

Montour American.

FRANK C. ANGLE, Proprietor.

Danville, Pa., Aug. 15, 1907.

Men Gossip.

We hear much of the woman gossip. What about the man gossip? Are all his conversations with his fellows free from calumny, does not his tongue occasionally wax over a little rumor that has the ear marks of a sensation and does he not mouth it with a relish and multiply it by adding to what he has heard a little private speculation and, possibly, a few incriminating reminiscences? Among your acquaintances do you not know the man who, when you tell him of the good deeds of Mr. So-and-So, of his probity and his winning personality will smile as though in compassion, and call you aside and whisper just a few words into your ear. But in these words there is the venom of scandal and while they may be based upon some flimsy ground you know full well that they could have been left unsaid. This type of the man gossip is most dangerous. No one is impervious to his attacks. He does not look for virtue. He is always searching for frailties and the Diety in making man never neglects to endow him with frailties of some sort. So the man gossip can always find something to base his malignant structure upon and he builds so well at times that he estranges erstwhile happy families and sends a man down the path to ruin and social oblivion.

It has been said that woman is never so unkind as to her own sex. The man gossip has no mercy for those of his own sex and women form a most delectable morsel for him. His eyes seem to be ever upon them and when they are guilty of the slightest indiscretion he will tell the story with an ominous lowering of his voice and with every word tintured with suggestiveness. The barber shop hears his story, the cigar store listens to it, if he be a club man he may tell it there, if his club tolerates such things, and each member of his family is regaled with it. In time the story is given wide circulation and the ultimate result is that it develops into a scandal to the great annoyance and distress of the person around whom he has woven the web. Mankind has its gossips just the same as womankind. There is no difference between them—the one is just as despicable, just as low and just as scurvy as the other.

Corrupt Cards.

In sentencing a dealer in post cards to pay a fine a Delaware judge took advantage of the occasion to read a lecture to the merchants who offer for sale the obscene cards which are so demoralizing to the young boys and girls in the communities of the state. The judge declared that the dealers in these post cards are corrupting the very foundations of the morals of the community. That the judge was right in his estimate of the harm done by obscene post cards can be confirmed by evidences to be found in every city.

In Williamsport there are many obscene post cards displayed in shop windows and these are gazed upon by many young girls and boys, whose minds are corrupted by what they see. No effort is apparently made to stop the sale of these vicious cards and their sale will continue until some person who realizes the great danger of their distribution shall take up the matter and hale the offending dealers into court where their disregard for the morals of the community would receive a deserved rebuke.

Children learn evil fast enough with out having it thrust into their faces.

Columbia County's Assessment.

The Columbia county commissioners have finished the revision of the triennial assessments. The work has all been tabulated and it shows a large increase over the figures of former years. This increase will bring into the county treasury a large amount of money. The value of all the real estate in the county last year according to the returns of the assessors was \$12,381,691. This year the same is assessed at \$13-101,305, showing an increase of \$79,314. This includes all the real estate in the county, quite a good deal of which, churches and the like, is exempt from taxation.

State's Milk Supply Is Pure.

About 6000 samples of milk and cream have been taken by the dairy and food department during the past thirty days at various points throughout the State. The result is most gratifying to Commissioner Foust, who says it is the most remarkable showing ever made in Pennsylvania. The absence, he says, of violations of the milk laws is in marked contrast to the inspection of four years ago when hundreds of prosecutions for use of preservatives and the watering of milk occurred. In the city of Philadelphia 910 samples were secured and a comparatively few people were found who used adulterations.

The county commissioners of York county have issued orders forbidding the holding of meetings in front of the court house. The recent holding of a socialist meeting there led to this action.

Mrs. Elizabeth Janney, aged 70 years, of Norristown, was struck by a trolley car of the Schuylkill Valley traction company's line, near Jeffersonville, on Monday, and injured so badly that she died within fifteen minutes.

A strike is a great nuisance, but at times a necessary one.

NEW BOARD OF DIRECTORS

The following persons have been elected as members of the board of directors of the Y. M. C. A. to serve the ensuing year:

B. W. Musselman, O. R. Schilling, J. W. Lore, Will G. Brown, H. B. Snee, W. E. Gosh, Howard Reppert, Joseph Dival, A. H. Grone, W. L. McClure, Walter Lovett, David Roderick, Jesse Shannon, Watkin Evans, and David Reese.

The board will hold its first meeting on the evening of the first Tuesday in September, when an organization will be effected.

The first important business that the new board will have to transact will be the election of a general secretary of the Y. M. C. A. to succeed George R. Bernhard, whose resignation will go into effect on September 1st.

It was learned yesterday that there are three applicants for the position and that each is being given due consideration by the board of directors. It is not likely, however, that the candidacy of either will be acted on until the next regular meeting in September. On that date, it is understood, a general secretary will be elected.

MAIN INTEREST IN RAILROAD MEN

NEW YORK, Aug. 14.

With both sides claiming victory, the main interest in the telegraphers' strike here today centered about the possibility of the railroad telegraphers, forty thousand strong, joining the ranks of the strikers. The report that the Erie railroad had discharged five telegraphers for refusing to send commercial messages caused much uneasiness, which was not quieted even when the report was denied officially by officers of the company. It is understood that the officials of the Baltimore and Ohio and the New York Central have determined not to try to force their operators to handle commercial business.

WOULDN'T HANDLE.

Belvidere Brooks, superintendent of the Eastern division of the Western Union, today said: "The railroad companies are under contract to us to handle commercial business and of course they will live up to their contracts. As far as we are concerned, when men refuse to handle wires we discharge them. I should think the railroads would do the same." A crisis came when the manager of the Western Union office at the Grand Central station sent a bundle of messages, which he was unable to handle, to the New York Central railroad operators. Without hesitation the operators refused to send the messages, and threatened to walk out if any attempt was made to force them. The railroad officials returned the messages to the Western Union.

RAILROAD MEN HOLDING.

Grand Secretary Quick, of the Order of Railroad Telegraphers, notified all members of that union that they must strictly observe the agreement with the railroad companies and perform the same duties that they did before the strike was declared. Nothing more nor less. Mr. Quick's prompt action has settled this question. He instructed the members of this union also to stay out of the troubles of the Western Union and Postal.

GENERAL STRIKE ORDER EXPECTED

Chicago, Aug. 14—With the arrival of President Small, of the Commercial Telegraphers' Union, in Chicago today, a general strike order, calling out every union operator in the United States and Canada will be issued according to strike leaders. In every office not already affected union operators are anxiously awaiting the word from President Small. The general strike order was prepared yesterday and is now in the possession of General Secretary Russell. As soon as Small places his seal of approval upon it this action will be flashed to all corners of the United States and Canada. Then the biggest strike in the history of the Commercial Telegraphers' Union, involving approximately 27,000 men will be a reality.

CAN HARDLY BE AVERTED.

The executive board will go into session to discuss a general strike. Realizing that a general walkout cannot be averted, it is not thought Small will show any hesitancy in giving his sanction to the order. Should Small seek even to delay such action for a day, the operators who have remained at their keys for no other reason than to be called out by him will undoubtedly join the strikers. Secretary Russell realizes this. With President Roosevelt may lie the only possibility for a settlement. Business interests of Chicago and other portions of the country are urging the chief executive to take a hand, but no disposition is manifested by either party to the strike to arbitrate.

Nail Causes Bad Wound.

Mrs. A. J. Snook of Mahoning township on Saturday had the misfortune to run a ten penny nail through her foot. A very painful and serious injury was produced. Dr. Hinshellwood was called.

The weather is never so hot but might be hotter.

PLANTING OF SHADE TREES

The planting of trees is a matter which is more honored in the breach than in the observance. This is unfortunate, for Danville has streets which should be lined with trees and thus made all the more presentable. True it is that dozens of shade trees, the pride of those who planted them, have been removed by reason of the grading of the streets and the getting of these same thoroughfares in condition that the lines would run true. That the trees were removed is very unfortunate.

Unfortunately many have been cut down and many more are likely to follow. But they can be replaced. True, it will take years for them to grow. But they will grow and would then be a solace to those who planted them. Years ago some of the trees which adorned the sidewalks were cut down and in many instances have not been replaced. Had they been they would have helped to temper the heat these warm August days.

Would it not be a good idea on the part of the property owners in the residential parts of the city to get busy and improve the sidewalks by the planting of trees this fall? Other cities have become noted because of their magnificent shade trees and there is no good reason why Danville should not get in line and make the resident sections ones of shady avenues. Many of the residences have connected with them fine lawns and these add much to their beauty. Not so very many years ago lawns were few and far between. In the intervening years they have been arranged and the properties look so much the better for them, and more than that the pleasant surroundings have caused the properties to advance in price when compared with those which have not been so beautified.

So it would be with trees. They would not only add to the comfort of the people who live in the houses but also to the commercial value of the property. Let there be a tree planting revival in Danville and let it come quickly. It will be but a few years until the trees will demonstrate what great good they can do.

PERSONALS.

J. A. Weitzel, of Rochester, N. Y., formerly of this city, is spending his vacation with friends and relatives in Danville.

Mrs. James Scarlet and son James returned last evening from a stay at Beach Haven.

Michael Fallon and S. J. Welliver, Jr., will leave this morning for a trip to Atlantic City.

Mr. and Mrs. Emanuel Wolf and Joseph Maier, of Philadelphia, arrived in this city yesterday to attend the funeral of Mrs. Elias Maier.

Miss Elsie Bennett and Gertrude Brooks will leave today for a visit with friends in Sunbury.

Miss Bessie Klase returned to Lancaster yesterday after spending a month's vacation at the home of her parents, Mr. and Mrs. Jesse Klase, Water street.

Mr. and Mrs. Frank Love, Bloom street, will leave today for a trip to Philadelphia and Atlantic City.

Miss Mary Jameson returned last evening from a visit with friends in Boston and vicinity.

Mr. and Mrs. William Cousart, of Philadelphia, are visiting at the home of the former's father, Frank Cousart, East Market street.

Miss Gertrude Heim has returned from a visit with friends at Lehigh-ton.

Mr. and Mrs. W. L. Sidler, Misses Margaret and Mildred Sidler and Henry Sidler, Miss Ruth Hoover and Mrs. Oscar Leniger visited the campers at Cameron yesterday.

Dr. and Mrs. Warren L. Kaufman, of New York City, are the guests of Lee Kaufman, and are being entertained at the home of Amos Wohlfarth, Riverside.

Mrs. Isaac Gross left yesterday for a visit with friends in Mahanoy City.

Miss Gertrude Downey returned to Shamokin yesterday after a visit with friends in this city.

Miss Blanche Goss, Mowry street, is spending several days with friends in Burnham.

Mr. and Mrs. John Mintzer, Jr., are visiting friends in Shamokin.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and other ailments of the stomach are all due to indigestion. Kodol relieves indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach combined with the greatest known tonic and reconstructive properties. Kodol for dyspepsia does not only relieve indigestion and dyspepsia, but this famous remedy helps all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach. Mr. S. S. Ball, of Ravenwood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in our family."

Kodol Digests What You Eat. Relieves indigestion, sour stomach, biliousness, etc. Prepared by E. C. DAWITT & CO., CHICAGO. For Sale by Paules & Co.

STOLEN BRASS RECOVERED

Lieutenant W. A. Pursley, P. & R. detective, accompanied by Officers Lugan, Henry and Seitzinger, who on Monday traced a lot of stolen brass to this city Tuesday made two important arrests at Bloomsburg.

For some time past thieves have been operating along the line of the P. & R. Railway, stealing large quantities of brass. Lieutenant Pursley, with his corps, for several weeks past has been doing a good deal of quiet work in this section. It was not until Monday, however, that they struck a blow. On that day while searching the shop of one of our junk dealers they found a number of brass journals valued at fifty dollars belonging to the P. & R. railway company. The junk dealer, of course, was asked to explain. He gave the names of two men, of whom he alleged he had purchased the brass.

Acting on the information the officers proceeded to Bloomsburg and Tuesday took William Smith and William Geise into custody. The men were arranged before Justice Weiss and held under bail.

The junk dealer in whose possession the brass was found entered bail yesterday afternoon for a hearing. He protests that he did not know that the brass was stolen.

Tells What Causes Sunstroke.

Professor Otto Splanck, an expert on the brain, delivered an interesting lecture on "Sunstrokes and How to Avoid Them," says a Chicago dispatch. He said:

"Sunstrokes are due to heat. In all my experience I have never found a case where the temperature was below freezing. To prove my theory, I once induced a very fat man to work in a wheat field without a hat. The thermometer registered 92 and the humidity was also high.

"In less than a half an hour the man was dead, and I was vindicated. My paper on this case, read before several medical associations was deemed a masterpiece.

"While it may surprise many persons, still I assert that men who work in bakeries and boiler rooms are more apt to be overcome by the heat than employees of cold storage plants.

"In the treatment of sunstroke I strongly advise against the use of hot applications, mustard plasters and ginger tea. The practice of giving these patients hot brandy today should be frowned upon.

"But, under all conditions, we should not overlook the fact that sunstrokes are caused by heat."

Harry You're a Wonder.

The ice cream cone will be outdone if Harry Kelley, of Eastville, gets the patent he has applied for. Harry is something of an inventor, and he got his thought from reading about a man who crawled in a hole and pulled the hole in after him. Harry's idea is a lunch basket that will carry all kinds of food, and when the hungry workman finishes what is in the basket, he calmly eats the basket for dessert and wipes his mouth on a tuft of grass.

By the wrecking of a Bessemer and Lake Erie freight train near Bulter on Monday evening nine cars were demolished. Michael Shannon, who was stealing a ride on the train, clung to a car which was hurled twenty feet down an embankment and although the car was overturned he was hurt very little.

On Monday evening nearly 200 bartenders, waiters and others employed in hotels, restaurants and saloons in Wilkes-Barre, went out on a strike. They demand a ten-hour day which most of the hotel and saloon men refuse. Hunger and thirst resulted from the strike.

The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter; but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing hope to the public a parallel fact; that the stomach is the most vulnerable organ out of the ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach is utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Doctor Pierce's Golden Medical Discovery and you'll never again be in your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address: Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead. Dr. Pierce's great thousand-page illustrated Common Sense Medical Advertiser will be sent free, paper-bound, for 21 cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

EXCHANGE BAND AT FARMER'S PICNIC

All arrangements are being rapidly perfected for the farmers' tri-county picnic, which will be held in De Witt's park on Wednesday, August 21st.

The committee on amusements, consisting of E. L. Diehl, Jacob Shultz and W. V. Oglesby, Esq., have arranged an interesting program.

Among the contests will be one of quilts. The contest will be under the direction of the Danville Quilt club, the winners to receive a certificate showing that they are the tri-county champions.

There will be two sack races, one for children twelve years and under and the other for those from twelve to sixteen years.

There will be two wheelbarrow races, one for men and one for ladies. As is the custom in wheelbarrow races the contestants will be blindfolded.

Each will be given thirty seconds to reach a certain point. In case neither reaches the goal the one who comes nearest will be declared the winner.

There will be a Japanese lantern race, which is something of a novelty. At the point to be reached is a lantern, a candle and matches and the contestant who first lights the lantern and brings it back to the starting point will be declared the winner.

Next will be a potato race, which consists of covering a course along which twenty-five potatoes have been distributed, on the way picking up the potatoes one at a time.

This will be followed with a sand bag race. A bag filled with sand is placed on the head of each contestant and his hands are tied so that he cannot touch the bag. The trick is to cover the course first without losing the bag.

An interesting feature of the program will be a nail driving contest for the ladies. It is said that several ladies will practise nail driving between the present and the picnic for the purpose of disproving the old saying that a woman can not drive a nail.

There will also be a spoon race open to ladies exclusively, which consists of covering the course with an egg held in a tablespoon. The lady who can run the fastest and not lose the egg will be declared the winner.

For each of the races there will be one prize of one dollar.

Those who desire to enter the contests must present their names to the committee before the event is called.

The committee on music has decided to employ the Exchange band for the tri-county picnic. In addition an orchestra will be employed to furnish music for dancing.

The man whom the world styles a fool is sometimes the wisest of the wise.

FINAL NOTICE.

IN THE COURT OF QUARTER SESSIONS OF MONTOUR COUNTY. TO ALL WHOM IT MAY CONCERN:

Due and legal public notice is hereby given, that pursuant to an order of the aforesaid Court and to the Act of Assembly in such behalf made and provided, the undersigned do hereby publicly declare their intention to remove from what was formerly known as "The Presbyterian Cemetery," on Bloom street, in the Fourth Ward of the Borough of Danville, in the County of Montour and State of Pennsylvania, the remains of such bodies interred therein as can yet be readily found, and to reinter them elsewhere, on and after

Friday, August 16th, A. D. 1907,

and that in the meantime the relatives and friends of such dead as yet remain interred in the said Cemetery shall have, and they are hereby granted, the right and privilege to remove from the said Cemetery the remains of such dead at their own proper cost and expense.

The Trustees of the Mahoning Presbyterian English Congregation North,

By, I. X. Grier, M. Grier Youngman, Wm. L. McClure, Alex. Foster, Thos. J. Rogers, James T. Magill, James D. Magill, J. B. Gearhart, T. W. Bartholomew, The present acting Trustees, Edward Sayre Gearhart,

pro Petitioners. Danville, Pa., July 16th, 1907. J17, 25, 31, A7, 14.

SECOND TO NONE.

THE GREAT WILKES-BARRE FAIR

6 DAYS AND 6 NIGHTS.

AUGUST 26, 27, 28, 29, 30 and 31, 1907.

The greatest event ever held in the Wyoming Valley.
