DEATH OF EDWARD W. COPE

Word was received at Mansdale yesterday by Mr. and Mrs. William M. Cope, of the death of their son, Edward W. Cope, a cavalry private in the United States Army at Fort Houston.

The circumstances surrounding the case are extremely sad and the family was stricken with grief upon receiving the sad news. Private Cope's death was caused by the accidental discharge of a revolver in the hands of another soldier. News of the accident reached Mr. and Mrs. Cope yesterday in the form of the following letter:

Fort Sam Houston, Sept. 7th, 1905. Mr. William M. Cope,

Mansdale, Pa. Sir:—I have the honor to inform you of the death of your son, Private Edward W. Cope, Troop I, 1st Cavalry, which occurred at 10 o'clock a. m., Tuesday, the 6th, by the accidental discharge of a pistol in the hands of Private Edwin C. Gearhardt, a member of the same troop.

He was buried with military honors on Wednesday the 6th instant at the National cemetery at Fort Houston.

Very respectfully, W. G. SILLIS, Captain 1st Cavalry, Comd'g Troop I.

The unfortunate young man enlisted in the United States service at Bloomsburg on the 5th of August, 1904, and was immediately assigned to Troop I, 1st Cavalry. He was stationed at Jefferson Barracks, Missouri, and from there his troop went to Fort Clark, Texas, and then to Fort Sam Houston. Private Cope was one of the best soldiers in his company, and was well liked by all.

The following obituary appeared in the San Antonio Daily Light on Wednesday, September 6th.

There was a military funeral from the post today for the internment of the remains of the ill-fated private Edward W. Cope, troop I, first cavalry, who was accidentally killed in the company's quarters yesterday.

The casket was mounted on a caisson and draped by the United States flag it was escorted to the National cemetery by the whole garrison. Here Chaplain Dickson read the funeral service and then a detachment of his troop fired a volley over the grave, taps were sounded and the mournful ceremony came to an end.

The deceased bore a most admirable character. He was very popular with his comrades. At the time of his death he was preparing himself through a correspondence school for a civil service examination and was engaged in study when he was shot. His death is generally regretted.

Got off Easy. He may well think, he has got off cheap, who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant, and certain cure for headache, constipation, etc.; 25¢ at Paul & Co.'s drug store; guaranteed.

Officials at Odds. Chief Burgess Cressy and Street Commissioner Kostenbender, of Catawissa, had a little difference Saturday over some matter pertaining to a public sewer. The Street Commissioner, it is alleged, choked the Chief Burgess and now he is bound over to Court to answer a charge of assault and battery.

Numerous and Worthless. Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding Piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's the genuine. Sold by Paul & Co.

CONCERNING THE POST CARD FAD

The postal card fad is being carried to great extremes. While the Post Office Department looks with favor upon souvenir cards that are inoffensive it is going after others of the opposite sort in a way that promises to cut down the business considerably.

During an interview with Postmaster C. P. Harder Tuesday some facts were learned which, it is believed, will prove very interesting reading. It is true many persons have the right idea concerning souvenir postal cards, and the custom of sending out cards containing pictures of landmarks, improvements and bits of scenery, such as our new bridge with first trolley car, Christ Church and the like is quite within the law and should be encouraged; but there are another class of faddists who have a great deal to learn for their own good and in the interview with our postmaster will be found the information they need.

Postmaster Harder called attention to the fact that the law enacted by Congress a few years ago provides that cards of the same size and weight as the ordinary postal card may be sent through the mails as ordinary postal cards provided a one-cent stamp be affixed. The trouble is, he says, that while many of the printed cards sold as souvenir postal cards meet these requirements and can be written upon and sent through the mails with a one-cent stamp affixed, a large number of others—probably the larger number sent out—are much bigger than the ordinary postal cards or worse yet, are made of leather or wood.

All such cards as the latter, which do not meet the requirements, are mailed as merchandise at the rate of one cent per ounce, but if anything is written upon them, then they require letter postage, which is two cents per ounce. The leather cards are about the same size as the ordinary postal cards, but they are much thicker and are barred from the mails except as merchandise. If written upon letter postage must be paid. The wooden souvenirs, larger and heavier, generally weigh more than an ounce. If anything is written upon these four cents in stamps must be affixed. The trouble is that to most people, all souvenirs "look alike" and they affix one-cent stamps to big and little, write their messages upon the back and dump them into the letter boxes. The great majority of course, being unmailable, do not reach their destination.

There is another class of postal cards that are indecate and offensive and it is this class that the Post Office Department is after. Orders have been issued to stop all such cards. Postmaster Harder says that the Department draws the line on girls in bathing suits and on pictures with red devils accompanied by the legend: "I am having a—of a time." Not one of such cards is permitted to reach the addressee, but are forwarded to the dead letter office.

IT IS SERIOUS

Some Danville People Fail to Realize the Seriousness.

The constant aching of a bad back, The weariness the tired feeling, The pains and aches of kidney ills Are serious—if neglected. Dangerous urinary troubles follow. A Danville citizen shows you how to avoid them.

John B. Hollister, puddler, of 611 Mill St., says: "Some years ago I suffered from distressing kidney and bladder troubles. I also was annoyed with severe pains right across my loins so severe at times as to almost prostrate me. The kidney secretions were very annoying and painful and too frequent, particularly at night. I used a number of remedies but with no apparent effect. Doan's Kidney Pills were recommended to me and I used them. The result was a perfect cure. I can recommend Doan's Kidney Pills as being all that is claimed for them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Governor's Veto.

"Vetoes of the Governor of Bills Passed by the Legislature, Session of 1905" is the title of a very neatly bound book received at this office from Harrisburg with the compliments of Samuel W. Pennypacker, Governor of the Commonwealth.

The book makes quite interesting reading. The text of the bills vetoed are presented after which the Governor or pressing the legislative body in his characteristic way points out and explains the defects and sets forth in full the reasons why the bill is returned without his approval.

It is remarkable how many of the bills drawn up apparently by skillful persons contain defects and absurdities. In some of the bills returned the Governor has discovered "that the purpose is not clearly expressed." In others it is "special legislation."

One bill makes it a misdemeanor for any person or persons to deface or destroy an index board erected at the "intersection of any public road or roads by the Supervisor or Supervisors thereof." The bill has a number of defects and the Chief Executive dismisses the whole matter with the following terse sentence: "There is no such thing as 'the intersection of any public road.'"

"An Act to prohibit the use of any adulteration or imitation of dairy products in any charitable or penal institution," the Governor says "is conceived in a spirit of violence" and he returns it without his approval. The penalty appeared disproportionate to the offense.

No one can peruse the volume without perceiving that when it comes to the approval or disapproval of bills passed there is a big advantage in having a learned jurist in the gubernatorial chair.

Corporal James Tanner has been elected commander-in-chief of the Grand Army by the encampment in Denver.

MITCHELL'S VIEWS MORE SANGUINE

President John Mitchell in his address Saturday evening declared that President George Baer was reasonable, keen and shrewd, and felt that the coal operators would see their way clear to hold a conference with the leaders of the miners before the termination of the present agreement.

It is the general conviction that Mr. Mitchell has some reasons for being sanguine, hopeful and optimistic. His speeches are not so forcible and demonstrative as four weeks ago. He wants peace, and desires it, but urges the miners to better their organization declaring that the only way it can be done, is to increase their numerical strength. "Show them by numbers that you are in earnest and the results will be easy attained" said Mr. Mitchell.

"The independence of the anthracite mine workers is now pending," he continued. "It is up to you to either make or bear it. If we lose, the right to join a labor organization will be taken from you, and not in a lifetime will an opportunity, like this present itself." He concluded by declaring that he nor the miners wanted strike, but they do want an eight hour day, the recognition of the union and the permanent retention of the conciliation board, the latter to be on a more improved plan.

Shortly after his little talk it was given out by the district officers of the union that the miners' union increased sixty thousand members during the past three months, and expected that half that number would apply during the next two weeks. If these figures are true, it means that Mitchell's visit has really surpassed expectations, and it might mean that his first prediction of a solid anthracite union of 150,000 members will be realized.

The operators, as is evidenced by their acts, look upon the agitation with indifference, and when questioned openly say, that President Mitchell is not sincere in his efforts to get an eight-hour day. The miners might demand it, but will never insist upon it.

As to recognition, the operators will not concede it, for the opportunity to break the union, would be lost forever. The mine owners desire to be free from collecting the union dues, and will pay no more attention to the mine workers' organization than is necessary. There is no mistake about the fact, however, that the coal companies intend to be prepared for every emergency, as all, without a single exception, are storing coal in larger quantities than ever before. The large manufacturing establishments are doing likewise.

Catarrh and Hay Fever.

Liquid Cream Balm is becoming quite as popular in many localities as Ely's Cream Balm solid. It is prepared for use in atomizers, and is highly prized by those who have been accustomed to call upon physicians for such a treatment. Many physicians are using and prescribing it. All the medicinal properties of the celebrated Cream Balm are contained in the Liquid form, which is 75 cents, including a spraying tube. All druggists, or by mail, Ely Brothers, 56 Warren St., New York.

Odd Fellows at Philadelphia.

Robert E. Wright, of Allentown, grand sire has completed his report to the sovereign grand lodge, of A. O. U. W., which begins its eighty first annual session in Philadelphia next Monday. Mr. Wright says: "It is natural that the Odd Fellows of this state should boast of the fact that Pennsylvania still leads largely in her own Odd Fellowship, even while she takes pride in the rapid growth of her sister jurisdictions."

"The record of the last year has been an exception to the history of progress. The increase in membership of our subordinate lodges was 56,724; in the encampment lodges, 9,990; in the Rebekah lodge, 26,931—making a total increase of 102,115. The Patriarchs Militant show a decrease in membership, but that decrease is only nominal, and, doubtless, results in a clearing out of names that really did not represent active members of that branch."

"The increase in receipts for the year was \$75,077.55; the increase in resources, \$2,914,951.50; and the increase in relief, \$367,139.95."

Lake Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief on other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At Paul & Co.'s drug store; 50c and \$1.00; guaranteed. Trial bottle free.

Celebrated Birthday.

Mrs. Daniel DeLong celebrated her 75th birthday Sunday at Blue Springs Farm. A dinner for the family and a few friends was given in honor of the occasion. A large number of gifts, flowers and the congratulations of her many friends all served to make the day most enjoyable.

A Laxative Cough Syrup.

"A cold or cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Kennedy's Laxative Cough Syrup and Tar is the original Laxative Cough Syrup. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, cold, whooping cough, LaGrippe, bronchitis, etc. Sold by Paul & Co.

GATHERING BLACK WALNUT

H. A. Schientz, of Barnesville, Ohio, has been in South Danville for several weeks buying up black walnut timber, which is very rare and valuable with the idea of shipping it abroad where it is used in the production of fine wood work.

Mr. Schientz has been very successful during his stay in this vicinity, and has gathered together nearly 7000 feet of the timber, which is stored along the Pennsylvania tracks near the freight house in South Danville. Mr. Schientz has about finished his work here and will ship the lumber tomorrow to the coast from whence it will be sent to Germany.

In this part of the country black walnut is very rare, the trees being very few and far between. Mr. Schientz has covered the country on both sides of the river within a radius of twelve miles. He pays about \$25 per thousand feet for the timber standing. He then fells the tree and hauls it to his temporary headquarters where the logs are trimmed and shipped.

Black walnut is used in making furniture, gun stocks and other kinds of fine wood work. Mr. Schientz was assisted in his work here by G. C. White, Clem Howell and R. S. Campbell, all of Barnesville, Ohio.

Mr. Schientz will go from here to Sunbury from which place as headquarters he will canvass the country in that vicinity for black walnut trees.

Delightful Birthday Party.

A delightful party was given Monday evening by Mr. and Mrs. Henry Jones, West Mahoning street, in honor of the 14th birthday of their daughter Florence. Those present were: Bessie Moyer, Elizabeth Jones, Barbara Gross, Julia Russell, Ivy Mayer, Anna Hendricks, Mary Gaskins, Mary Ammerman, Allen Fornwald, George Kostomander, Henry Leisenring, Walter Gaskins, Gay Hoke, William Speiser, Edwin Jones and George Hunt.

Death of Michael Rosenstein.

Michael Rosenstein, for many years a resident of South Danville, departed this life at Sunbury on Sunday, death being due to ailments incidental to old age.

The deceased was born in Germany in 1821, his age at the time of death being 83 years, 10 months and 16 days. For many years he was proprietor of the Salsburg House of South Danville and as such became known over a wide section. He was a genial man of generous disposition and was a popular landlord.

The deceased was a veteran of the Civil War, being a member of Company K, One Hundred and Seventy-Third Regiment, Pennsylvania Volunteers. He was a member of Goodrich Post, No. 22, G. A. R., which will be represented at his funeral. He was also a member of Calmet Lodge, No. 279, I. O. O. F.

After the death of his wife, which occurred several years ago, the deceased went to Sunbury to live with Julius Moschline, whose wife was an adopted daughter of Mr. and Mrs. Rosenstein.

Always Successful.

When indigestion becomes chronic it is dangerous. Kodol Dyspepsia Cure will cure indigestion and all troubles resulting therefrom, thus preventing Catarrh of the Stomach. Dr. Newbrough, of League, W. Va., says: "To those suffering from indigestion or better remedy than Kodol Dyspepsia Cure. I have prescribed it for a number of my patients with good success." Kodol Dyspepsia Cure digests what you eat and makes the stomach sweet. Sold by Paul & Co.

Delightful Party at Pottsgrove.

The home of Mr. and Mrs. John L. Voris, of Pottsgrove Friday evening, was the scene of a most delightful euchre and dance given by their son and daughter, Gilbert and Miss Emily. Their beautiful home was most tastefully decorated and with a maze of Japanese lanterns gave the appearance of a veritable fairy land. The early part of the evening was spent at cards after which a most elegant supper was served under the supervision of John B. McCoy. After supper the remainder of the evening was passed in dancing to music furnished by an orchestra from Milton. About one hundred guests were present. The affair was the most enjoyable one and reflects much credit upon the host and hostess.

Those present were: John Brook, of Ardmore, Pa.; Frank and Miss Anna Beaver, Joseph Carl, William and Miss Fannie Paul, of Montandno; Dr. and Mrs. Charles Gandy, John, Edwin and Miss Grace Gandy and Miss Emma Egg, of Lewisburg; Robert and William Simington, James and Miss Jean Gandy, of Montandno; Walter and Miss Belle Lowrie, of Lewisburg; Billie, Frank Allen, Sol and Miss Helen Fairchild, of Allentown; Miss Mary Willington, of Portland, Oregon; Miss Rockman, of Texas; Miss Bessie Nesbitt, of Philadelphia; Miss Emma Duvall, of Hazleton; Mr. and Mrs. Oliver Wagner, Mr. and Mrs. John Lavan, Miss Grace Lavan, the Misses Grace and Nellie Schell, of Limestoneville; Carol Wagner, the Misses Katherine and Bertha Wagner, of Ottawa; Walter and the Misses Elizabeth and Isabel Montgomery, Misses May Wagner, Ella Snyder and Ellen Hottenstein, of Paradise; T. O. Van Allen, of Northumberland; Ambrose Clapp, Harry Manser, Jean and Margaret Montgomery, of McEwensville; Fred Folmer and Miss Follen, of Milton; Roy Vincent, of Watsonown; and from Pottsgrove—Miss Edna, Robert and Howard Murray, Edwin Murray, the Misses Sara, Caroline and Edwin Voris, Lisle McGinness, Homer Artman, Mr. and Mrs. Charles McMahon, John McMan, Mr. and Mrs. W. G. Hamer, Prof. Charles Myers, Miss Jessie McCool, Harman Duff, Mr. and Mrs. D. P. Frederick, Robert Mack. There were present from Danville Misses Jessie Klinger, Bertha Cass, Blanche Schell, Florence Price, Mary Fry; Messrs. Randall, George and Robert Jackson, Edwin Moore and Frank Fry.

A REMARKABLE CRIMINAL

Edward Hayes, several accounts of whose actions have appeared lately in the News, and who made such a daring attempt to escape from the Northumberland county prison is a most remarkable criminal. Above the average intelligence he is as sharp as a steel trap, witty and as slick an individual as can be.

On Saturday morning Hayes was taken before Justice of the Peace Carpenter and charged by Special Officer M. Rhoads with forcing an entrance and stealing goods from the Pennsylvania railroad station at Herndon. When Hayes was brought from the jail he was handcuffed to Officer Brittain, upon entering the Justice office he appeared to be in the best of humor and spoke to all present in a very pleasant manner. When the charge was read to him of stealing six shirts, six bottles of whiskey, a trunk and a number of lead pencils, he replied "make it right and I will plead guilty." He said that he took only four bottles of whiskey and did not take any lead pencils. After he had pleaded guilty he talked freely of his attempted escape. He said that if he had had better tools he would have made his escape from his cell in one hour's time. He said he would advise no one to try it as it was too hard a job. The most difficult part of the work was the bending of the sheet iron ceiling which occupied most of his time. He knew when he had been discovered trying to get away, and was quietly watching the officers who were looking for him. When he saw the light turned on in Warden Hancock's office he gave up all hope of making his escape.

While Hayes was telling about his attempt to escape, Officer Simmers of the Reading Company who arrested him entered the office and Hayes looking at him with a smile said, "I had a good one on you but it did not work, so I had to fix things so that you would not have the laugh on me. When I found that I could get through my cell and through the roof I wrote on the wall of my cell 'you may be able to catch me on a passenger train going a mile minute but you can't keep me.' When I found that I was discovered I rubbed the writing off the wall."

When Justice Carpenter told Hayes that he would have to send him to jail for Court he surprised everybody when he said: "Now look here, I have made a study of the law concerning burglary, larceny and felonious entry" and his explanation that followed was a correct interpretation of that part of the law.

When questioned he said that he believed that his father and mother were still living at Montoursville but he had not seen them for some time as he had been away to college taking a special course at the Eastern Penitentiary. When told that his father was one of the Jury Commissioners of Lycoming county he replied "I wish he were the Judge that I will be brought up before me. Who leaving the office for the jail Justice Carpenter said "Good by Ed, come again," with a laugh Hayes told the Justice to go to the place where summer heat is a cool breeze, but then turning he waved his hand and said "I was only fooling. Squire, I'll see you again."

Hayes does not drink, smoke or chew and the list of places he has robbed would fill a large book.

Best for Children.

Mothers, be careful of the health of your children. Look out for Coughs, Colds, Croup and Whooping Cough. Stop them in time—One Minute Cough Cure is the best remedy. Harmless and pleasant. Contains no opiates. Sold by Paul & Co.

A Snake Story.

Bark leaders at the head of Little Pine Creek, above Williamsport, while working on a big pile of hemlock bark one day last week, killed nearly 400 copperhead snakes, 5 woodchucks, 3 minks and 2 weasels which had taken up their residence there. It will require more than a month to load the entire pile, and it is quite likely that more "game" will be discovered. Hemlock bark has a peculiar attraction for copperhead snakes.

WEAK, NERVOUS, WORN OUT WOMEN.

Bloodless, Irritable, Despondent Women, Subject to All Sorts and Varieties of Nervous Troubles, Find a Positive Cure in DR. A. W. CHASE'S NERVE PILLS

The world is full of women whose daily life is one long struggle against diseases peculiar to their sex, whose days and nights are full of quiet patient suffering. The head the seat of pain and pressure—the result of nerve depression and physical weakness brought on by uterine or ovarian trouble—the nerves on edge—inclined to laugh or cry at anything—an ever present dragging in the back, hips and limbs—a feeling of utter weakness, lassitude and despondency. To these poor Dr. A. W. Chase's Nerve Pills, which do the power to rebuild, to reinvigorate and re-spring every organ, every nerve, every muscle with the lost energy, and to insure a complete return to health, strength and vigor again.

Mrs. John Bailey of Jackson St., Penn Yan, N. Y., says: "I was told that Dr. A. W. Chase's Nerve Pills were a great nerve medicine, and as I needed one badly, I got a box. My nerves were very weak. I lacked ambition and strength and my heart action was very weak. I used the Pills as directed and they made my nerves quiet and steady—the heart action strong and regular, and the appetite good, my sleep became restful and I feel altogether like another person. I think as a remedy in female complaints as well, they are grand, curing the headaches and heavy dragging feeling rapidly and easily—this I know from experience, and I am glad to recommend them." See a box at dealers or Dr. A. W. Chase, Medicine Co., Buffalo, N. Y. Forfait and signature of A. W. Chase, M. D., on every package. Sold by J. D. Gosh, & Co., 149 Mill street, Danville, Pa.

Will Study Music at Normal.

Miss Josephine Conzart will take up a special course in music this winter at the Bloomsburg State Normal School.

To Cure a Cold in One Day.

Take LAXATIVE BROMO QUININE Tablets. All druggists refund money if it fails to cure. E. W. Grove's signature is on each box. 25c.

A SEPARATE POLE LINE

The Western Union crews that are building a separate pole line from Danville to Williamsport have now gotten on as far as Norman Beyer's Valley township, proceeding as nearly as possible in a straight line to Exchange.

Just at present one of the crews is at work in this city on that part of the line, which carries the wire out from the D. L. & W. Railroad to the Mansdale road. The extension begins at the D. L. & W. crossing and extends down along the track as far as Mahoning creek when it takes a northerly course to the Borough line. The poles, which are already planted, are set close to Mahoning creek on the eastern side. The wires are not yet strung.

The Western Union telegraph wire between this city and Williamsport up to the present has been carried on the poles of the United Telephone and Telegraph Company. It is brought in to this city on its own poles planted along the D. L. & W. railroad where it has the right of way. From the D. L. & W. to the telegraph office under agreement with the Standard Electric Light Company the poles of the latter corporation are used.

The poles used for the new line are all shipped a hundred miles or more from New Jersey to this city, whence they are hauled by teams out into the country and distributed where needed. A little later the poles will be delivered at Washingtonville as more convenient. The wire is under the direction of J. A. Burt, the Company's Right-of-Way man, and very good progress is being made considering all the circumstances.

During the earlier stages of the work the men all lodged in this city. At present one of the crews remains in the country boarding at the farm houses. The farmers also do the hauling for the company, delivering the poles where needed, &c.

There is a rumor abroad to the effect that the Western Union people propose to build a separate line in this city which will follow the alleys, the object being to remove their wires from the poles of the Standard Electric Light Company. Mr. Burt, however, states that he has received no orders looking to the construction of any such a line in Danville and has no knowledge that any such plans are on foot by the company.

A Guaranteed Cure For Piles.

Itching, Blind, Bleeding or protruding Piles. Druggists refund money if PAZO OINTMENT fails to cure any case, no matter how long standing, in 6 to 14 days. First application gives ease and rest. 50c. If your druggist hasn't sent 50c in stamps and it will be forwarded post-paid by Paris Medicine Co., St. Louis, Mo.

Lackawanna's New Ferry.

The Lackawanna Railroad will open its new ferry terminal at West 23rd Street, New York on Wednesday, September 20th. The structure will be the most imposing of the Railroad Ferry Buildings now grouped on the North River at 23rd Street, which is rapidly becoming the great cross-town artery of the roads terminating on the Jersey side.

It was the original intention of the Lackawanna to have the structure ready for patronage early in August, but the destruction of the structure swept its Hoboken piers made it impracticable to inaugurate the service until the slips for the present Barclay and Christopher Street lines had first been restored. So rapid has been the Company's recovery from the effects of the fire, however, that the 23rd Street service is being started much earlier than was anticipated and the new line will be opened on September 20th with a full fleet of modern double decked ferry boats and complete facilities for passengers and teams.

On week days the boats will run every 15 minutes between 6 a. m. and 10 p. m. and every half hour from 10 p. m. and 6 a. m., while on Sundays the 15 minute service will not begin until 8 a. m. The structure is one of the finest on the North River. It is built of steel with an imposing front of ornamental copper and is absolutely fire proof throughout. The length of the building is 325 feet, providing three ferry slips with waiting rooms on the first and second floors. There will be a central clock tower 135 feet high visible from many portions of the river.

With the opening of this terminal the Lackawanna will also begin the operation of electric cab and a carriage service at West 23rd Street for the benefit of its patrons. Cabs will be available at all times of the day or night for service in Greater New York. The new service will materially add to the convenience offered by the Lackawanna for reaching the Metropolitan hotel and shopping districts, all of which are easily reached from the 23rd Street cross-town lines. The new line will be in addition to those now being operated between Hoboken, Barclay and Christopher Streets, New York. The present service between 23rd Street, New York and 11th Street, Hoboken will also be continued as heretofore.

Accident on State Road.

Oliver Cope, of Mansdale, who is employed by Fiss & Hartman on the State Road, met with an accident Saturday morning which resulted in injuring two fingers on his right hand.

Mr. Cope was on a wagon which had been drawn along side of the stone crusher to be unloaded. In some manner he fell against the machine and his hand became entangled in the chain gear. Before the man could extricate himself from the machinery the hand had been drawn half around the circumference of the wheel between the chain and the teeth.

The Injuries were more painful than serious, as only the flesh was lacerated.

GIGANTIC PIECE OF WORK

The double box culvert being constructed for the P. & R. Railway Company by Smith & Campion of Mahanoy City to bridge Sochler's Run where the big wash out east of the station occurred a few years ago, is a most gigantic piece of work. Some two weeks have already been put in and scarcely more than a beginning has been made. It will hardly be completed before the approach of winter.

The men are at present at work on the westerly one of the three immense walls, which constitute the culvert. The former culvert was not built upon a rock foundation and this is attributed the fact that it was not adequate to meet all emergencies and gave way before the big flood. In rebuilding not only will the culvert be provided with two waterways, each nine feet by ten feet, but the walls will be sunk down to rock bottom. In the case of the wall under way it was necessary to go down five feet before rock was reached, which gives the concrete work a height of fifteen feet measuring from the rock upward. The water accumulates very rapidly in the deep excavation and a centrifugal pump operated by a stationary engine has to be kept in steady operation. The water of the run is very easily taken care of by diverting it from its natural bed through the operation of the masonry of the structure.
