WORKMAN'S

PAINFUL INJURY

Edward Buck, an eighteen-year-old boy, met with a most painful and serions injury while employed at the Reading iron works yesterday morn-

Edward was running a buggy in the bar mill. He was filling the place temporarily in the absence of the regular man. He was getting along very well with the work until toward morning. The buggy had just been brought up to the rolls, the portion which receives the iron standing next, is in progress The young man running the busggy had hold of the handle.

While in this position owing to an accident or to some mistake in handling the buggy a heavy mass of iron fell upon it in such a way as to throw the handle upward, with terrific force. As stated above Edward had hold of the buggy and as the handle flew nnward it struck him on the chin, force of the blow inificting painful in-

But the hand of the law stayed his intentious of blood thirsty revenge. As he stepped from the hospital Saturday morning he was arrested by Sergeant Van Voris, of the State constabulary, located at Shamokin, and Deputy Sheriff Condy Langdon, of Centralia, on the charge of stabbing William Murton, of Centralia, on March 7th, and an aggravated assault on Chas. After stabbing Murton, Gedro left Centralia and nothing was heard of him until the accounts of the shooting affray were seen in the papers. Gedro now lies in the Columbia county prison at Bloomsburg.
