THE DEATH OF STEPHEN C. ELLIS

Stephen C. Ellis, a resident of Exchange, and one of the most widely own men in the county, died Tuesday morning at a few minutes after twelve o'clock. The deceased had been in poor health for several years and had been confined to his bed since Thanksgiving. Death was due to the ailments incident to old age. The deceased was aged 73 years.

'Squire'' Ellis, as he was familiarly called, was a land mark in Anthony township, whose passing will be keenly felt by his many friends. All his life he was a staunch Democrat and on several occasions was honored by his party. He had served as school director and for 20 consecutive years he was justice of the peace, having resigned last spring on account of feeble health.

The deceased was the son of Andrew and Elizabeth Watson Ellis and was born in Anthony township. He was a representative of one of the oldest families in this section, his grandfath er, Stephen Ellis, having been the second settler in Anthony township. The grandfather was a native Irishman, who came to America when 19 years of age and located in Anthony about 1773, at a time when all that section was a wilderness and the nearest grist mill was at Northumberland.

'Squire'' Ellis was an Episcopalian and a member of St. James church at Exchange, from where the funeral will be held Friday morning. The funeral party will meet at the home at 10 o'clock. Services will be conducted by Rev. Dewitt, of Muncy, and interment will be made in the grave yard

CONSCIENCE

SAVED A YEAR For having a guilty conscience, which

caused him to make an affidavit where he had put a cornet which he had stolen from Oliver Honebach, of Aristes, Joseph Emlof, was given one year less in the penitentiary than the court had intended to give him.

Emlof, who pleaded guilty of the charge of stealing the cornet, when called before the court at Bloomsburg Tuesday for sentence, was asked whether he had anything to say why sentence should not be imposed, the prisoner, Emlof, said he had and stated to Judge Evans that his guilty conscience troubled him after he had stolen and sold the cornet and he voluntarily gave himself up to the constable and made affidavit as to where the cornet could be found.

Judge Evans said by having a guilty conscience he would save himself one year in the penitentiary, for instead of sentencing him for three years, he would make it two years, with a fine

SYMBOLIC FIGURE OF PEACE

The soldiers' monument committee is keeping very closely in touch with the work of the Van Amringe Granite company of Boston, which is already busy on the soldiers' memorial, which is to occupy a place in the new park on Bloom street. As a result of the correspondence being maintained the committee is fully informed on the pose and detail of the symbolic figures that are to stand at the base of the monument.. As relates to the sym bolic figures the builders of the monument proceed step by step only as their work is approved by the soldiers monument committee.

Following is a description of the figure of peace as it now stands ap-

The female figure is typical of the 'Mother country.' who in the years of '61 and '65 entrusted to her citizen soldiers, the weapon of "offense" (a The enemy of our country, engaged in the work of desolation and disunion, is represented by the "light ed torch," held in the right hand. The faithful soldiers and patriots of the north, going to the defense of their country, have wrested from the enemy, the weapon of disunion, "the torch of destruction," and have surrendered it to the care of the "Mother country, who has extinguished its flame of hatred; at the same time sho receives, with gratitude and pride the "sheathed sword," which has been the instrument that made possible the detense of her honor and integrity. The 'inverted torch' being extinguished also signifies in very marked way the extinguishing of "sectional hatred" between North and South. Undoubtedly the sculptor has embodied in this suggestion of "peace" and "gratitude," symbols not only significant but most appropriate and beautiful.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or overbusy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, apporant of the cause of suffering, keeps up that treatment until large bills are mide. The suffering patient gets no better hydrate of the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite prescription, directed to the cause would have entirely removat the disease, there by dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in my congrutum or the lemning suffers.

ROAD VIEWERS

There was a short session of court Saturday afternoon with His Honor Judge C. C. Evans and Associates F. G. Blee and L. W. Welliver on the bench.

The court appointed James F. Ellis, Charles Opp and William Rider as viewers in connection with a petition from a number of citizens of Limestone township asking that a change be made in the road leading from Limestoneville and Ottawa.

Thus was revived a matter that was a subject of coontention before the court for a couple of years prior to December 9th last, the date when Judge Evans handed down an opinion sustaining exceptions based on errors, among which it was alleged that neither the township supervisors nor the county commissioners had been notified prior to the view.

The petition that was presented to court Saturday was signed by J. C. Benfield, S. S. Taylor, G. W. Walter. C. C. Wagner, J. A. Cromis, L. D. Shaffer, W. W. Klick, R. A. Patter-

son, C. D. Levan and Cyrus Coleman. The petitioners represent that a portion of the road between Limestone-ville and Ottawa, leading from Washingtonville to Paradise, beginning at or near the corner of the lands of J, G. Benfield and Howard Wagner and ending at a point at the corner of lands of said J. G. Benfield and William G. Shoop and opposite lands of Alexander Billmeyer, has by the rea son of the inconvenience and expense and difficulty of keeping up said road as well as the inconvenience of travel thereover become inconvenient and burdensome and that said road would be much improved by a change of its route between said points.

The petitioners therefore pray the

court "to appoint qualified persons to view the premises and if in their judgment it is necessary and expedient to make such change, then to proceed to lay out a new road between said points and vacate the portion of said old road that has become .incon-venient and burdensome."

TO SELL REAL ESTATE.

A petition was received from the ole executrix of the estate of Saul Lyon, late of Danville, deceased, praying that a rule be granted authorizing the sale of real estate at a "reason able value." The rule was granted by the court as prayed for, notice of the same to be given by public advertisement in the newspapers.

Over-Work Weakens Your Kidneys,

APPOINTED Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they fill ter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. THE SOUTH SIDE A FINE PLAY BY A FINE COMPANY

A play of genuine merit presented by a fine company was last evening's bill at the Danville opera house. "The Lion and the Mouse" is a play which has been creating a furore in the larger cities for several seasons, and its coming to Dauville was awaited with much interest by theatregoers. To say that they were not disappointed is putting it mildly.

The cast was an excellent one and the production was handsomely staged
-no accessory having been omitted that would add to the completeness Walter Edwards as John Burkett Ryder, "The Lion" and Miss Edith Barker as Shirley Rossmore, "The Mouse," were on a par with anything ever seen in this city.
