## MAKING ROADS IN THE COUNTRY

This is the season of "working on the roads" in the rural sections and as a consequence the highways are in anything but a good condition. As a ties, also grange exhibits, to be held matter of fact with the exception of a at many places are worse than at any

other season of the year.

It is a deplorable fact that in most of the counties of the Commonwealth old-fashioned methods of repairing reads are still in vogue. The ground is dug loose in the gutters and, whether er adaptable or not for the purpose of road building, is merely thrown up, into the middle of the highway, where in times of rain it becomes that much mud and at all times is a hindrance in and an annoyance to travel. Not until the loose earth becomes pulverized under the wheelsog is washed back in to the gutters will the roads thus repaired be fit for travel.

Montour is no exception to the other countries in this respect. It is true, we have a large number of progressive farmers, who are endeavoring to bring about better and more scientific methods of repairing highways, but it is very hard for men to get away from the montour is no exception to the other countries in this respect. It is true, we have a large number of progressive farmers, who are endeavoring to bring about better and more scientific methods of repairing highways, but it is very hard for men to get away from 100, shows an increase of 854,289, or old-fashioned methods of repairing almost double the attendance during roads are still in vogue The ground 1905. The total membership of these associations is 18,825, an increase of er adaptable or not for the purpose of 7,837; membership fees received, \$46,- road building, is merely thrown up an increase of \$39,199.45; into the middle of the highway, where 729, 45, an increase of \$39,199,45; into the initial of the inglinary, where amount paid in premiums, \$99,503.82, in times of rain it becomes that much and accrease of \$16,489.50; amount offermed and at all times is a hindrance and an annoyance to travel. Not unincrease of \$16,489.50.

### Had Sunk for Third Time.

News reached this city Saturday of a sad disaster at Augusta, Ga., of which Mr. and Mrs. Charles Howe, formerly of this city, were among the survivors, although they both barely

escaped with their lives.
On last Wednesday Mr. and Mrs. Howe along with two other couple started in a launch to attend a pic-nde. The launch, which was in charge of two men, was steaming through a canal in which there was a strong cur rent. The boat was hard to manage and it struck against the bank, which created alarm among the ladies and caused them to spring to one side of the boat. The result was that the lammeh capsized and the occupants were thrown out into deep water. One gentleman and lady drowned. Mr. and Mrs. Howe came within an ace of sharing a like fate, the former being utterly exhausted when taken from the water while Mrs. Howe had sunk for the third time and was resuscitated with much difficulty.

# When the Hair Falls

Then it's time to act! No time to study, to read, to experiment! You want to save your hair, and save it quickly, too! So make up your mind this very minute that if your hair ever comes out you will use Ayer's Hair Vigor. It makes the scalp healthy. The hair stays in. It cannot do anything else. It's nature's way. The best kind of a testimonial -- "Sold for over sixty years."
