RABIES IN MAHONING TWP

The hydrophobia scare, which for some time past has held the people of Danville in its thrall, has now spread beyond the borough limits and in one section of Mahoning township at least there is great excitement and dread among the people.

A gentleman of Sidler hill called on the police Saturday and explained the situation there which is anything but reassuring. It appears that the brindle bull dog that went mad in the third ward Friday made a circuit taking in Sidler hill. The fact seems pretty well established that in passing through the place the bull dog bit at least ten dogs. In addition, Mr. Welliver's dog, which ran amuck on the same day, is rather more than suspected of biting several other dogs.

The police department, however, whose authority extends no further than the borough, is powerless to act in the premises. Whatever is done to restrain the dogs on Sidler hill will have to emanate from some source outside the borough.

That there is a scare in that vicinity is not at all surprising. Two mad dogs trotting through the streets in one day is quite enough to alarm the people. Assuming that the number of dogs bitten is as above stated there will, no doubt, be a fearful harvest of rabies before long.

The people owe it to themselves to get rid of the dogs that were bitten. No one can afford to take any chances, no matter how great a favorite or how valuable the dog was.

WILL ATTEND THE REUNION

There is the usual activity and revival of enthusiasm in Danville among the leading spirits of the Twelfth Regiment, Pennsylvania Volunteer Veteran association, or more familiarly known as the survivors of the Spanish-American war, incidental to the annual reunion of that organization, which will take place at Lewisburg, on Tuesday, October 29th.

Danville sent 106 men to the Spanish-American war, as members of the Twelfth regiment. A fair proportion of these are residents of this immediate vicinity. Four have died. Although a large number of the survivors reside in Danville the representation from here at the annual reunions has been small.

A special effort is being made this year to get up a large contingent from Danville. There is a good reason for this. Next year it will devolve upon Danville to invite the survivors of the Spanish-American war to hold their reunion here, as each of the other towns embraced by the 12th regiment has in turn invited the reunion and done itself proud in the entertainment of the veterans.

This year Lewisburg is making elaborate preparations to show the veterans a royal time. The occasion will embrace a smoker and a banquet. Col. Coryell, General Gobin and probably General Stewart will be present. Other towns have signified their intention of being present at the reunion with a large representation.

It now devolves upon the survivors at Danville to attend the reunion at Lewisburg in a way that will reveal real enthusiasm and a general interest in the veteran association. In order to get the survivors aroused a meeting has been called to be held in the armory at 7 o'clock on Thursday night. On this occasion all arrangements will be perfected. The first requisite, therefore, is that there should be a good attendance at the meeting and an appeal accordingly is made to the survivors, urging them to turn out on the occasion even if it be necessary to practice some self-denial.

Beyond the customary contribution of one dollar to the entertainment fund there is no expense connected with the reunion.

REST MADE EASY

There Will be Less Sleeplessness When Danville People Learn This.

Can't rest at night with a bad back, a lame, weak or aching one. Doan's Kidney Pills are for bad backs.

They cure every form of kidney ills from common backache to diabetes. They are endorsed by Danville people. Levi Allegor, baker, of 102 North Spruce Street, says: "I found more relief from the use of Doan's Kidney Pills than from anything I ever used for kidney trouble. About eight years ago I had considerable lameness in my back, over the hips and a continual aching right over the kidneys. These pains clung to me and increased in severity if I stooped or lifted. Occasionally sharp pains would pass through me and shoot up between my shoulders, along my spine. All this caused me considerable suffering and unfitted me for my work. I could not sleep well at night and in the morning would arise tired and unrefreshed. I read about Doan's Kidney Pills curing others and got a box. After taking them as directed I felt better and continued the treatment until I felt all right. I made a statement in 1899 in which I said Doan's Kidney Pills had cured me. I can only reiterate that statement at this time. I always keep Doan's Kidney Pills in the house, and whenever a cold or a strain brings on a tired or weak back they never fail to remove the trouble. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States."

Remember the name—Doan's—and take no other.

TWO DEAD FROM RABIES

WIKES-BARRE, Pa., Oct. 23. Samuel Burnett, aged 7 years, of Maltby, and John Zeemertis, of Dupont, nearby mining settlements, died at their homes from rabies, and Isaac Burnett, aged 12 years, a brother of Samuel, and George Rega, aged 10 years, a neighbor, were sent to the Pasteur institute to be placed under treatment for hydrophobia. The Burnett children and Rega were bitten nearly seven months ago by a dog, but no symptoms of rabies developed until a few days ago. Zeemertis and Joseph Oretto were bitten by a dog five weeks ago. When symptoms of rabies developed Oretto was sent to the Pasteur institute, but Zeemertis refused to go to New York and died in great agony.

MUST BUY OUT THE STANDARD COMPANY

Borough Solicitor E. S. Gearhart has presented an opinion to council upon the question as to whether or not the borough of Danville has the legal right to manufacture electricity and electric light for commercial purposes. Mr. Gearhart has arrived at the conclusion that the borough of Danville under the law has no legal right to manufacture electricity and electric light except for its own exclusive use as a municipality.

That the borough has the clear and legal right to manufacture electricity and electric light for its own use is conceded. In order to determine clearly whether the borough can manufacture electricity or electric light for other or commercial purposes the solicitor entered upon an extended review of certain preliminary record facts touching on the law and the charter rights of the Standard Electric Light company of this city.

Section 1 of the act of May 20, 1901, provides that boroughs shall have the right to manufacture electricity for commercial purposes for the supply and use of the inhabitants of said boroughs and may introduce the arc or incandescent electric light and said boroughs may enact ordinances to introduce and supply the inhabitants of said borough who may desire to use the said electricity in their dwelling houses, store rooms and other places in said boroughs. Provided, that in all boroughs so desiring to furnish light, where electric light companies organized under laws of this Commonwealth are already furnishing electric light to such borough or the public, such boroughs shall endeavor and are hereby authorized and empowered, to purchase the works of such corporation at such price as may be agreed upon by councils of said boroughs and a majority in value of the stock holders of such corporation.

The opinion makes it clear that the Standard Electric Light company is such a corporation as that contemplated by the provisions of the act of 1901; also that the validity of its charter can not be attacked at this late date. The law frowns upon that which has for its logical result the confiscation of private property.

The Standard Electric Light company and the Standard Gas company were incorporated on the same day under the same law, for the manufacture of gas and electric light for commercial purposes. The two plants being so inter-related that their separation is absolutely impossible, the borough could not without a great deal of risk thus purchase the plant of the Standard Electric Light company.

Concluding the solicitor states: "With the manifest injustice done this or any other borough similarly situated in the premises, we of course, have nothing to do. We are simply construing the law governing such cases as we find it in the books. "And that the citizens of this borough may be paying an exorbitant price for their electric light is likewise a matter with which we have nothing whatever to do. But in view of all the foregoing premises and of the express provisions of this act of 1901, we are of the opinion that this borough cannot legally manufacture electricity and electric light for commercial purposes for the supply and use of its citizens until it first legally acquires this plant of the Standard Electric Light company as is in the said act expressly required.

"Whether or not this borough could grant a legal franchise to another person, company or corporation for such purpose is an entirely different matter, which we are not called upon to decide."

EDWARD SAYRE GEARHART, Borough Solicitor.

Danced at Inquest.

On Saturday while a coroner's inquest was in progress in the office of Alderman Luthi, in Chester, over the body of Louis Gidon, who was murdered on Arbor Day, by Angelo Pezanzo, it is charged, an itinerant fiddler entered the office and began fiddling when the Italians who were present as witnesses in the case began to dance, the alderman considered this an improper interruption of his work, and threatened to have the dancers and the fiddler arrested, when the frivolity ceased.

Trevorton Church Dedicated.

People from a number of places in the anthracite coal region attended the dedication of St. Patrick's Catholic church at Trevorton Sunday, the structure, a three-story brick, being erected at a cost of \$30,000, largely through the efforts of Rev. Father Aloysius Blystein, pastor. Right Rev. J. W. Shanahan, bishop of the Harrisburg diocese, was present. He delivered the sermon and Vicar General Joseph J. Koch, of the same diocese, sang the mass.

A Birthday Surprise.

A birthday surprise party was tendered Mrs. Isaac Gross, Saturday evening. Those present were Mesdames Moses Bloch, B. Meyer, Herbert Dreifuss, Simon Dreifuss, S. Goldsmith, Eva Mayer, Louisa Bloch, Moses Gross, Eli Rosenthal, Julius Heim, Joseph Heim, Philip Benzbach, Rachel Wertman, Robert Marks, Philip Marks, Gus Wyle, Misses Bertha Goldsmith, Clara Ellenbogen, Mollie Ellenbogen, Dora Mayer, Amanda Mann and Mrs. Louis Gross and Mrs. Max Gross, of Bloomsburg, and Rabbi Wagenheim.

H. S. DEFEATED BY SUNBURY

Three touchdowns were scored by the Sunbury high school football team at DeWitt's park Saturday afternoon against the Danville high school eleven. A final score of 17 to 0 made the visitors victorious and about represents the relative merits of the two teams.

The game started at 3:30 o'clock, Sunbury winning the toss and choosing the west goal. From the start the Danville players were forced into the defensive by the superior tactics of their opponents and the play throughout the game was largely in Danville's territory. The Sunbury boys scored one touchdown in the first half and two in the second half.

The playing of the visiting team revealed excellent coaching and hard practice, and their team work was of a high order. While the Danville players deserve credit for holding a team of Sunbury's strength down to three scores, still the defects of the play were easily discernible. As in the previous game the team work, although improved, was not good. Danville is weak both in interference and in breaking up their opponents' interference. The high school has the nerve and the weight, and a little more attention to the details of the game would make the Danville eleven a hard proposition for the remaining games of the season.

A large crowd witnessed Saturday's game, and what is better, the spectators were kept back of the side lines.

Lawlessness at Bloom Fair.

The Milton Standard has the following to say concerning District Attorney C. A. Small's reprimand to the Columbia County Agricultural society: "The success of the Bloomsburg fair for the past few years appears to have made the management reckless and indifferent to their duty. At the recent fair not only were gambling privileges sold but the sale of intoxicants was carried on on the grounds. District Attorney Small is after the directors, who will be held to an accounting. He will be the best friend the fair association ever had if he makes it so that this year's excesses will never be repeated. The gaming privilege is the rock upon which scores of prosperous and promising fair associations have been wrecked. The public will not stand for a gambling joint, no matter where it is conducted."

In most cases consumption results from a neglected or improperly treated cold. Foley's Honey and Tar cures the most obstinate coughs and prevents serious results. Pleasant Surprise.

On Friday evening the home of Mr. and Mrs. Isaac Mowrey at Grovania was the scene of a pleasant surprise party given in honor of the birthday of Miss Pearl Heberling. The evening was spent in a most agreeable way with games and music. Later in the evening refreshments were served. Those present were: Mr. and Mrs. Isaac Mowrey, Misses Pearl Heberling, Stella Churm, Rachel Churm, Annie Lee, Minnie Gilton, Mary Krum, Messrs. Roy Cooper, Fred Diehl, Arthur Sticklin, Bert Goss, Walter Trumbower.

Don't Feed the Tramps.

There is little excuse for the existence of tramps in this section, and the men who are baring about the country, out of employment, are doing so from choice rather than from necessity. Farmers are complaining of scarcity of help; contractors in many cities cannot procure a sufficient number of men to carry out their construction work. The railroads are short of help, and in fact there are openings for all who want work. The able bodied man who goes begging from town to town, few of which species have made their appearance in this section of late, should be reminded of this fact rather than encouraged in their idle course by gifts from those of whose bounty they ask.

DeWitt's Carbolized Witch Hazel Salve is good for little burns and big burns, small scratches or bruises and big ones. It is healing and soothing. Good for piles. Sold by Paules & Co.

EXCITEMENT AT SCHOOL BUILDING

A young man, badly intoxicated, created great consternation among the teachers and pupils of the third ward school at noon Friday. Through his interference the schools were prevented from going into session at the usual time.

The young man—Harry Forney of the Fourth ward—took offense at one of the pupils and entered the building. In an effort to find the boy he applied at several of the rooms but the teachers were too much terrified to admit him. He finally took up his position on the steps of the building, which prevented the pupils from entering. At this juncture the bell rang summoning the pupils to their studies. Under the circumstances there was a general hold-up, those outside being afraid to enter the building and those inside being afraid to pass out. There was great alarm and excitement about the building, when one of the pupils was despatched for Officer Voris, who in due time appeared on the scene and took the man into custody.

Forney was placed in the lock-up until 7 o'clock Friday evening when he was arraigned before Justice Dalton, charged with drunkenness and disorderly conduct. The defendant pleaded guilty, but explained that while passing the building he was struck by a stone thrown by one of the pupils. He was trying to find the offender when he entered the building. Fine and costs amounted to nine dollars which were paid.

Valuation Up \$7,000,000.

The total valuation of Northumberland county, as fixed by the county commissioners acting as a board of revision on the assessors' returns for 1907, is \$38,000,000. This amount which will remain fixed for three years is \$7,000,000 greater than the triennial assessment of 1904, and the income of the county alone has thus been increased \$35,000 per year.

The assessors' returns this year approximated \$38,500,000. The board of revision raised this amount by \$1,500,000. Practically the entire gain was on coal mining properties. The 1904 assessment fixed the value of Coal township at \$4,013,000. The assessors this year made it \$7,215,000 and the board of revision fixed it at \$8,027,000. Other townships fared similarly. In Shamokin borough the board tripled the assessors' returns on the coal lands, and quadrupled those of the assessment of 1904.

The board took active part in fixing the valuation of the mining properties after the companies had made their appeal from the assessors' returns. And their raise of \$7,500,000 was made only after an exhaustive examination of the properties. The victory of the people can hardly be realized says the Sunbury Daily. That the corporations would ever be made to pay their share of the county taxes was always regarded with skeptical doubt. They have ridden rough shod over the public so long that the people were beginning to take it as a matter of course. The commissioners and assessors showed great courage in standing by what was right, unmoved by the powerful interests arrayed against them.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. Sold by all dealers.

WILD CATS IN UNION COUNTY

Buffalo valley, Union county, is being terrorized by a band of wild cats which have been making depredations on nearly every farm in the valley.

Mrs. Joseph Warmkessel, near Forest Hill, turned around from her cooking and faced five fierce looking, battle-scarred cats in her kitchen. When she made a move to drive them out of the house two of the leaders sprang at her throat, letting out the most blood-curdling yells. Mrs. Warmkessel fled from the room in terror, and the wild animals made off with a choice steak she was about to cook.

Where these partly wild animals came from no one knows. They first appeared in this neighborhood about two weeks ago when they raided the chicken coop of Thomas Haupt, near Chappel's Bluff. A loud commotion in the coop awakened Mr. Haupt about 4 o'clock in the morning. Sallying forth with his gun he was amazed to see five cats dashing away over the fields each with a healthy pullet in his jaws. By the time he recovered from his astonishment the animals were beyond gunshot.

Several times people in the valley have been badly frightened by being awakened in the middle of the night by a chorus of yowls. When the dog belonging to George Watson, of Mazepas Mills, charged upon the midnight prowlers he was almost torn to pieces. So badly did the quintet of savage beasts dig him that his owner was obliged to shoot him.

Women fear for their children, as the animals appear and disappear as if by magic, and in their quests for food they attack either man or beast.

September's Coal Trade.

Black Diamond says the statement has just been issued showing that the production of anthracite for September was 5,442,334 tons, compared with 4,527,886 tons for the corresponding month a year ago. This shows an increase of 914,448 tons. The production of anthracite to date is 49,645,818 tons as compared with 40,295,646 tons for the corresponding period of a year ago. This gives an increase of 9,349,970 tons. Regardless of this satisfactory increase for the month of September of this enormous increase for the first nine months of the year, it is now known that the production of anthracite does not meet all of the requirements and that stocks on hand have actually been reduced since the first of September. It is recalled that prior to that time the showing was that it had been impossible for the companies to collect the usual amount of stocks before the end of the summer. This light amount of coal in storage and the extraordinary demand at the present did not promise an abundance of coal for the coming winter. This emphasized by the statement that steam users are taking to anthracite coal more than ever to get away from the bothersome smoke ordinance in various cities. The movement to New England points has been as heavy as the railroads and boats would permit and the same is true to the movement up the lakes. The shipments to western inland markets have been so heavy that the boys cars could not be provided and some of the companies have been using open cars which have been sent as far west as Toledo and Detroit.

Buried with Military Honors.

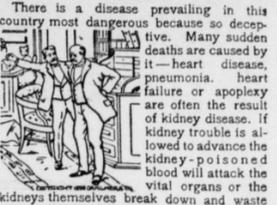

George Weir, the civil war veteran, whose death occurred on Thursday afternoon, was consigned to the grave in the Odd Fellows' cemetery at 2 p. m. yesterday.

The services were well attended, some twenty-five veterans being in line. The pallbearers were William M. Heedens, John M. Seehler, Samuel Langer, Hiram Weaver, John Bookmiller and George Gardner.

The services were conducted by Rev. L. Dow Ott, pastor of the Trinity M. E. church. Military rites were observed at the grave. The firing squad officiating was chosen from among the Sons of Veterans and was composed of the following: George Mottern, William Wertman, Edward Aten and Charles Gardner.

Henry E. Jones of Tampa, Fla., writes: "I can thank God for my present health, due to Foley's Kidney Cure. I tried doctors and all kinds of kidney cure, but nothing does me much good till I took Foley's Kidney Cure. Four bottles cured me, and I have no more pain in my back and shoulders. I am 63 years old, and suffered long, but thanks to Foley's Kidney Cure I am well and can walk and enjoy myself. It is a pleasure to recommend it to those needing a kidney medicine." Sold by all dealers.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs of the kidneys themselves break down and waste away cell by cell. Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant trouble of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both Home of Swamp-Root, sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

SAID HE WOULD ROT IN JAIL

Charged with neglecting to support his insane wife who is confined in the Danville hospital, and with persistently refusing to do so, Jacob Keefe, of Bloomsburg was arrested at the instance of the poor board of that town. When taken before Squire Jacoby, Keefe appeared to be very angry. He said he had no money and wasn't earning enough to support her although the amount required was only \$1.75 per week. He said he would have \$2,000 when she was dead, and if the poor board put him to jail the district would never get a cent of the money.

The justice told him that he did not want to send him to jail, but if he refused to make some kind of a provision for the support of his wife, he would have to. "I'll die in jail first," was the response, and the squire started to make out the commitment papers. "Don't you want to get bail?" said the squire.

"I'll ask no man for bail, I'll stay in jail all my life first," he continued. Another effort was made to decide the matter amicably, but he persisted in stating that at the present time he could not pay \$1.75 per week. Finally, however, after the justice had given him another bit of advice, he decided to get bail which was secured without any trouble.

Poor Director Drake stated that Mrs. Keefe had been the unfortunate victim of insanity and had been in the asylum for six years that the board knew of, and that its duty to the taxpayers demanded that an effort be made to force Keefe to provide for her support, instead of having the district pay it. The case, unless it is fixed up, will go before the court.

Thomas A. Edison, the great American inventor says: "Fully eighty per cent. of the illness of mankind comes from eating improper food or too much food; people are inclined to over-indulge themselves." This is where indigestion finds its beginning in nearly every case. The stomach can do just so much work and no more and when you overload it, or when you eat the wrong kind of food, the digestive organs cannot possibly do the work demanded of them. It is at such times that the stomach needs help: it demands help, and wants you by headaches, belching, sour stomach, nausea and indigestion. You should attend to this at once by taking something that will actually do the work for the stomach. Kodol will do this. It is a combination of natural digestants and vegetable acids and contains the same juices found in a healthy stomach. It is pleasant to take. It digests what you eat. Sold by Paules & Co.
