# BURGESS ROGERS

Burgess W. J. Rogers yesterday issu ed some very specific orders to the police relative to the observance of hallow'en. There is already a good deal of fun and frolic on the streets at night-which savors of hallowe'en and the desire is to teach those who participate that this year the observance must be kept within reasonable limits. Burgess Rogers states that in his

pinion the ballowe'en observance last year was carried to the most absurd xtreme. Fau and frolic of the legitimate sort, he says, he has no desire to surb, but when it comes to interfering with the rights of others, soiling cloth ing, &c., he declares that it is time for the officers of the law to step in. As the observance was conducted last year, he declares, there was more hoodlumism, if not maliciousness about it than harmless sport A greater number of persons had their clothing ruined by lamp black, flour, whiting and the like than had occurred on hallowe'en for many years before, the trick being to part the objectionable powder, white or black, into a bag and then to whack st over the back or shoulders of an unenspecting person in passing.

Burgess Rogers vesterday ordere the police to promptly arrest any person using in the hallowe'en observ ance, lampblack, burnt cork, flour, starch, whiting or anything that will soil or discolor the person or clothing of another. He is thoroughly in earnets in the matter and his orders will be carried out to the letter by the

### CURTAILS DIVORCE,

The Greenville Record informs us that there has been a remarkable increase in the number of applications for divorce in Mercer county not less than a dozen having been brought at the current term. It adds that the new law which requires a deposit with the clerk of the court of enough money to cover all the expenses of the case will probably have a tendency to diminish the number of applications.

### Crushed by Cars.

Emanuel Myers, employed as a car repairman at the Pennsylvania railroad shops at Sunbury, met with a serious accident late Monday afternoon, and as a result died from the effects of his injuries a short time lat-

er at the Mary M. Packer hospital. Mr. Myers at the time of the accidnt, was doing some work in the car hop and while passing over one of the tracks between two cars another car was switched from the reverse table and striking the first car forced them together and Myers was caught between the bumpers of the cars before he was able to reach a place of

safety. After the cars struck, Myer's body dropped down along side the rail and it was not until then that several of he employes were aware of the accident. Placing him ou a stretcher he vas taken on a shifting engine to Market street where he was conveyed n the ambulance to the hospital. An xamination showed that he had been badly squeezed and injured internally that he could not recover and fifteen minutes following his arrival at

the hospital he was dead. Mr. Myers had been in the employ of the railroad company for a number of years and had expected to work until next month when he intended to
