CONDENSED NEWS.

Every man owes it to himself and his family to master a trade or profession. Read the display advertisement of the six Morse Schools of Telegraphy, in this issue and learn how easily a young man or lady may learn telegraphy and be assured a position.

The waning days tell of autumn's steady advance.
The racing of automobiles on the city streets ought to be broken up at once.

The kind of an open door that this nation doesn't want is the one that lets yellow fever step in.

Sewer construction should be continued, and whenever a line is opened every property should be compelled to connect.

The yellow fever scourge is giving the south a hard fight, but it is hoped that modern sanitary regulations will win.

The picnic season is now on the home stretch, greatly to the relief of those who cannot keep away.

Ten thousand men resumed work in the Pittsburgh mills last week after the usual July shut down for repairs. Work is hunting the workers in these good old summer days.

Hundreds of men want to be State policemen. City governments that want good men should look them over.

The summer excursion business is now being rushed by the railroads.

By all means the yellow fever should be kept out of the north.

With all the improved machinery and modern appliances in use on the farm, the northwest is ten thousand harvest hands short this season, and good men are offered as much as two dollars and a half a day. The scarcity of farm hands is one of the problems that stabs the American agriculturist in the face.

Danville's curbstone market is now at its best, and is cleaner than usual. The people have little cause for complaint.

Hazleton now has a population of about 20,000, according to the new city directory, issued last week. This is an increase of 6,000 since the last census, which was taken in 1900, when 14,300 people were registered as living within the municipal limits.

The fall horse cleaning epidemic is already casting its shadow before, to be terror of the head of the family.

All contemplated public improvements should be gotten under way and hurried to completion.

That Berwick will build 1,000 more cars for Japan is the report officially circulated from New York.

The yellow plague is a hard one to fight, but it can be conquered.

Japan evidently intends to not only retain Manchuria, but to uphold it as well, the building of a railroad being a part of her development scheme.

The engagement is announced of Miss Dips Pary, daughter of the late Dr. Joseph Pary, of Paranth, S. Wales, to Mr. George Reginald Smith, Clinton, England.

There's a difference between the health resort and the rest resort. Those who seek the former generally indulge in the latter at home.

Paris is getting ready for an exposition in 1909. The gay capital never shirks when it comes to drawing a crowd.

Now that the Japs have undepicted possession of Sakhalin another object lesson has been presented for the consideration of the czar.

You'll have to get up early in the morning if you want to see the eclipse of the sun.

Danville people are so busy these days that they cannot spare the time to contract a case of hay fever.

VOL. 50—NO 32. DANVILLE, PA., THURSDAY AUGUST 10, 1905. ESTABLISHED IN 1855

EDWARD CORMAN RE-ELECTED

Edward Corman was elected to succeed himself as Water Commissioner at a regular meeting of Council Friday.

Mr. Dietrich informed Council that the date had arrived for electing a Water Commissioner to take his seat on September 1st. Mr. Vastine moved that Mr. Corman be re-elected. Mr. Magill seconded the motion. There being no other nominations a vote was taken. Mr. Corman received the unanimous support of Council and he was therefore declared elected to serve for the ensuing three years.

Mr. Boyer reported a nuisance on Church street in the form of cellar drainage and waste water, which is permitted to accumulate in the gutters. On motion the Street Commissioner was instructed to notify property owners to proceed at once to abate the nuisance by connecting their houses with the public sewer recently completed.

Mr. Gooser of the Committee on Ordinance and Police called attention to the petty stealing and daring burglaries which have taken place during the last week or so. He thought that it was high time that something were done to bring the thieves to justice. If our police need assistance it might be advisable to employ a detective or at least to offer a reward.

The latter measure seemed to be the most in favor with Council and on motion of Mr. Gooser it was ordered that a reward of one hundred dollars be offered for evidence that will lead to the arrest and conviction of any burglars operating in the Borough.

On motion of Mr. Reifensnyder it was ordered that the Friendship Hose House be wired on the first story by the Borough.

On motion of Mr. Fenstermacher, the Secretary was instructed to have one hundred posters printed offering reward for the capture of thieves.

A petition was received asking that the sewer on Pine and Walnut streets be extended. It was signed by the following citizens: James Foster, Mrs. C. H. Hauser, Samuel Werkheiser, George S. Tillson, Mrs. Lizzie Miller, A. J. Hiatt, H. G. Salmon and A. S. Rowman.

On motion of Mr. Reifensnyder it was ordered that the matter be referred to the Sewer Committee, they to report at the next meeting.

On motion of Mr. Snyder, seconded by Mr. Fenstermacher, the Secretary was instructed to communicate with Judge Koch regarding inquiries as to the intention of the trolley company in the matter of the signing of the agreement submitted to them by Council, with reference to the changing of grade and protecting of property owners on A street.

The following members were present: Gibson, Dietrich, Jacobs, Gooser, Fenstermacher, Dietz, Boyer, Reifensnyder, Vastine, Sweisfort, Magill and Hughes.

The following bills were approved for payment:

WATER DEPARTMENT

E. W. Peters	\$ 30.00
Postage and Box Rent	8.00
United Tele. & Tel. Co.	6.50

Horse Falls on Pavement.

A horse attached to a buggy and driven by William McCloughan, of near Rushdown, slipped on the pavement opposite Hunt's drug store, Mill street, Saturday afternoon and fell violently on the bricks, breaking the shafts. It was necessary to unhitch the animal and run the buggy aside.

DANVILLE WINS FROM BERWICK

For the first time this season the Danville A. C. met the strong A. C. & F. team, at Berwick, and scored a victory. Danville got right down to business in the start and scored three runs in the first inning on a base on balls, an error by Seal, and hits by Ross, Price and Logan. Danville added two more runs in the third on hits by Clayberger, Ross and Price and an error by Buck. In the seventh another trio crossed the plate and this ended the run getting on the part of Danville.

Berwick did not score until the third inning when they tallied once on an error by Rhodomoyer, followed by singles by Buck and Smith. Two runs were made in the fourth on an error by Hummer, a sacrifice by Gilbert, a two-base hit by Carey, who stole third and a sacrifice by Buck. A hit by Gilbert, who stole second, and a hit by Carey, netted a run in the sixth. Two bases on balls and a hit, secured another in the eighth, and the last run was scored in the ninth on two hits, a base on balls, a stolen base and a long fly to center field. The game was long drawn out, and void of interest to the home rooters, as the Danville boys were evidently winners from the start.

Berwick played listless ball throughout, allowing no less than two stolen bases while Gilbert held the ball, much to the chagrin of the large audience present. Danville had a great many enthusiastic friends in the crowd, who encouraged our players. The management of the local team endeavored to park Berwick for a game at DeWitt's Park but was informed that Berwick plays at Berwick only.

Following is the score:

DANVILLE A.	R.	H.	O.	A.	E.
Gosh	10	2	1	0	
Clayberger	2	2	1	1	
Ross	0	3	3	2	
Hummer	2	0	7	1	
Price	1	2	3	2	
Logan	1	3	1	0	
Rhodomoyer	1	0	6	2	
Ammerman	0	1	0	0	
Counts	0	2	1	0	
Totals	8	11	27	10	4

BERWICK A. C. & F.

R.	H.	O.	A.	E.	
Carey	2	2	1	0	
Landis	1	0	3	1	
Buck	0	2	3	1	
Smith	0	2	1	0	
Clark	2	0	4	0	
Seal	1	0	8	1	
Lawrence	0	0	0	0	
Chamberlin	1	1	6	0	
Gilbert	1	1	1	3	
Totals	6	9	27	10	6

Earned runs—Danville, 8; Berwick, 1. Double plays—Danville 1; Berwick 1. Struck out—By Counts 7; by Gilbert 4. First base on called balls—By Counts 6; by Gilbert 5. Wild pitches—Gilbert. Passed balls—Hammer 1; Chamberlin 1. Time—Two hours and ten minutes. Umpire Splain.

Laid to Rest.

The late John J. O'Connor was consigned to the grave in St. Joseph's cemetery Saturday morning. The services, which took place at St. Joseph's Catholic church at 9 o'clock were largely attended. High respect was offered, after which Rev. M. J. O'Reilly spoke of the deceased in terms of highest praise and affection. In his relations with the church, with his family and with society, Father O'Reilly said, he was a model. What was other people's business had no charm nor interest for him. He was devoted to his own business; he gave that every thought and he knew it well. He made himself of value to his employer and was such a man who will be greatly missed in the different spheres of life.

The pall bearers were: James Dalton, James F. Dougherty, John Murphy, Fred Mayan, A. L. Brandt and Peter Dietrich.

The following persons from out of town attended the funeral: Mr. and Mrs. R. P. Conoly, of Martin's Ferry, Ohio; Mrs. Dennis McCarty, of Lofey; Mrs. Mary Doyle, of Delano; H. J. Boyle, of Coleraine; Mrs. James Lennon, of Bloomsburg; William Oliver and Thomas Jacobs, of Hazleton and Mr. Snyder of Mt. Carmel.

Victim of Apoplexy.

Patrick Herd, of Baltimore, whose serious illness was noted in these columns last week, passed away at the home of his son-in-law, Charles P. Murray, Center street, at 9 o'clock yesterday morning.

Accompanied by his wife the deceased came to Danville about six weeks ago to visit at the home of his daughter. Two weeks ago last Sunday he was stricken with paralysis and from that time until his death he lay in a helpless condition.

The deceased was seventy-four years of age and is survived by his wife, six sons and one daughter: Matthew and John of Baltimore; George, Thomas and William, of Washington, D. C.; Frank, of Upper Marlborough, Md.; and Mrs. C. P. Murray, of Danville.

The deceased formerly resided in this county but upwards of twenty-five years ago with his family he removed to Maryland. He was a most highly esteemed man and the sad termination of the visit to his old home is much deplored by our townpeople.

THE INJUNCTION IS DISSOLVED

Judge Savidge Monday handed down an opinion in the injunction case of M. F. Gulick, South Danville, against the Danville & Sunbury Electric Railway Company, deciding that the defendants have the right of way and placing the costs on the plaintiff.

The opinion dissolving the injunction was handed down at 1:45 o'clock yesterday afternoon. By half past 2 the Danville and Sunbury Electric Railway Company had a force of some twenty men at the spot, who immediately began the work of constructing the track in front of the Gulick property, Hazleton avenue, where the trolley people were held up by the injunction and were obliged to leave the track unfinished. After half an hour some twenty men additional arrived at the spot and leaping into the trench began to ply their picks and shovels in a way that showed they had important work on hand. There were now some forty men at work on the track while lined up along the sidewalk was a number of citizens quite as large who were feverish with excitement carefully noting the progress made and wondering whether the work would proceed to completion before another holiday might occur. Ties, rails, spikes and fish plate were all on the spot. The work proceeded rapidly and before dark the link of track was completed.

Judge Savidge in his opinion states that the trolley company has the right of way not only under the new charter but also under the old one of 1872, which it purchased and which gives it the right of eminent domain. All the costs are put on the plaintiff.

C. C. Yetter, Esq., Monday stated that all the details connected with the underground crossing at the Pennsylvania Railroad are agreed upon. As soon as the papers are signed—which will be in a day or so—some four hundred men will be put to work at the crossing and at other points on the line. The line will be pushed immediately to DeWitt's Park, and thence on to Sunbury in double quick time.

Mr. Yetter stated that in spite of all delays experienced he feels confident that trolley cars will be running to Sunbury by October 1st.

Judge Koch on A Street.

Pursuant to action of Council at its last meeting Secretary Patton wrote to Judge Koch of Pottsville making inquiries as to the attitude of the Danville & Bloomsburg Electric Railway Company toward certain repairs on A street required in order to protect properties abutting. Yesterday a reply was received from Judge Koch, which leaves no doubt as to the trolley company's good intentions and that everything in a short time will be fixed up to the satisfaction of all.

Judge Koch labored under a misapprehension as to the regular meeting of Council and had made arrangements to come to Danville next Friday afternoon by Mr. Patton's letter that Council met on last Friday night but of course saw that the trip would be useless. He therefore wrote for information as to the next regular night of meeting. In his letter Judge Koch takes occasion to say:

"So far as A street is concerned we desire to do everything that we have agreed to do, if anything remains undone by us, under the agreement. When I get to Danville again I shall give this matter special attention as we are very anxious to finish all incomplete work. Of course we do not volunteer to do anything which the law imposes on anyone else to do. We intend to carry out all reasonable undertakings in good faith as well with private individuals as with the municipalities in which the road lies. There is no disposition on our part to quibble or escape from performance of any duty."

Yesterday Secretary Patton wrote to Judge Koch apprising him of the date when Council meets again and asking that he be present on the occasion.

Home From California.

Jacob Doster has returned home from his third trip to the Pacific Coast. Mr. Doster is in love with California and he yesterday stated that his next or fourth visit to the Pacific Coast will in all probability be his last one, for when he finds himself ready to make the next trip he will be inclined to make arrangements for locating on the other side of the continent.

Mr. Doster is not only attracted by the salubrious climate with its absence of winter as we experience it, but also with the business opportunities that exist and the progressiveness and enterprise of the inhabitants.

Mr. Doster was absent for over a month. During his visit he took in the Portland Exposition, which, he says contains many fine attractions, although the fair is on a less extensive scale than the several great expositions preceding it during the decade or so past. The exposition can be very easily taken in during a period of four days.

While in California Mr. Doster looked up a number of Montour county people, especially Ed. Y. Seidel and family, who reside in Los Angeles. Both Mr. and Mrs. Seidel are well and happy. Mr. Seidel has a nice paying business and a cozy home. Neither expressed any desire to return East.

No boy can succeed in this life if he fails to take advantage of the opportunities with which he is surrounded.

PERSONAL PARAGRAPHS

Miss Laura Ammerman, of Buffalo, N. Y., is visiting Mr. and Mrs. Samuel Scott, of Point township, Northumberland county.

Mr. and Mrs. Luther Hogland and son John, of Millville, are visiting Mrs. J. H. Eyerly, Lower Mulberry street.

Miss Dora White, a nurse employed at the Frankford Hospital, Philadelphia, is visiting at the home of her mother, Mrs. Florence White, East Market street.

Miss Della Swazey spent Sunday with friends in Catawissa.

Miss Gertrude Duke, of Pittston, is a guest at the home of William Burns, Grand street.

Mr. and Mrs. J. C. Mallilien, of Brooklyn, N. Y., are visiting at the home of Mr. and Mrs. Eugene Miles, Ferry street.

Miss Anna Divil spent Sunday with friends at Milton.

Walter Armos, of Sunbury, spent Sunday with his parents on Water street.

Mr. and Mrs. Clarence Van Buskirk of Scranton, spent Sunday with relatives in this city.

Mr. and Mrs. E. T. Linoard and two daughters, Helen and Margaretta, of Philadelphia, spent Sunday at the Montour House.

Robert P. Jones, of Scranton, foreman at the Stone Works in that city, spent Sunday at the home of Archie Earp.

Mrs. Laura Hall and daughter, Florence, of Philadelphia, are guests at the home of Edward H. Wortman, 111 Water street. Mrs. Hall is the daughter of Thomas Kidd and with her parents formerly resided in Danville.

Benjamin Diserod of Berwick, spent yesterday with relatives in this city.

Mrs. John Bowers called on friends in Sunbury yesterday.

Mrs. Paul Greff was a Sunbury visitor yesterday.

Mr. Harry Walker left yesterday for a visit with relatives at Wyoming.

F. M. Herrington was a visitor in Sunbury yesterday.

Calvin Keefer, of Sunbury, called on friends in this city yesterday.

William Holderman, of Moersburg, is the guest of Mrs. Caroline Holderman on Nicholas avenue.

Albert Reight and sister Louisa, of Pottsville are guests at the home of Mrs. Mary Hofer, Nicholas avenue.

TWO NEW SCHOOL LAWS

The School Board held a special meeting Monday for the purpose of awarding contracts for cleaning the school buildings and transacting any other business. There were quite a number of bidders for the work, the proposals varying but little in the figures submitted.

The bids were opened and read by the Secretary, the contracts being awarded as follows:

First Ward building—Mrs. Sara Miller, \$38.00.
Second Ward—Mrs. Dye and Mrs. Heim, \$25.00.
Third Ward—Mrs. Amelia Davis, \$19.00.
Fourth Ward—Mrs. Ida Wilson, \$22.00.

Welsh Hill—Mrs. Anderson, \$5.00.
Mr. Fischer reported that excellent progress was being made in the matter of repairs. In the way of additional repairs it was ordered that the wash basins in all the buildings be overhauled and fixed up as cheap a rate as possible.

Ralph Kiser, Schreiber, was at the meeting and called the attention of the Board to several new laws relating to the public schools, which were approved last spring. He first read the act of March 16, 1905, permitting children residing in districts in which there are no high schools to attend high school in some other district. The act reads as follows:

Section 1. Be it enacted, &c., That children residing in school districts in which no public high school is maintained may attend a high school in some other district located near their homes; provided the consent of the directors of the district in which said high school is located be first obtained; the cost of tuition and school books, which shall not exceed that of the tuition and school books of children in the same grades or courses in the district maintaining such high school, shall be paid to the district receiving such children out of the moneys raised by taxation for public school purposes in the district in which said children reside: Provided, That before admission to a high school such pupils shall be examined and found qualified for high school work, by the principal of such high school.

It appears there is some misapprehension throughout the county as to the provisions of this law. To make it perfectly plain just how far the Danville School Board is obliged to go under the law the following resolution was adopted:

That no children from outside the Borough shall be admitted except on an order from the School Board of the School District where said children reside guaranteeing the expense of tuition and then only provided there is room in the high school.

The second act referred to was that relating to "Home Education," which reads as follows:

Section 1. Be it enacted, &c., That a system of home education which shall include kind treatment of birds and animals shall be included in the branches of study now required by law to be taught in the common schools; such instruction to be given to all pupils up to and including the fourth grade of the public schools of the Commonwealth and to consist of not more than half an hour each week during the whole term of the school.

That no experiment upon any living creature to demonstrate in physiology shall be permitted in any of the public schools of the State. The above act, which was approved March 27, 1905, takes effect immediately.

The following members were present: Adams, Orth, Burns, Purcell, Harling, Werkheiser, Von Blohn, Fischer, Trumbower, Heiss and Grono.

Game on Saturday.

The base ball management have secured the strong Springfield team for next Saturday at DeWitt's park. The champions of the anthracite region will present their strongest team and are determined if possible, to regain the laurels lost here on July 4th, when they were defeated by the locals in one of the finest games of the season by a score of 7 to 5. Danville will be as strong as at any time this season and a fine exhibition of skill may be expected.

Springfield not only knows how to play the game but the players are a very gentlemanly set on and off the field. The crowd is usually a large one when these teams play and if the weather is favorable on Saturday the usual large turnout may be looked for. The game will be called at 3:15 sharp. The line-up will appear in this paper on Saturday morning.

Mr. Emerick's New Rambler.

G. W. Emerick, who owns ten-cent stores in Danville, Sunbury, Northumberland, Mt. Carmel and Plymouth is now oscillating between the several towns wherein his interests lie in a handsome new Rambler automobile purchased through our townsmen Warren W. Welliver last week. Mr. Emerick, whose home is in Sunbury, came rolling into town in his new machine yesterday. He is very proud of its accomplishment, especially its initial trip from Philadelphia to Sunbury, which was made with Mr. Emerick and his son accompanied by Mr. Welliver.

They left Philadelphia at 5:30 in the morning and arrived at Sunbury at 6:30 o'clock in the evening, the time including a stop at Lancaster. The machine is one of eighteen horse power which can be speeded up to twenty horse power.

PUPILS BEING VACCINATED

The practice of our physicians has increased considerably during the last week or so owing to the rush of parents to have their children vaccinated in order that they may be eligible for admission into the schools, which open on the 28th inst.

The public by this time have been pretty well educated up to the provisions of the school law and parents who have children reaching the school age understand what devolves upon them. There are still some, however, who may have overlooked the law and to such the present article will be of value.

The school law requires that all principals or other persons in charge of schools shall refuse the admission of any child to the schools under their charge or supervision except upon a certificate signed by a physician setting forth that such child has been successfully vaccinated or that it has previously had the smallpox.

The health authorities of such municipalities shall furnish to principals or other persons in charge of said schools and to physicians the necessary certificate or blanks. The registry of the school shall exhibit the names and residences of all children or persons admitted or rejected for reasons set forth and said registry shall be open at all times to the inspection of the health authorities.

It is obvious that the certificate from the physician showing that the child has been successfully vaccinated or that it has had the small pox need to be produced only in those cases where the pupils have just reached the school age or are applying for admission to the schools for the first time. The fact that the pupils were enrolled in the same schools preceding years is taken as sufficient evidence that they were vaccinated.

It will be observed that the certificate must set forth that the child was not only vaccinated but successfully vaccinated.

The act carries with it a penalty. Any principal or other person who has charge of school who shall neglect or refuse to comply with any of the provisions of this act shall, upon conviction, be liable to a fine of not less than five dollars nor more than one hundred dollars and in default thereof such person or persons shall undergo imprisonment for a period not exceeding sixty days.

The local school board has shown its determination of living up to the very letter of the law by the manner in which it disposed of an exceptional case that occurred in the Fourth Ward last May. One of the pupils, recently admitted, was found not to have been vaccinated. The attention of the parents was called to the law on vaccination, but they explained that the family physician had refused to vaccinate the child—a little girl—owing to her weakly condition, she being in poor health. It was the sense of the Borough Superintendent and the School Board that the law makes no exception in such cases and held that inasmuch as the girl was not strong enough to be vaccinated the natural inference was that she was not physically able to bear the strain of study and had better be out of school. The outcome of the matter was that the child, unvaccinated, was not permitted to attend the school and had to withdraw.

That owing to poor state of health vaccination is sometimes inadvisable there is no doubt. Such cases are frequently adduced as instances in which school vaccination law does not apply. If the action of the Danville School Board, however, is to be taken as a precedent there are no exceptions and the only alternative for principals and others is to live up to the letter in all the provisions of the law, or to run the risk of paying a penalty.

G. A. R. UNION.

Goodrich Post No. 23, G. A. R., expects to take over two hundred Danville people along with its special P. & R. train to Shamokin on Saturday next to attend the annual G. A. R. reunion which will be held at Edgewood Park. Tickets will be on sale tomorrow at Hunt's Drug Store, George W. Roat's furniture store and at the residence of Clarence Price, No. 320 Walnut street. Everybody is invited.

A special train will leave the P. & R. Station Danville at 8 a. m.; Bloom street at 8:05; Maidsdale at 8:10; Moersburg 8:19; Potts Grove, 8:29; Milton 8:33; West Milton 8:37. It will arrive at Shamokin at 6:30 p. m., arriving at Danville at 8:28 p. m. Tickets \$1.00, including trolley to and from the park.

J. H. Fry's Loss.

It was rumored about town yesterday afternoon that our townsmen, J. H. Fry, had lost his pocketbook containing a very large sum of money, which according to some reports exceeded a thousand dollars. Mr. Fry called at this office to correct the report. His exact loss is sixty dollars. He recovered his pocketbook but while it still contained the notes and checks the money, amount being as above stated, had been abstracted.

Judge Little Improving.

Word was received yesterday from the Glasgow Health Resort, at Elmira, N. Y., where Judge Little is staying for his health that the judge, who was reported to be in a serious condition, is slightly improved and that the physicians anticipate that he will continue from now on to slowly improve.
