#### The Knocker.

In the coining of words none is more used or appropriate than the expressive term "knocker" as applied to the person whose pessimism leads him to criticize unreasonably men and things. He exists everywhere and his tongue is a constant menace to the peace of the community. No cause is too sacred to escape his hammer.

Knocking is his trade. He mistakes it for wit and sarcasm. Public improvements in his opinion are designed solely for graft; no one can possitents from any of the three officers. bly favor such movements with disinterested motives. Civic pride is a joke. public spirit another name for selfish-

Thus the knocker reasons, and he acts and talks accordingly. He has no faith in anybody or anything. His views are always distorted and his hand is against all men. His voice is loud and penetrating and because sensible men decline to notice him he agines his arguments are unanswer-

able But it's fortunate that the knocker public nuisance and is avoided of all

men. He knocks in vain.
