FORESTRY LAWS

The fire on Montour Ridge, which has prevailed during two days past, has suggested some facts relative to the Forestry Laws, which it would be well enough for everyone to know.

ICE FOR HEATING.

ONE OF THE ODDITIES OF OUR MODERN CIVILIZATION.

The use of ice for heating purposes is one of the oddities of our modern civilization. Often it happens that a train carrying fruit from the interior of the north meets a cold wave in the south.

H. Rice & Sons Make Purchase.

H. Rice & Sons, clothiers, completed a real estate deal Saturday that puts them in possession of one of the most valuable business blocks in Sunbury.

Pushing Work on Capitol.

With but six weeks remaining until the contract time for finishing the new Capitol is ended, Payne & Co. have the work well in hand and everything points to completion on time.

Physiognomy.

Dr. Barnardo, the great London child saver, was once discussing crime and criminals with a Scotchman. The Scotchman expressed his disbelief in the theories of heredity and criminal physiognomy.

A Quick Delivery Letter.

It is a curious fact that a century and a half ago a letter traveled much faster than ever it has done since.

DANVILLE WINS PRETTY GAME

In a fast and exciting game, played at the Armory Monday eve, the Montour Basketball Association five defeated the strong Monarchs of Wilkes-Barre, by the score of 57 to 22.

The game, notwithstanding the uneven score, was hotly contested from start to finish, and was one of the prettiest games that has been played in Danville this season.

The Wilkes-Barre boys, under the management of D. J. Morgan, were at some disadvantage, owing to the fact that they had been used to playing under other rules than were used at last night's game.

The local five put up a remarkably clean game, passing quickly and shooting accurately. Russell added to his already good reputation as a guard.

The line-up: Danville. Wilkes-Barre. Peters forward, Jones forward, Johnson forward, Cole center, Wood Seehler center, Francis guard, Gilmore guard, Harris guard, Russell guard.

No Spitting in Trolley Cars.

The Danville and Bloomsburg Street Railway Company will positively prohibit the practice of spitting on the floor of the cars, which at times in the past has proven a very great annoyance.

During the mid season open cars are run or windows are likely to be open, if closed cars are employed, so that the man with whom spitting is a fixed habit can find no excuse for soiling the floor.

The traveling public will applaud the company's efforts to break up a very disgusting practice. There is nothing more trying to a person of delicacy and refinement than to enter a car and find the floor of what is probably the only available seat soiled by an indulgence in spitting.

Aside from the mere motive of keeping the cars clean and presentable it is believed that nothing contributes so much to the spread of infectious diseases as the practice of spitting in public places, especially in closed cars.

H. Rice & Sons Make Purchase.

H. Rice & Sons, clothiers, completed a real estate deal Saturday that puts them in possession of one of the most valuable business blocks in Sunbury.

The property purchased is situated on the corner of Third and Market streets, where the firm now has a store. It extends sixty feet on Market street and 100 feet on Third street.

It is at present occupied by a two story building used as a store and a two story building brick dwelling house, but these will be torn down and a large four story steel frame building will be erected.

Two floors of this will be used as a clothing store and the other two floors will be fitted up as apartment flats. The property was purchased from W. H. Miller and the consideration was \$30,000.

FARMERS' INSTITUTE

Arrangements have been about completed by Hon. Charles A. Wagner, of Ottawa, chairman for the Annual Farmers' Institute, of Montour county, which will be held this year at Washingtonville and Oak Grove, January 16th, 17th and 18th.

The Institute will convene at Washingtonville, Tuesday, January 16th, at 1 o'clock. A session will also be held on the evening of the 16th. On Wednesday, January 17th, three interesting sessions of the Institute will be held.

On Thursday the Institute will convene at Oak Grove at 9 o'clock in the morning and three sessions will be held during the day. An excellent array of educators and speakers has been appointed by Deputy Secretary and Director of Institutes Martin.

Four of these men, all of them farmers themselves who have made the study of advanced farming their life work, will be present at all of the meetings. The state speakers who will attend the Institute are Professor Franklin Menzies, of York county; Hon. R. F. Swartz, of Montgomery county; Professor J. W. Dval, of the Department of Agriculture at Washington, D. C., and D. H. Watts, of Clearfield county.

It is intended by those who have charge of the arrangements of the program to have many pleasurable features introduced. Recitations, music, the question box, and opportunities for social intercourse have all been thoughtfully provided for.

FIRE SWEEPS OVER MONTOUR RIDGE

One of the most extensive mountain fires that has been seen here in some years occurred Sunday afternoon, burning over the south side of Montour Ridge and approaching within a short distance of town.

The fire broke out about 2 o'clock in the vicinity of the old mine drift, this side of the "dog road" about midway between the base and the summit of the ridge. The fire with the smoke arising at the very beginning was clearly discernible from the river bridge.

The thick cover of leaves on the ground and the prolonged dry weather made conditions favorable for a bad fire. It spread rapidly and by seven o'clock it had burned its way up to within a short distance of the Borough line.

In the darkness the fire presented a beautiful sight. The burned area was defined by an immense circle of flame, which extended from the top to the bottom of the mountain.

About this time the wind began to blow from the West pretty strongly and some spiculate was felt for the Holy Family convent, which is situated at the base of the mountain on the north side.

About this time the Constable of Mahoning township as ex officio Fire Warden, with a force of men, came down Bloom road and passed on down the river to fight the fire. Their efforts were successful and no serious results ensued.

Judging from where the fire was first seen there would seem to be no doubt but that the woods were set on fire. Those guilty of the act may not know the position they are in.

The law provides that any person who shall wantonly and wilfully kindle fires on lands of another so as to set on fire any woodlands, may on conviction be sentenced to a fine of \$300 and an imprisonment of twelve months.

Any person refusing without reasonable cause to assist in extinguishing forest fires when called upon by a fire warden may be fined \$20 or imprisoned thirty days or both.

Fire wardens receive 25 cents per hour as compensation; those assisting, 20 cents per hour. One-half of this expense is borne by the county, one-half by the State.

Do not be deceived by counterfeits when you buy Witch Hazel Salve. The name of E. C. DeWitt & Co. is on every box of the genuine. Piles in their worst form will soon pass away if you will apply DeWitt's Witch Hazel Salve night and morning.

FOUR ENGINES IN WRECK.

Failure to obey orders, it is said, was the cause of a costly wreck on the Lewistown division of the Pennsylvania railroad on Sunday. The accident happened at Pawling, a flag station, near Selinsgrove.

An east bound freight with two engines led a siding, according to reports, against orders and crashed into another double leader going in the opposite direction, causing one of the worst smash-ups the division has seen in years.

The trainmen jumped in time to save their lives and were not injured to any extent. Brakeman Dilley was the worst hurt, sustaining a badly bruised and twisted leg.

Wreckage covered the track and delayed traffic nearly all day. The Sunbury wrecking crew cleared up the debris and opened the road just before dark.

Freight traffic on the Lewistown division is the heaviest it has been for years and as no passenger trains are run on Sunday the officials take advantage of the opportunity to clear the tracks. Sunday's wreck, besides being costly, served to make the congested condition worse.

NATURE NEEDS BUT LITTLE.

Nature needs only a Little Early Riser now and then to keep the bowels clean, the liver active, and the system free from bile, headaches, constipation, etc. The famous little pills "Little Early Risers" are pleasant in effect and perfect in action.

ONE DOLLAR FOR EVERY SIX WORDS HE WROTE.

Think of getting a dollar bill every time you wrote six words! And yet this is exactly what Conan Doyle knew the world over by his "Sherlock Holmes" and "White Company" stories, has just been paid for his latest and (what he himself says) his masterpiece. This new \$25,000 story, a companion to his "White Company," is called "The Philadelpha Sunday Press" and may expect the greatest test of his lives, on Sunday, December 3, in which issue this thrilling new romance begins exclusively. Don't fail to get "The Sunday Press" that Sunday and enjoy Sunday so long as this great story continues.

MUSICALE WAS DECIDED SUCCESS

The musicale given on Saturday evening in the Pine Street Lutheran church under the auspices of Mrs. Alice Brooks' Sunday school class proved to be one of the leading musical events of the season.

On account of the length of the program it was intended not to respond to encores, but this idea had to be abandoned and the Ladies' Mandolin Club, Master Harry Latimer, cornet soloist, and Mr. John Brooks, pianist, of Bloomsburg, were compelled to respond to encores, which they did in pleasing style.

This occasion demonstrated to the audience that Danville possesses musical talent equal to the larger cities. All the participants are to be congratulated on the manner in which they acquitted themselves, especially the little children, Miss Mary Paines and Katherine Hoffman, who rendered solos which would have done credit to experienced singers, and which delighted their hearers.

The Ladies' Mandolin Club is destined to become a prominent feature in musical circles of the city and their playing on Saturday evening was thoroughly enjoyed.

Mr. Brooks, of Bloomsburg, who so kindly assisted on the occasion, is a pianist whose equal has not appeared in Danville recently and his wonderful execution simply captivated the audience. It is hoped that our music loving people will soon have another opportunity to hear this gifted pianist. The musicale proved a decided success along all lines.

A DISASTROUS CALAMITY.

It is a disastrous calamity, when you lose your health, because a indigestion and constipation have sapped it away. Prompt relief can be had in Dr. King's New Life Pills. They build up your digestive organs, and cure headache, dizziness, colic, constipation, etc. Guaranteed at Paules & Co's drug store; 25c.

WOODS TOO DRY FOR HUNTERS.

The hunting season up to the present time has not been very successful, and unless rain or snow falls within a day or so the hunters will be obliged to return empty handed.

The absence of snow, and the very short open season, the hunters who have returned say, will doubtless result in the saving of a big majority of the deer that are in the woods, this meaning that with a continuation of the present law giving but fifteen days open season, this game is bound to increase very materially.

The absence of snow, and the very short open season, the hunters who have returned say, will doubtless result in the saving of a big majority of the deer that are in the woods, this meaning that with a continuation of the present law giving but fifteen days open season, this game is bound to increase very materially.

EVERY OUNCE YOU EAT.

Every ounce of food you eat that fails to digest does a pound of harm. It turns the entire meal into poison. This not only deprives the blood of the necessary tissue-building material, but it poisons it. Kodol Dyspepsia Cure is a perfect digestant. It digests the food regardless of the condition of the stomach. It allows that organ to rest and get strong again. Relieves Belching, Heart Burn, Sour Stomach, Indigestion, Palpitation of the Heart, etc. Sold by Paules & Co.

HUNTER FLAKES CONFESSION.

Haunted by remorse for about three weeks Howard F. Adams, a farmer boy of Lewistown, Sunday confessed to Deputy Coroner Dr. George Little that he accidentally shot and killed William E. Shock, 21 years old, also of Lewistown, while hunting in West Penn township.

Shock went gunning with two brothers. At about noon he became separated from them and the first intimation that harm had befallen him was when young Adams informed them that a man had been accidentally shot and was lying dead in the woods a short distance away.

Adams told them that he had been hunting close by and that he had heard the report of the gun and a cry and hurrying to the spot found Shock breathing his last. He said that it was his belief that Shock's gun had caught on the low limb of a tree near where the body lay, had fallen to the ground and been discharged.

In his confession Adams says that he fired at a rabbit, killing Shock. The family of the dead man will not prosecute Adams and neither will the District Attorney.

BUT FEW ARE FREE.

But few people are entirely free from indigestion at this season of the year. Kodol Dyspepsia Cure is not only the best remedy you can use because it digests what you eat but because it also assimilates the digestive apparatus to assimilate and transform all foods into tissue-building blood. Kodol relieves sour stomach, heart burn, belching, and all forms of indigestion. Sold by Paules & Co.

THANK THE LORD!

cried Hannah Palf of Little Rock, Ark. "For the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns, and wounds, guaranteed at Paules & Co's drug store; 25c.

WILL REPAIR STATE HIGHWAY

A. K. Freeman, of Cory, arrived in this city Saturday evening to superintend the completion of the State Highway between the Borough and the Valley township line on the Maudsall road.

This road, already an excellent highway, needs some additional touches to bring it fully up to the plans and specifications. The road was damaged considerably while in process of building by the constant traffic to which it was exposed, heavily loaded wagons ploughing through and cutting up the macadam before the road was in condition to withstand such pressure.

Mr. Freeman is at the City Hotel. He is no stranger in Danville, having spent several weeks here in the summer of 1904, while overseeing work on the State Highway.

During the summer he has been in Lancaster county where the Maryland Construction Company were building a State Highway.

UNQUESTIONABLY ABOVE REPROACH.

Most wines upon the market are adulterated, sugared, water or cooked. Speer's Wines are endorsed by the leading Surgeons and Hospital nurses as pure, an adulteration whatsoever. Wonderful for the aged, it prolongs their life.

DEATH OF JOHN HENNING.

John Henning, a well known resident of the Fourth Ward, departed this life at 3 o'clock Saturday afternoon, following a brief illness.

Had the deceased survived until the 9th of next month he would have been fifty years of age. He was a native of Danville and with the exception of a few years spent in the coal region he always lived here. In early life he was a miner and was employed in the ore mines at this place and the coal mines at Mt. Carmel. In later years he was an iron worker.

While working under ground he developed a bronchial trouble caused by mine smoke. About three months ago he contracted a heavy cold which aggravated the trouble very much. His condition was not considered critical, however, until a few days ago when pneumonia set in.

The deceased was a member of the Trinity M. E. Church. He belonged to Montour Lodge, No. 109, I. O. O. F., and to Washington Camp, No. 116, P. O. S. of A. He is survived by his wife and one son, John Henning.

MAN'S UNREASONABLENESS.

It is often as great as woman's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife, for "female trouble," "instead," he says, "I was concluded to try Electric Bitters. My wife was then so sick, she could hardly leave her bed, and five physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by Paules & Co., druggists, price 50c.

NINE KILLED IN EXPLOSION.

Nine men were killed and another fatally hurt in an explosion in the mixing room of the Keystone Powder company's plant, a mile from Emporium, at 10 o'clock Monday morning.

These are the dead: James Joyce, James Campbell, John Butler, John Hamilton, Thomas Welch, William Murphy, Frank Harrington, John Boise and William Sprague.

Joseph Greney, who is believed to be fatally burned, was taken to the Williamsport hospital. Five of the dead men were married. The explosion occurred in the mixing room, and beside killing the workmen wrecked the main part of the plant.

A LIQUID COLD CURE.

A Cough Syrup which drives a cold out of the system by acting as a cathartic on the bowels is offered in Kennedy's Laxative Honey and Tar. Clears the throat, strengthens the lungs and bronchial tubes. The mother's friend and the children's favorite. Best for Croup, Whooping-Cough, etc. A liquid cold cure and the only Cough Syrup which moves the bowels and works all out of the system. Sold by Paules & Co.

AFTER FISH PIRATES.

The State Fish Commission is taking notice of the fish pirates along the Susquehanna river, and Fish Wardens Creswell, Nesley and Kuhl have just completed a tour of the Susquehanna, during which they scoured the river on the Cumberland, York, Dauphin, Perry and Lancaster sides, destroyed fish baskets, tore out illegal devices and gave the pirates to understand that their work must stop now.

They secured evidence to arrest twenty-five men who were accused of illegal fishing and Alderman Spruier, of Lancaster, held twenty of them. Among the men arrested were the half dozen who last spring marooned Warden Criswell on an island in the Susquehanna river near Columbia by stealing his boat when he was watching for men engaged in illegal fishing. The work of the wardens was not accomplished very easily and on a number of occasions they met with unfriendly treatment.

THANK THE LORD!

cried Hannah Palf of Little Rock, Ark. "For the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns, and wounds, guaranteed at Paules & Co's drug store; 25c.

SETTLEMENT OF JEWS IN THE UNITED STATES

The B'nai Zion congregation Friday night celebrated the 25th anniversary of the settlement of the Jews in America in a manner that did ample honor to the event.

The cozy synagogue was literally packed, the full membership of the congregation taking in Jewish residents of Bloomsburg, Berwick, as well as of Danville being present on the occasion along with a large number of our townspeople who are members of the Christian church.

The regular Sabbath evening services were conducted by Rabbi Joseph Zeisler, aided by the Temple choir as far as the adoration.

Rev. M. L. Shindel, D. D., pastor of the Pine Street Lutheran church, offered a fervent and a very appropriate prayer, which was preceded and followed with singing by the Keystone Double Male Quartette.

Rabbi Zeisler gave a historical outline of the Jewish emigration to the United States and the present activity of the Jews. It was a most excellent address. The Rabbi is a ready and a forceful speaker and presented an array of interesting facts new to many people.

The Jew, he said, is no interloper or late comer, as many suppose. At least five persons who were Jews accompanied Columbus on his voyage of discovery.

It was a coincidence, he said, that during the year in which Columbus set sail for the new world the decree was issued banishing the Jews from the kingdom of Spain. The Jews, 300,000, in number, were thus obliged to turn their faces toward strange lands.

Very eloquently the Rabbi followed the footsteps of his race who emigrated to the American colonies. Those who emigrated to New Amsterdam in 1655 were made up principally of Spanish and Portuguese Jews. To these tolerance and freedom was denied even in the new world and the speaker with great feeling recounted their trials and persecutions.

In Rhode Island under Roger Williams and in Pennsylvania under the Penns, they were accorded the full degree of citizenship. In Rhode Island they brought over with them the degrees of Freemasonry. They came to Pennsylvania about 1655. These were German Jews. They did not settle in Philadelphia, but in the smaller towns throughout the State.

This brought the narrative up to the first settlement of the Jews in Danville, which occurred in 1840, the first to arrive being Louis Long and Jacob Loeb, prominent men. These were shortly followed by others, among whom were Simon Ellenbogen, Henry L. Gross, Moses Bernheimer, Moses Bloch, and many others whose names are familiar to the Jewish people.

Mrs. James Scarlat rendered a solo. Then followed the address of the evening by James Scarlat, Esq. Mr. Scarlat's address ranked with the best and most eloquent efforts of his life. The vast array of facts presented, each fortified by history, burst upon many people with all the force and effect of a revelation.

Following is a synopsis of the address: I come to pay tribute to the living and dead of the most marvelous people the world has known. Of all the stories of the sons of men, there is none so wild, none so wonderful, none so replete with suffering and honor, none so abundant in special providences, so overflowing with romance as the history of the Jew.

Egyptian, and Assyrian, Roman and Scandinavian, Turk and Russian, Priest and King, Crusader and Inquisitor
