CLUB MEN ARE ACTIVE

Republicans Preparing For Convention of State League at Easton.

NATIONAL ORATORS EXPECTED

Reports From All Parts of the State Indicate That the Party Is In Fine Shape.

[Special Correspondence.]

Harrisburg, Aug. 15.

The Republican state organization proposes to give every assistance and encouragement to the young Republicans of Pennsylvania to make the coming convention of the State League of Republican Clubs one of the most successful in the history of the League.

The convention, which will be held in Easton next month, promises to be one of the largest held in recent years, and the local committee of arrangements is planning an exceptionally good program for the entertainment of the delegates and other guests who will visit their city during the convention week.

Clubmen Meet Andrews.

Chairman Wesley R. Andrews, of the Republican State Committee, has had several conferences with officers of the State League, and he is heartily cooperating in their efforts to get the active Republicans of the state to interest themselves in the election of delegates to the convention by their home clubs.

It is pointed out that President Roosevelt has from the outset of his political career looked upon the Republican clubs as a powerful factor in the winning of campaigns, and he has never missed an opportunity to commend the work of the vigorous and progressive young Americans who are the bone and sinew of the Republican League of the Nation.

In his last national campaign the president insisted that the Republican national committee must give every consideration to the young men who were in charge of the organization of Republican clubs throughout the country, under the auspices of the National League, and he has since attributed much of the glory of the victory in that campaign to the Young Republicans who marched behind the club banners on which were inscribed the words "Roosevelt, Protection and Prosperity."

Duty of Young Republicans.

Pennsylvania Republicans in the present state campaign expect the clubmen of the commonwealth to do their full duty, and there is every reason to believe that there will be no disappointment on that score.

It is announced from Easton that the Republican clubs of the entire county of Northampton are preparing to entertain the visitors, and that all will be welcome who come with the delegates and will receive the same courtesies and hospitality as the official representatives of the clubs.

A special committee is at work getting Republicans of national fame to promise to address the great mass meeting which will be held on September 20. There are already assurances of the presence of some of the best-known and most popular Republican orators in the country. All of the candidates on the Republican state ticket have been invited, and many of the most prominent Republicans of the several counties of the state are expected to attend the gathering.

From many private interviews with active Republicans from every section of the state and through the heavy correspondence that is daily received, Chairman Andrews is more than delighted with the reports as to the condition of the Republican party and the sentiment of the voters throughout the state. Though the campaign has not been fairly opened there are evidences of unusual activity among the rank and file of the Republican forces.

The attacks of the Democrats serve to stimulate the Republican workers to renewed activity and are actually beneficial to the Republican organization.

Danger Lies In Apathy.

It is admitted on all sides that the greatest danger to a majority party in what is termed an "off year" campaign lies in the apathy of the average voter. When no great prize, such as the presidency or a governorship, is at stake there is likely to be a feeling of indifference or at least of over-confidence, particularly after the polling of such a tremendous Republican majority as was given to Roosevelt for president in Pennsylvania.

It will devolve upon the Republican managers throughout the state to see to it that every Republican voter is impressed with the importance of casting his ballot in November next so that the Republican lines shall remain intact and that the party shall be in shape to mass its forces in solid phalanx in the congressional and gubernatorial struggle which will take place next year.

Just Was Ponies.

"Now," said Mr. Hazzard, who was instructing her in the mysteries of golf, "you know what a 'tee' is. Let me explain now the duties of the 'caddie.' You see"—

"Of course," she interrupted, "the caddie's what you put the tea in. I know what a tea caddie is."—Philadelphia Press.

ARE PLEDGED TO REFORMS

Republicans For Personal Registration and Other Popular Measures.

The Committee of Twenty-one, leading business men, bankers, lawyers and other men of affairs of the Quaker City, all members of the famous Union League, who seek reform within the Republican party, are being complimented by Republicans generally for their success in bringing about the action of the Republican city committee in appointing a committee to seek to put an entirely new ticket of eminently acceptable Republican candidates in the field in Philadelphia and the pledging of the party organization to personal registration for the cities and for ballot reform and other measures demanded by the people.

Republicans who believe in their party strongly protest against the actions of those who strive to make political capital against the Republican party in the state out of conditions in the Quaker City. On this point the Philadelphia Inquirer, among other things, says:

"If there has been crime committed against the people of Philadelphia the people will demand punishment and punishment will come. No right-minded citizen of any party or political organization would for a moment shield a criminal or a criminal conspiracy or a criminal organization, political or otherwise. Certainly the great Republican party of Philadelphia and Pennsylvania—and hundreds of thousands of voters compose it—is not the defender of wrong-doing.

"To what extent the newspaper charges are true—whether the crimes that have been alleged are largely imaginative or are based upon fact—we do not know. The courts will decide that—should there be trials. But even were they blacker than have been painted, what argument would that be for smashing the great Republican party of Pennsylvania? What have the hundreds of thousands of Republican citizens to do with the acts of individuals?

"A year ago the whole country was ringing with exposures of crimes in the postoffice department at Washington. Republican officials were the thieves. Democratic newspapers and orators held these crimes up as a reason why the Republican party should be defeated. Judge Parker led the assault. 'Turn the Republican party out and all would be well.' That was the campaign cry. But the people refused to hold the Republican party responsible for the pilferings of individuals.

"Today there are scandals in the agricultural department. A sweeping investigation will be made. But are the Republican people of the United States going to hold themselves responsible for what a few persons have been doing?

"Why, then, is the Republican party of Pennsylvania to be slaughtered because of an investigation in Philadelphia?

"That is what the Committee of Twenty-one, members of the Union League, want to know, and we think they have the right of it.

"They believe that the Republican party is quite big enough to do all the reforming that is necessary. With voting lists purged of bogus names, with the promise of a personal registration law on the statute books, with an election in November that will be perfectly honest, with a Republican city ticket to be made up of names unconnected with politics—in other words, with reforms instituted by the Republican party itself—they seee no reason why the hundreds of thousands of honest, upright Republican voters of Philadelphia and Pennsylvania should cut the throat of their own party.

"And there is no reason."

Prediction From Plummer's Home.

In commenting upon certain newspaper reports that have been printed in Democratic papers affecting the Republican candidate for state treasurer, Editor W. H. Schwartz, of the Altoona Tribune, says: "The Tribune wishes to remark that for some months past some small creature, supposed to live in this county, has from time to time been sending out telegrams to certain eastern newspapers interested in the downfall of the Republican party, all of which are pure inventions, and all of which are intended to convey the impression to distant readers that Hon. J. Lee Plummer, Republican nominee for state treasurer, is unpopular in his home county. In previous elections when Mr. Plummer was a candidate for the suffrages of his fellow citizens he always received a very complimentary vote. The Tribune, which is seldom mistaken concerning political results, now wishes to place on record the prediction that Blair county will give Mr. Plummer at the next election the largest majority ever given a candidate in an off year."

Plummer Stronger Every Day.

"The scheming Democrats, who hope to profit at the fall election in the state by the Philadelphia upheaval, are doing their level best to force the Republican nominee for state treasurer, J. Lee Plummer, off the ticket, but Republican State Chairman Andrews says Mr. Plummer will not only stay, but that he will be elected by the usual off-year majority," says the editor of the Chronicle and News, of Allentown. "The Democratic leaders betray their hypocrisy in trying to get Mr. Plummer off the ticket, for if he be as weak a candidate as the alleged reformers declare he is, isn't it logical to conclude that the Democrats would want nothing better than to keep Mr. Plummer on the ticket? As a matter of fact, Mr. Plummer has been strong from the very start, and is gaining in strength daily."

The annual picnic of Pomona Grange No. 31, of Northumberland and Montour counties, will be held at Sulphur Springs, near Muncy, with Mt. Pleasant Grange, on August 30th.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Mr. D. Kauble, of Nevada, O., says: I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

Kodol Digests What You Eat

and relieves the stomach of all nervous strain and the heart of all pressure.

AN EXPERT TALKS ON MACADAM

W. P. Kinn of Columbia, with his wife, is spending a few days in this city as the guest of Mr. and Mrs. George A. Meyers, Walnut street. Mr. Kinn was a former resident of this city leaving here in 1877. He is at present Street Commissioner of Columbia, a position which he has filled with the exception of brief intervals for nearly twelve years past.

Mr. Kinn is much interested in looking up the old landmarks of Danville with which his early life was associated. He is pleased with the improvement on Mill street, although he was candid enough to say that he has but little admiration for the remainder of our streets, which he thinks are in about the same condition they were in when he left Danville nearly thirty years ago even if not worse.

Mr. Kinn is a warm advocate of macadamized streets and points with pride to what has been acomplished in this line in Columbia. That town, which contains a population of 13,000, has not a single paved thoroughfare but maintains a splendid system of macadamized streets, which makes the town unique among other municipalities. To show how thoroughly the streets are constructed and what attention is given to the detail of drainage Mr. Kinn stated that no matter how heavy nor how prolonged the rain in less than five minutes after the rain ceases a person can walk across any of the principal streets without getting his shoes muddy and all this in face of the fact that Columbia has no system of sewers.

Columbia employs limestone exclusively in the construction of its streets, although Mr. Kinn agrees that cinder makes a very good bottom for the macadam and if properly crushed may be used to advantage instead of limestone in one or more of the courses.

In macadamizing streets Columbia employs about the same method followed in constructing the State highway. An excavation is made to reach the subgrade. The first course applied is one of limestone, six inches in the center and slanting to four inches at the sides. This is rolled, after which another course of limestone smaller in size 2½ to 3 inches thick is applied, which is also rolled. The top course is made up of gravel or screenings of crushed limestone, sprinkled and rolled.

The gutters, which the property owners have to take care of, receive great attention. The use of cobble stones are not permitted; brick in all instances being used to pave the gutters. Back of the gutter over a space fifteen inches wide the Borough lays a row of flat stones, which prevents washing and assists to carry off the water. The streets as a rule are sixty feet wide, which in addition to the roadway leaves ample width for a pavement and a space between the latter and the gutter which is kept neatly sodded and where trees are cultivated.

On the whole the streets of Columbia, the drainage and all are so satisfactory to the inhabitants that they have nouse for paved streets, which to begin with cost infinitely more than macadam, are difficult and expensive to keep clean, and are hard on horses, causing, especially during the winter, many to fall sustaining broken legs or other injury.

Mr. Kinn is surprised that Danville, considering its close proximity to limestone, has not long ago macadamized its streets. The natural drainage at many places is excellent; nowhere is it bad. All that is needed is to bring some practical skill into play, constructing a road according to scientific principles.

It is a question whether Mr. Kinn's views are not entitled to a good deal of consideration. With the single exception of Mill street the streets of Danville are little short of a disgrace. Beyond a couple of squares on East Market street where paving is talked of nothing permanent in the way of street repairs is contemplated. Here and there where mud holes occur a cart load of cinder is dumped on the streets, a system of patching which renders the street unsightly in appearance and uncomfortable to drive upon. The harvest of all this will be plenty of mud in times of rain and volumes of dust when the weather is dry.

The question might be asked whether the time and outlay of money required to pave two or three squares of East Market street as contemplated would not macadam that thoroughfare over the greater part of its length and insure a better and a more permanent job.

Take other parts of town where paving is literally out of the question as the several squares on Mill street between Center street and the Borough line and no sane reason can be adduced why a macadam roadway should not be constructed. The Reading Iron Company is the sole owner of the land on the west side of Mill street between the two points above named and to regard paving as possible there would be to assume that the corporation would be willing to incur a very heavy expenditure indeed. This does not alter the fact that one of the worst pieces of road in town lies on its principal thoroughfare, immediately between a paved street and a finely constructed State Highway. The impression upon strangers as they jolt over the uneven surface of this street, struggling either with the mud or the dust may be left to the imagination of the reader.

Real Estate Sold.

William T. Markee left yesterday for a trip to Philadelphia.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

JEWS WILL HAVE VOICE IN ASSEMBLY

Russia Decides to Allow Them to Hold Minor Offices in the Future.

ST. PETERSBURG, Aug. 16.—The pressure which is being brought to bear upon the Russian government by rich Jews in America to secure reforms which will better the condition of their co-religionists in this country has already met with an unexpected success.

The Ministerial council has decided to permit certain classes of Jews to stand for election to the proposed national assembly. There has been a vigorous protest against giving the Jews any voice in the new assembly and petitions imploring the government not to recognize the Jews have been received from all parts of the empire.

Train Was Delayed.

Several days ago a prominent minister and a well known attorney of this city, were passengers on a train en route between Sunbury and Lewistown. The train was flagged at a grove near which the members of a United Brethern church were conducting a festival. The Williamsporters are both lovers of ice cream. They inveigled the conductor to go with them to the festival and the trio enjoyed a dish of vanilla and strawberry cream. After the men had again entered the cars the Williamsporters jarred the conductor in a pleasant manner by saying that they took him along only so that the train would not leave without them. The railroader retaliated by stating that he did not care for that as he was as fond of ice cream as the gentlemen of the cloth were of chicken.—Williamsport Gazette and Bulletin.

Soothing and Cooling.

WORKS WONDERS.

A Wonderful Compound—Cures Piles, Eczema, Skin Itching, Skin Eruptions, Cuts and Buises.

Doan's Ointment is the best skin treatment, and the cheapest, because so little is required to cure. It cures piles after years of torture. It cures obstinate cases of eczema. It cures all skin itching. It cures skin eruptions. It heals cuts, bruises, scratches, and abrasions without leaving a scar. It cures permanently. Danville testimony proves it.

D. C. Williams, slater, of 204 Lower Mulberry street, says: "I used Doan's Ointment some years ago and found it a most excellent remedy for the purpose for which it is intended. It is the only remedy I ever found which gave me permanent relief from itching piles from which I had suffered for a long time. Anyone who has ever had piles knows what suffering I endured before I used Doan's Ointment. The burning and itching was almost intolerable night and day, and although I tried dozens of ointments, salves and lotions I got no relief. I heard so much about Doan's Ointment that I procured a box. The first application gave me almost instant relief and in a short time I was cured. That was eight years ago and I have had no return of the exasperating affliction since. I recommend Doan's Kidney Pills highly."

CAPTAIN GROOME WANTS VETERANS

Old Soldiers and Sailors Given Preference on Appointing State Policemen.

Applicants with military or navy experience will be given preference over all others by Captain John C. Groome in the appointment on the State police force, of which he is the superintendent. Each person applying for appointment on the force will be required to furnish a written statement as to whether he has had such experience and much other information about himself.

A blank was mailed by Captain Groome to every applicant, who is asked to return it with his name and address, age and height, place of birth, whether he is a citizen of the United States, occupation, married or single, and his previous military or naval service. After the captain obtains this information he will appoint medical officers to examine the applicants and begin recruiting the force.

No applicant will be considered whose height is less than five feet, six inches without shoes. Each applicant will be required to pass a mental and physical examination, to be a citizen of the United States, of sound constitution, able to ride, of good moral character and between the ages of 20 and 40 years.

Captain Groome has decided to defer the announcement of the appointment of his deputy and four captains until after he has consulted with Governor Pennypacker, who is still at Schwenksville and will not return to Harrisburg before next Monday. The prospects now are that the State Police force will not be organized, equipped and ready for duty for at least three months.

Large Enrollments.

We are informed that the Literary Institute and State Normal School, at Bloomsburg, Pa., is enrolling large numbers of students in its various departments for the ensuing year.

This school is increasing in popularity every year. Not only does it attract because of its high standard of excellence, but also because the school's reputation is so excellent and far-reaching that young people educated there have the best chance for positions. We advise young people to send for acatalogue.

FORTY WERE KILLED BY CRUEL COSSACKS

Were Shot Down on the Streets of Polish Town by the Czar's Minions.

WARSAW, Poland, Aug. 16.—Advices received today from Blaystok, in the government of Grodno, give some details of the rioting which earlier reports said occurred there yesterday.

The disturbances were of a serious nature and outbreaks occurred in various parts of the city. During the course of the rioting a bomb was thrown at a detachment of soldiers, killing two and wounding three others.

The troops were called out and there was firing on the people in all parts of the town. The casualties so far are reported at forty killed and over two hundred wounded.

If you see a mosquito kill it on the spot. There is a suspicion that the little pests are responsible for a great deal more than the yellow fever.
