OPERATURS WILL FIGHT

On April 1, 1906, every coal mine in Pennsylvania, Ohio, Indiana, Illinois, West Virginia and part of Kentucky will close down for an indefinite period, if present plans do not miscarry.

A meeting of the coal operators of all these states has been called to take place November 22nd at Chicago, when plans will be completed for the greatest lockout in the history of the world. This arrangement is intended to crush the United Mine Workers of America as an organization, and at the same time force up the price of coal to the consumer.

Gymnasium to Open Monday.

The Y. M. C. A. gymnasium classes will resume the season's work next Monday afternoon at 4:30 o'clock with the junior class on the floor, when an outline of the winter's work will be presented.

The indications point to large and enthusiastic classes, as the general public are fast coming to realize the value of proper muscular exercise. The efforts that have been put forth during previous seasons have vielded flattering results, as all who attended the classes regularly were much benfitted both physically and mentally.

The work at the Y. M. C. A. wil necessarily be more or less handicapped in all its branches in the beginning of the season owing to the absence of a General Secretary, and this fact will necessitate a change of schednle and the discontinuance of several of the gymnasium classes, among which will be the afternoon men's and the ladies' classes. This condition will be relieved after November 1st, when Mr. C. H. Johnson will arrive and take charge of the Secretary's duties. Chapel in Residence.

Bishop James Henry Darlington, of the Episcopal diocese of Harrisburg, has taken up permanent residence in Williamsport. He has expended \$1000 in fitting up a large room on the first floor of his house as a chapel for public worship, and an invitation is extended to any who care to avail themselves to repair to this chapel at any time of the day for prayers.

There are an altar with brass altar rail, rich pews, cathedral stained glass windows and other churchly appoint ments. In this chapel, the Bishop, when home, will conduct a half-hour service each day at a fixed time.

In consideration of the fact that a chapel has thus been established in the house, the City Councils, at their meeting on Monday night, exonerated the bishop's residence from taxation.
