend it for what it claims. Very truly, (N. J.) H. W. Hathaway, Elizabeth, N. J.

I tried Ely's Cream Balm and to all appearances am cured of catarrh. The terrible headaches from which I long suffered are gone.—W. J. Hitchcock, late Major U. S. Vol. and A. A. Gen. Buffalo, N. Y.

The Balm does not irritate or cause sneezing. Sold by druggists at 50 cts. or mailed by Ely Brothers, 56 Warren St., New York.

GYMNASIUM CLASSES FALLING OFF

The gymnasium classes of the Y. M. C. A. are falling off in attendance during the inciting Spring weather, which makes life out of doors more agreeable. Naturally summer sports loom up in the distance.

During an interview with Physical Director Carpenter yesterday it was learned that the gymnasium closes about June 1st. After that the regular sports will be resumed that took the place of indoor exercise last summer.

The lawn tennis club has already been organized for the Summer with W. V. Oglesby, Esq., president; Professor U. L. Gordy, Secretary, and C. V. Amerman, Esq., Treasurer. The old grounds on West Mahoning street have been leased for the season and the courts have been placed in excellent condition. The first game will probably be played today. The tennis club while not under the auspices of the Y. M. C. A. is yet connected with it in the sense that no one can become a member of it that does not belong to the Y. M. C. A. It is very popular and affords in the aggregate an immense amount of wholesome recreation.

Although the question of grounds is undecided, yet the outlook for a good season's sport at base ball in connection with the Y. M. C. A. is very promising. The Association expects to be able to maintain two teams, made up of skillful players.

The members of the Y. M. C. A. classes last year got lots of sport out of their swimming exercise to the river. Some seven members who had never acquired the art learned to swim very expertly under the instruction of Professor Carpenter. Swimming classes, therefore, will be organized this season just as soon as the water becomes warm enough for the sport.

The cross country walks will also be resumed after the gymnasium closes. These early morning strolls taking in seven to ten miles last season were much enjoyed by and proved very beneficial to business men and others occupied during the remainder of the day with their work.

NEVER TIRE OF IT.

Danville People Are Pleased to Show the Gratitude They Feel.

People tired of lame back and aching limbs, kidney weakness and urinary troubles, never tire of letting others know about the remedy which did it. Doan's Kidney Pills. The cures are permanent cures, as people who were cured years ago now testify. Here is a case of the thorough workings of Doan's Kidney Pills in Danville.

John B. Hollister, paddler, of 611 Mill St., says: "Some years ago I suffered from distressing kidney and bladder weakness which had clung to me for some time. I also was annoyed with severe pains right across my loins so severe at times as to almost prostrate me. My kidney secretions were very annoying and painful and too frequent, particularly at night. I used a number of remedies but with no apparent effect. Doan's Kidney Pills were recommended to me and I used them. The result was a perfect cure. I can recommend Doan's Kidney Pills as being all that is claimed for them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

There is a Difference.

The difference between Kennedy's Laxative Honey and Tar and all other Cough Syrups is that it moves the bowels, thus expelling a cold from the system. This relaxes the nerve-tissues and by its healing effect on the throat and lungs the cough is relieved—cured entirely. Kennedy's is the original Laxative Honey and Tar and contains no opiates. Good alike for young or old. Taste good. Sold by Paules & Co.

PRIZES FOR PUZZLE SOLVERS

A Great Scheme Whereby Every Correct Answer Will Win a Reward.

The greatest prize scheme for puzzle solvers ever offered by a newspaper is that inaugurated recently by the Sunday North American, of Philadelphia. For a long time that paper has been presenting each week, a puzzle for young folks, and has been offering a long list of prizes. But the answers grow to be so numerous that many boys and girls were, of necessity, disappointed. It was not possible to make a list of prizes to keep up with the increase of correct answers.

Something new had to be invented. Now, did you ever hear of a Puzzle Contest in which nobody is disappointed?

Then it must be Polly Evans' new Weekly Puzzle Contest, for hers is the only one anywhere in which nobody is disappointed.

Think of it—nobody disappointed! If you answer a puzzle incorrectly, you do not look for any reward, of course; but if you answer it correctly it is but natural that you should expect to be rewarded, and that you should feel disappointed if you find you are not rewarded.

That is what Polly Evans always thought, and she spent many an hour trying to devise some plan of prize-giving that would mean NO DISAPPOINTED boys and girls.

At last—just a few weeks ago—an idea occurred to her! The North American approved of it at once, and the result is that, since April 15—the day the plan was first announced—there have been no disappointed children in Polly Evans' Puzzle Contests.

For, thanks to her new system of PRIZE CREDITS, Polly Evans is now able to reward every boy and every girl who answers her puzzles correctly.

In brief, the plan is as follows: You answer Polly Evans' puzzle correctly. You may send your answer on as many coupons out from the puzzle page as you please. Polly Evans rewards you with a PRIZE CREDIT for EVERY COUPON you send. If you send five correct coupons to one puzzle, you get FIVE PRIZE CREDITS. If you send one, you get one credit.

IN EXCHANGE FOR YOUR PRIZE CREDITS, you get your choice of HUNDREDS OF FINE PRIZES described in the illustrated Prize Circular which Polly Evans sends by mail at the end of each month to every prize-correct winner.

Besides rewarding you with Prize Credits, which are exchangeable for prizes, Polly Evans also awards to the 300 or 400 FINEST APPEARING coupons SPECIAL PRIZES AND SURPRISES, which are announced with each weekly puzzle.

And in order to encourage you to earn as many prize credits as you possibly can, Polly Evans offers SPECIAL PRIZES to the two boys and two girls who win the highest and next highest number of prize credits respectively during the month.

FOR THE CARE OF THE INJURED

The first "Hospital" car on the Lackawanna railroad went into service Friday last on the Bloomsburg division. It is a model of its kind and will be stationed at Kingston. In case of accident it can be easily moved to any point and the victim or victims of an accident removed to their homes in comfort.

This new car for the injured is under the personal supervision of Dr. R. H. Lake, district surgeon of the company.

This car has formerly been used as a passenger coach, but has been remodeled, painted and tastily arranged in a light yellow, and varnished so that it presents a cheerful appearance without and within.

On either side of the car, near the center, is a sliding door, through it the injured being received.

There are steam heat attachments, a high pressure brake, and every convenience for making the injured as comfortable as possible. There are six upholstered couches, covered with black enamel cloth, with pillows of the same material. Each bed is affixed firmly to the floor, each being two feet six inches in width, by six feet six inches in length. There is a space of about one foot between each. A number of stretchers are also provided, simple in construction, yet most useful, for the unfortunate victim of a railroad or mine accident is moved but once from the time of the injury until he is placed upon his own bed at home or in the hospital.

At one end of the car is a commodious cupboard, in which are kept medicines, surgical appliances, while directly opposite is a stationary wash stand and above it is a water cooler.

At the other end of the car is located four coach seats.

There are numerous ventilating windows near the ceiling while the usual windows of a passenger coach are arranged along the sides the entire length. The car was built under the supervision of master car builder R. F. McKenna, in the Scranton shops.

The work of rendering systematized first aid to the injured in that section originated several years ago with the Lackawanna road, and the establishment and maintenance of the hospital car is another step toward perfection of this necessary work.

The car also is furnished with the necessary cards of instruction, so that anyone will know what to do until the physician arrives.

To Deliver Memorial Address.

Goodrich Post, No. 32, G. A. R., is gradually perfecting arrangements for Memorial Day.

Rev. W. R. Whitner, of Bloomsburg, has been invited to deliver the memorial address in the cemetery on Memorial Day. Invitations have also been extended to the local clergymen to speak during the ceremonies in the cemetery, each one limiting himself to a particular topic as has been customary in the past. The Keystone quartette will render appropriate music on the occasion.

An invitation has also been extended to school children to join the parade to the cemetery and a large number of these are expected to respond favorably. As on previous years the girls will wear white dresses with red and blue sashes; the boys will carry flags.

The beautiful ceremony of casting flowers on the river in honor of the sailors who fell during the war will also be observed. This part of the ceremony will take place on the river bridge.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Emulsion's Arnica Salve drew out the poison, healed the wound and saved his life. Best in the world for burns and sores. 25c at Paules & Co's drug store.

One Thousand Musicians (Classed.

One of the features of the parade during the Knights Templar convulse at Williamsport, May 23rd will be the formation of massed bands. Every player engaged in the different bands—about thirty-five in number—which will participate in their proper places in this great formation. There will probably be over 1,100 musicians in the mass.

After the formation has been completed on Market street, between Third and Fourth streets, at the conclusion of the parade, the mammoth band will march up Third street and will play "Religious" a famous march in which "Onward Christian Soldiers" and "Adeste Fideles," are introduced. Each bandmaster is now being notified to provide himself with a copy of this march.

Lyman J. Fisk, the noted local music director, will have the bands in charge. Several assistants will help in getting the bands into the formation.

The formation will face Third street and will be led by a row of cornets extending the entire width of the street and as close together as they can conveniently stand. The remaining instrumentation will be arranged likewise.

The massed bands will be a great thing and will be probably the greatest attraction of the convulse to the general public.—Williamsport Sun.

Time Tried and Merit Proven.

One Minute Cough Cure is right on time when it comes to curing Coughs, Croup, Whooping Cough, etc. It is perfectly harmless, pleasant to take and is the children's favorite Cough Syrup. Sold by Paules & Co.

Bucknell's Commencement Speakers.

At a meeting of the faculty of Bucknell University the following commencement speakers were chosen: R. G. Bostwick, DuBois; L. S. Goodman, Logan; N. E. Henry, Williamsport; W. N. Robbins, St. Paul, Minn.; A. M. Weaver, Muncy; Thomas Wood, Muncy; Misses Nellie Goddard, China; Margaret Forges, Huntington. The senior class this year numbers seventy-eight.

To Cure a Cold in One Day.

Take LAXATIVE BROMO QUININE Tablets. All druggists refund money if it fails to cure. E. W. Grove's signature is on each box. 25c.

MANY CHANGES IN THE GAME LAW

Copies of the new game protection law, which was approved by the governor on April 22nd, have been received in Danville. The law makes wholesale changes in former legislation, and hunters will have to study it carefully before venturing into the woods again. Hereafter it will be unlawful to kill more than one deer in a season, and the season is cut down from a month to fifteen days—from the middle of November to the first of December. It is unlawful to kill wild pigeons for the next ten years. Bears have been always on the list of game that could be killed at any time, but now they are protected, and can be shot only during the period between October 1st and March 1st, and anyone violating the provisions of the law is liable to a fine of \$50 for every bear or cub killed or captured. The only exception is where the bear is in the act of damaging crops or injuring a human being, or has recently done so.

About the only thing left on the free list are the following, which are specifically mentioned: The blue jay, English sparrow, king-fisher, coopers, hawk, sharp-shinned hawk, goshawk, duck hawk, pigeon hawk, great horned owl, and the crow. People who want to rob birds' nests for scientific purposes must get a license to do so from the state game commission and put up a bond that they will abide by the provisions of the act. A fine of \$25 is provided for each and every wild pigeon killed during the ten years in which they are not to be killed. The new law provides that in any case where dogs shall be taken into the woods with a hunting party, and it shall be found that they have as much as followed the tracks of a deer for a distance of 100 yards, it shall make the owner or person who took the dog into the woods liable for the fine. This will do with the practice of taking a dog to hunt birds with a door-lubbing party. The new law also prohibits the killing of deer with buck-shot, or anything else than a single bullet.

It is unlawful to shoot quail at any time when they are hunched on the ground. Only one wild turkey can be killed in a season. It is unlawful for a person to hunt ducks or other water fowl protected by any craft propelled by any other means than oars, pole, or hand paddles.

The open season for game under the new law is changed. The season for woodcock, pheasant, quail, squirrel, rabbit, and wild turkey closes December 1st instead of December 15th. Woodcock and squirrel come in on October 1st, and quail on November 1st, instead of October 15th.

When ever you feel impending ill, and need a magic life pill, no other one will fill the bill. Like DeWitt's Little Early Risers.

The Famous Little Pills EARLY RISERS cure Constipation, Sick Headache, Biliousness, etc. They never gripe or sicken, but impart early rising energy. Good for children or adults. Sold by Paules & Co.

A Few Facts Concerning the Sig. Sautelle and Welsh Brothers Combined Railroad Shows.

The superb animal displays exhibited by the Sig. Sautelle and Welsh Brothers Combined Railroad Shows this year and who will appear at Danville Tuesday, May 16th, present a most striking contrast to the popular priced tent exhibits of other concerns of the day. Never before have so many new novelties of the highest merit been brought together in one ring; the entire space within the enormous canvas being fairly alive with a mystifying myriad of new displays, novel performances and thrilling exploits of such positive originality and daring as to give this department of their show a new character. Not only in point of size, merit and novelty do the Sig. Sautelle and Welsh Brothers entertainments excel, but the system upon which their shows are conducted is in keeping with the superior character of the features presented. From the time of the arrival of the first advance courier announcing the coming of the show, to the departure of the train after the accomplishment of its exhibit, there is observed a system of rigid regularity, a strict, honest and moral deportment in all things. A big free street parade is one of the scheduled attractive sights to be given at 10 a. m. on the day of the performance.

A Guaranteed Cure For Piles.

Itching, Blind, Bleeding or protruding Piles. Druggists refund money if PAZO OINTMENT fails to cure any case no matter of how long standing, in 6 to 14 days. First application gives ease and relief. 50c. If your druggist hasn't it send 50c in stamps and it will be forwarded post-paid by Paris Medicine Co., St. Louis, Mo.

Brave Fire Fighters.

On Friday afternoon due to a small bonfire burning in the yard at the rear of "The Toggery," Walter Arms' tailor shop, and the electrical supply store of Eddie Gibson, Fourth street, several boxes caught fire and but for the prompt action might have developed into a serious conflagration. Taking in the situation at a glance Arms and Gibson rushed to the scene and without doing the Alfonso-Gaston act extinguished the flames before any serious damage resulted. Both firemen are now very elated and have ordered hero badges.—Sunbury Item.

Strictly Genuine.

Most of the patent medicine testimonials are probably genuine. The following notice recently appeared in the Attention (Kan.) Globe: "Joe Taek, a well known engineer, running on the Missouri Pacific between Wichita and Tulsa, lately appeared in a big one, with a picture, and when he was in this office today, we asked him about it. He says he had terrible pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others, who were also cured." Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles." Sold by Paules & Co.

EXPERT PRESENTS HIS REPORT

Our readers will be glad to learn that the Borough electric light plant, which was passed upon by an expert, is a pronounced success. W. Irwin Cheyne, of Philadelphia, who during a three days' visit to this city recently subjected the plant to a most rigid test has presented his report.

Addressing the members of the Electric Light Committee Mr. Cheyne states that he finds the engine to conform with the specifications in every respect; it has ample horse power to do our work at 65 pounds boiler pressure; the regulation of speed is first class and the engine is doing its work in a very satisfactory manner.

He finds the generator for capacity, heat limits, speed and efficiency to be all within specifications. The switch board, exciter, regulators and connections are all in good shape; the workmanship is good and the whole job is safe and conforms to the specifications.

On inspection the lines were found in good condition and the work is being well done. The arc lamps are steady and free from noise as possible.

Mr. Cheyne made a few recommendations that relate to some details. Summing up he said: "On the whole your engine, generator, switch board, regulators, lamps and lines are in good shape, the work has been well done and will compare very favorably with any similar plant installed either as municipal or private plant."

Tre Tric Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and blood disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at Paules & Co's drug store; price 50c.
