FELL HEADFIRST FROM LOADED CAR

Charles Keefer, Chambers street, met with a painful accident Monday while working at the big mill. Mr. Keefer is employed by William Fausnaught, who has the contract for unloading cars. About 9 o'clock Monday morning with several others he was engaged in unloading a car of pig iron. He was standing on the car and was in the act of throwing off a bar of iron, when the latter caught in his clothes. The momentum of the bar carried the man along and he fell head foremost down over the side of the car striking the ground with his head. He was unable to arise and lay helpless; he could not speak, and seemed only dimly conscious. A very bad gash was inflicted on his forehead and on the side of his face. It was over an hour before he was fully restored to consciousness. He was removed to his home, where he is being attended by Dr. G. A. Stock.

Another Victim of Ill-Fated Bridge. Pursued by a cruel fate the Millville bridge was the scene of another bad accident which will probably result in the death of Jacob Johnson of East Third street, Bloomsburg. He was struck across the back by an inch thick galvanized iron cable Monday afternoon when a derrick fell, and it is feared that his back was broken. Johnson was in the first accident when the "traveler" collapsed sending seven men to their deaths. However, he was one of the fortunate ones, and escaped with but superficial injuries, only to return to work, and meet with the more serious accident Monday.

He was assisting to erect the false work when one of the derricks fell and he was unable to escape the flying cable, which struck him across the back just below the shoulders. Falling like a log, he struck the ground and lay there, unconscious. Fellow workmen ran to his aid, and everything possible was done in an effort to help him. He recovered consciousness in a few minutes, and complained of having lost the use of his lower limbs.

Aged Farmer Seriously Hurt. William Gulick, a retired farmer residing with his son, Walter, near Rushtown, was seriously hurt in his home Sunday evening. Tripping over a loose piece of carpet the man, who is aged 89 years, fell heavily against a chair, fracturing his hip. Mr. Gulick's advanced age makes his condition very serious. Mr. Gulick is well known in Danville and many will learn with regret of his mishap.

The Rotator, is the Name of a Perfect Nickel Alarm Clock.

Whether you are required to report for work "On the minute" or a persons of leisure, a good alarm clock is often a necessity. The ROTATOR is dependable and is recommended to both light and sound sleepers as positively the safest and surest guarantee of being aroused at the time desired. Ultra sound sleepers, after using the common, continuous alarm clock a short time, have found that the alarm awakens them momentarily only, and they again lapse into slumber, the alarm having failed of its purpose. The alternate noise and silence of the "Rotator" is so irritating in its effect and so persistent in keeping at it that it never fails of its object. The retail price of the clock is \$2.50. On account of the universal depression, the manufacturer was compelled to have ready money, and "The Philadelphia Press" made an arrangement direct with him that enables them to offer "The Press" Daily, one whole year, and one of the "Rotators," delivered at your door, both for four dollars and twenty-five cents. The saving is yours, but hurry, as the demand is greater than the supply. Black Hand at Wilkes-Barre. Dr. E. E. Wagner, of Wilkes-Barre, is in receipt of a letter, signed in a rude drawing of a black hand, in which he is in ordered to pay \$300 tribute to that society with the warning that if he fails to do so he will be killed. The police have been notified.

GROUND BROKEN FOR NEW CHAPEL

Ground was broken for the new chapel at the East End Mission Monday. As stated in a previous article the building will be of frame and will occupy the site on East Market street where Shepperson's coal yard was formerly located. Robert Cornelison will have charge of the erection of the building. In order to hasten the work along the chapel will be built on pillars, constructed of concrete. The cellar will be dug later, while the building is in course of erection or after it is completed. Work on the pillars was begun Monday. Tuesday the carpenters began the work of framing. By the time that the pillars are finished the carpenters will have the framing done, so that beyond that point the building will go up with a jump. Mr. Hinckley Monday stated that in all probability the new chapel will be ready for occupancy by the middle of May. In the interim the mission will continue to use the Ammerman building as a place of worship.

BRIGHT PROSPECTS OF STEADY WORK

PHILADELPHIA, April 1. Unlike the situation in the soft coal fields, where thousands of men are idle because of wage disagreements, conditions in the anthracite field of eastern Pennsylvania so far as employment is concerned are growing better and the prospects for steady work are brighter than they have been in six months. There is a general suspension of mining throughout the hard coal regions today because the mine workers are observing the anniversary of the eight-hour day, but beginning tomorrow there will be a general resumption. It is expected that the mines throughout these regions will work full blast all summer. The winter's stock of coal has been exhausted and there is practically no coal on hand at any of the storage points. The anthracite regions are at present free from labor troubles and the three-year wage agreement having one more year to run.

250,000 MINERS IDLE. INDIANAPOLIS, April 1. Bituminous miners numbering 250,000 are idle today on account of the failure of the United Mine Workers of America and the coal operators to agree upon a wage scale to go into effect today. District meetings are being held in an effort to reach an agreement in the various States and it is believed the strike will be of short duration. Central Pennsylvania and Indiana mines are in operation, as an agreement has been reached in the former district and in this State miners and operators have agreed to continue work pending a settlement which is being negotiated by joint meetings at Terre Haute.

All the miners of Western Pennsylvania, Ohio, the trans-Mississippi and outlying districts have quit work. MINES SHUT DOWN. COLUMBUS, O., April 1. According to accurate reports received here today from all over the Ohio mining district, 51,000 workmen of all kinds in the mines are idle today as the result of the decision of the mine officials in the Central Competitive district to stop work because they say the operators decline to make any wage agreement. The estimate of the men out by counties is as follows: Columbiana county, 2,000; Vinton county, 800; Hocking, 4,000; Jackson and vicinity, 6,000; Coshocton, 1,000; Muskingum, 4,000; Perry, 5,000; Stark, 2,000; Athens, 5,000; Belmont, 9,000; Jefferson 6,000; Meigs, 800.

WELL DESERVED.

The Praise That Comes From Thankful Danville People.

One kidney remedy never fails. Danville people rely upon it. That remedy is Doan's Kidney Pills. Danville testimony proves it always reliable. Robert G. Miller living at 315 Ferry street, Danville, Pa., says: "Doan's Kidney Pills were first recommended to me about ten years ago. Prior to that time I had consulted physicians one of whom said I had lumbago in its worst form. I was also told by authorities that I would go into Bright's disease if I did not find some remedy that would check the trouble. I had terrible pains in my back, so severe at times that I was hardly able to move and I could hardly bear to place my hands across the small of my back. Added to all this misery was a complete retention of my kidney secretions at times, while at others they were copious and caused me a great deal of annoyance, forcing me to arise many times during the night. The least cold I contracted would settle on my kidneys and greatly aggravate my suffering. I used plasters as well as different remedies but failed to find relief. However, Doan's Kidney Pills, which I procured at Hunt's drug store went directly to the seat of my trouble, correcting the difficulties and relieving the rheumatic pains in my limbs. I appeal to Doan's Kidney Pills now and then and they serve to keep my kidneys in a healthy condition." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other. The largest clock in the world is at St. Rombold's Cathedral, Mechlin, Belgium, if the size of the dial is the criterion.

Knew When He Reached Montour. A Milton gentleman who has driven about the county a good deal this spring, said that he knew the moment he reached the Montour county line. For the past two years the good roads idea has been agitated and it is manifest in the public highways of the township adjoining Northumberland county. It is to be hoped the good example set by our neighbors will be followed by the supervisors and citizens of the upper end districts of Northumberland county. A few years would make a wonderful change in our public roads and make rural travel a pleasure at any season of the year. The State road proposition is a good one but it will take years to get around. The King split-log drag, the scraper and the crushed limestone plants are all producing good results.—Milton Evening Standard.

Will Manufacture Brick Next Week. In anticipation of an early spring John Keim, the brick manufacturer, Monday stated that by next week he expects to begin the manufacture of brick.

Owing to the new buildings going up at the hospital for the insane Mr. Keim foresees one of the busiest seasons that he has ever experienced and it is essential that he make an early start. He has a contract to furnish 1,200,000 brick to Mosier & Summers. In addition, he will no doubt be called upon to furnish the brick for the three remaining buildings at the hospital, the contract for the erection of which has not as yet been awarded. Danville brick can be furnished to the contractors at the hospital cheaper than those shipped from a distance, where the item of freight is added to the cost. It seems reasonably certain, therefore, that a contract for all the brick needed for the new buildings will be awarded to the Danville manufacturer. Mr. Keim will operate each of his several brickyards to their full capacity during the coming summer.
