LOST OR MISLAIN. Policy No. 20902 issued by The Penn Mutual Life Insurance Company on the life of Samuel Mills. The finder will please return it to the undersigned. Application has been made for the issuing of a duplicate.
SAMUEL MILLS,
Danville, Pa.
The Philadelphia, Pittsburg and Erie Telephone Company, for which a charter will be asked on August 20th, will have its principal office in Harrisburg. The company will extend the lines of the independent companies and will spend about \$5,000,000 in its efforts to compete with the Bell system throughout the greater portion of this State and New York.

Legal proceedings have been instituted against Williamsport for \$5,000 damages by Jacob F. Waters. In the statement of the case filed, Mr. Waters alleges that he was injured on the night of March 26th, the accident happening on East Third street, near Geiger alley. The plaintiff maintains that because of a ditch across the thoroughfare, unprotected by a signal lamp, he was jostled out of a wagon and that the bones of his right leg were broken in three places.
John Lesinski, of Big Mountain, is afflicted with sleep walking and his latest somnambulistic feat terminated with direful results. Last evening he walked out of a second story window and in the fall, cut his head, broke two fingers and was otherwise badly used up, although fortunately escaping internal injury.

COUNCIL WILL PAVE NORTH MILL STREET

Engineer Arthur S. Clay, of the State Highway department, in compliance with request, appeared before the borough council Friday night to give some definite information relative to the paving proposition on North Mill street.
The subject was fully discussed in all its relations. The borough was given all the information it desired and before adjournment it saw its way clear to take steps preliminary to entering upon the improvement.
Mr. Clay said he had advised the State highway department against paving further than Chambers street, as he believed beyond that point no administration could be employed to a much better advantage. He finally agreed that it would be a good proposition to pave as far as the north-end of the steam mill.
Mr. Clay said he had ascertained from the State highway department that the street could be paved under the act without using a course of concrete, substituting for it a course of gravel with a two-inch sand cushion on top. This was precisely what council wanted and as it cuts down the cost materially it was decided to go ahead with the pavement.
The engineer agreed that in cutting down the street to the proper grade it might be necessary to remove only a portion of the fine macadam roadbed existing on Mill street, which would make it necessary to use only a thin course of gravel under the sand cushion.
The engineer agreed that in cutting down the street to the proper grade it might be necessary to remove only a portion of the fine macadam roadbed existing on Mill street, which would make it necessary to use only a thin course of gravel under the sand cushion.
Mill street is 32 feet wide and the State will pay for 15 feet of the width. The borough must provide for curbing which of course will be paid for by the property owners. The State will pay three-fourths of the cost of the macadam roadbed from the grist mill to the borough line. A macadam road, Mr. Clay said, should be sprinkled daily in order to get the best service out of it.
On motion of Mr. Jacobs it was ordered that the State highway department be notified that the borough is ready to proceed with the paving of North Mill street from Centre street, 1300 feet northward, with brick, the balance, from the grist mill to borough line, to be macadamized. It was also ordered that the borough solicitor proceed to draw up an ordinance providing for the construction of curb to conform with paving by the owners of the abutting properties.
On motion of Mr. Russell it was ordered that a brick crossing be laid on the east side of Cedar street at Front and Water streets.
On motion of Mr. Boyer it was ordered that a brick crossing be laid on East Mahoning street on the west side of Ferry street.
Street Commissioner Miller reported a defective sidewalk on the west side of Church street between Walnut and Lower Mulberry streets, caused by a large tree growing on the sidewalk, leaving only a narrow walk between the tree and a cellar door belonging to the residence. On motion the secretary was requested to notify the owner to remove either the tree or the cellar door so as to leave the sidewalk unobstructed.
On motion of Mr. Bedea it was ordered that James Shultz and Harry Esterbrook be notified to place the sidewalks in good repair at their properties on East Market street.
On motion of Mr. Vastine it was ordered that the Danville & Bloomsburg Street Railway company be informed that if it will raise its track on Bloom street between a street and the borough line the borough will furnish the material for the filling up.
On motion of Mr. Russell it was ordered that hereafter no sewers be extended unless the tapage fee be first paid by the petitioners; also that bills be rendered to all those who have not paid for sewer extension.
A communication was received from L. W. Snyder, Thomas H. Lee, Englebert Albert and Marie Theim, calling council's attention to the change made in channel of Blizard's run at the Hanover brewery, by the sinking of pipe, which has had the effect of reducing the width of the stream, exposing their properties to the danger of overflow at times of heavy rain.
On motion of Mr. Jacobs it was ordered that the Hanover Brewing company be requested to remove the pipe from the bed of the stream.
A communication, signed by G. J. Ray, division engineer, was received from the D. L. & W. railroad company, enclosing agreement relating to a request from the borough to lay a water pipe under its tracks. The agreement was ready for signature, but the division engineer called attention to the 6th clause, which provides for the payment of \$10 to cover the expenses of drafting the agreement. The demand for payment of ten dollars was considered unprecedented and exorbitant by council, but on motion of Mr. Russell, it was ordered that the ten dollars be paid to the end that the water pipe could be laid as desired.
Through local agent, George Eggert, the borough was requested by the D. L. & W. railroad company to forward a copy of its ordinance and charter. Should there be no charter and ordinance the railroad company wanted to know under what act of assembly the borough of Danville was incorporated.

SUDDEN DEATH OF MRS. REED

George Reed, of Shreveport, La., formerly of this city, has been most singularly bereaved. On Friday his wife died at a hospital in Shreveport and on Saturday his mother in Danville suddenly expired, her death being due to the shock caused by the telegram announcing the death of her daughter-in-law.
George Reed and his wife after a sojourn of some weeks in Danville left for the south early in May. The message Saturday announcing the death of Mrs. Reed proved a great shock to every one. The telegram was delivered at the home of C. P. Harler, Church street, where Mrs. Harler Reed formerly resided. Mrs. Harler carried the telegram to the home of Mrs. Joseph Hunter, East Market street, where Mrs. Reed has lived during the year past.
Mrs. Reed was very much affected by the sad news, but there was nothing to indicate that death was about to lay his cold hand upon her. She kept moving about the room in a leisurely way, busied with a few household duties. She was urged to sit down, but she declined, explaining that she felt better when occupied with work.
The telegram was delivered to her about 2:30 o'clock. In a very short time afterward she suddenly expired, the symptoms being those of acute indigestion, superinduced, it is believed, by the receipt of the telegram.
Mrs. Reed was 64 years of age. She was a widely known and highly esteemed woman and her sudden death in connection with the death of her daughter-in-law caused quite a shock and forms a very pathetic incident. She is survived by two sons, William Reed, of this city, and George Reed, of Shreveport, La. Two brothers and two sisters also survive: George W. Miles and Frank L. Miles, Mrs. Joseph Hunter and Mrs. C. P. Harler, of this city.
Mrs. George Reed, whose death occurred at the hospital Friday, leaves a little babe a few weeks old. She was about 25 years of age. She was a most estimable lady and made many friends during her visits to Danville. Her funeral took place at Shreveport Sunday.

CIVIL SUIT AND CHARGE OF PERJURY

John Bostian was arraigned before Justice of the Peace Dalton at 3 o'clock yesterday afternoon to answer the charge of perjury. The charge was the outgrowth of a couple of civil cases brought before Justice of the Peace Ogleby.
Bostian was first sued for trespass by James Welsh of this city who owns a farm in Mahoning township. Bostian was tenant on Welsh's farm in 1905 and the allegation was that he trespassed in removing some corn. The justice rendered judgment in favor of the plaintiff for \$10. Bostian brought a counter suit presenting a bill for services rendered while on the farm, which he alleged, he was not expected to perform as tenant.
Yesterday forenoon was the time set for the hearing in the latter suit, which was also before Justice of the Peace Ogleby. When the litigants and witnesses had assembled and the hearing was about to begin Officer Voris appeared on the scene and served a warrant on John Bostian, the complainant in the case, charging him with perjury.
It became a subject of warm contention whether civil suit could proceed forthwith or the plaintiff, who so suddenly fell into the roll of defendant, would have to accompany the officer to Justice Dalton's office and be governed by the turn that events might take there.
The matter was settled by Bostian giving bail for his appearance before Dalton in the afternoon.
The hearing went on and from that hour until the middle of the afternoon the proceedings of Justice Ogleby's trial in all that goes to make a hotly contested case were never outdone by the records of any tribunal. Edward S. Gearhart represented Bostian and Thomas C. Welsh appeared for the defendant. The room was crowded with witnesses, the examination of the witnesses, delayed by numerous tilts between the attorneys, consumed time very rapidly and at the hour of noon the hearing was only half over. An adjournment was had until 1:30, when the defense took up its side. A number of witnesses were examined, when Justice Ogleby announced that he would reserve his decision.
At 3 o'clock Bostian, accompanied by his attorney and several of the witnesses figuring at the previous hearing who had been subpoenaed for counter-charge, appeared at Justice Dalton's court. Attorney Gearhart announced that Bostian would waive a hearing. Thus the whole proceeding was cut short and the defendant gave bail for his appearance at court.

PERSONAL PARAGRAPHS

Miss Katherine McCormick returned Saturday from a visit at the Hull cabin in the Muncy hills.
Miss Mazie Schoch has returned from a visit with friends in Philadelphia.
Mrs. C. Shultz and daughter Anna left Saturday for a trip to Gettysburg.
Miss Ida Kaufman returned Saturday evening from a visit with friends in Berwick.
Daniel Jacobs returned to his home at Lake Charles, La., after a visit at the home of his father on Spruce street.
Mr. and Mrs. David Eavenson, of Kingston, spent Sunday at the home of Mr. and Mrs. T. J. Price, East Market street.
William Ward and daughter, of Lewisburg, spent Sunday in this city as guests at the home of Rev. Harry Minsker.
Mrs. M. O. Hughes and Miss Mary Hughes left Saturday for a visit with friends at Milton.
Miss Emma Youngman, who was recently graduated from Park college at Parkville, Missouri, arrived Saturday for a visit at the home of her brother, M. G. Youngman, Bloom street.
Howard Patton returned to Philadelphia after a visit at the home of his parents, Mr. and Mrs. I. T. Patton, Mill street.
Rev. R. H. Gilbert, of Berwick, was the guest over Sunday of Rev. E. T. Swartz, South Danville.
Mrs. Samuel Gulick and son Allan, of South Danville, were the guests on Saturday of Sunbury friends.
Miss Susan C. Herr, of Strawberry Ridge, is visiting at the home of Anthony Foust, East Danville.
Miss Minnie Miller of Philadelphia, is visiting at the home of her father, C. C. Miller Upper Mulberry street.
E. K. Hale, of Berwick, circulated among old friends in Danville yesterday.
Thomas Bennetts returned to Lewisburg yesterday after a visit with relatives in this city.
William Billmeyer and W. H. Taylor, of Mexico, were visitors in this city yesterday.
Jesse Wyant and Lewis Thornton left yesterday for a trip to Gettysburg.
Miss Rae Kraetz returned to Williamsport yesterday after a stay in this city as the guest of Miss Rella Adams.
Misses Alma Campbell and Belle Rissel spent last evening with friends in Berwick.
Matt Frederick and sister Miss Annie returned to Pittston yesterday after attending the Minter-Mullen wedding in this city.
George Wingenbach and Harry Minter returned to Williamsport yesterday after spending several days with friends in this city.
Arthur Robinson has accepted a position with the A. C. & F. company at Berwick.
Arthur Mottern, of New York City, who is visiting his parents in this city, spent yesterday in Williamsport.

SAD ATTEMPT AT SUICIDE

A sad incident occurred in the Fourth ward Tuesday afternoon, when a young wife despairing and despondent attempted to take her life. It was owing to the fact that she repented after swallowing the fatal dose that her life was saved. The attempted suicide occasioned the greatest excitement and deep was the suspense among the neighbors and friends while the physicians were struggling to save the woman's life.
Tuesday afternoon a little girl employed in the family appeared at the drug store of Dr. Paules' and asked for corrosive sublimate tablets, a most fatal form of poison. The druggist prudently declined to sell the poison to the child, who desiring to carry out her orders, left presumably for some other store.
It was yet early in the afternoon when the woman, the subject of this sketch, called a couple of her neighbors and told them that she had swallowed the corrosive sublimate. Some twenty minutes, it appears, had then passed and the woman could have but little hope of escaping death, as the dose was one of 15 grains. Whether she repented her folly or not is not clear; at all events she did not resist the efforts promptly made to save her life.
While some of the kind hearted neighbors quickly prepared and administered emetics in the form of salt-water, white of eggs, &c., others hurried down town for medical help. The telephone as far as possible was brought into play and in a very short time Dr. P. C. Newbaker was on the ground, followed a few minutes later by Dr. Paules.
By that time the woman had been vomiting freely as the result of the emetics and the physicians could not tell how much poison she had gotten rid of. She was showing very little, if any, ill effects; however, specific remedies were administered. The woman, although very nervous was perfectly calm and collected during her ordeal. The doctors remained with her until convinced that the time limit had passed when fatal effect would be likely to ensue, if any poison remained in her system. By three o'clock they regarded her out of all danger.
There are three small children in the household and the sad event is not without several valuable lessons that should not pass unheeded.

CONTRACTS AWARDED FOR CLEANING

The contracts for cleaning the school buildings of the borough were awarded at a regular meeting of the school board Monday night. There were 14 bidders in all, the proposals varying but little. The cleaning of the various buildings was awarded as follows:
First ward, Mrs. Frank Shellhammer, \$10; second ward, Mrs. Nancy Litterer, \$19; third ward, Mrs. Alice Miller, \$19.75; fourth ward, Mrs. Mary Rounsley, \$20; Welsh hill, Hannah Anderson, \$4.
The cleaning will not begin until after August 15th, so that the buildings will be clean and fresh when school opens. In all cases the work must meet with the approval of the school board.
Mr. Fischer of the committee on building and repairs in making his report called attention to the worn-out condition of the furnaces in the first ward school building, which have been in use eighteen years. W. E. Bowyer, an expert who had been called to examine the furnaces, was present at the meeting and on request he explained what he thought of their condition. Without exception, he said, the furnaces are worn out and to attempt to repair them would be to expend money without anything like an adequate return. He recommended new furnaces. Several members of the board, who had examined the furnaces, concurred with Mr. Bowyer and on motion it was decided to throw out the furnaces and to purchase new ones.
The Danville Stove & Manufacturing company had been asked to state what it would replace the furnaces for and it had presented a bid for heating apparatus. The company had agreed to install four No. 41 furnaces in the First ward school building for \$575, which it was stipulated, should include the tearing out of the old furnaces and doing all the brick work. On motion of Mr. Trumbower it was ordered that the bid of the Danville Stove & Manufacturing company be accepted and that it be instructed to proceed with the tearing down of the old furnaces next week.
On motion the contract for painting the frame school building of the Fourth ward and for calcimining in the other wards of the borough was awarded to William Mottern for \$98.50.
The following members were present: Burns, Orth, Swartz, Haring, Lutz, Fish, Fischer, Heiss, Trumbower, Harpel and Parsel.
The following bills were approved for payment:
Danville Stove & Mfg. Co. \$ 8.29
Taxes on bonds 48.00
J. H. Kase (coal) 117.33

STRUCK BY FLYING TIMBER

As the rapidly moving D. L. & W. train was taking the mail from the "mail catcher" at Briarbrook yesterday morning, the upper arm of the apparatus broke and went crashing through a car window, striking and seriously injuring Daniel Blizard, of this city, section foreman of the D. L. & W. railroad, who was on his way to Berwick.
The train leaving Danville at 7:05 o'clock in the morning does not stop at Briarbrook, but the mail from that place is taken aboard from a "mail-catcher," an apparatus erected at the side of the track on which the mail sack is held on an extended arm. The upper arm is a heavy beam about eight feet in length. This became loose in some manner when the mail pouch was yanked off by the train, and the beam went crashing through a window of the smoking car just in the rear of the mail and baggage.
Foreman Blizard, with a gaug of his section men from Danville is assisting in laying paving about the Berwick station, and was seated in the smoker at the time on his way to work. The broken glass was sent around him in a shower, and he was knocked over by the flying timber, sustaining a compound fracture of the right arm, besides numerous cuts and bruises about the head and body. Two large gashes were cut in his face by the glass, one of them requiring a number of stitches to close.
The injured man was taken on to Berwick where surgical assistance was given by Dr. Davis, after which he was brought back to this city on the noon train.
Pretty Morning Wedding.
A very pretty wedding took place Tuesday morning at St. Joseph's Catholic church, when Miss Ellen Mullen, daughter of Mrs. John Mullen and John Minter, were united in matrimony.
The ceremony was performed by Rev. M. I. O'Reilly at 7 o'clock. Miss Katie Mullen, sister of the bride, was the maid of honor and Joseph Minter was best man. After the ceremony a wedding breakfast was served at the home of the bride, and the young couple received the congratulations of their many friends. Miss Mullen was the recipient of many beautiful and useful gifts.
Mr. and Mrs. Minter are among Danville's best known and highly esteemed young people. The groom is a moulder by trade and is employed in the Hooley & Tierney foundry. Mr. and Mrs. Minter will reside on Walnut street.
Those from out of town who attended the wedding were Mrs. John Mullen, of New York City; Matt and Miss Annie Frederick, of Pittston; Harry Minter and George Wingenbach, of Williamsport; Louis Minter, of Shamokin.

Little Child's Narrow Escape

A thirteen month old grandchild of Mrs. Alice Miller, North Mill street, inflicted terrible injury upon itself, last evening by trying to swallow caustic lye.
About five o'clock the little one happened to be temporarily alone in an apartment where there was a vessel of lye, which had been prepared for use in scrubbing. The child happened to have a tea spoon, which it was playing with. Coming across the lye it naturally dipped the spoon into the liquid and following instinct placed the lye in its mouth. An agonizing cry soon after brought help, when the terrible discovery was made that the child had placed a considerable quantity of the burning liquid in its mouth and it was a question whether it might not have swallowed more or less.
Dr. W. R. Paules was instantly called, who found the child's mouth shockingly burned. Wherever caustic lye touches the skin it immediately begins to eat into the flesh. Beneath the eye and under the chin where the lye touched the little one's face there were bad burns, while the lips the tongue and the walls of the mouth were eaten raw and were badly swollen.
Remedies were immediately applied to relieve the pain but the problem seemed to be to determine whether the child had swallowed any of the lye, in which event there would be no hope of saving its life. After several hours Dr. Paules felt pretty well convinced that the child had not swallowed any of the lye and that the greatest injury was confined to its mouth. At last accounts the physician had hopes of saving the child's life, although its suffering was still intense.

Death of Benjamin Hartzel

Benjamin Hartzel, a widely known and esteemed resident of this city, died at 9 o'clock Sunday morning after a brief illness.
The deceased was born in Upper Augusta township, Northumberland county, sixty-eight years ago. He lived in Danville forty-two years and at the time of his death was one of the oldest employees of the structural tubing works, at which plant he had worked for about thirty years.
He was in ill health for some time, but continued to work. He was quite ill on Monday last, and did not go out to work. On Tuesday morning, although urged to remain at home, he again went to work. He was unable to stand it, however, and about 2 o'clock in the afternoon returned home. Tuesday evening he took his bed. Appendicitis developed, which was the immediate cause of death.
The deceased was noted for his industrious habits and his fidelity to every trust reposed in him. He had the full confidence of his employers and was beloved by his fellow workmen.
He is survived by his wife, two daughters, Mrs. W. E. Lutzer, and Mrs. L. R. James of this city, and two sons, John F. and Alvin A. Hartzel, of Sparrows Point, Md.

Death of Mrs. Lartha Ashton

Mrs. Martha Ashton died at her home, No. 623 East Front street, at 6:30 o'clock Monday morning after a painful illness of five weeks.
The deceased was seventy-three years of age and was a widely known and highly esteemed resident. She was the widow of Jacob Ashton who died a number of years ago. She is survived by the following sons and daughters: Thomas Ashton of Idaho Springs, Col.; George Ashton of Pueblo, Col.; Harry Ashton, of Atlantic City; Archibald Ashton, of Danville; Mrs. Mattie Phillips, of Los Angeles, Cal.; and Miss Anna Ashton, of Harrisburg; Miss Lotta Charters, a granddaughter, also survives. Harry Ashton, son of the deceased was for many years a policeman in Philadelphia. At present he is on the police force of Atlantic City and is on duty at Young's pier.
The deceased before marriage was Mrs. Martha Wilson. She was born in Northumberland county a short distance below Cameron. For fifty-five years she was a resident of Danville and for forty-seven years was a resident of the house in which she died.

Fall Plans for the Y. M. C. A.

With the approach of fall the board of directors of the local Y. M. C. A. are beginning to look about for a physical director to fill the vacancy caused by the resignation of C. C. Carpenter several months ago.
General Secretary Bernhard, acting for the board in the matter, is now in communication with a young man of his acquaintance, Allan Fehr, of Allentown, who, Mr. Bernhard says, is not only fully qualified to fill the position of physical director, but is also an excellent all around Y. M. C. A. worker.
It is the intention next fall to install a number of new features and improvements in the physical culture department.
The Y. M. C. A. in Danville is about \$500 in debt, and Mr. Bernhard, who is proving himself a hustler, has adopted a number of means to pay off this indebtedness. Coin cards have been sent to a number of people of Danville with the request that they return the card with \$1.00. With the money thus raised it is hoped to clear the Association of debt by the fall season, and thus give a clear field for the numerous activities of the winter.
On September 1st, it is intended to start a membership contest. The Association membership now numbers 250, and Mr. Bernhard says, can be doubled.
The general secretary is very anxious to meet the Danville people, and would be glad at all times to have any one stop at the building.

G. A. R. District Meeting

The following facts concerning the annual reunion of the Susquehanna district association G. A. R. are of general interest:
The executive committee of the association has decided that the annual reunion for the present year will be held at Edgewood park, Shamokin, on Thursday, August 2, 1906.
Since last year a rain shed has been added sufficient to accommodate any number of persons, and a park theatre capable of seating more than a thousand will be the disposal of the association.
Coffee will be furnished to all comrades and their families free of charge, ice and fuel free to all.
The Shamokin band and park orchestra will furnish music all day.
The department commander and his staff and the department commander of the Sons of Veterans and several others will be present.
A business meeting will convene at 11 o'clock a. m. Each post will elect two delegates to attend the meeting and they only with the officers are eligible to transact the business of the association.
An excursion train on the Philadelphia and Reading R. R. will leave Danville at 8:35 a. m. via Milton, Lewisburg, etc., taking in all towns on the route. Returning will leave Shamokin at 6 o'clock p. m. arriving at Danville at 8 o'clock.
A cordial invitation is extended to all old soldiers and their friends, to the Women's Relief Corps, Sons of Veterans and to the general public.

Teachers on South Side

The school boards on the South side have elected teachers for the ensuing year and have arranged to open school on Tuesday, September 4th.
In Gearhart township Miss Mary Pfalzer, who has filled the position very acceptably for several years, has been re-elected teacher of the grammar school. Miss Blanche Campbell, who has also been doing very good work, was re-elected teacher of the primary department. E. P. Ryan has been elected teacher of the school at Kipp's run.
In Riverside borough, Mrs. E. W. Young, who for some years past was at the head of the primary department, has been promoted and given the position of principal of the grammar school. She is an experienced teacher and will no doubt give perfect satisfaction in her new position. Miss Blanche Riffel succeeds Mrs. Young as teacher in the primary department of the Riverside school.
Miss Bertha Surver, of Montandon, who was teacher of the Riverside grammar school last year, has accepted a school in Milton.
She is a highly successful teacher and achieved splendid results in Riverside but she did not apply for the school this year.
Genuine gratitude expresses itself by deeds, not words.

Married in Philadelphia

Mr. and Mrs. George Bird, of Philadelphia, are spending a few days at the home of Mrs. Bird's parents, Mr. and Mrs. Michael Driscoll, West Mahoning street. Mr. and Mrs. Bird were married in Philadelphia on July 4th. The bride was Mrs. Margaret Williams, well known in Danville before her marriage to Mr. Bird.
The newly wedded couple arrived in Danville on Monday night and during the evening were given a rousing reception by a callithumpian band. Last night the festivities continued at the home of the brides' parents. The couple will reside in Philadelphia.

A Wonderful Dog

Harry Billmeyer, of Washingtonville, has a pointer dog that is one of the brightest specimens of the canine family to be found in this section of the State. It is not often that a pointer dog will display unusual intelligence further than the instinct to hunt birds. "This dog of Mr. Billmeyer's knows almost as much as a person. He seems to fully understand what is told him, and he is never found wanting when there is work for him to do. One of his feats is the climbing of a high ladder, turning on any rung that he is told to and descending with the agility of a man. His name is Robert. Mr. Billmeyer has refused to register from 200 up for the dog."

Married in Philadelphia

Mr. and Mrs. George Bird, of Philadelphia, are spending a few days at the home of Mrs. Bird's parents, Mr. and Mrs. Michael Driscoll, West Mahoning street. Mr. and Mrs. Bird were married in Philadelphia on July 4th. The bride was Mrs. Margaret Williams, well known in Danville before her marriage to Mr. Bird.
The newly wedded couple arrived in Danville on Monday night and during the evening were given a rousing reception by a callithumpian band. Last night the festivities continued at the home of the brides' parents. The couple will reside in Philadelphia.
