The work was done by F. Duffick, an expert of Sandusky, Ohio,

assisted by Borough Electrician Jones and Engineer Jacob Byerly. The recoiling of the dynamo is in Mrs. Bowyer was ninety-one years line with the recommendations made by Mr. Cheyney, the expert from Philadelphia, who was employed to test the plant before it was taken off the contractors' hands by the Berough. The effect of the overhauling should be to improve the dynamo not only by increasing the light, but also by reducing the noise. A great deal of work was involved, The deceased is the widow of John as the dynamo had to be taken apart.

The whole process, however, was completed in about seven hours by the three men employed, which is considered record-breaking time.

The Borough light is giving very good satisfaction. It is true one or more mishaps have occurred that have shut off the light, temporarily, but these seem to have been in the line of accident for which no one was direct ly responsible.
