CONDENSED NEWS.

Light up the fires.
"Back to the Mines!"
Looks like a May cold wave.
Not such like May weather, this.
The picnic season comes on apace.
Has the winter's debris disappeared from your back yard?
Blossoms and first could not be reconciled at this stage.
Real wisdom seldom diffuses itself by brass band methods.
It is hoped May frosts will have respect for the peach growers.
Cultivate the flowers for the use of the old soldiers on Memorial day.
Reading real estate values have increased a million and a half in one year.
The government has spent \$23,000 in trying to oust Senator Smoot from a \$5,000 job.
The determination of the miners to resume work means much for all lines of industry.
The pupils of the public schools are looking ahead with expectancy to the coming vacation.
There might be a decrease in the canine population without any lasting loss to the community.
A number of Danville people are arranging to take in Wilkes-Barre's Old Home Week celebration.
With a rifle Samuel Entrioken, of Westtown, Chester county, killed 46 rats, fring but 45 shots.
The earthquake may shake San Francisco, but the people of this country are showing that they never will.
Six of the Shenandoah school directors who have been serving terms of one year for accepting bribes from the teachers, have been released from prison.
Nearly a million volumes, including complete Bibles, testaments, Biblical guides and other religious publications were sold or distributed by the Pennsylvania Bible society during the past year.
Sunbury is planning to have a big celebration on July 4th in honor of the arrival of a new trolley car for the Sunbury and Northumberland road.—Milton Standard.
Texas is getting jealous of Italy and California. Isn't she bigger than either of them? Look out for something big and up-to-date in the way of casualties down there.
The Shamokin borough authorities have decided to arrest the entire crews of Pennsylvania railroad trains for blocking crossings with cars there more than a half hour at a time.
The British are profuse in their admiration of the way the American soldiers took hold of the situation in San Francisco, and the able manner in which they handled it.
The Women's Baptist Missionary society, of Pennsylvania, has just been holding its twentieth annual session at Norristown. It rejoices that it has raised \$20,000 for missions this year, the largest sum ever raised in a year.
Four postal clerks were killed in the Clover Creek Junction collision last Friday. It is about time Uncle Sam puts a stop to such slaughter, by making the use of steel postal cars general and compulsory.
Dr. Charles A. Eastman has been commissioned by the United States government to renounce each individual in the Sioux nation. He is himself a full-blooded Sioux. He hopes to accomplish his task in two years.
Mayor McCaskey, of Lancaster, has introduced the practice of compelling boys brought before him for trivial offenses to read extracts from the Bible, after which he reprimands them. He thinks it will do them good.
Pursuant to orders from the department commander of the G. A. R., Lincoln post, of Shamokin, has appointed Wesley VanGaskin, orator to visit the public schools and make addresses in the interests of Memorial day.
A gratifying report comes from San Francisco to the effect that the steamship wharves of that city are intact and also the railroads leading to them. This assures that the city is not likely to lose the commerce which has been coming to it, and for which rivals are said to be reaching out.
From Sumatra, the Rhenish missionary society reports a year of harvest such as it has never before seen. The number of pagans baptized during the year was 4,712, besides 126 Mohammedans. The total number of Christians is now 61,764. In 367 schools 14,819 boys and girls are under instruction.
The idea of Gov. Johnson, of Minnesota, that no man is worth more than \$10,000 a year gets a rude shock in the refusal by the New York Base Ball Club of \$75,000 for their crack player, Matthewson of the "Giants". This makes the \$10,000 heantes of the old days seem rather cheap, and is a price on a level with the insurance officers.

ESTABLISHED IN 1855

LETTER FROM SAN FRANCISCO

Miss Frances Keilman, Mrs Bausch's Niece, Tells of Experiences.

Miss Lorene Phillips yesterday received a letter from Miss Frances Keilman, the niece of Mrs. Bausch, in which the young lady talks most interestingly of the harrowing experiences they all underwent during the past few weeks. The Bausch family, she says, are all safe.
Miss Keilman tells graphically of the privations they have suffered in San Francisco. She says their house at 234 Sutter street, is not greatly damaged, although the walls are cracked. The house next to the Bausch's toppled over and the occupants were rescued by chopping them out of the rooms.
Miss Keilman says that after the earthquake and when the fire was burning toward their home the Bauschs took their furniture upon the hills and camped there for a couple of days until the danger was past. They are now back in their home but are housekeeping under great difficulties. They do not suffer from drought or famine, as food is supplied to them when they go to the supply points and stand in line. They have to cook over fires in the street as they are not allowed to light fires in the houses. They are allowed to have a candle lighted until 11 o'clock at night.

Grant Herring Will Speak.

Hon. Grant Herring will deliver the address in this city on Decoration day and Rev. L. D. Ulrich will preach the memorial sermon on the Sunday preceding.

Beyond these two addresses no definite arrangements have been made for Memorial day by Goodrich post, No. 22, G. A. R. The members of the memorial committee, whose duties among other things will be to decorate the soldiers' graves, have not as yet all been appointed. Jacob C. Miller, chairman, yesterday stated that following the custom of other places, this year, in all probability some of the Sons of Veterans will be given a place on the memorial committee. Before many years the work of decorating the graves and observing Memorial day will devolve wholly on the Sons of Veterans and for the purpose of giving them practical lessons in the conduct of affairs and methods of decorating the graves it has been thought advisable each year from now on to appoint on the memorial committee, with the members of the post, a corresponding number of the Sons of Veterans.
Every effort will be made in the several weeks intervening to secure all the customary features for Memorial day. There will be the usual march to the cemetery led by a band or other suitable music. Besides the veterans, the Sons of Veterans and the woman's relief corps the usual contingent of school children bearing flags and flowers will be in line.
The news that Hon. Grant Herring has consented to be the speaker of the day will be received with great pleasure by the members of the post and the large concourse of other citizens who annually take in the Memorial day address. Mr. Herring has the reputation of being an able and patriotic orator and he will no doubt do full justice to the occasion. The memorial address as usual will be delivered at the cemetery during the afternoon.

The memorial sermon will be delivered by Rev. L. D. Ulrich at 10:30 o'clock Sunday, May 27th. Along with the members of Goodrich post, the Sons of Veterans and the woman's relief corps will be present by special invitation.
Death of Mrs. Jacob Maier.
Mrs. Helen Maier, departed this life at 2:30 o'clock Sunday afternoon at the home of her daughter, Mrs. Louisa Bloch, No. 16 West Mahoning street. The deceased was the widow of the Jacob Maier, who departed this life some four years ago.
Mrs. Maier was in poor health for a number of years. Lately she suffered a great deal, but her end was peaceful and without pain. She simply fell into a sleep, when the heart ceased and there was no awakening.
The deceased was 73 years of age. She was one of the most widely known of our Jewish residents and was very highly esteemed. She was a native of Baden, Germany. She came to America in early life, settling in Danville, where her subsequent years were spent.
The deceased is survived by four sons and four daughters: Israel, Elias, Eleaser and Joseph, Mrs. Julius Heim, Mrs. Lewis Bloch, Mrs. J. E. Ackerman and Mrs. W. E. Wolf.

Rev. Rue's Condition.
R. E. Kift returned to Sunbury from Waynesboro yesterday morning having been summoned there owing to the critical condition of Rev. Rue. Mr. Kift said the latest report concerning Rev. Rue's condition is that he is unconscious and cannot recover. He is suffering from a breaking of veins in the brain.
"Pythian History."
Beaver lodge, No. 132, Knights of Pythias, has presented to the Thomas Beaver Free Library a copy of the "Pythian History."

FUNERAL OF COLONEL ECKMAN

All that was mortal of Colonel C. W. Eckman was consigned to the grave in Old Fellows' cemetery on Saturday.

Nearly two car loads of people took the 10:17 train at South Danville and at Roaring creek proceeded in a body from the station to the beautiful home of the deceased.
Before the services began the remains were viewed by nearly everyone present. All were impressed with the natural and almost life-like appearance of the deceased. The body reposed in a beautiful casket, on the foot of which along with a large flag gracefully folded lay the beautiful sword—the gift of his soldiers—with its blade of inlaid Damascus steel, its handle studded with jewels and its scabbard of silver mounted in gold.
The services were conducted by Rev. Edward Haughton, rector of Christ Episcopal church of this city. He paid a most beautiful tribute to the memory of the deceased. He had indeed a kindly, sympathetic audience and when in succession he took up the ailing traits of Colonel Eckman's character and showed that in all the relations of life he was actuated by pure principles and a kind regard for others, those who had known the deceased so long and so well deep in their hearts registered a silent amen. In these days when so many men go wrong—when those in public office prove false to the trust reposed in them, when greed and avarice stalk abroad and a disgrace has fallen on the American home—in these days, the speaker declared, such lives as Colonel Eckman's are needed as an example to show how men can be true to their country and make great sacrifices for it—how they can always be influenced by what is good and beautiful—how they can be loyal to the heart, to the home and to those who love and depend upon them.
While Mr. Haughton was speaking the robes were singing cheerily among the trees and shrubbery and the mild spring atmosphere was redolent with the odors of blossoms and flowers. All nature seemed to be in harmony with the eulogy being pronounced and the tender recollections of the deceased that lingered in every heart. Somehow one could not but reflect that to die as Colonel Eckman had, beloved by his fellow men, was to win the approval of heaven and thus death seemed to be robbed of its worst terrors.
Shortly after 11:30 the casket literally covered with floral offerings, was borne out to the road and placed in the hearse. The active pall bearers were: James Scarlet, Esq., C. P. Hancock, M. H. Schram, A. H. Woolley, W. G. Kramer and J. C. Peifer. The honorary pall bearers, chosen, represented Goodrich Post No. 22, G. A. R., and including Judge No. 516, P. & A. M., both of which the deceased had for many years been a member. The veterans representing Goodrich Post were: J. H. Hunt, Samuel Mills, William Treas, Augustus Woods and D. D. Williams; the lodge members were: George Maier, W. L. Sidler, John E. Roberts and E. S. Miller.
The remains, followed by the funeral party on foot, were taken to the Roaring creek station, the funeral proceeding by the 12 o'clock passenger train to this city.
At South Danville the train was met by another hearse and a number of cabs and the journey was completed to Old Fellows' cemetery. Awaiting the train at South Danville was a delegation of Company F, uniformed, some twenty-five in number, who joined the cortege. At the cemetery neither the Masonic nor the G. A. R. burial rite was observed, the body being consigned to the grave with the impressive service of the Episcopal church.
The following persons from out of town attended the funeral: Mr. and Mrs. George Darby and Harry Hench of Harrisburg; former Judge William M. Rockafeller, of Sunbury; Gail Hanley, of Shamokin; Emery, Frank and James Eckman and Mrs. Oscar Heller, of Klinesgrove; Dr. Marion Vastine and William Rishel, of Catawissa; William Stiefnagle, of Berwick, and Lewis Rodenhoffer, of Buffalo, N. Y.

COUNCIL AUTHORIZES SEWER EXTENSION

The borough council Friday had its hands pretty full in disposing of matters pertaining to sewer extensions. It grappled with the subject in an earnest, business-like way and revealed by its action that it is favorable to a steady extension of the system to take in the greater part of the borough.
A petition was received from the Thomas Beaver Free Library and the Young Men's Christian Association asking that the sewer system of the borough be extended so as to enable both above named institutions to take advantage of the same. James Scarlet, Esq., was present in the interest of the petition, explaining the defect in the drainage at the library building and the urgent need of relief.
Mr. Sweisfort moved that the borough sewer be extended down Ferry street and connected with the sewer on Front street, the Y. M. C. A. and the library to pay for the cost of joining the sewer, but to be exempt from the usual fee for connecting as well as the annual rental. The motion carried unanimously.
Dr. Sweisfort, of the sewer committee, made report on an application for sewer extension on Walnut and Lower Mulberry streets, which was referred to the committee at the previous meeting. He reported in favor of extending the sewer from Church street out both Walnut street and Lower Mulberry street, as far as wanted. Superintendent Keefe took exception to the report and at his advice it was ordered that the sewer be extended from Church street out Lower Mulberry street to the first alley leading northward, which it follows as far as the road of Lewis Byerly's property.
On motion a uniform sewer rate of one dollar per year was fixed for cellar drainage in the borough with \$ for connecting.
Borough Electrician Jones presented his report for the month of April: Number of lights reported out—incandescents, 3; ar lights, 2.
The plant ran 255 hours, 45 minutes. Cost of running, \$243.92.
A number of residents and taxpayers living in Gulick's addition, second ward, presented a petition asking that they be given the benefits and conveniences of borough light and water. The following are the signers: Henry Trutt, Pierce Brill, R. H. Morris, H. E. Morgan, Eugene H. Moyer, Archie Earp, M. E. Eyer, Howard J. Ward, John Barry, Thomas Crumb, John Carr, Jr., C. N. Childs, Thomas John, Margaret Crumb, Mrs. Louisa Crumb, Emmanuel Dimmick, Mrs. Mary J. Gulick. Howard Ward appeared before council in the interest of the petition, explaining that a large number of the residents would be water takers. On motion the petition was referred to the committee on water and light.
On motion the Standard Electric Light company was ordered to number its poles as previously directed by council.
On motion it was decided to advertise the canal bridge at Wall street for sale with a view to removing it. It was also ordered that disused boilers be placed on scrap rates, be laid in the canal which an embankment be constructed of concrete and ashes that accumulate at the works of Curry & Co., and other firms.
On motion of Mr. Russell it was ordered that the water commissioners be given permission to construct a retaining wall at the water works.
Mr. Vastine stated that additional light would be installed on West Mahoning street and Railroad street as soon as the residents comply with council's request and trim the trees on the street so as to admit of the free passage of light.
Borough Treasurer Ellenbogen presented a report of finances to date which showed a total cash balance on hand of \$7556.36.
The following members were present: Vastine, Boyer, Sweisfort, Dietz, Bussa, Finnigan, Jacobs, Eisenhart, Redden and Angle. Chairman Gibson being absent Amos Vastine was chosen president pro tem.

IRON MOLDERS' ANNUAL OUTING.

The Iron Molders' Union No. 124, is preparing for a monster picnic which will be held at DeWitt's Park on Saturday, June 16th. So far as known it will be the first big picnic of the season.
A program of sports will be arranged yet during the present week. The picnic will be the usual all day affair and will include a game of base ball between the strong Springfield team and a picket team of Danville. There will be good music and dancing during the day and evening.
A fancy rocking chair will be given away on the occasion. The chair has already been selected and may be seen in the window of Foster Bros' store, Mill street.

Five Years and \$500.

Patricio Ullano, better known as "Patsy Patsy", was sentenced by Judge Evans at Bloomsburg, yesterday, to 5 years at hard labor in the eastern penitentiary and to pay a fine of \$500, after having been found guilty of severely cutting another dog on the head at Centralia several weeks ago.

FEAR FOR EARLY SPRING CROPS

Tenderer Sorts of Vegetables Injured By Unseasonable Weather.

AND MUCH DAMAGE MAY RESULT

Farmers from all over the county say that they fear that the continuance of the cold snap will seriously injure the early spring vegetable crop.
The predicted frost failed to materialize because of the high wind but on Tuesday and yesterday the mercury dropped to 43 degrees in the farming sections of the county.
The cold wave is unusual for this time of the year and has already injured the spring tomato crop, which showed unusual prospects last week, a decided setback. These plants are very sensitive to weather conditions and according to a farmer who attends the local markets great concern is being felt for their condition as their growth has been practically stopped.
Another vegetable that is being injured by the chilly weather is the string bean, of which there are thousands of rows planted in this county every spring to supply the local demand. These bean plants do not stop growing when cold weather prevails but the bean itself becomes as the farmers term it, "rusty." Redbeets, lettuce and many spring vegetables have suffered.
In contrast to the more delicate plants there are others that are thriving, especially the onion, hundreds of bunches of which are sold at from five to ten cents per bunch.
Strawberries, potatoes and all of the hardier members of the vegetable class, are all in good condition and no harm is expected to come to them.
The cold has caused no damage to the orchards and peach, apple and pear trees are in full bloom. The only cause of alarm that the farmers manifest in the care of the trees is that the many recent rains may wash pollen from the blossoms, which would cause them to lose their fruitbearing qualities.
The farmers say that this year's conditions do not compare favorably with last spring's prospects for a successful season.

Experts at High Work.

E. Kinn Sunday wound up the contract for painting the smoke stacks of the Reading Iron company. Of these, taking in the Danville rolling mill, there are sixteen.
Stack painting, in common with all "high work", is looked upon by a good deal of interest by most people who prefer to keep near sea level and can't understand what gives men dizzy heights. Mr. Kinn, who is painting the stacks, is a Danville man, although as a bridge builder he has been away from town for long intervals. He is an expert in "high work" and has been in the employ of nearly all the leading bridge building firms in the country. He worked here during the construction of our river bridge and was at the highest points while the iron work was being placed in position.
From bridge building to stack painting is an easy step. The highest of the stacks at the Danville rolling mill, where the finishing touches were applied Sunday, are about sixty-five feet high. Mr. Kinn was assisted yesterday by a French sailor, named Peter Neumann, who exhibited a good deal of dexterity while dangling in mid air sixty feet or more above the ground. The usual methods were employed. A large iron hook, by dint of a good deal of hard work and ingenuity, was forced up along side of the stack and hooked over the top. Suspended from this was a swinging seat, upon which the painter was seated. Beginning with the top of the stack, by means of a rope and tackle, the painter lowered himself as his work progressed.

Will Attend Convention.

At a special meeting of the Friend ship fire company held Monday eve. it was decided to attend the 4-county firemen's convention at Bloomsburg on June 13th, in a body and to engage the Mechanicians band to furnish music for the company on the occasion.
The convention includes Schuylkill, Luzerne, Lackawanna and Columbia counties, and the Friendship company from this city is going to attend in response to a special invitation from the convention committee.
It was also decided last evening that any of the members of the company who desired should attend in uniform and in a body the festival at Bloomsburg Saturday evening, which is to be held for the benefit of the convention fund.

Elder Stevens Ill.

On account of the illness of Presiding Elder G. W. Stevens, of the Harrisburg district, Methodist Episcopal church, he will be unable to cover his duties this week, and has appointed there will be 100,000,000 negroes in this country may have been determined to make the future look as black as possible.

PERSONAL PARAGRAPHS

Mrs. Fred Houghton, of Sunbury, spent Sunday with friends in this city.
Mrs. Joseph Sommons and son Stanley, of Reading, are guests at the home of Seth Lorimer, corner of Pine and Walnut streets.
Miss Katherine Vastine, student at Bucknell university, spent Sunday with relatives in this city.
Isadore Rosenthal, of Lewistown, spent Sunday with friends in Danville.
Mr. and Mrs. Joseph M. Schain and children, of Berwick, spent Sunday at the home of Samuel Lowenstein, West Market street.
Mrs. Harry Bright, son William, and daughter Elizabeth, of Sunbury, spent Sunday at the home of Mrs. Bright's parents, Mr. and Mrs. William Moyer, Chambers street.
Clarence H. Jacobs, son Mahlon and daughter Margaret, of Philadelphia, spent Sunday at the home of Mr. Jacobs' father, John Jacobs, Sr., West Market street.
John Cornan, of the P. & R. surveying corps at Carlisle, is spending several days with friends in Danville.
George D. Gearhart, of Philadelphia, is visiting relatives in South Danville.
Miss Elsie M. Wilson, who is now teaching at the Bloomsburg Normal school, spent Sunday in this city as the guest of Dr. and Mrs. I. G. Barber, Ferry street.
George R. Bernhard, general secretary of the Danville Y. M. C. A., returned to Scottsdale yesterday morning after a several days' stay in this city.
Captain John A. Winner, of Wisconsin, arrived in Danville yesterday morning for a visit with his son, John S. Winner, Cherry street.
E. T. Linnard, proprietor of the Montour house, arrived in this city yesterday from Philadelphia for a short stay.
William C. Lawrence, of Klinesgrove, was a visitor in this city yesterday.
F. C. Smink, president of the Reading Iron company, was in this city yesterday on business connected with the local plant.
Mr. and Mrs. Abram LaRue will leave today to take in the Old Home Week celebration at Wilkes-Barre.
Miss Jennie Amesbury and Mrs. William Wyler left last evening for a trip to Duquesne.
Miss Ida Sweisfort will leave this morning for a visit with friends in Wilkes-Barre and Wyoming.
Lloyd Lamerson, of Valley township, transacted business in this city yesterday.
Miss Ivy Mauger left last evening for a visit with friends in Wilkes-Barre.
Mrs. Abby Snyder and daughter Leona left yesterday for a week's visit with friends in Wilkes-Barre.
Harry Chamberlin, Esq., of Milton, transacted business in Danville yesterday.

A FREIGHT CAR SMASHED

A slight freight wreck occurred on the P. & R. railway just east of the station yesterday morning, which, although confined to one car, came very near blocking the road for a while.
The accident occurred at 6:10 o'clock just as a north bound freight was approaching the station. An air hose broke, which brought the car—a gondola—to a sudden stop. The train was running at a good rate of speed and the rear section under the momentum bumped up against the disabled car with a force that nothing could withstand. The car broke in two, one half piling up on the other half, the train, still in motion, dragging the mass of wreckage a hundred feet or more.
The damage was confined principally to the one car, which was practically empty, containing only a truck, consigned to W. F. Pascoe, at Shamokin. The truck, however, was effectively blocked. The 7:53 passenger train, was enabled to pass by taking the siding and thus was delayed only some fifteen minutes. Meanwhile the wreck crew was summoned from Catawissa and before noon every trace of the accident had been removed from the track.
The car, reduced to a mass of kindling wood, was thrown by the wreck crew down over the embankment, where during the day the wood work was sawed up into small pieces and removed. The iron work will go to the scrap pile.
Large Shipment of Salmon.
The hearts of local fishermen were made glad Tuesday by news received from the State department of fisheries to the effect that on Friday a large shipment of Susquehanna salmon will be started on its way to Danville for the purpose of stocking the north branch at this place.
A number of our local Waltons, among them Johnny Moyer, Harry Ellenbogen, M. H. Schram, Ralph Kisser, Eugene Miles and William Lloyd, have for some time past been working with this end in view. A number of large mouthed black bass fry were placed in the river here a year or so ago and have thrived nicely. Susquehanna salmon, wall eyed pike and pike perch are all the same fish. They are of most delicious flavor, gamy in the extreme, furnishing the finest kind of sport to the experienced angler. They are by no means abundant as they ought to be in the north branch and the local anglers would like to see them more plentiful.
The shipment, one of the largest ever received in Danville, will leave the hatchery at Erie on Friday and will arrive here on the 7:07 a. m. D. L. & W. train Saturday morning in charge of a special messenger. Notice of the shipment Tuesday was received by several of the different men interested in making application. They were requested to reply to the department of fisheries immediately, giving assurance whether or not they would be on hand to receive the fish.

Hospital Trustees in Session.

The trustees of the hospital for the insane held a regular meeting at that institution Tuesday. The following were present: H. M. Schoch, of Danville; Dr. Shoemaker, of Wilkes-Barre; Dr. B. H. Detweiler, of Williamsport; Howard Lyon, of Hughesville; W. F. Shay, of Watsontown and C. G. Van Alen of Northumberland. Hon. James Foster who was injured in a runaway soon after his appointment as trustee, has not as yet been able to attend any of the meetings, although he is recovering.
Nothing was done at the meeting Tuesday beyond the mere routine of proceedings. It was thought that the plans and specifications for the brick building to house the heat, light and power plant would be on hand, but they failed to arrive. It was something of a disappointment to the board that they were not able to pass upon the plans. The trustees are very anxious to award the contract for the building, which has already been delayed quite long enough.
The plans and specifications, however, are expected to arrive in a day or two, where in all probability a special meeting of the trustees will be called and the contract awarded. Among the bidders, it is understood, will be one or more of our local contractors.

They Should Have It.

The Civic club of Bloomsburg has inaugurated a movement for the establishment of a market house in that town. In the language of one of the members of the club "Bloomsburg curbstone market system is as ancient as the hills and is nothing if not satisfactory." That was the view taken of the Sunbury curbstone market, which has been supplanted by a spacious market house that is in every respect satisfactory, accommodating a majority of the marketmen while the overflow constitutes a large sized curbstone market. Every progressive town should have a market house.—Sunbury Item.

Call Off The Hounds.

There comes a complaint from a number of the farmers in this vicinity that many hounds and other hunting dogs are permitted by their owners to run at large and chase the game. No dogs are permitted to hunt game during the months from January to August inclusive. Unless the practice is discontinued some of the dogs may be shot.
Funeral of Miss Christian.
Miss Mary Christian, whose death occurred Monday afternoon, will be buried today. The funeral will take place at 9 o'clock this morning from the family residence, corner of Bloom and Ferry streets. Interment will be made at Millville.

Interment at Pottsgrove.

The remains of Mrs. Hannah Reese, who died at Williamsport were brought to Pottsgrove yesterday for burial.
Mrs. Reese was the widow of the late Peter Reese and was 63 years of age. She resided near Pottsgrove until about the first of April last, when she, with her son, Clarence, moved to Williamsport.
The funeral services were held at Williamsport yesterday morning, interment being made later in the day in Centre cemetery, Pottsgrove.

Will Install Shooting Gallery.

Harry Achenbach, of the firm of Achenbach and Moore, managers of the bowling alleys, in Philadelphia this week, purchasing a shooting gallery outfit which will be installed in the local bowling alleys in the near future. It is the intention of the firm to install the gallery, which will be up-to-date in every particular, having the latest improved repeating rifles and moving figures in the Danville bowling pavilion first. Later the outfit will be taken to Bloomsburg.

Well Known Doctor Dead.

Dr. J. W. Winley, of Benton, died yesterday afternoon after an illness of a year and a half.
The deceased was a graduate of Jefferson Medical college and was about 40 years of age. He is survived by his wife, Dr. Winley was widely known throughout the rural districts in the vicinity of Benton.

PERSONAL PARAGRAPHS

Harry Chamberlin, Esq., of Milton, transacted business in Danville yesterday.

A FREIGHT CAR SMASHED

A slight freight wreck occurred on the P. & R. railway just east of the station yesterday morning, which, although confined to one car, came very near blocking the road for a while.
The accident occurred at 6:10 o'clock just as a north bound freight was approaching the station. An air hose broke, which brought the car—a gondola—to a sudden stop. The train was running at a good rate of speed and the rear section under the momentum bumped up against the disabled car with a force that nothing could withstand. The car broke in two, one half piling up on the other half, the train, still in motion, dragging the mass of wreckage a hundred feet or more.
The damage was confined principally to the one car, which was practically empty, containing only a truck, consigned to W. F. Pascoe, at Shamokin. The truck, however, was effectively blocked. The 7:53 passenger train, was enabled to pass by taking the siding and thus was delayed only some fifteen minutes. Meanwhile the wreck crew was summoned from Catawissa and before noon every trace of the accident had been removed from the track.
The car, reduced to a mass of kindling wood, was thrown by the wreck crew down over the embankment, where during the day the wood work was sawed up into small pieces and removed. The iron work will go to the scrap pile.
Large Shipment of Salmon.
The hearts of local fishermen were made glad Tuesday by news received from the State department of fisheries to the effect that on Friday a large shipment of Susquehanna salmon will be started on its way to Danville for the purpose of stocking the north branch at this place.
A number of our local Waltons, among them Johnny Moyer, Harry Ellenbogen, M. H. Schram, Ralph Kisser, Eugene Miles and William Lloyd, have for some time past been working with this end in view. A number of large mouthed black bass fry were placed in the river here a year or so ago and have thrived nicely. Susquehanna salmon, wall eyed pike and pike perch are all the same fish. They are of most delicious flavor, gamy in the extreme, furnishing the finest kind of sport to the experienced angler. They are by no means abundant as they ought to be in the north branch and the local anglers would like to see them more plentiful.
The shipment, one of the largest ever received in Danville, will leave the hatchery at Erie on Friday and will arrive here on the 7:07 a. m. D. L. & W. train Saturday morning in charge of a special messenger. Notice of the shipment Tuesday was received by several of the different men interested in making application. They were requested to reply to the department of fisheries immediately, giving assurance whether or not they would be on hand to receive the fish.

Hospital Trustees in Session.

The trustees of the hospital for the insane held a regular meeting at that institution Tuesday. The following were present: H. M. Schoch, of Danville; Dr. Shoemaker, of Wilkes-Barre; Dr. B. H. Detweiler, of Williamsport; Howard Lyon, of Hughesville; W. F. Shay, of Watsontown and C. G. Van Alen of Northumberland. Hon. James Foster who was injured in a runaway soon after his appointment as trustee, has not as yet been able to attend any of the meetings, although he is recovering.
Nothing was done at the meeting Tuesday beyond the mere routine of proceedings. It was thought that the plans and specifications for the brick building to house the heat, light and power plant would be on hand, but they failed to arrive. It was something of a disappointment to the board that they were not able to pass upon the plans. The trustees are very anxious to award the contract for the building, which has already been delayed quite long enough.
The plans and specifications, however, are expected to arrive in a day or two, where in all probability a special meeting of the trustees will be called and the contract awarded. Among the bidders, it is understood, will be one or more of our local contractors.

They Should Have It.

The Civic club of Bloomsburg has inaugurated a movement for the establishment of a market house in that town. In the language of one of the members of the club "Bloomsburg curbstone market system is as ancient as the hills and is nothing if not satisfactory." That was the view taken of the Sunbury curbstone market, which has been supplanted by a spacious market house that is in every respect satisfactory, accommodating a majority of the marketmen while the overflow constitutes a large sized curbstone market. Every progressive town should have a market house.—Sunbury Item.

Call Off The Hounds.

There comes a complaint from a number of the farmers in this vicinity that many hounds and other hunting dogs are permitted by their owners to run at large and chase the game. No dogs are
