TWO JUNE WEDDINGS

The month of June as far as local records are concerned has been a record of weddings, which is regarded as a departure from tradition.

The first couple married were Miss Sara Williams, daughter of D. D. Williams, and Mr. George Gedding, of Philadelphia. The ceremony was performed at 10 a. m. in the Mahoning Presbyterian church.

After the ceremony a reception was held at the home of the bride's parents, No. 325 Lower Moberly street. It was a quiet affair, only the immediate relatives being present.

Miss Mabel Miller, daughter of Charles S. Miller and Mr. Ambrose Vought of Lofly, were made man and wife at the home of the bride, No. 110 Railroad street, at high noon.

The following guests were present at the wedding: Rev. and Mrs. N. E. Cleaver, Mr. and Mrs. Charles Brobst, Mr. and Mrs. L. Goldsmith, Mr. and Mrs. Clark Kern, Miss Ross and Anna English, Mrs. Annie Leslie and Mrs. Master Rodney Leslie.

The wheat fields are already becoming quite golden in color and harvest will be here by the fourth of July.

Overgrade Crossing. At a meeting of the viewers of the Millville bridge held on Thursday at the site of the bridge it was decided that the bridge will be built with an overgrade crossing of the tracks of the Pennsylvania Railroad.

TO GUARD THE RAILROAD CROSSINGS

J. E. Turk, Superintendent of this division of the P. & R. Railway, accompanied by J. W. DeMeyer, assistant, came to Danville in his private car Monday in response to a communication from Council, calling the P. & R. Company's attention to the unprotected and unsafe condition of their several railroad crossings in town.

An examination by Chief Burgess Purso, Councilman J. H. Gosser and Secretary of Borough Harry Patton the officials went carefully over the ground Superintendent Turk expressed himself as firmly impressed with the dangerous condition of Center street crossing, which he regards as the worst in Danville.

The officials were very courteous and their attitude toward the matter in hand was such as to indicate that relief will be forthcoming. The officials seem to regard a system of electric bells as more efficacious than a watchman, although it would not prove less expensive.

One of the Railroad company's electricians will next visit Danville to make estimates, etc. Until he has accomplished his task nothing will be definitely done by the Railroad company.

REST MADE EASY. There will be Less Sleeplessness When Danville People Learn This. Can't rest at night with a bad back, a lame, weak or aching one, Dean's Kidney Pills are for you.

They cure every form of kidney ills. From common backache to diabetes, Mr. R. R. DeWitt, of 161 West 34th st., Bloomsburg, says: "I think Dean's Kidney Pills are grand. They stopped my back from aching and removed the lameness from my loins. Before I used them I could not sleep at night but tossed about with a dull aching pain in my back and in my head. My stomach also troubled me and I was in a bad way generally. I saw Dean's Kidney Pills highly recommended and obtained a box. I began using them as directed and in a short time commenced to improve. The backache left me. I had no more headaches, my stomach did not bother me any more and I could go to bed and sleep all night, getting up in the morning refreshed. I made a statement for publication eight years ago about what Dean's Kidney Pills did for me, and I have had no occasion to change my opinion, nor for my old trouble. The cure has been lasting."

Rich Strike at Natalie. The Natalie colliery, an independent concern, which has had a spectacular and somewhat checkered career, owing to the contention of opposing financial interests for its control, has just been proved to be one of the richest collieries in the Shamokin field.

Electrician's Close Call. Borough Electrician James was badly shocked Saturday night and although he had rather a close call.

What is Getting Ripe. The wheat fields are already becoming quite golden in color and harvest will be here by the fourth of July. With very few exceptions, indeed, the wheat fields show up nicely and the crop will be a good one.

Not Secret About It. It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at Pauls & Co.'s drug store.

HELD FOR COURT ON MURDER CHARGE

John Sees of Limestone township, was arraigned before Justice of the Peace Oglesby Monday afternoon charged with the crime of murder. His victim, according to the allegation, was his twelve-day-old infant and the testimony adduced was the ante mortem statement of his young nineteen-year-old wife now on her dying bed.

All the circumstances attending the case are pathetic in the extreme. The defendant is only some twenty-three years of age and present at the hearing was his father as well as the parents of his wife, Mr. and Mrs. Dallas Seehler of Limestone township, at whose home the young wife is now lying.

The information was made before Justice Oglesby by Dallas Seehler. Saturday afternoon Constable W. E. Young accompanied by Chief DeMeyer drove out to Limestone township and made the arrest. Sees was committed to jail pending a hearing, which took place at 3 o'clock yesterday afternoon.

On being arraigned the defendant entered a plea of not guilty. The first witness examined was Dr. O. L. Muffly of Torbetville, who rendered surgical assistance in the family in the autumn of 1903, when the child was born whose death the young husband is held accountable for. It was a male child, healthy and well developed, the physician testified, and was thriving finely until the tenth or eleventh day, when after his visits had practically discontinued he was informed that convulsions had set in. He was positive that there was nothing connected with the birth of the child that could result in its sudden death.

Dr. G. R. Rothrock of Milton, who has been attending the wife in her present illness, was the next witness. He is a well-known physician of twenty years' practice. He has been attending Mrs. Sees and on for several years. The family were poor, he said, but he had given them the same attention that he would have given millionaires. Of the young wife he spoke in terms of highest praise and said that she was as bright and sweet a woman as lives in the township.

On May 26 he was called and found her in an exceedingly bad condition as a result of a criminal operation, which happens to have nothing to do with this case. He did for her what was possible, but the case was beset with unfavorable conditions and she gradually grew worse. Today she is still living, but there are no hopes for her recovery and she is near her end.

Last week he informed her of the gravity of her case. Learning that she had to die she told her physician that there was something that worried her very much; she then proceeded to tell her little baby boy, born in 1903, accusing her husband of causing its death.

The child, she said, was strong and well nourished. On October 31, 1902, when the baby was nine days old, her husband compelled her to take some salt to a neighbor's house, which had been borrowed. When she left the child was well and when she returned it was vomiting long strings of saliva. Her mother was called and they worked with the child two hours, when it seemed to improve.

It is in a kind of bilious mood. You wish an aid to digest food. No other pill is half so good. As DeWitt's Little Early Risers. The Famous Little Pills EARLY RISERS cure Constipation, Sick Headache, Biliousness, etc. They never grip or sicken, but impart early rising energy. Good for children or adults. Sold by Pauls & Co.

BITTEN BY A SAVAGE DOG

Evidently the dogs running at large in Danville are becoming a great nuisance and a source of danger. Last week several cases were reported in which persons were seriously bitten and yesterday George Reifsnnyder, the well-known contractor, became the victim of an unprovoked assault by a big dog, which holds forth in Grove's Court.

It happened about one o'clock. Mr. Reifsnnyder was walking along Church street when the dog came up beside him and seized him in the calf of the leg. The brute hung on, viciously sinking its teeth deep into the flesh and it was with difficulty that he was induced to release his hold. Mr. Reifsnnyder was nearly overcome with pain, which shot upward affecting nearly the whole limb. He made his way to the office of Dr. Curry where the wound was cauterized and treated. The dog was at once ordered to be killed.

Inquiries have been made of the Morning News as to provisions existing in the Borough Ordinance relating to dogs which might afford relief to the public in the premises. The Borough Fathers who formulated our present ordinance evidently believed that "the dog is the friend of man" and they gave him, except under rare conditions, the freedom of the town. The ordinance provides for the taxation of dogs and also that whenever by resolution the Borough Council shall order and require dogs to be properly and securely muzzled it shall not be lawful for the owners to permit such dogs unmuzzled to run at large in, upon the streets or alleys of the town. Five dollars is the penalty. Inasmuch as it requires an effort to recall a time when a resolution was passed requiring the muzzling of dogs, or at least when such a resolution was generally enforced, it will be seen that our Borough Fathers are not hard on the dogs.

Under the circumstances it may not seem strange that dogs good, bad and indifferent have multiplied in the Borough until as has been demonstrated by the occurrences of the last week or so they have become a positive annoyance and a source of danger. It is all right to shoot a dog after he has bitten someone, but it would be better to take time by the forelock and resort to some measure that would prevent people from being bitten.

It Will Surprise You—Try It. IT IS the medicine above all others for catarrh and is worth its weight in gold. Ely's Cream Balm does all that is claimed for it. —B. W. Sprey, Hartford, Conn.

MY SON was afflicted with catarrh. He used Ely's Cream Balm and the disagreeable catarrh all left him. —J. O. Olmstead, Arcola, Ill.

23rd STREET FERRY, NEW YORK

Commencing June 25th the new up town ferry at the foot of West 23rd street, N. Y., will be opened to the public and first class ferry boats will ply regularly between that point and the Jersey City Station.

The New Terminal is a modern structure beautiful as well as utilitarian, with every arrangement possible for the comfort and satisfaction of patrons as well as their quick handling. The ferry house is double decked with two waiting rooms, the one on the main floor being 50x80 feet and on the upper floor 50x60 feet and as the ferry boats are also double deckers, passengers will be landed from both the upper and lower decks.

An electric car service at low rates has been provided and the cars will meet the passengers at the water front instead of on the street. The Metropolitan Street Railway has co-operated by putting in loops for the following lines: 14th street, 23rd street, 28th and 29th Street lines. A handsome glass roofed canopy or marquee, 5 feet wide, extends along the street front of the ferry, and passengers can step directly into the cars without being exposed to inclement weather or running the gauntlet of the street traffic.

Twenty-third Street has long been noted as a great shopping centre. The Cross-town lines intersect with the various branches of the elevated line, all of which have stations on this street, while the New York Subway presents still another means of transportation up or down the Island; this is further, more the heart of the hotel and theatre section.

A Guaranteed Cure For Piles. Itching, Blind, Bleeding or protruding Piles. Druggists refund money if PAXO OINTMENT fails to cure any case, no matter how long standing, in 6 to 14 days. First application gives ease and rest. 50c. If your druggist does not send 50c in stamps and it will be forwarded post paid by Paris Medicine Co., St. Louis, Mo.

ORDERS FOR TWELFTH REGIMENT

Colonel Clement has issued an order governing the movement of the camping party which will go in advance of the Twelfth Regiment to prepare the camp. It also makes new non-commissioned staff appointments and announces a new assignment to battalions.

The order is as follows: "1. Pursuant to orders from Headquarters National Guard of Pennsylvania and Headquarters Third Brigade, this regiment will be camped at Mt. Gretna, Pa., July 8th to 15th, 1905, inclusive.

"2. Camping party will proceed to Mt. Gretna on train No. 6, leaving Williamsport at 6:50 a. m., July 6, 1905. Detail from Company H will accompany detail from Williamsport. Detail from Company F will either come to Sunbury the night before and go with the party or follow regular train leaving South Danville at 9 a. m., July 6, 1905. One coach to be attached to train at Williamsport for the accommodation of the party to Sunbury, one combination car placed at Sunbury and picked up by train No. 64. Detail will confine themselves to cars assigned to them.

"3. Commanding officers of each company and band will detail six men and a non-commissioned officer to comprise the party. A roster of each detail will be furnished the commander of the party.

"4. The commander of the party will detail five men to report to the Brigade Quartermaster and fifteen men to report to the Regimental Quartermaster for duty at Regimental Headquarters, arranging so that two men shall be taken from each company detail.

"5. Headquarters mess tent will be used for feeding the men of the detail and the members of detail will carry with them their mess outfits which will be used at all meals and will further provide themselves with such rations as will be needed on the train.

"6. Each company detail will provide itself with a good tape line, all other supplies necessary will be furnished by the Regimental Quartermaster.

"7. The strictest discipline will be maintained in the party and any violation of good order or failure to perform work will cause the loss of all liberty and privileges during the encampment.

The following officers are detailed for duty with the camping party: Capt. W. C. Greitzinger, Quartermaster; Lieut. S. E. Elliot, asst. Quartermaster; Lieut. P. Hopkins, commander of the party; Lieut. F. E. Shell, asst. commander; Lieut. Geo. E. Deppen, commissary; Maj. F. E. Drumblair, surgeon; Quartermaster Sergeant E. E. Jacoby.

PAVEMENT AND STAIRS CONCRETE

The County Commissioners held a meeting Saturday with the full Board of Cook, Lehigh and Cooper present. The new pavement at the Court House came up for consideration. It was decided to construct a concrete pavement and also concrete steps in front of the building. The whole will be a very neat and substantial affair, the steps, especially, will be very wide and massive extending out in front of the building much further than the present narrow stone steps. The building altogether will be very much improved by the fine modern pavement and steps.

The ground excavated for the concrete pavement will be hauled to the river and used to fill up the low spot west of the bridge approach belonging to the county. The best of the stone removed will be employed in relaying the long stretch of pavement on the north side of the Court House ground on West Market street. It was decided to begin work on the new pavement until after July 4th so as to avoid the possibility of having the street torn up during the demonstration.

The Commissioners decided to decorate the county property on the Fourth of July. A contract was awarded to John H. Bangert for decorating the front of both the Court House and the County Jail.

Our County Commissioners are certainly entitled to credit not only for their enterprise in falling in with improvements generally, but for their public spirit and patriotism in decorating on this occasion as well as for the studious manner in which they have all along endeavored to respond to prevailing sentiment and to please the people.

Huge Task. It was a huge task, to undertake the care of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion, and suffered from dreadful backache, headache, and depression. I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by Pauls & Co., druggists. price 50c.

Decision in Famous Case. The Supreme Court at Philadelphia last week handed down a decision reversing Northumberland county court of Common Pleas in the case of Phillip Goodwill and William A. Goodwill, executors of estate of Robert Goodwill, deceased, vs. Andrew A. Heim, who passed away since the case is being appealed to the higher tribunal.

The action is the most famous in the Courts of Northumberland county. The period of litigation covers a quarter of a century, and thousands of dollars have been spent by both sides in the fighting of their case.

The opinion of the Court in full has not yet reached this local attorney and great interest has been aroused for whether the judgment has been totally reversed or modified is not yet known.

The history of the case is an interesting one. In 1862 the plaintiff and defendant, with others, commenced the Bear Valley Colliery and continued mining coal there at Fabli's colliery, as partners under different names and in different proportions until a sale to the P. & R. C. & L. Co., in 1877. The partnership began in final form in 1868. In 1869 the defendant used the partnership funds for the purchase of a half interest in the Monitor colliery which was operated until 1870 when it was sold at a profit.

WILL BUILD STATE HIGHWAY

The contract for constructing the re-embankment of the State Highway from Danville to Maudslow, about two-thirds of a mile, has been awarded to Hartman & Fess of Shamokin for \$2001.52.

The proposals invited were for the construction of 9881 feet of road extending from the line dividing Mahoning and Valley townships to Maudslow. The specifications in the main called for a road like the highway just completed, the one point forming an exception being the piece of road between the forks at the Jerseytown road and the bridge over Mahoning Creek, where a course of lime stone was applied a couple of years ago and which is now a very fine piece of macadam. Over this section the specifications call for only a top course of crushed stone to be applied to the road bed now standing.

There were three bids in all, which according to instructions were sent in to the State Highway Department at Harrisburg. Joint agreement has been signed by the County Commissioners, the State Highway Commissioner and the Supervisors of Valley township getting the contract to Hartman & Fess as the lowest bidder. Work on the extension will be begun at a very early day, so that the road may be completed before winter.

The portion of the State Highway finished by the Maryland Construction Company has not as yet been inspected by the State Highway Commissioner.

The Salve That Penetrates. DeWitt's Witch Hazel Salve penetrates the pores of the skin, and by its antiseptic, rubefacient and healing influence it subdues inflammation and cures Boils, Burns, Cuts, Eczema, Tetter, Ring Worm and all skin diseases. A specific for blind, bleeding, itching and protruding Piles. The original and genuine Witch Hazel Salve is made by E. C. DeWitt & Co. and sold by Pauls & Co.

A Popular Feature. A very interesting and popular feature of the National Guard Encampment is the work conducted by the State Young Men's Christian Association at the annual encampments of our State Guard. The work was begun in 1894 and has been successfully prosecuted ever since. The State Association erects a large tent with each of the three brigades equipping the same with tables and writing material, organ and song books, paper rack with a splendid assortment of the best magazines and weeklies of the country, as well as the daily papers from the home towns of the guardsmen, the great daily dailies, and checkers, chess, croquet, cards, quills and base ball.

Each tent is a well-equipped assembly room free to all guardsmen. Gospel meetings are held at the tents during the encampment, and every thing possible is done for the highest good and comfort of the men. The Associations throughout the State co-operate with the State Association in the work, many of the workers being societies or members of Workers' Associations.

These tents are becoming a recognized feature of the encampment, and are among the most popular places in the camp. Both officers and privates unite in most hearty commendation of the work. The work is supported by voluntary contributions, and any wishing to help maintain this work can send their gift to Mr. James B. Bailey, Treasurer, State Y. M. C. A., Harrisburg, Pa.

Ten Times Easier. It is ten times easier to cure croup, whooping-cough and all lung and bronchial affections when the bowels are open. Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. Gently moves the bowels, and expels all cold from the system, cuts the phlegm, cures all coughs and strengthens weak lungs. Kennedy's Laxative Honey and Tar contains no opiates, is pleasant to the taste and is the best and safest for child or adult. Sold by Pauls & Co.

ANNUAL SHOOT AT MT. GREYNA

The annual rifle, revolver and carbine competitions of the National Guard for 1905 will be held upon the State rifle range at Mt. Gretna, beginning August 7, and will be under the direction of the General Inspector of Rifle Practice.

Each regiment of infantry, the battalion of State Naval militia and each troop of cavalry shall be entitled to one team of four men and one reserve, teams to be selected and detailed by the commanding officer of the respective organizations. One commissioned officer will be allowed to shoot on each team.

United States circular bull's eye targets will be used in all matches, except the skirish match, for which target "G" will be used, and rapid fire match, for which target "F" will be used.

The following schedule will be followed: August 7-8 a. m., practice 2 0, 500 and 600 yards; 2 p. m., practice 200 and 300 yards rapid fire; August 8, 8 a. m., infantry and cavalry matches; 2 p. m., infantry and cavalry and skirish practice; 2 p. m., infantry and cavalry match; August 10, 8 a. m., practice 500 and 1,000 yards; 2 p. m., 500 and 1,000 yard practice; 5:30 p. m., distribution of prizes.

Revolver range open for practice August 8. This range will be reserved for those entering the revolver matches on Thursday and Friday afternoon and will close at 5 o'clock, August 11. The usual matches will be shot, the prizes ranging from silver cups to bronze medals.

In compliance with General Orders No. 7, the Division National Guard of Pennsylvania will be inspected at the encampments of the several brigades.

Quality vs. Quantity. Hard muscles and strong body do not depend on the quantity of food you eat, but on its perfect digestion and proper assimilation. When you take Kodol Dyspepsia Cure your system gets all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient portions to the blood and tissues. This builds up and strengthens the entire system. Kodol cures Indigestion, Dyspepsia, Relching, Sour Stomach, Weak Heart, etc. Sold by Pauls & Co.

Peach Crop No Failure. With the recurrence of the peach season 'tits utter failure is yearly prophesied. This prophecy is made as regularly as the advent of the season. Indeed it has come to be recognized as one of the yearly predictions, and the people look for, expect and are prepared for it when the time for it arrives. It has come to be such a fixture that they would be disappointed were it not made. This year, however, the indications are that despite the predictions the peach crop will be unusually heavy, and it is with pleasure and surprise that one reads news like the following: "On the 10,000 little three-year-old trees on Col. W. F. Reynolds' farm near Bellefonte, there are so many peaches that workmen are pruning them off to prevent breaking down the trees; yet there will be 5000 bushels.

To Cure a Gold in One Day. Take LAXATIVE BROMO QUININE Tablets—All druggists refund money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Property Disposed Of. The several properties embraced in the estate of the late Edward Hofer were disposed of at public sale, Saturday, by Mrs. Mary A. Hofer, administratrix. Mrs. Reese acting as auctioneer. Each of the properties was sold on the premises. The purchasers were as follows: No. 1, house and lot, Front and Factory streets, J. H. Gosser, \$600. No. 2, house and lot, Factory street, D. B. Healds, \$675. No. 3, house and lot, Factory street, Sara McCormack, \$850. No. 4, house and lot, Railroad street, John H. Gosser, \$1,000. No. 5, house and lot, Cross street, John and Annie Wilhelm, \$815. No. 6, five lots in Magdalen addition, Bloom road, Dr. P. C. Newbaker, \$815. No. 7, four lots on West Mahoning street, George Reifsnnyder, \$840.

Ayer's Hair Vigor. Do you like your thin, rough, short hair? Of course you don't. Do you like thick, heavy, smooth hair? Of course you do. Then why not be pleased? Ayer's Hair Vigor makes beautiful heads of hair, that's the whole story. Sold for 60 years.

Weak Hair. I have used Ayer's Hair Vigor for a long time. It is indeed a wonderful hair tonic, restoring health to the hair and scalp, and at the same time, protecting a splendid dressing. \$1.00 a bottle. J. C. Ayer & Co., Lowell, Mass.

Dr. A. W. Chase's Kidney-Liver Pills. The world's greatest kidney and liver regulator, and the only medicine having a combined action on kidneys and liver. One pill a dose; 25 cents a box. Write for free sample to The A. W. Chase Medicine Co., Buffalo, N. Y.
