CASE AFTER CASE.

Plenty More Like This in Danville

Scores of Danville people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. "What better proof of merit can be had than such endorsement?"

Leo Metzger, living at 264 West Mahoning street, Danville, Pa., says: "About a year ago I suffered so severely from pains through my back that I was scarcely able to walk, and it was difficult for me to straighten when first arising in the morning. At times there was a dull pain across my kidneys while at others sharp shooting twinges would pass through my back and would be especially severe if I contracted a cold. The kidney secretions were in a disordered condition, too frequent in action and passages attended with a scalding sensation. I had read so much about Doan's Kidney Pills that I finally had my wife procure a box for me at Hunt's drug store. I only used half the contents of one box when a decided change for the better in my condition resulted. From that day to this I have had no trouble with my back or kidneys despite the fact that I have done a great deal of heavy work. Doan's Kidney Pills have my hearty endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Pays Penalty for Bumping.
 A hobo who gave his name as John Wilson and said that he hailed from Paterson, N. J., was picked up by the police Saturday and given ten days in the lock-up for "bumming" the town.

Tramps of Wilson's class have become very numerous; they are bold and insolent. They are persistent beggars and there is nothing they do not want. First and foremost they crave money or a rich "handout" of eatables. Failing to secure these they try to obtain second hand clothing needed to replenish their soiled and ragged wardrobe. That they would not scruple to steal, if occasion offered, is a fact that no one doubts.

The amount of annoyance to which people in some parts of the borough are subjected through the tramps surpasses belief. The police keep a sharp lookout, but the bummers are wily fellows and generally manage to see the bluecoats first. As demonstrated by Wilson's case at frequent intervals one falls into the police dragnet and is made to pay the penalty. Let Wilson's case stand as an example.

W. R. Ward, of Dyersburg, Tenn., writes: "This is to certify that I have used Foley's Orino Laxative for chronic constipation, and it has proven without a doubt to be a thorough practical remedy for this trouble, and it is with pleasure I offer my conscientious reference." No Humbug.

The fact that more bottles of Foley's Honey and Tar are used than of any other cough remedy is the best testimonial of its great merit. Why then risk taking some unknown preparation when Foley's Honey and Tar costs you no more and is safe and sure.

THE PARK NEARLY COMPLETED

Superintendent P. J. Keefer and his corps of skilled workmen have reason to be proud of their work on the new park, which is now very nearly completed. There are few people in town who have not taken a stroll in that direction to see the new recreation ground and note the charming effect in landscape gardening.

It is really surprising how much work has been accomplished in a couple of weeks and how well it has been done. Best of all is the picturesque effect attained by the laying out of the grounds and the planting of the trees. Several of the sections first sown with grass seed, are already green and add to the effect of the deep foliage.

In this connection it might be stated that not one of the large number of trees planted in the park last year failed to grow. King and giant among all the trees is the large buttonwood that stands near the center of the park as thrifty and beautiful today as it was when it stood sentinel among the graves in the years of the past.

Section after section, into which the park is divided by the walks, which radiate from the site of the monument, was dug up by the workmen, seeded and rolled, the edges all being neatly sodded. The combined effect of grading and sodding at the Upper Mulberry street entrance is such as could be produced only by a person of taste and experience in landscape gardening.

At present but one section embracing the north east of the tract, remains to be completed. Even here the grading is practically completed. In the latter work the ground excavated on Cherry street, where macadamization is in progress, is being used. Where filling up is required in the park the soil is removed to be replaced after the barren earth has been placed in position.

The park will probably be completed by the end of the present week. After that a series of refreshing rains will be needed to insure the growth of the sod and grass.

Mrs. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Remedy. One dollar bottle and part of the second cured me entirely." Foley's Kidney Remedy works wonders where others are a total failure." For sale at Paules & Co's. Pharmacy.

DEATH CLAIMS HENRY HARRIS

Henry Harris a well-known citizen, died at his home, No. 11 Upper Mulberry street, at 5 o'clock Saturday morning.

The deceased was eighty-five years of age. For a long time he had been infirm and death was due to the loss of vitality incidental to his advanced years.

Last October he fell and broke his leg. The bone never knitted and from the day of the accident until his death the deceased was obliged to remain in bed.

Henry Harris was born in England, but he was still a babe when he came to this country with his parents. He lived in Danville seventy-five years.

During his prime and practically during life while able to follow active pursuits the deceased was employed at the plant at present the Reading Iron works. For many years he was boss in the rail mill.

Many years ago he served as a member of the borough council. He was also a member of the first fire company organized in Danville.

He was a member of Mount of Hope, No. 109 and of Memento for an encampment No. 140, L. O. O. F., for a period of over fifty years. He was a member of Trinity M. E. church and for many years prior to his death was a trustee of that body.

The deceased is survived by his widow, three sons, A. G. Harris, the Mill street stationer, E. H. Harris, Upper Mulberry street grocer; Clarence Harris, who lives in Milwaukee; and two daughters: Clara (Mrs. Gardner Curry) Miss Edith Harris, who resides at the parental home.

Mrs. S. Joyce, Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Remedy. It cured me of a severe case of kidney trouble of several years standing. It certainly is a grand, good medicine, and I heartily recommend it." For sale at Paules & Co's. Pharmacy.

Farmers Begin Mowing Hay.

The hay making season has already arrived. The wheat is "turning" and by the fourth of July, harvest will probably be on hand. Both hay and wheat promise a good yield.

Henry Vincent, Esq., began cutting hay last week. Several other farmers in different sections of the county also mowed portions of their fields. This week or next the hay constituting the bulk of the crop will be made. On Valley and hilltop will be heard the clatter of the busy mowing machines and the odors of new made hay will be wafted from every direction.

The hay crop is pronounced a very good one by the farmers. For the last three weeks, it is true, we have had little rain, but the grass fields up to the present have not suffered any. Some fears, however, are entertained for timothy, constituting the late crop which has not yet matured. A few copious showers, however, will afford the moisture needed and bring the late crop of hay around all right.

The wheat never presented a more promising appearance at this season of the year. The fields are taking on their first golden tinge and the landscape appears very beautiful. It is a question with some farmers whether the lack of rain at this critical period may not interfere with the proper filling of the wheat. As in the case of the late hay a few showers during the next three weeks would fill all needs and assure a good crop of grain.

Can't Make It Go.

Members of the Young Men's Christian association at Shamokin, reported the indebtedness of the institution to be \$20,465.70. FARMERS CARRY SAN JOSE SCALE

A Woodward Stephens, orchard inspector for the State department of agriculture in this section, is authority for the statement that the farmers are careless in the matter of bringing trees infested with the San Jose scale unto their farms.

Last week Mr. Stephens was inspecting orchards in the Muncy hills—and, while that section is not badly infested with the scale, he found a number of places where young peach and plum trees, badly infested with the insect, had been brought from farms at a distance or from town and planted in an orchard which had previously been free from this much dreaded pest. In other places the owner had brought grafting wood of a choice variety from a distant orchard and with it brought San Jose scale to infest his trees.

The State is carefully inspecting nurseries and licensing only those where proper care is taken to send out stock that is free from the scale.

Mr. Stephens suggests that the farmers be very sure that the trees which they intend to plant or the wood they intend grafting, no matter where it comes from, be free from the scale when they get it. It is a difficult undertaking to control the scale when it gets into an orchard. It is much easier to keep it out by care in planting only such trees as are free from it.

IRON MOULDERS' ANNUAL OUTING

The eighth annual outing of the Iron Moulders' union, which took place at DeWitt's park on Saturday, was one of the best conducted and most pleasant picnics ever held at that resort.

There was a good attendance and nothing occurred to mar the pleasure of the occasion. The members of the local union in a body about 10 o'clock marched over to the park to the music of the Washington drum corps. From that hour until 10 p. m. things moved lively. The main sport was dancing, although other amusements were indulged in.

During the day and until late at night some half a dozen hawks were kept busy carrying people backwards and forwards. A large quantity of refreshments were sold.

Apropos of the above the complaint is heard that parties are already taking bullfrogs, which, according to the act of April 6, 1903, do not come into season until the first day of July and may be taken only until the first day of November. There is a fine of twenty-five dollars for each and every offense.

In a terrible manner death came to Miss Hazel Leiby, at her home near Elysburg Tuesday, when she fell into a narrow spring and drowned.

Had Miss Leiby lived until next August she would have been nineteen years of age. She is survived by her parents, Mr. and Mrs. Simon Leiby, four brothers and four sisters.

G. F. REIFSNYDER BUYS TWO HOUSES

The real estate and personal property of David J. Rogers was exposed at public sale Friday by W. L. Siler, trustee in bankruptcy. The two dwellings and a portion of the personal property were disposed of, but the stone yard remains unsold.

The sale took place at 10 a. m., with Michael Erckbill auctioneer and Eugene Miles, clerk. The stone yard was first put up. The highest bid received was one thousand dollars, which was rejected as too low. The sale of the stone yard was postponed indefinitely.

The single and the double dwelling on Church street were knocked down to George F. Reifsnnyder, the former for \$900.00 and the latter for \$2005.00. Bidding was very slow. The double dwelling, Nos. 248 and 250, is practically new and in good repair. The single dwelling occupies a lot abutting on the D. L. & W. Railway. Both properties are considered cheap.

At noon the sale was adjourned until 2 p. m. At that hour the steam roller, wagons, wheelbarrows, &c., belonging to contractor's outfit, were put up for sale.

FUNERAL OF MRS. REBECCA SIDLER

The funeral of Mrs. Rebecca Sidler took place yesterday afternoon from the late residence, West Market street, and was very largely attended. The services were conducted by the Rev. L. W. Walter, pastor of the Pine Street Lutheran church. A quartette consisting of Mrs. Joseph Diver, Mrs. J. H. Johnson, John B. McCoy and Frank Brown rendered two selections. The pall bearers were: William Vastine, Charles V. Amerman, R. D. Magill, J. B. Watson, J. C. Peifer and John B. McCoy.

ARRANGING FOR G. A. R. OUTING

A meeting representing the Susquehanna district of the G. A. R., was held at Milton yesterday afternoon to make final arrangements for the annual picnic of the G. A. R., which is to be held at Edgewood park, Shamokin. W. M. Heddens, president, and Jacob C. Miller, secretary of the association, were present at the meeting.

Danville as usual will send a big delegation to the picnic and will run an excursion train. An extraordinary effort this year will be made to secure a crowd, as it has been decided to apply the proceeds to the soldiers' monument fund.

Will Enact Ordinance.

It is unfortunate, indeed, that the new park, a gift to the public, should be the object of attack by vandals, and that, too, before the grounds are fully completed.

The first defacement was discovered a day or two ago. Some one maliciously and deliberately ran a wheelbarrow over the smooth surface where the grass seed has been sown. At other places there are foot prints where men have run about over the parts that are finished, the shoes, like the wheelbarrow, sinking deep into the soft and yielding ground.

The trespassing no doubt occurred at night. The committee, as well as those who have the work in hand, are very indignant over the matter and are trying to find out who the vandals are. If the latter are detected it is only safe to say that they will pay the penalty.

At the next meeting of council, Friday night, an ordinance relating to the park will probably be enacted, which will provide a heavy penalty for such acts of vandalism and thereby make it easier to protect the park in the future.

Thief Judged by Victim.

LEWISBURG, June 17. Although H. A. Argrave, manager of the Buffalo Milling company of this place, took the law into his own hands and passed sentence upon a coal thief, his decision has not been questioned, and, indeed, generally commended because of its undoubted justice. Officials of the milling company had been missing coal for the last several weeks, but could get no trace of
