MAY PETITION REPRESENTATIVE

The proposed law to tax all hunters, now before the legislature, may meet with a very determined opposition...

Mr. Schram himself belongs to the class of true sportsmen and among those who drop into his place of business for an hour's chat on hunting affairs...

At the very beginning it was made manifest that in the opinion of these men the proposition to tax hunters is a piece of legislation designed to shut out the poor man and preserve the game for the wealthy...

The proposed bill sets forth that every hunter be taxed one dollar for the privilege of hunting wild game or fowl, either for one day or one season...

Mr. Schram said that the proposed law in his opinion is wrong—that, if the purpose is to protect the game, a more just and equally efficacious way would be to get after the vermin, foxes and the like...

Mr. Schram called attention to the fact that the proposed law in effect would be compelling the American citizen to pay a tax for learning the art of handling firearms...

The company—and every one was a sportsman—seemed unanimous in the conviction that the law should be defeated and they approved of a petition to be signed...

LARGE VOTE AT PRIMARIES

The Republicans in the borough of Danville and throughout Montour county held their primaries Friday between the hours of 6 and 7:30.

A very large vote was polled in each of the four wards of the borough of Danville, especially when it is considered that the weather was not the kind that usually brings out a vote of large proportions...

The large vote may be accounted for, however, by the fact that there were several hard fights to be decided Friday evening in the first ward Harry Trumbower successfully opposed Amos Vastine, present incumbent...

GRATITUDE AND VANITY. The philosopher if the Panaxaewey Spirit declares that "the abolition of the annual pass was really a good thing. Of course no legislator or judge of the courts or other official would admit that the fact that he had an annual pass made any difference in his conduct toward railroads. But it did, just the same. And the shrewd men who managed the railroads know it did. There are two elements in human nature that could not help being more or less affected—gratitude and vanity."

NO FALSE PRETENSE has marked the career of Ely's Cream Balm. No idle promises of rewards for cases it will not cure. Being entirely harmless, it is not responsible like the catarrh snuffs and powders, for minds shattered by cocaine. What the Kidneys Do. All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart and beating, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.
