WILL HAVE COUNT-ER PROPOSITION

Miners Were Busy Vesterday Preparing It for Today's Conference-Contentions.

NEW YORK, April 11.-The counter-propostion of the operators that the anthracite strike commission consider only two of the miners' demands, namely, rates of wages and an adjustment of complaints by the board of conciliation will be rejected by the mine workers in its present form. The Henrie. It was known that he enlistable to the miners. The miners' scale trace of him has been lost. committee met today at the Ashland house to consider this latest reply of member Murdock when he lived in the operators to the demand for arbi- Danville These men are able to settration and it was indicated that a tle the question as to his first name, counter-proposition will be drafted which was "Miles." Murdock was a which will be presented to the operators at the joint meeting tomorrow.

MINERS WANT SPALDING. The operators say today that the situation is with Mitchell and his men, and upon them depends whether or not there shall be peace in the hard coal industry. The miners point out that the operators, by astute wording that the anthracite commission be required to arbitrate the situation, have lost to the miners one member of the commission, who was a great friend of the mine workers, Bishop Spalding, of Peoria. The bishop has recently suffered severe attacks of paralysis, and is consequently unable to serve. The operators in the counter-proposition

"The members of the anthracite strike commission, or such of them as may be able and willing to act, shall be requested to decide, etc."

This clause prevents anyone from serving in Bishop Spalding's place and as the bishop was appointed on the commission by President Roosevelt at Mitchell's request, they think it only fair that the president be asked to appoint someone in his place. This request will doubtless be incorporated in the miners' counter-proposition. THINGS MINERS WILL REJECT.

The elimination of the miners' de mands to only the question of wages the board of conciliation will be flatly rejected by the miners. The mine that of 1905. workers contend that the question of the eight-hour day is one of great importance to the worker, and the scale committee will insist that this question be submitted to the commission for arbitration. The mine workers are of the opinion that there must be some modification on the proposition of the operators that the question of reduction of wages should be arbitrated as well as the question of an increase. How far the miners will carry their objection to this position of the operators that questions of reductions, as well as increases be arbitrated, is not

Hudson company, has stated that he is and scores who had never heard of it prepared to show that the coal industry is in such shape that the price of fuel should be reduced, and that there should be a decrease in wages.

HANDSOME GIFT

Farewell Gathering for Rev. and Mrs. S. B. Evans-Presented with Cut Glass Set.

A very pleasant gathering of the members of St. Paul's M. E. congregation took place Tuesday evening at the home of Rev. and Mrs. S. B. Evans, on West Market street, the occasion being in the nature of an informal farewell to the retiring pastor of St. Paul's and his wife.

Appropriate to the event and that Mr. and Mrs. Evans might have something to recall at times their Danville friends to their minds, the members had banded together and secured a farewell gift to be presented on this

The gift was a handsome cut glass water pitcher with six tumblers all on a silver tray. O. R. Schilling, who has been prominently identified with church work at St. Paul's during Mr. Evans' pastorate, made the present-

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath general debility, sour risings, and catarrh f the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonto and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing. purifying, sweetening and strengthening the mucous membranes lining the stomach. Mr. S. S. Ball, of Ravenswood, W. Va., says:— I was troubled with sour stomach for twenty years. Codol cured use and we are now using it in milk

Kodol Digests What You Eat. Bottles only. \$1.00 Size holding 2½ times the trial size, which sells for 50 cents.

The Trout Season.

With the opening of the trout season next Monday the fishermen of this section are getting their paraphernalia ready bent on enticing the wily trout. The dealers in fishermen's supplies have been busy supplying tackle and the disease and giving the patient strength the other necessaries and the next few days will find the wide-awake angler ready for his first "cast."

"Money is the root of all evil." Which probably accounts for much of it being so dirty.

GOOD OUTLOOK FOR WHEAT. The Government report concerning the growing wheat shows a slightly lower average April condition than that of a year ago. At that time the official estimate of the condition percentage was 91.6, and that made pubofficial estimate of the condition perlic yesterday was 89.1. A few states like Kansas, and some of smaller proluctive capacity, show an appreciable shrinkage, which brings the general

year, although the condition of the

erop in some states is higher than it was then. The slight comparative deterioration, however, does not indicate an promise without material reduction in rabbits -the child's Easter animal.

BUSINESS AND RELIGION.

Business principles applied to religon are as successful as sound religious orinciples applied to honest business. In Knoxville, Tennessee, the pastor of the First Cumberland Presbyterian church, at his wits' end to check a Bible school, recently inserted a page advertisement in a Sunday morning paper inviting young men to come to his meetings. The effect was instantaneous. As a result of one insertion of the advertisement the membership David Wilcox, of the Delaware and of the Bible class increased one-third, employed in the construction of 300 of this early use is shown very clearly church officials say that one hundred to the point of operation. dollars-the cost of the advertisement -was never spent more advantageous ly for the cause of religion.

Largest Elephant and a Turtle Traffic on S. H. & W. Division of Penn sy Tied up by a Rear End Cel-

lision Above Nescopeck. The noon Pennsylvania passenger times reported as being those of giant train from Wilkes-Barre arrived an himself. He may have wondered why human beings. This was especially hour late owing to a wreck at Retreat siding, just above Nescopeck, which peal to his mercy, or he may have meneleleventh centuries, and in the latter a occurred at 8:30 o'clock vesterday

The passenger train leaving South Danville for Wilkes-Barre at 7:11 ran into the rear end of a freight train at the Nescopeck siding through some misunderstanding of signals. The engine of the passenger and the caome more menacing. By and by Lung phant. As late as the fifteenth century boose of the freight train were both a war of words was waged over a find badly smashed up, both crews as well "I the you up again and go away." of large bones, one party claiming that as the passengers on the train all escaped uninjured. Some of the freight rew were in the caboose as the pass enger approached, and seeing that a collision was imminent they jumped to safety, just in time to be saved

The wrecking car was soon on the cene, and after two hours' labor the track was cleared, but it was several nours more before traffic could be re-

Dance on Easter Monday.

The annual Easter Monday dance vill take place this year as usual at the armory. Music by a seven-piece orchestra

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, dis-courages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kid-neys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born

afflicted with weak kid

neys. If the child uring ates too often, if the rine scalds the flesh or if, when the child eaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as

most people suppose.

Women as well as men are made miserable with kidney and bladder trouble. and both need the same great remedy. he mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail
