PASSENGER DIES ON THE TRAIN

The Pennsylvania passenger train, west, due to arrive at South Danville at 4:31 o'clock, Monday eve was the scene of much excitement caused by the sudden death of one of the passengers, who breathed his last just after the train had passed Creasy.

The man that died was James Dodson, of Nazareth, who was on his way to Bloomsburg to visit relatives. After leaving Hazleton the man was taken ill and during the wait of over an hour at Nesquehoning, he called upon Dr. Myers, a physician of that place, who administered to him.

When the train arrived he felt better and resumed his journey. As the train sped on its way it was observed that he was quite ill. He was nearing his destination, however, and it would only be a short time until he was in the hands of his friends. Meanwhile the passengers did what they could to relieve him. The train had just passed Creasy when he suddenly expired.

That the death came quite a shock among the passengers goes without saying. The man's identity was revealed by a letter in his pocket from his sister, Miss Mary Dodson, of Bloomsburg. It was Miss Dodson and another sister, Mrs. Emma Buck, of Bloomsburg, that he had set out to visit when death overtook him on the journey.

The body was removed from the train at East Bloomsburg and the relatives in Bloomsburg were notified. Miss Dodson and Miss Buck were not expecting their brother Monday and when the news came that he had died on the train and his dead body awaited them their surprise and grief can easily be imagined. The deceased was 65 years of age and was a widower.

Diphtheria in East Danville. Diphtheria in East Danville seems to hang on with remarkable persistency and to defy all efforts to stamp it out. At present it seems to have gained a new impetus and a prominent physician is authority for the statement that there are four comparatively new cases in three different families.

The physician in question feels that there is a lamentable lack of precaution in the township and is apprehensive that unless the residents awake to the full sense of their responsibility there is no telling how many more cases may develop in the near future. There seems to be a common source of infection and whether this is the public school or some other source an effort should be made immediately to find out where it is and to apply the proper remedy. Fumigation is always in order and if there are no disease germs to kill there is nothing lost, while should infection be present the omission of such a precaution might be followed with deplorable results.

Either owing to indifference or lack of information the most common precautions to prevent outbreak seem to be omitted in many families. According to the physician quoted, one fact that all have not yet learned or at least have not acted upon is that deadly germs of diphtheria are likely to lurk in household effects, and thus we have the spectacle of the disease recurring in the same family after intervals of greater or less duration and that, too, after the household has changed its residence, showing that some agency other than the dwelling has carried the disease.

It is hoped that the pleasant community of East Danville will soon unite upon some measure that will effectively stamp out diphtheria. Until this is accomplished there will be suffering and probably much sorrow among the families there and a condition of affairs will exist that most expose surrounding communities to the danger of infection.

CAN'T REGULATE SPEED.

Judge Doty, of the Westmoreland county court, has just handed down an opinion in which he decided that a municipality has no authority to make regulations as to the speed of fast trains through its borders. We have not seen the opinion, but unless it is reversed by the higher courts, then a municipality has also no right to limit the speed of automobiles or of fast horses traveling through its limits and is absolutely powerless for the protection of its inhabitants against these constantly increasing modern perils.

Entertained at Dinner.

Mrs. Martha Y. Gearhart entertained at a chicken and waffle dinner at her home on East Front street last evening in honor of her guest, Mrs. Martha McCollum, of Epsy. The guests were Mr. and Mrs. W. Fred Jacobs, Mr. and Mrs. Sam A. McCoy, Mr. and Mrs. J. O. McCollum, of Epsy.

MAKE UP OF NEXT LEGISLATURE

Revised returns of Tuesday's election in the State show the following composition of the next legislature:

Table showing the composition of the next legislature for THE SENATE and THE HOUSE, listing Republicans and Democrats with their respective counts.

Of the Lincolnites in the house, two, John Geyer and J. Penrose Moore, of Chester county, had Democratic endorsement. The other is Frederick C. Ehrhardt, of the Third Lackawanna district, who is a Republican member of the last house, and against whom the Republicans failed to nominate a candidate. Andrew J. Pfaff, of the Seventeenth Philadelphia district, was the only successful City Party nominee, and John J. Casey, of Wilkes-Barre, is the United Labor member. Many of the fifty-seven "Democrats" were elected on Fusion tickets, and some may vote with the Republicans on purely political questions.

Excursions Are Popular.

The penny-a-mile excursions to Harribsburg still continue in unaltered popularity. On Saturday the crowd exceeded that of the previous Saturday by several thousands. Over 15,000 excursionists invaded the city of Harribsburg and swarmed through the new capitol from cellar to dome. No accidents were reported and everybody had a fine time.

There were 181 tickets sold at the South Danville station and among those who took in the trip from this city and vicinity were: Mr. and Mrs. Andrew Fry, Mr. and Mrs. Clarke Kerns, Mr. and Mrs. Seth Lormer and son Gordon, Mr. and Mrs. Charles Love, Mr. and Mrs. William Rudy, Mr. and Mrs. Judson Still, Mr. and Mrs. Alex. Why a woman's page? Must women be fed on special and diluted diet? Can they not read as men read? They do read as men read—and all that men read—and add the woman's page to it.

Rightly conducted, it is the earnest journalistic attempt to instruct more than to amuse; well edited, it steers clear of the encyclopedia and the boudoir. It should be all that a well-rounded, interesting, helpful woman is ready to put out a strong guiding hand wherever it is needed.

It must take itself seriously. It must be honest. It must reflect what really is, and suggest from experience what might be.

TOTAL COST OF ELECTION

The November election cost Montour county a total of \$502.32. This includes the pay of all election officers, cost of printing ballots and election supplies, ground rent for booths, room rent, etc.

But two townships of the county have voting booths, Mahoning and West Hemlock. Three townships vote at hotels—Valley township at Maudsels; Liberty, at Mooresburg and Derry at Washingtonville. Washingtonville borough also votes at a hotel. Derry and Limestone townships each vote at a grand hall.

There are still two townships of Montour county that hold election in school houses, which is a matter of much regret to the county commission, who are trying to bring about a sentiment that will disfavor holding election in the school houses. The even the school buildings of Danville were used for the purpose of holding elections. The custom proved wholly objectionable and except in the First ward, where the court house is used, booths were erected. It is evident that the townships are falling in line with the borough and the time can not come too soon when every school will be in session on election day and the voting done elsewhere.

STATE BOARD COMPLETES WORK

When the State board of trade met Saturday afternoon, with Vice President D. C. Shaw, of Pittsburg, in the chair, Secretary S. M. Williams announced that he had received pledges from seventy-five per cent of the legislators elected last Tuesday that they will vote for to-cement passenger rates on railways and to permit trolley lines to carry freight.

"We may consider the fight as won," said Secretary Williams, "but we will not so announce it until the pledges are fulfilled." For obvious reason the names of the pledged legislators are not made public.

The bill relating to passenger rates provides not to exceed two cents a mile, although they may charge as much less as they please. The trolley freight bill is of simple construction and its meaning is conveyed in the title, which provides that carrying companies of all kinds may carry freight.

GEORGE ARNOLD ADJUDGED INSANE

The commission appointed by Judge Evans to inquire into and report on the mental condition of George Arnold, a prisoner from Montour county, serving time in the Eastern penitentiary, presented its report to court Saturday, on the strength of which the court made an order committing the prisoner to the hospital for the insane at Norrisstown.

The commission, consisting of Charles V. Amerman, attorney at law; H. B. Meredith, physician; and David Sheehart, layman, was appointed by the court on the petition of the warden of the Eastern penitentiary, who stated that Arnold was undoubtedly insane and was not a fit subject for penal discipline. The commission visited the penitentiary and examined witnesses, after which they made a report in effect as follows:

That they are of the opinion that the prisoner, George Arnold, is afflicted with delusions; that he is of unsound mind and consequently unfit for penal discipline; also, that he is unfit to be at large. The committee, therefore, recommended that the court make an order directing the removal of Arnold from the place of his imprisonment to some hospital for the insane.

UNIFORM PRIMARY LAY NOW IN FORCE

The uniform primary law is now in operation in every election district in the State. Under this new system of making nominations, county voters of all parties will vote direct and on the same day for their choice of candidates.

With uniform primaries in force, the time honored county and city convention is a thing of the past. Slate making by political bosses becomes exceedingly difficult if not impossible. The law was framed with the object in view of affording the people the means for determining for themselves who shall be their candidates.

The holding of such primaries to choose candidates to be voted for at the February election will mark the first practical test of the new law in the State at large.

THE TEACHERS' INSTITUTE

The Montour county teachers' institute will be held on the first week of December, convening in the high school room on Monday, December 3rd.

County Superintendent C. W. Derr was in this city Monday afternoon and gave out information to the above effect. There has been considerable delay, Mr. Derr explained, as he was disappointed by one of the speakers and thus, at the last moment, had to cast about for another instructor. The program is not fully arranged, but it will be given to the printer next week.

Meanwhile the teachers of the county will be interested to learn what instructors have been engaged. Prominent among the speakers will be Dr. T. S. Loudon, of Worcester, Mass., an institute instructor of great note, strongly recommended by our State superintendent, Dr. N. C. Schaeffer; County Superintendent Taylor, of Lackawanna county and Superintendent Walburn, of Snyder county.</
