LOCAL DEALERS WELL SUPPLIED

The flat refusal of the coal operators to concede any of the points demanded by the miners has created a general belief in Danville that in the anthracite region, at least, there will be a strike-one probably that will prove a long and bitter contest. Dealers and consumers alike with the experiences of the last strike fresh on their minds are embracing every opportunity to take time by the forelock and prevent embarrassment by laying in a supply of coal.

In view of the unsettled state of afselves to "cough." fairs between the coal operators and the miners, in order that they might be on the safe side the local dealers for weeks past have been purchasing coal in Trenton today on the question of
