Ninety-nine of every can remember when it was simple indiges-It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indi gestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased. Mr. D. HYDROPHOBIA KILLS A BOY

Suffering untolds agenies, thrown into convulsions at the sight of water and endeavoring to bite everyone coming near him five-year-old Tony Augustino, of Mt. Carmel, died of hy-

drophobia Tuesday night.

Nine weeks ago while the boy was playing on the porch of his home, on South Maple street, Mt. Carmel, a mad | program : dog dashed up and attacked him. The boy was bitten about the face. The wounds healed nicely and the dog having been shot, nothing more was thought of the matter.

On Sunday Tony refused to eat and symptoms of hydrophobia began to be shown. Early Tuesday morning the youth was taken to the office of Dr. Schneder's. There he was offered a glass of water. Immediately the boy was thrown into convulsions.

All the horrible symptoms connected with an attack of rabies then followed. Biting, snapping, barking and growling like a dog Tony went for evervone he saw. Tremors, spasms and convalsions followed one after the other in rapid succession. The scene, was indeed, a most terrible one.
