ELABORATE PLANS FOR DEDICATION

According to the programme as now arranged President Roosevelt and party will arrive in Harrisburg at 11 o'clock on the morning of October 4, and will be met at the station by the dedication commission and Mayor Gross, representing the city. The party will have a special train of three cars, a Pullman combined parlor and diner and a separate parlor car, with baggage car in front. On arriving at the station President Roosevelt and party will take carriages for the capitol, and will proceed at once to the rotunda, where the President will meet the committee and prominent citizens. The party will then proceed to the grand stand, passing the Hartman monument and going through a passageway under the stand to a special platform which will comprise part of the grand stand in the center and front.

THREE BURGLARIES ON BLOOM ROAD

A series of burglaries, three in number, were perpetrated at the homes of farmers living between this city and Bloomsburg during Sunday night. The homes of Frank Mensch, John Mensch and Edward Roth were entered, but at none of the places did the burglars make very large hauls. The victims were not aware that their homes had been entered until next morning. At Frank Mensch's home a pane of glass was removed and the window thus raised. The burglars here secured \$4 in money and a fountain pen from a bureau drawer. At the home of John Mensch the burglars raised a window near the head of the bed where Mr. and Mrs. Mensch sleep, and it is thought that the aged couple were "doped," as during the next morning they experienced the peculiar drowsy feeling that accompanies the use of that kind of drugs. Here the marauders rifled 12 coats and succeeded in procuring but one cigar. At the home of Edward Roth a gold watch and chain, a new hat and \$5 in money were missing. At none of the places entered were the burglars molested at their work, they left no clues behind and apparently have made good their escape.

AGED HOBBO DESCRIBES HARD LOT

An old man of patriarchal appearance, but rugged and soiled and unmistakably a tramp, attracted attention in the upper part of town Saturday afternoon as he wearily tottered along the street as if at every moment he might fall by the wayside. It was not a pleasant picture, but although the old man, with his dirty face, and his grey hair and beard, tangled and unkempt, was not an agreeable object to look upon, yet there was much about him to awaken a feeling akin to pity. The venerable hobo permitted himself to be interviewed. Taking his seat upon a fire plug and holding in his blue-veined hand, which trembled painfully, a small dirty bundle that contained his personal effects, he bent his listless eye intently upon the questioner. It was some moments before he answered: "How old? I'm 77."

READY FOR COURT IN SUNBURY

In comparison to the quiet and brief sessions of court that are the rule in Montour the following article from the Sunbury Daily relative to the preparations for the September term in Northumberland is interesting. Criminal court opens in this city Monday, September 21, and that term will be a decidedly strenuous one is shown by the fact that over two hundred cases will come up for trial. Some of them were continued from last year, but the majority are new. The principal case in which Charles Fern of Mt. Carmel, is accused of being the primary cause of the death of ten year old Annie Berryman, of that town, who died from the effects of a criminal assault. Burglary, highway robbery, assault and battery, larceny and countless other petty cases will come up for trial, and District Attorney Cummings and his assistant, Thomas N. Burke, are now engaged in their preparation. Most of these cases, of course, come from Shamokin and other enterprising towns in the coal regions. Shooting affrays and disgraceful drunken rows occur among the illiterate foreigners with disgusting frequency. They celebrate every birth, marriage or death among their friends, and every celebration terminates in a brawl, with the result that the principals almost invariably find their way through the court room to the jail.

COMPANY F IS SELECTED

Company F, 12th regiment, N. G. P., has had a signal honor conferred upon it. It has been designated as one of two companies to represent the Twelfth regiment at the dedication of the capitol at Harrisburg on Thursday, October 10. Captain J. Beaver Gearhart was notified of the above effect Friday and requested to advise the colonel at once whether he could accept this detail. Company F to fill requirements for the occasion will be composed of three officers and sixty men, wearing the blue uniform with blue belts. None but reliable men will be chosen on the above occasion and the penalty for breach of discipline will be heavy. The ranks of each of the two companies must be full. Neither will any enlisted men be entitled to participate except those whose enlistment papers are now on file in the adjutant general's department. Captain Gearhart Friday night stated that he would unquestionably accept the detail, as Company F easily comes up to all the requirements. Since but two companies are to be selected from the regiment the boys of company F had little hope of being selected for participation in the grand demonstration and the good news consequently comes as quite a surprise to them. Each officer and enlisted man will be allowed one dollar on account of subsistence on October 4.

WILL ST. TO BE PAVED NEXT SPRING

Definite information was gathered Friday that the reconstruction of North Mill street will not be undertaken by the State this fall. This, however, is not very bad news to Danville people in view of the fact that the paving will be commenced during the first favorable weather of next spring. So long as the ultimate consummation of the much needed improvement is assured, a few months' delay is inconsequential. A. S. Clay, assistant engineer in the State highway department was in Danville Friday, and in company with Harry Patton, secretary of council, and E. S. Miller, street commissioner, he spent the afternoon in collecting data about the surface drainage, including the kind, amount and quantity of pipe needed. This is the last information needed to complete the plans and specifications, which Mr. Clay will forward to Harrisburg today. Mr. Clay Friday stated that the department would, in all probability, let the contract for the paving about November 1st., with the provision attached that the contractor be prepared to start the paving operations on 10 day's notice during the first mild weather of spring.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition, beauty, vigor and cheerfulness; soon disappears when the kidneys are out of order or diseased. Kidney trouble has become so prevalent for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as so many people suppose. Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy, the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as so many people suppose. Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy, the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. A MASSIVE RETAINING WALL

The massive retaining wall at the water works, constructed under the supervision of P. J. Koefler, was yesterday completed according to the first plans. Since the work was started, however, it was decided to build a portion of the wall a few feet higher. The wall is one of the finest pieces of work of its kind that was ever constructed in the borough. It is over a hundred and forty feet in length and as finished, over thirty feet high. For nearly one-half of its height the wall is of concrete, its foundation extending far below the surface. The massive retaining wall, along with the similar wall above the pumping station, imparts to the water works, when viewed from the river, a massive and imposing appearance, suggesting the walls of a fortress. Evidently from now on the north branch can do its worst, our water works is able to withstand the action of high water and resist the bombardment of the heaviest ice gorge that is likely to occur. The spot below the water works will be filled up with ashes and gravel over on a level with Front street. Later the wooden buildings standing there will be torn down, which will make the spot look better. The wall, along the coal platform, will be raised some three feet higher, which will afford storage for five hundred tons of coal. The entire space, however, will be needed only in extraordinary emergencies, as rarely more than one hundred tons will be stored up at one time as is done at autumn in order to have plenty of coal on hand during the winter.

Invitation Not Good for Seat.

The idea prevails that the invitation, known as the general invitation, of which 25,000 have been sent out by the new capitol dedication commission, and a number of which have been received by people in Danville, entitles the receiver to a seat on the grand stand. This is a mistake. There are no courtesies extended with the invitation for the reason that it is itself a courtesy. A special invitation has been issued to those who will occupy seats on the grand stand on dedication day, and only the number that can occupy the grand stand so favored, including the new capitol commission, dedicatory commission, the governor and cabinet, United States senators and congressmen, State senators and members of the house, State officials and distinguished citizens. Numbered tickets will be provided for these, and nobody will be admitted to the grand stand unless holding such a ticket.

GOOD NEWS.

Many Danville Readers Have Heard It and Profited Thereby. Good news travels fast, and the thousands of bad back sufferers in Danville are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back has no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experiences with the Old Quaker Remedy. Here is an example worth reading: Miles Fry, carpenter, of 445 West First St., Bloomsburg, says: "The stationer I made in 1896 is about all I can say regarding my experience with Doan's Kidney Pills. I have not had any backache since I used them. Before taking this remedy I had chills in my back across the loins accompanied by a weakness and dull heavy pain in my head as well. I was also very much annoyed by too frequent action of the kidney secretions. I used many remedies without relief until I learned of Doan's Kidney Pills and obtained a box. They soon cured me and I have had no return of the trouble during the past eight years. I know of several other people in Bloomsburg who have used Doan's Kidney Pills with good results and who speak of them in the very highest terms." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Severely Cut on Corn Stubble.

Miss Alice Gabel, of Roaring Creek, while cutting corn on the farm of Benjamin Waters, near Slabtown, tripped on a briar and falling on a sharp corn stubble, inflicted a severe gash in her abdomen. The stubble penetrated about four inches. Dr. Kline, of Catawissa, dressed the injury. A bath cleanses the skin and ride the pores of refuse. A bath makes for better fellowship and citizenship. Not only should the outside the body be cleansed, but occasional use of a laxative or cathartic opens the bowels and clears the system of effluvia. Best for this is Dr. Williams' Little Early Risers. Pleasant little pills that do not grip or sicken. Sold by Pauls & Co.

Pleasant Surprise Party.

A pleasant surprise party was tendered Edward Hoffman at his home near Washingtonville Thursday evening. The party was given in honor of Mr. Hoffman's thirty-second birthday. The evening was spent with games and music and an excellent supper was served. Those present were: Mr. and Mrs. William Cooper, Mr. and Mrs. Jeff Ande, Mr. and Mrs. Edward Hoffman, Mr. and Mrs. Charles Miller, Mr. and Mrs. Edward Bogart, Mr. and Mrs. Charles Barber and family, Mr. and Mrs. Edward Berger, Mrs. Annie Keifer, Mrs. Sarah Hoffman, Mr. and Mrs. James Smith, Mr. and Mrs. Ambrose Miller, Misses Nellie Anie, Mabel, Clara and Alice Dietrich, Jennie and Margaret Bogart, Rosie Steger, Minnie Keifer, Emma Smith, Alta Menges, Blanche Stamm, Blanche Anie, Grace Miller, Messrs. George Anie, Lewis Hoffman, Elwood Dietrich, Harry Umsted, Calvin Gresh, James Keifer, Jay E. Moser, George Stamm, David Barber, Isaac Acor, Henry Ream, Emma, William and Charles Ream, of Pittsburg.

Pupils Must be Vaccinated.

Attorney General Carson Saturday sent a letter to a Berks county man who had queried him on the vaccination law in which he emphatically declared that the school is no place for an unvaccinated pupil. The letter is terse, but stronger than those which the attorney general has issued on the subject. The letter was addressed to Levy N. Christman, Strasstown, Berks county, and says: "Replying to your letter I answer that it is the imperative duty imposed by statute, sustained by the supreme court, upon every teacher to exclude an unvaccinated pupil from the schools. I cannot too emphatically repeat what I have frequently said before, that the schools are open to vaccinated children only, and that any teacher who tolerates the presence of an unvaccinated child, or fails to require the production from a reputable doctor of a certificate of vaccination or a previous case of small pox, is a violator of the law. The question as to when the term of the teacher began is wholly immaterial."

Well Worth Trying.

W. H. Brown, the popular pension attorney of Pittsfield, Va., says: "Next to a pension, the best thing to get is Dr. King's New Life Pills." He writes: "They keep my family in splendid health." Quick cure for Headache, Constipation and Biliousness. 25c Guaranteed at Pauls & Co's., drug store. WOULD SOON BE WORTHLESS. The Greensburg Review informs us that the Lincoln republicans of Westmoreland county at their recent convention adopted a resolution demanding that the State bear the entire cost of the public schools, "making them free in fact as well as in name." It adds that the farmers of the State are taking up the idea enthusiastically. The Tribune hopes this proposal will never command the approval of a majority of the people of Pennsylvania. Schools which cost the local community nothing would soon sink into debt, lose their efficiency and become mere travesties upon educational institutions. That which costs nothing to those who enjoy its benefits soon becomes worthless.

Robbed Freight Car at Berwick.

It seems that the robberies of freight cars and railroad stations along the D. L. & W. goes merrily on despite the occasional arrests for this cause. The latest is the pilfering of a freight car on the siding at the Berwick station, and a large quantity of valuable goods consigned to the Berwick Store company was taken by the marauders. Though the robbery was committed Saturday night or early Sunday morning, it was kept quiet by the authorities until now in the hope of capturing the guilty parties. The car was broken into and eight dozen pairs of scissors and a quantity of razors and knives taken. A large amount of other goods, mostly hardware, was left unmolested. No clues to the robbers were left behind.

Must Hear Bible Read in School.

An important legal decision regarding the reading of the Bible in the public schools has gone on the records of Pennsylvania. A petition from citizens of Williamstown borough was received by Judge Kunkel, of Dauphin county, stating that the directors of the public schools had refused to allow children to enter school after the customary Bible reading in the morning before the regular work began. Some of the children had persistently refused to attend the opening exercises. The directors had demanded that the children either attend the Bible reading or else not attend at all. The petition asked that the court compel the directors to allow the children to enter school after the opening exercises. In reply Judge Kunkel said that the reading of the Bible was generally considered to be a pretty decent sort of occupation and he saw no reason why anyone should object to it. In the conclusion of his opinion, he says: "If the reading of the Bible in the schools is unlawful, it may be enjoined; if it be lawful and a proper exercise of the discretion vested in the school board in the conduct of schools, the petitioners have no ground of complaint. But the question is not necessarily involved here and we do not pass upon it. The prayer of the petitioners is, therefore, overruled."

Married Fifty Years.

Mr. and Mrs. John Richard, well known people residing two miles east of Elysburg, celebrated their 50th or golden wedding anniversary Friday, when many of their friends assembled at their home in honor of the event. Mr. Richard is 70 years old and was born and raised at the place he now lives, and is still hale and hearty. Mrs. Richard, whose maiden name was O'Stricker, is a native of Germany, and came to this country when two and one-half years old. Her parents settled at Dark Corners. The aged couple received many handsome and costly presents. The following were present: Rev. and Mrs. George S. Brooks and sons, Carl and Harold, Mr. and Mrs. Ammon Richard and children, Dayton, Walter and Florence, Mr. and Mrs. D. K. Leisinger and grandson, Edward, Mr. and Mrs. Eugene K. Richard and sons, Earl, Charles and John, of Elysburg; Mrs. Mabel Swank and daughter Harriet, of Mt. Carmel; Mr. and Mrs. Harry Richard and daughter Irene, Mr. and Mrs. Francis Richard, of Five Points; Mr. and Mrs. R. T. In these days of rush and hurry courtesy is often forgotten. In the mad, pell-mell rush of our life little things are done to offend that we rather remained undone. A hastily eaten meal and its resultant headache may cause as social or financial loss. The wise man or woman is the one who relieves little ills of this sort by a little dose of Kofol for Dyspepsia. It digests what you eat and puts your stomach back into shape. Sold by Pauls & Co.

Wedded at Catawissa.

John Lee, of Danville, and Miss Annie Setz, of Catawissa, were united in matrimony on Saturday evening last. The nuptial knot was tied at 7 o'clock by the Rev. J. Nelson at the parsonage of St. John's Lutheran church, Catawissa. A fine wedding dinner was served at the home of the bride's uncle, John Lachman. The young couple were serenaded by the Catawissa military band during the evening. The following guests were present: Rev. J. Nelson, wife and children, Mr. and Mrs. John Lachman, Mr. and Mrs. Harman Young and daughter, Ruth, Mr. and Mrs. John Hartman, Mr. and Mrs. Fred Richterman, Mrs. Joseph Brechtman, Mrs. Elmer Longenberger, Mrs. William Martz, E. CARELESSNESS OR IGNORANCE.

Moved by the stern facts of history, the Scranton Times declares: "Today some one will be killed on one of the local railroads while walking on the tracks, probably a girl will be burned to death from pouring oil into a lighted lamp or into a stove to start a fire. It is an exceptional day when some foolish man or woman does not attempt one of the above reckless and dangerous tricks." It is indeed. When you have a cold it is well to be very careful about using anything that will cause constipation. Be particularly careful about preparations containing opiates. Use Kennedy's Laxative Honey and Tar, which stops the cough and moves the bowels. Sold by Pauls & Co.

Need Not Make Change.

It will probably be an item of news to most of our readers that the postmaster is not compelled to make the change for you when you make a purchase at the post office. This is a queer rule that one in a thousand know. If a man wishes to buy fifty cents worth of stamps and has a dollar, he would be compelled to go and get his dollar changed or do without his stamps if the postmaster refused to make the change for him. And postmasters are not compelled to take more than twenty-five pennies at one time, if they do not want them. J. Warren Comstock, leader of the Sunbury orchestra, was a visitor in this city yesterday.

Meeting of Assessors.

The coal assessors of Northumberland county in a meeting held at Shamokin have agreed upon a higher assessment of coal lands. A most important principle established at the meeting is that the mineral rights of coal land are far more valuable than the surface rights and should be taxed accordingly. Recognizing that mineral right was assessed at a sum far below its real value, the assessors decided that, beginning with the triennial assessment now on, all mineral right should be valued at \$500 per acre. This sum it, self is but a mere fraction of the real worth, but it is a step in the right direction, and it will lift a great burden from the shoulders of the people. The average valuation of coal lands in Northumberland county at present is \$131 per acre. The total county valuation of coal lands, exclusive of improvements, is \$5,129,119.00. This will be raised to \$19,561,500.00, and the increase in taxes to the county if the mill rate remains the same, will be \$12,297.14. This increase in county revenues will render the anticipated increase in the tax rate unnecessary, and will help considerably toward in time wiping out the enormous county debt. No one would buy a sailboat with sail that could not be reefed. There is always that possibility of a little too much wind that makes a cautious man afraid to go against it. The thinking man, whose stomach sometimes goes back on him, provides for his stomach by keeping a bottle of Kofol for Dyspepsia within reach. Kofol digests what you eat and restores the stomach to the condition to properly perform its functions. Sold by Pauls & Co.

Sudden Death of Aged Lady.

Miss Emily McNeich, a resident of dry saw mill hollow, in Cooper township, died very suddenly at 11 o'clock Monday night of heart trouble. Miss McNeich resided with Miss Jane Wolvorton, another maiden lady on the Washington Irvin farm. Shortly before 11 o'clock Monday night Miss McNeich arose from her arm chair and went outside the house to attend to some chickens. Returning she seated herself with the remark that she felt tired. A few minutes later when Miss Wolvorton looked at Miss McNeich she had expired. The deceased was 75 years of age. The funeral will take place Friday morning at 10 o'clock, services being conducted at the home by Rev. G. H. Hemmingsway, D. D., pastor of the First Presbyterian church, of Bloomsburg. Interment at Resemont cemetery, Bloomsburg.

The Breath of Life.

It is a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chief study. Like thousands of others, Mrs. Ora A. Stephens, of Fort Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and I need not of what my friends thought consumption. O. it's grand for throat and lung troubles." Guaranteed by Pauls & Co., druggists. Price 50c and \$1.00. Trial bottle free.

NONE IN DANVILLE?

The Oil City Blizzard makes the astounding statement that there "are men in Oil City who never buy a newspaper, never read one, unless there is a marriage or death in their family, or some one tells them there is something in it about them. They are much more to be pitied than censured." Of course, there are no such benighted souls in Danville.

Death of Theodore Beaver.

A telegram was received in this city Sunday night announcing the sudden death of Theodore G. Beaver, which occurred at his home, Niles, Mich., Sunday morning. The deceased was the eldest son of the late Jesse Beaver, of this city, and a brother of Thomas W. Beaver, of York; Charles S. Beaver, of Jacksonville, Fla.; John A. Beaver, of Porto Rico; Jesse L. Beaver, of Lewisburg; Mrs. John R. Roter, of Harrisburg; Mrs. Jennie Gearhart, Mrs. Marion Gaskins, and Miss Clara Beaver, of Danville. The deceased was seventy-two years of age. He was a widower, but is survived by one son, Frank, and one daughter, Mrs. Vanderlip, of Ripon, Wis. By profession he was attorney at law. He filled many local positions, serving for awhile as mayor of Niles. Two years ago he was Democratic candidate for congress in his district. He left Pennsylvania when a young man, locating in Niles in 1858. His last visit to Danville was in 1902. Five sons and five daughters survived the death of Mr. and Mrs. Jesse Beaver, which occurred some ten years ago. The death of Theodore is the first to occur among the children and it is worthy of note that the one stricken down is the eldest of the family. Appointed Tax Receiver. Mrs. F. P. Appleman has been appointed tax receiver of Valley township and will collect this year's taxes a place of her husband, whose death recently occurred.
