I would not think of being without them in the house. I made a statement for publica-tion in 1806 in which I gave my opin-ion of Doan's Kidney Pills on account of the great benefit I had received from their use. I have nover had any cause to regret making that statement and now over eight years afterwards, I can reiterate the statement. Before taking this remedy I suffered for months with backsche and lameness and sovers my hips was continuous and when or my heir use to do anything re-quiring a bending position, sharp twinges would catch me so suddenly that I had to brace myself until they stopped. The kidney servetions an-noyed me and I often suffered from beadaches. I read statements given by people in this vicinity who had used Doan's Kidney Pills and concluded to try them. They did me more good than any other medicine I ever tried. After a few doses I no longer exper-ienced such sever pain and finally the pain was removed entirely. The an-noyance caused by the irregularities of the kidney secretions was entirely removed. I can honestly recommend Doan's Kidney Pills to those suffering as I did."
