

LOCAL TIME TABLES

DANVILLE AND BLOOMSBURG STREET RAILWAY. Grovania for Danville 5.25 a. m. Danville for Grovania 6.40 a. m. Danville for Bloomsburg 6.20 a. m. and every 40 minutes until 9.40 p. m. Danville for Grovania 11 p. m. Grovania for Bloomsburg 5.35 a. m. Bloomsburg for Danville 6.00 a. m. and every 40 minutes until 9 p. m. 1.40 p. m. to Grovania only. 10.20 p. m. to Danville. Saturdays all cars will run through from 7.00 a. m. until 11.00 p. m. 11.40 p. m. to Grovania only from Danville and Bloomsburg. SUNDAYS.—First car will leave Danville for Bloomsburg at 8.20 a. m. and every forty minutes until 9.40 p. m. 11.00 p. m. to Grovania only. First car will leave Bloomsburg for Danville at 8.20 a. m. and every forty minutes until 9.00 p. m. 9.40 to Grovania only. 10.20 p. m. to Danville. Special attention given to chartered car parties. Illuminated cars a specialty. Rates on application. Both Phones. Wm. R. MILLER, Superintendent.

Table with 2 columns: EAST, WEST. Rows for P. N. S. A. R. R., D. L. & W. R. R., and PHILA & READING R. R. with times for various routes.

CHASED BY TWO SAVAGE DOGS

Elna Dietrich, a 14-year-old girl of Milton, who is visiting at the home of Charles Robson, East Mahoning street, was attacked by a couple of savage dogs Tuesday and narrowly escaped being badly bitten. The young lady was attacked in the alley at the rear of Mr. Robson's and was chased for some distance, one of the dogs seizing one of her limbs and biting her below the knee. The girl was terror-stricken as she fled along with the two dogs in close pursuit. Just as one of the dogs seized her limb Frank Merrill and William Huthlihen came to her rescue. They heard her screaming and running to the spot were there just in time to beat off the dogs as they both were about to spring upon her. The dogs were in a savage mood and put up a determined fight. The wound inflicted upon the girl was not a very bad one, but there is no telling to what extent she might have been injured had help not arrived at the opportune moment.

Aside from the bite inflicted the young lady suffered terribly from the effects of fright and shock, so that medical assistance was necessary. The attack was altogether unprovoked and is only another instance which demonstrates the danger that people are exposed to from worthless dogs which are permitted to run at large in town. Considering the large number of persons bitten during a month, or so past the situation is little short of alarming and if there ever was a time when Council seemed called upon to take some action relating to the dogs that would protect the public, then that time would seem to be the present.

Lightning and Trees. This is the season of the year when thunderstorms may be expected, and as it is the period when many people are outdoors picnicking, camping, harvesting, picking berries, and away from their homes or near shelter when storms come up suddenly, the first impulse is to run for a big tree, with the idea that the tree will break the force of the wind or turn the water for a time at least. Notwithstanding that columns have been written, and annually the papers warn people that the most dangerous place a person may go in time of a thunderstorm is a tree, yet folks will run for the tree, just the same. If they are caught in a shower and there is no shelter close at hand, if a lone tree is on a hill or in a field and of any height, a discharge of electricity from a cloud will find the nearest and highest object that is closest to the charged cloud, and there is the danger of wind breaking large branches or overturning a tree and killing or injuring any live object underneath.

Free Rural Delivery. The great and ever increasing popularity of the rural free delivery system is shown very clearly in a statement sent out by Fourth Assistant Postmaster General DeGraw on July 4. He states that during the fiscal year ending June 30, there were 48,972 applications received, asking for the establishment of these routes; that is at the rate of 131 for every day of the year, Sundays included. Of the above number 11,415 have been acted on adversely thus far, and 7,492 favorably. As every application must be carefully investigated, the matter moves along deliberately, but this year's year is large. The number of routes now in operation is 32,968. An order has just been issued by Postmaster General Catesby providing that service on all these rural free delivery routes will be suspended on New Year's Day, Washington's Birthday, Decoration Day, Fourth of July, Labor Day and Thanksgiving Day. Our country friends, therefore, will receive no mail on the days mentioned.

A Fine Photograph. C. D. Robinson, of Pottsgrove was in this city yesterday, calling upon some friends. Mr. Robinson, who is a photographer, took some very interesting pictures in Danville during the Fourth of July, among them being a group of grand chorals in front of the Court House, which shows up with very fine effect. The picture is some ten inches by eight inches and takes in a large portion of the assemblage gathered to hear the chorals.

Death of an Infant. Evelyn Bertha, the six months old daughter of Mr. and Mrs. Whitfield Ford, died at 8:20 o'clock yesterday morning. The funeral will take place at 3 p. m. today from the family residence No. 810 East Market street. Interment in Odd Fellows' cemetery.

NED BUNTLINE AND SETH KINMAN

The "Outing" magazine for June contains an article on "Some Old Scouts and their Deeds" accompanied by splendid portraits of the men. The article was read from Maine to California but nowhere should it have been perused with greater interest than in Danville, where two of the most famous men spent their early lives. Among the excellent portraits are those of Seth Kinman, veteran Old Forman hunter and trapper, and C. J. Judson (Ned Buntline), Sam Houston, Captain Jack Hayes, scout and writer, Kit Carson, Buffalo Bill and others. As the article in "Outing" truthfully observes "the old scouts have followed their last trail; memories of them are fast dying and only where some rare bundle of photographs is dug from some forgotten corner are the weather beaten faces recalled to a new generation and another era."

Of the above plainmen and Indian fighters, two of them as famous as any spent their early life in this immediate vicinity, Seth Kinman, a native of Rash township, Northumberland County, and E. Q. Judson (Ned Buntline) who lived in Danville. Seth Kinman, who is an uncle of Sheriff J. R. Sharpless, of Northumberland County, was about this section until or probably after war times and is still well remembered by our citizens of middle life or older. As he appears in the portrait, armed with his musket, dressed in a trappers garb, knempeit, his face half concealed by shaggy beard, so he is remembered by those who saw him last. From boyhood he had a craving for the woods and the excitement and adventure of a hunter's life. He dressed himself in bear skins, trophies of his own hunting, and slept out of doors in imitation of the hardy frontiersmen. He drifted to California and became famous as a hunter and trapper. Subsequently in life he returned to this section for a visit with relatives. He returned to the West and died there. It may be difficult to determine the exact value of his exploits, but certain it is that he has earned a place for his portrait in a gallery of famous men, who helped to open up the western half of the continent to civilization.

E. Q. Judson (Ned Buntline) was equally as well known in Danville as Seth Kinman. His father, L. C. Judson, was principal of the West Danville Academy in the first half of the last century in the years following 1816. There are still those here who remember "Ned Buntline" in his school days. According to all accounts he kept things moving. The scout and novelist had a fondness for the drama and during his school days organized a theatrical company in Danville, among the members of which are some of those still living.

Danville was too tame for the young Judson and he ran away from home and joined the navy. He soon proved his mettle and commanded respect among the seamen by fighting a couple of duels. Years afterward he revisited Danville, making an anti-slavery address at the weight scales. Judson was already famous as a scout. Not knowing how his address would be received or what he would encounter on the occasion it is recalled that before beginning to speak he took out his trusty pistol and laid it on the scales before him. He was not disturbed. "Ned Buntline" was Judson's nom de plume. His novels, which were mostly located on the plains and related to Indian warfare, were among the best of the kind ever written and thirty years ago were very popular.

Don Carlos Barrett, author, teacher in the West Danville School, about the time that Judson's father held charge, is indirectly connected with the subject in hand. His name is not included in the list of scouts, but leaving Danville he went to Texas where he became an eminent lawyer and was associated with General Sam Houston. Summing up the "Outing's" article states: "Of such stuff were made such men as Seth Kinman and Jack Hayes, whose photographs tell better than any eulogy could do in what heroic mould they were cast."

The Vigorous Man Is a Leader of Men. The Mental, Moral or Physical Wreck Has No Place in the Business World.

DR. A. W. CHASE'S NERVE PILLS. The man who hesitates, whose eye is dull, whose tongue is stiff and nerves mind is sluggish, whose hands tremble, is not the man whom an employer needs. It is the bright man, the man with the clear eye and brain, the active man, full of energy, life and vigor, whose every manner and presence breeds success that is sought for and snapped up as soon as seen, and it seems almost painful that the first class, victims of excess of some sort, should exist, when it needs but a thorough course of Dr. A. W. Chase's Nerve Pills to round them into the old-time feeling of physical, intellectual and moral vigor again.

Mr. Fred Hoyt of No. 724 6th Ave., New Brighton, Pa., says: "I used to have a hard, steady I could write the Lord's prayer on a twenty-five cent piece—then as a result of overwork and overstrain my eyes gave out and my hands and nerves generally became trembly. I was restless and could not sleep. I certainly was in bad shape and lost my ability to write until just now. I heard of Dr. A. W. Chase's Nerve Pills and got some and they took hold immediately. I began to sleep, gain strength, my nerves grew steady and my eyesight improved greatly. Today I feel finely and can again write as well as ever, and that means a very steady pen." 50c a box of leaders or Dr. A. W. Chase Medicine Company, Buffalo, N. Y. Portrait and signature of Dr. A. W. Chase, M. D., on every package.

Naming the first brigade camp after Robert E. Pattison was a deserved tribute to a distinguished State official.

DANVILLE LOST TWO GAMES

On Friday and Saturday the Danville A. A. played at Burnham, and lost both games to the fast semi-professional club of that place. The Burnham team is considered one of the fastest minor teams in Penn-sylvania and to be defeated by them reflects no discredit whatever on the home team.

The friends of the local team were somewhat surprised, however, to find that in the first game Burnham had applied the whitewash brush to our boys in a very artistic manner and over the afternoon's struggle which resulted so disastrously, and to get themselves together, it possible for Saturday's battle. McCleod started in to pitch for Danville and must have handed them up to Burnham just to their liking, as about the fifth inning our hero of many victories was compelled to retire in favor of Don who finished the game in fine form. The final score was 19 to 9 in favor of Burnham.

In the second game Danville came on the field with a determination to recover, if possible, the lost laurels of the day previous and with Counts on the slab the boys made a desperate and grand fight, but it seemed that fate was against them. The Danville boys outbatted and outfielded Burnham, but seemed unable to drive the necessary runs across the plate to secure a victory, and after one of the hardest fought games of the season were again compelled to succumb to the superiority of their worthy opponents by the close score of 4 to 3. Harry Lawrence made his first appearance with Danville and although young and comparatively inexperienced made a good showing. Following are the full scores.

Table with 2 columns: BURNHAM, DANVILLE. Rows for Web, Snook, Clemmens, Kennedy, Griffith, Simpson, Woome, Hoffman, and Totals.

Table with 2 columns: DANVILLE, BURNHAM. Rows for Clayberger, Yerrick, Res, Counts, Den, Hamner, Logan, Edgar, McCleod, Lawrence, and Totals.

Table with 2 columns: DANVILLE, BURNHAM. Rows for Web, Snook, Clemmens, Kennedy, Griffith, Shat'h, Kossach, Simpson, Woort, H, and Totals.

Table with 2 columns: DANVILLE, BURNHAM. Rows for Clayberger, Yerrick, Res, Den, Hamner, Logan, Lawrence, Counts, and Totals.

Earned runs, Burnham 2, Stolen base, Counts. Struck out, by Shuttlesworth 6, by Counts 6. Wild pitch, Counts. Left on bases, Burnham 3, Danville 5. Umpire, Lyons. Two base hits, Griffith 2, Snook, Clayberger 2. Sacrifice hit, Snook. Double play, Kennedy, Clemmens and Kossach. Time, 1:35.

WORKING FORCE CUT DOWN

As anticipated owing to the death of John R. Bennett some changes have been inaugurated about Castle Grove which at present, however, seems to have gone no farther than cutting down the number of employes.

Fifteen men employed on the golf links have been laid off. The future of the links, which are the finest in the country, is very uncertain. The magnificent tract covering thirty-seven acres lies in full view from the Bloom road where during the summer it has been much admired by the large number of people passing backward and forward on the trolley. For some years past the fifteen men employed have been kept busy on the links eight months of the year. While some are mowing the grass others may be pulling weeds, sprinkling or repairing spots washed by the rain. As a result of the incessant care the large tract with rustic bridges and other unique features could not fail to arrest and enchain the eye.

Notwithstanding their beauty and well kept condition the busy owner of Castle Grove found few opportunities to enjoy his golf links. That he took great pride in them, however, is manifest. From now on the grounds will receive no special care. Already they are taking on a peculiar greyish appearance due to a growth of white clover, which is springing up. The green house force has also been cut down from some fifteen men to four men and two boys. The painters have also been laid off.

The dairy will be continued for the present. This is one of the finest in the state and the milk and cream is very much in demand in Danville.

Do Not Endanger Life When a Danville Citizen Shows You the Cure. Why will people continue to suffer the agonies of kidney complaint, headache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids. Read this Danville testimony: "Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work."

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in and death results. Read this Danville testimony: "D. F. Dieffenbacher, owner of Hotel St. Charles, Williamsport, Pa., who lives at 316 East Market St., Danville, Pa., says: "During the year 1901, while living in Niagara Falls, N. Y., I caught a heavy cold which settled in my kidneys and back. I suffered from excruciating pains across my loins and around my whole back, unable to get any relief, although I used several remedies. A friend of mine who has used Doan's Kidney Pills recommended them to me and I obtained a box and used them. From that time to this I have had no return of the backache. I can recommend Doan's Kidney Pills very highly."

State Game Preserves. The Board of Game Commissioners met at Harrisburg on Friday and decided to expedite the creation of State game preserves with the \$6,000 which was appropriated for game propagation by the last Legislature.

The matter of securing wild turkey eggs from other States, hatching them in incubators and turning them loose when sufficiently old to care for themselves, was also discussed, but no definite decision was reached. It will not be long, however, before work along this line will be started.

Ex-State Treasurer Frank G. Harris, of Clearfield; W. Heyward Myers, of Williamsport, and Secretary Joseph Kalbfus, of Harrisburg, were appointed a committee to select sites for the game preserves. They will be established upon State land already controlled by the Forestry Commission, after consultation with that commission. The idea of the preserves is to provide a haven of refuge for game, upon which hunting will be allowed at no time. The preserves will be enclosed with a fence of single wire, about three feet from the ground—high enough to be jumped by larger animals and low enough for small animals to run under it.

The game men already have their eye upon a couple of desirable spots, one of which is a place in Clinton county which is a natural refuge for deer and other large game.

Salty Sentences. Salty sentences were imposed by Judge Savidge at Sunbury during the usual Monday morning session of criminal court, in several cases where pleas of guilty were entered by defendants. Mike Petrish, of Shamokin, several weeks ago, while strolling a ride on a Reading freight train, between Sunbury and Shamokin, broke into a box car and threw several sewing machines out. He pleaded guilty, and, after a severe reprimand, his Honor sent him back to jail to do hard labor for two years. While on the return trip to the prison in charge of the sheriff, he became ugly and began to fight with another prisoner, striking him several vicious blows. Petrish was hustled back to the court house, and Judge Savidge tacked another year to his sentence for his smartness.

One year at hard labor was the dose given Isaac Petrey of Shamokin. He pleaded guilty to having broken into and robbed the Reading depot at Trevorton several weeks ago.

Harry Barnes of Shamokin, although only nineteen years of age, is an old offender. He has already been in the Glenn Mills Reformatory, and has served time in the Sunbury jail. This time he was up for breaking into and robbing the saloon of Nicholas Schmidt at Shamokin. He was given a lecture and three years at hard labor in the Sunbury jail.

FOUR NEW STEEL BRIDGES

Four steel bridges are being erected in the county this season, to take the place of wooden ones, which have done service for years past.

It is noticeable that wherever new bridges are built in every instance iron or steel is selected as material by the Commissioners. This is because of the growing scarcity and high price of suitable timber. Not only is steel selected for the branches of the Chillisquaque and Mahoning Creeks, but also for the small runs, that make only a culvert necessary. Derry township has led off by selecting steel for such a culvert.

Among this year's installment of steel bridges are the following: One over the headwaters of the Chillisquaque in Derry township at John Blee's farm. One in Anthony township over a tributary of the Chillisquaque at Hagerman's farm. Two in Liberty township—one at Henry Vincent's and the other at W. E. Boyer's, the former over a branch of Mahoning creek and the latter over a branch of the Chillisquaque.

Steel bridges of the above sort can be built for \$10 to \$15, which is considerably below what wooden structures would cost, while the former have the advantage of being more durable and better able to resist flood.

There are still a good many wooden bridges in Montour County. Some of the covered bridges, notably those at Washingtonville, leading to Danville and Milton are very old and are still in an excellent state of preservation. The bridge on the Milton road, especially, is said to be eighty years old and unless it meets with some accident will stand twenty years longer. It will be some years probably before the picturesque wooden bridges will all be a thing of the past, but the day is coming when the site of every one of them will be occupied by an iron bridge.

ELLY'S LIQUID CREAM BALM is an old friend in a new form. It is prepared for the particular benefit of sufferers from nasal catarrh who are afflicted with an annoying spraying of the diseased membranes. All the healing and soothing properties of Cream Balm are retained in the new preparation. It does not dry up the secretions. Price, including spraying tube, 75 cents. At your druggist's or Ely Brothers, 56 Warren Street, New York, will mail it.

National Guard Encampment. Our soldier boys are encamped at Mt. Gretna this week and we trust that the weather will be propitious, and that no accident or illness will mar the occasion. The Twelfth regiment has always borne itself creditably in every particular at the National Guard encampment, and been an credit to this section from which the regiment is recruited. To be a member of the Guard requires a great deal of self-sacrifice, and many unpleasant features, and when it is considered that the Guard is the nucleus of the national army, and defense in case of war with a foreign nation or rebellion there is cause for gratitude on the part of the general public for the soldier of the state. Pennsylvania has several hundred thousand men, who have been drilled in the National Guard, and who in case of an emergency would be available, and an army of defense assembled in a few days.

Hot Weather Rules. That suffering among animals may be allayed during the summer, a number of "don'ts" have been sent to horse owners throughout the city and state by the Pennsylvania Society for the Prevention of Cruelty to Animals. Agents have frequently observed that a large number of deaths have been caused by negligence and indifference of drivers.

Don't forget that your horse will repay you for his cost if you treat him right. Don't stand him in the sun, when by moving him across the street or around the corner you can find shade. Don't put the same load on him when the thermometer is at 90 that you do when it is just above the freezing point. Don't fail to give him water at short intervals. Don't fail to bathe his head with cold water. Don't give the horse whisky unless advised by a veterinary surgeon, and don't take any yourself. Nine-tenths of the abuse of animals are traceable to its use.

Don't fail, if it shows signs of exhaustion, to give the animal a half hour's rest. Don't fail, in extreme cases, to apply to the head and in water to the body, so as to reduce the temperature. Don't swear at him. He can feel either the lash, whip or your tongue. Forced to Starve. B. F. Leek, of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. I eventually trying every thing else, I cured it, with Backen's Arnica Salve." It's great for burns, cuts and wounds. At Paules & Co's. Drug Store; only 25c.

Shot a Bald Eagle. R. A. Welliver, of Liberty township, shot a bald eagle on last Monday, which measured five feet, six inches from tip to tip. Mr. Welliver saw the big bird sailing majestically through the air when he quickly got his gun and demonstrated his excellent marksmanship by bringing down the eagle. Added to Royal Family. LONDON, July 12.—The Princess of Wales gave birth to a son at 5 o'clock this morning at Sandringham palace. Some disappointment is felt that the new arrival is a boy instead of a girl as four of the former children of the Prince of Wales are boys and the prince was hoping for the birth of a daughter.

LESS REPAIRS THAN USUAL

The Building and Repair Committee of the School Board consisting of Robert Adams, Jacob Fischer, Newton Pursel and Jacob Von Holm and accompanied by Borough Superintendent Gordy made a tour of the school buildings yesterday afternoon for the purpose of determining the amount of repairs that will be needed before the buildings and grounds can be put in good shape for the coming school term.

It was found that with the exception of the Third ward the repairs needed this year are less extensive than for some years previous and will require comparatively a small expenditure of money. In the Third ward much more will be required than usual. Not a few of the rooms will need calculating, but the greatest problem is confronted in the cellar where water has made its appearance oozing up from the ground which is of a very springy nature. The water has always been a source of annoyance at that building in the spring of the year, but the present season due to some unaccountable cause it has made its appearance in increased quantities even at the present time lying in the ash pit at the furnace to the depth of nearly two feet.

The school board will sink a drain and endeavor to establish connection with an old well near the spot out of use at present and covered up.

A Guaranteed Cure For Piles. Heching, Blind, Bleeding or protruding Piles. Druggists refund money if PAZO OINTMENT fails to cure any case no matter how long standing, in 6 to 14 days. First application gives ease and rest. 50c. If your druggist hasn't it send 50c in stamps and it will be forwarded post-paid by Paris Medicine Co., St. Louis, Mo.

Boy Sustains Broken Arm. Clarence Ferguson, the nine-year-old son of Mrs. George Ferguson, East Market street, sustained a bad fracture of his left arm in a very singular manner on Saturday. In company with other boys he was fishing along the river above town. Clarence walked out on a log, which lay in the river. The bark had disappeared and it was difficult to walk upon the log without slipping. All went well, however, until Clarence got a bite. In the excitement which followed the boy slipped. In an effort to save himself he threw out his left hand, which as he went over became fast in a hole in the log, while the weight of his body which hung upon it gave it a bad wrench and broke both bones of the forearm just above the wrist.

Assistance was soon at hand and the boy was taken to his home where surgical aid was rendered.

The Diamond Cure. The latest news from Paris, is, that he has discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vander, Tenn. "I had a cough, for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequaled quick cure, for throat and Lung Troubles. At Paules & Co's. Drug Store; price 50c and \$1.00, guaranteed. Trial bottle free.

Wheat in Shocks. The wheat is now nearly all out. It is not yet harvested into the barns and the fields nearly shocked present a very pretty appearance. County Commissioner Henry Cooper, speaking for his locality along the Chillisquaque says the wheat although somewhat short in straw will be an average crop.

Last year's wheat commands one dollar per bushel. Nothing like will figure, however, will be paid for new wheat. Bent Her Double. "I knew no one, for four weeks, when I was sick with typhoid fever and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at Paules & Co's. Drug Store; price 50c.

Assessment Not Changed. Judge Auten on Friday handed down a decision in the appeal of the tax payers of Coal township, Northumberland county, from the assessments on their property as fixed by the board of revision. The decision allows a reduction of assessment on the property of Edward Dugan, Anthony Donalaski, M. J. Halle and Martin Somersday and leaves the other assessments the same. The first move of the tax payers to have the assessments reduced was made before the county commissioners when they sat as a board of revision. The revision did not satisfy them, and they appealed to the court of common pleas. It is likely that the matter will now be appealed to the Supreme Court.

Another Patent Procured. Attorney C. W. Clement has procured a patent for H. A. Litz of Zorick, Switzerland on a method of making Mosaics. Mr. Litz filed the application for a patent while visiting his brother, Carl Litz, of Danville. A company has been organized in Danville for the purpose of making the Mosaics.—Sunbury Daily.

A Smooth Article. When you find it necessary to use salve use DeWitt's Witch Hazel Salve. It is the purest, and best for Sores, Burns, Boils, Eczema, Blind, Bleeding, Itching or Protruding Piles. Get the genuine DeWitt's Witch Hazel Salve. Sold by Paules & Co.

WILL CELEBRATE ANNIVERSARY

Washington Camp, No. 567, P. O. S. of A., of Riverside, has commenced work on its new hall and expects to have it completed by September 1st.

E. C. Welliver of this city has the contract for laying the brick work which has nearly reached the height of the first story. The carpenter work, which will be done by the day, is under the supervision of Ed Hoover.

The Riverside Camp was instituted on August 29th, 1901, and is therefore less than four years old. D. J. Snyder, former principal of the Riverside schools, is president of the camp and Charles E. Mills, freight agent at the Pennsylvania station, is the secretary. The camp numbers sixty-eight men and that it is progressing no better evidence is needed than the fact that it is already in circumstances to erect a hall. On August 19th, the Riverside camp will celebrate its fourth anniversary with a monster picnic in DeWitt's Park. There will be several addresses on the occasion.

The pills that act as a tonic, and not as a drastic purge, are DeWitt's Little Early Risers. They cure Headache, Constipation, Bilelessness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton hotel clerk at Valley City, N. D., says: "Two bottles of these famous Little Pills cured me of chronic constipation." Good for children or adults. Sold by Paules & Co.

Equipping Cars With Air. Instructions have gone out to equip with Westinghouse air brakes every freight car on the Pennsylvania Railroad system not now so fitted up. About fifteen thousand cars lack air brakes, and to equip them will cost \$50 per car, or \$900,000.

Altogether more than 210,000 freight cars are owned by the Pennsylvania lines. Air brakes will be put on in the various company shops, as in this way the work can be completed quicker than by withdrawing the cars from service to send them to the Westinghouse works.

Shortly after the Harrisburg wreck the Pennsylvania Railroad management determined upon this and other important changes calculated to decrease the chances of accidents. With all its cars equipped with air brakes, the plan of the Pennsylvania Railroad will be to bar foreign cars not so equipped.

Three Good and Just Reasons. There are three good reasons why mothers prefer One Minute Cough Cure: First, it is absolutely harmless. Second, it tastes good—children love it. Third, it cures Coughs, Croup and Whooping Cough when other remedies fail. Sold by Paules & Co.

The Band Festival. The trolley cars on the Danville & Bloomsburg line did a land-office business Saturday night carrying passengers up to the festival given by the Mechanicsville Band at its pavilion, East Danville. A special car was kept for this purpose making quick trips between the regular through cars. Every car that went out seemed crowded. The festival was a success and netted quite a sum.

A Surprise Party. A pleasant surprise party may be given to your stomach and liver, by taking a medicine which will relieve their pain and discomfort, viz: Dr. King's New Life Pills. They are a most wonderful remedy, affording sure relief and cure, for headache, dizziness and constipation. 25c at Paules & Co's Drug Store.

Sheriff's Deeds. On July 22 the law passed by the last legislature relating to sheriff's fees will go into effect, which means that acknowledgement in open court will cease in this county and all other counties in the commonwealth. All acknowledgements will be before the prothonotary and they can be made on any day of the year excepting Sundays and holidays.

Another very important feature of the new law is that of recording such deeds. In the past it has been the practice to mark all deeds after acknowledgement in the office of the prothonotary, but henceforth they will simply be placed in the continuance docket of that office and then regularly filed in a separate book to be kept by the recorder. This will change things generally about the office of the recorder, sheriff and prothonotary.

TO AID OUR INDUSTRY

During a conversation with J. E. Gosier, President of the Board of Trade, yesterday it was learned that in a short time a proposition will be made to the citizens of Danville through the Board of Trade looking to the raising of money to aid in the location of new industries and furnishing present industries with capital on an assured basis.

For instance, he says, the time has now arrived when the knitting mill which are confined to a single line of goods, must branch out and add other lines, probably, ladies, children and common goods. This, of course, would necessitate a considerable outlay of money, as not only would it be necessary to build additions to the plant including a fire house, but also to install new machinery costing in the neighborhood of \$25,000. It will be necessary to float a first mortgage loan of some \$10,000 or \$50,000.

This Mr. Gosier thinks should be readily taken by our own citizens, as it would be a safe investment in well established business yielding profit and would be much to be preferred over the out-of-town investment that commonly appeal to our citizens promising big returns that rarely materialize.

So much for the old established concerns of Danville that need to expand but new industries are in sight that promise well which could be assisted in the same way, the citizens in the transaction not only realizing well of their money but at the same time assisting to build up the town.

Indigestion Cured. There is no case of Indigestion, Dyspepsia or Stomach Trouble that will not yield to the digestive and strengthening influence of Kodol Dyspepsia Cure. This remedy takes the strain on the stomach by digesting what you eat and allowing it to rest until it grows strong again. Kodol Dyspepsia Cure affords quick and permanent relief from indigestion and all stomach troubles, builds up the system and so purifies that disease cannot attack and gain a foothold as when in a weakened condition. Sold by Paules & Co.

Shannon Brothers Here. Jesse Shannon, of Danville, is visiting for a few days at the residence of H. Y. Otto. These who follow have had a good recall the achievements of the famous Shannon Brothers, of Danville who from 1880 to 1885 were the battery of the Danville ball club, that were practically invincible, and established a record for their team that made their prowess known far and near. Jesse Shannon is a highly respected citizen of Danville, and is at present a member of the Danville team, playing a field position. Mr. Shannon's brother is a prominent attorney of Philadelphia.—Williamsport Sun.

The Only Way to Cure. To cure a cold when you have no cough—to cure a cold when you have no cold—to cure yourself when you have both—take Kennedy's Laxative Honey and Tar. Acts on the bowels, etc. Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It contains no opiates and cures by strengthening the lungs, throat and chest, expelling colds from the system by gently moving the bowels, and an ideal remedy for young or old. Once used will be remembered as a sure cure. Sold by Paules & Co.

Wheat in Shocks. The wheat is now nearly all out. It is not yet harvested into the barns and the fields nearly shocked present a very pretty appearance. County Commissioner Henry Cooper, speaking for his locality along the Chillisquaque says the wheat although somewhat short in straw will be an average crop.

Last year's wheat commands one dollar per bushel. Nothing like will figure, however, will be paid for new wheat. Bent Her Double. "I knew no one, for four weeks, when I was sick with typhoid fever and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at Paules & Co's. Drug Store; price 50c.

Assessment Not Changed. Judge Auten on Friday handed down a decision in the appeal of the tax payers of Coal township, Northumberland county, from the assessments on their property as fixed by the board of revision. The decision allows a reduction of assessment on the property of Edward Dugan, Anthony Donalaski, M. J. Halle and Martin Somersday and leaves the other assessments the same. The first move of the tax payers to have the assessments reduced was made before the county commissioners when they sat as a board of revision. The revision did not satisfy them, and they appealed to the court of common pleas. It is likely that the matter will now be appealed to the Supreme Court.

Another Patent Procured. Attorney C. W. Clement has procured a patent for H. A. Litz of Zorick, Switzerland on a method of making Mosaics. Mr. Litz filed the application for a patent while visiting his brother, Carl Litz, of Danville. A company has been organized in Danville for the purpose of making the Mosaics.—Sunbury Daily.
