The colonial tavern, which would not tolerated for a moment in our days, was adapted to its times. # MADE GOOD AT BLOOMSBURG

Columbia County

Farmers. Hon. E. W. Samuel has returned to Mt. Carmel from his visit with the Columbia county people at the Bloomsburg fair. The weather was not pleasant, but the reception given to our ongressman was very gratifying to

Columbia county a few years ago was a veritable bulwark of Democracy but times have changed ideas and property under Republican government and soup houses under Democratic regimes have awakened even that old fishing creek confederacy to the needs of the times and the Demo cratic majority in Columbia have been very materially cut down in recent years and in some cases turned in Republican majorities. The rapid growth of the manufacturing town of Berwick has added very largely to the Republican vote of the county. The continued prosperity of that end of old Columbia will entirely change the political complexion of the county in a few years.

This Republican growth coupled with the feeling upon the part of many intelligent Democrats that the district must be represented by a Republican if it is really to be represented at all, will probably give to Dr. Samuel an almost even vote in Columbia county next month. The doctor will carry Catawissa and Bloomsburg by small majorities and he is expected to have at least a thousand majority in Berwick. - Mt. Carmel News.
