## WEDDED AT BALTIMORE

Eyes popped with surprise yesterday when Miss Sara R. Flora told her fellow-boarders, at 727 North Fremont avenue, that she was not Miss Flora at all, but Mrs. Walter P. Auld. Her revelation was not disputed. In fact, most of her friends thought that she had been married, or was likely to take the matrimonial plunge.

Ever since she was graduated as a nurse at the Maryland Homeopathic hospital, Mount and Mosher streets, in 1906, her friends at the hospital predicted that she would sooner or later be Mrs. Auld. There had been so much joking about the marriage before it really was a fact, that Mr. Auld decided to keep the certificate in his pocket to make his announcement convincing. He had it with him when he moved to 727 North Fremont avenue yesterday and became part of the household there.

The marriage was performed at Ellicott City May 2 by Rev. Vernon N. Ridgeley, pastor of the Methodist Episcopal church of that place. At the time it was the intention of Mr. and Mrs. Auld to settle down at once, but she had a serious case to nurse and found that she could give it up only at the risk of the patient. Mr. Auld is employed by the Prudential Insurance company and is a son of Mr. E. J. Auld, 1273 Mosher street. The bride is a daughter of Mr. and Mrs. William C. Flora, of Anthony township, Montour county, Pa. Her parent were informed of the marriage shortly after it had been performed.—Baltimore Sun.

## A HARD STRUGGLE

### Many a Danville Citizen Finds the Struggle Hard.

With a back constantly aching, with distressing urinary disorders, daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Danville people endorse this claim: Mrs. John Cooper, living at 400 Church street, Danville, Pa., says: "Prior to using Doan's Kidney Pills, Mr. Cooper suffered severely from kidney trouble. He was so stiff and lame across the small of his back that in the morning he would have great difficulty in arising from his bed. Sharp twinges would seize him when he stooped or lifted and the pains were as severe at night as during the day, greatly interfering with his rest. Dizzy spells were of frequent occurrence, and at times everything would become so dark before him that he was afraid of falling. Headaches added to his afflictions and the secretions from his kidneys were so irregular in action as to cause him much distress. He used a number of different remedies, but was unsuccessful in finding relief until Doan's Kidney Pills were recommended to him. He procured a box at Hunt's drug store and their use quickly banished his troubles. He has used Doan's Kidney Pills since and has always received the best of results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Petitioners Receive Answer. The local Sunday schools, which petitioned the International Sunday school convention now closing its sessions at Louisville, Kentucky, to continue the quarterly temperance lesson, have received an encouraging reply.

The petitions from Danville include 158 names and represent the following Sunday schools: First Baptist, United Evangelical, Mahoning Presbyterian, St. Paul's M. E., Pine Street Lutheran, Grove Presbyterian, Trinity M. E., Maudsley Reformed and the East End Mission.

The reply received was from J. F. Hardin, chairman of the temperance committee. He said that the lesson committee can do only what the convention directs, but that the convention would never go back on temperance.

State of Ohio, City of Toledo, Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY. Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886. (Seal.) A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

The indulgence of the great public does much for the incompetent.

## AN ASYLUM FOR INEBRIATES

One of the most important meetings ever held by the Montour county medical society will take place at the hospital for the insane on next Friday, when the doors will be open to both doctors and laymen.

The meeting is one held in connection with the proposition to erect an inebriate asylum in Pennsylvania, a movement in which the State Medical society is the prime mover. At the meeting Friday an address will be delivered by Dr. George E. Holtzapple of York, member of the committee of the State medical society on Inebriate Asylum, who will explain the necessity that exists for the latter institution and the means that are to be employed to secure one.

Owing to the absence of an inebriate asylum, in Pennsylvania it becomes necessary in many instances to incarcerate men in the hospitals for the insane, who, while in need of restraint, are not insane in the full sense of the word. The conditions imposed on such persons, therefore, are very harsh and unjust. The State board of health believes that to care for inebriates an institution is needed adapted to proper conditions.

A large attendance of laymen is desired at the meeting Friday in order that full information relating to the movement may be disseminated among the masses. At the next meeting of the legislature it is hoped to secure an appropriation for an inebriate asylum. Meanwhile the State board of health wishes to secure the co-operation of citizens and if possible induce them to request their representatives to vote for such an appropriation.

### No Humbug.

No humbug claims have to be made for Foley's Honey and Tar, the well known remedy for coughs, colds and lung troubles. The fact that more bottles of Foley's Honey and Tar are used than of any other cough remedy is the best testimonial of its great merit. Why then risk taking some unknown preparation when Foley's Honey and Tar costs you no more and is safe and sure.

For sale at Paules & Co's Pharmacy.

### Funeral of Mrs. Wireman.

Mrs. Regina Wireman, whose death occurred Friday, was consigned to the grave Monday afternoon. The funeral took place from the residence of James Hendrickson, son-in-law of the deceased, Bloom street, and was largely attended.

The services were conducted by the Rev. J. E. Guy and Rev. C. D. Lerch. The pall bearers were: Michael Breckbill, J. S. Krum, Alonzo Mauser, S. B. Koehler, J. E. Roberts and Joseph Ritter.

The following persons from out of town attended the funeral: Mr. and Mrs. Arthur Stettler, of Frosty Valley; Mrs. McNinch of Watsonstown; Mr. and Mrs. Thomas Rishel, Mrs. Montgomery and daughter of Pottsgrove; Mrs. Hess of Stonestown, Mr. and Mrs. Charles Parsel of Burnham; Mr. and Mrs. Henry Brown of Berwick; Mr. and Mrs. Harry Grove of Sunbury.

Mrs. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Remedy. One dollar bottle and part of the second cured me entirely." Foley's Kidney Remedy works wonders where others are a total failure. For sale at Paules & Co's Pharmacy.

### Crossing Replanned.

The D. L. & W. Railroad company had a force of men employed yesterday in replanning the crossing on Mill street. The crossing had been in an unfinished condition ever since the removal of the frog a couple of weeks ago. The job is very well done and no unnecessary jolting is experienced in driving over the track.

Consumptives Made Comfortable. Foley's Honey and Tar has cured many cases of incipient consumption and even in the advanced stages affords comfort and relief. Refuse any but the genuine Foley's Honey and Tar. For sale at Paules & Co's Pharmacy.

Miss Gertrude Meyer Wedded. Miss Gertrude Meyer, daughter of Mrs. Benjamin Meyer, Lower Mulberry street, and formerly a resident of this city, was wedded on Sunday afternoon to Mr. Simon Dietz, of Philadelphia, the ceremony being performed by Rabbi Krauskopf at his home at 5 o'clock.

The bride is a highly esteemed young lady and for the past several years has been employed in Philadelphia. The groom is in the employ of the United Cigar company. Mr. and Mrs. Dietz are at present enjoying a wedding trip to Atlantic City, and New York, after which they will reside at 2530 North 19th street, Philadelphia.

### You Should Know This

Foley's Kidney Remedy will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. No medicine can do more. For sale at Paules & Co's Pharmacy.

### At Billmeyer's Park.

The following young people from Danville drove to Billmeyer's park on Sunday and had supper: Misses Emma Fenstermacher, Alice Fenstermacher, Hannah Fry, Elizabeth Phillips, Anna Quigg, Rebecca Quigg and Esther V. Geddis, of Bloomsburg; Messrs. Clark Rishel, Roy Gass, Oliver Cope, Alfred Fry, Dennis Quigg, Conrad Wintersteen, Herbert Hendricks, William Kindt and George Dyer.

## ARMORY SITES BEING DISCUSSED

The subject of a site for an armory is being very generally discussed. All seem to realize that if the town wishes to avail itself of the generous provisions of the recent act and secure an imposing armory now is the time to strike.

A few persons have already come forward with sites, but these were parties who had land to sell. Those whom the officers of the company would like to hear from next are citizens who are prepared not only to suggest sites but also to devise means by which such sites may be obtained. Thus far no one has discovered any benefactor who is willing to contribute a suitable site. Judging from the enthusiasm existing and the town's reputation for liberality it is believed, if a suitable site were offered at the right figure, the money required to purchase it could be raised by popular subscription.

A twenty thousand dollar armory would be an ornament on Mill street, but it is to be regretted that available sites are scarce on that street. A number of persons have suggested the plot belonging to the county lying between the water works and the approach to the river bridge. The general inference would be at first thought that the plot in question, if large enough, could not be obtained under any circumstance. It was learned, however, from an authoritative source Monday that it is by no means improbable that this plot might be obtained. It is of no use to the county and, if retained, it will necessitate the building of an expensive retaining wall. It is a question if the county commissioners would not consider it a good riddance if it were off their hands.

The plot in question would be an ideal site for the armory and would bring it right into the heart of town where it would prove a fine companion structure for the river bridge and the municipal light and water plant.

Kennedy's Laxative Cough Syrup is the one that children like so well to take as it tastes nearly as good as maple sugar. It acts gently yet freely on the bowels and thereby it drives the cold out of the system. It is sold by Paules & Co.

### Cleaver Wagner Convalescent.

Cleaver Wagner, of this city, who has been a patient at the Joseph Ratti hospital, Bloomsburg, for the past three weeks, suffering from an attack of typhoid fever, left that institution Monday and returned to Danville. Mr. Wagner is recovering rapidly from his illness.

When you need to take something take it promptly for the stomach, but take something you know is reliable—something like Kodol. For Dyspepsia and Indigestion. Kodol is pleasant to take, it is reliable and is guaranteed to give relief. It is sold by Paules & Co.

### Hanging Postponed.

A telegraphic message from the executive department at Harrisburg, to the following effect, was received by Sheriff Taby, of Northumberland county, Tuesday morning.

"A petition for the pardon of Stanley Marcavitch having been presented to the board, I, Edward Stuart, Governor, do hereby annul, cancel, revoke and recall the warrant issued by me for the execution of the said Marcavitch, fixed for the 30th of June."

This order from the governor, without freeing the prisoner from the liability of execution, will have the effect of changing the time when his sentence may be carried into effect. The board of pardons meets every month. After the governor had signed the death warrant, fixing the 30th of June as the day of execution, a movement for a reconsideration of the case was made on the basis of new evidence having been discovered, which would place the onus of the crime on another party thereby exonerating Marcavitch from being the principal in the offense, and justifying the death sentence in being commuted to imprisonment for life. It happened that when this new application was made all the officials connected with the board of pardons, including the governor and lieutenant governor, were at Chicago assisting to make a nomination for the presidency, and as the next meeting of the board of pardons will be on the 1st of July, and the execution was fixed for the day before, the 30th of June, the only way to admit the petition for a commutation being considered was to call off the execution.

Kodol is the best known preparation that is offered to the people today for dyspepsia or indigestion or any stomach trouble. Kodol digests all foods. It is pleasant to take. It is sold here by Paules & Co.

### Preacher's Salaries.

It has been stated by officials high in the Methodist Episcopal church that the salaries paid the preachers in that denomination are not sufficient to support them properly. Salaries in general have not kept pace with increased cost of living, and ministerial salaries especially have tended to remain at the old figure, it is said. Perhaps it is pretty generally known that the purses of ministers of all denominations are subject to demands not known to other professions.

Mrs. S. Joyce, Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Remedy. It cured me of a severe case of kidney trouble of several years standing. It certainly is a grand, good medicine, and I heartily recommend it." For sale at Paules & Co's Pharmacy.

## CAUSE OF BRIDGE WRECK UNKNOWN

After making a thorough investigation into the Millville bridge disaster, in an effort to fix the responsibility for the deaths of workmen William Fage and Charles Freitzer, the only two victims whose bodies were recovered in Columbia county, the coroner's jury after hearing testimony for three hours, returned a verdict to the effect that the men came to their death by the collapsing of the Millville bridge at Millville on the 10th of December, 1907, the cause of the collapse being unknown to the jury.

The verdict will, in all probability, close the story of one of Columbia county's worst disasters. After getting all the light possible on the subject the jury were no further along in unraveling the mystery that surrounded the cause of the bridge collapse than they were when the hearing began.

### TWENTY WITNESSES EXAMINED.

Twenty witnesses were examined. Included among the number who testified were Superintendent Lutton and Head Foreman Workings of the York Bridge company, workmen who went down in the collapse as well as eye witnesses of the accident. And when all the testimony is summed up there was no conclusion, so far as fixing responsibility, that could be reached and the situation remains as before.

### MANY CAUSES ADVANCED.

Several causes that might have been responsible for the accident were advanced. One was that the river bed had been washed out from under the false work; another that the false work had been struck by driftwood while several witnesses testified that the friction clamp which held the false work in place, if not properly set, might easily have slipped, causing the accident. The consensus of opinion was that the bridge collapsed from causes over which no one had control; the undermining of the false work or driftwood striking it. The testimony was brought out showing that the driftwood had been running thickly for some time before the accident occurred and that the company had had men at work keeping it away from the false work.

All the witnesses joined in declaring that the accident came without a second's warning and that no one had a chance to escape.

W. R. Ward, of Dyersburg, Tenn., writes: "This is to certify that I have used Foley's Orino Laxative for chronic constipation, and it has proven without a doubt to be a thorough practical remedy for this trouble, and it is with pleasure I offer my conscientious reference." For sale at Paules & Co's Pharmacy.

### Took Part in Recital.

Miss Maudie Sanders, of Danville, who is studying at the New England Conservatory of Music, Boston, made a public appearance at a recital on June 6 by some of the more advanced pupils. She had the concluding number of a long and interesting program, playing Godard's Concerto in A minor (first movement) for the piano forte, with the firm, precise technique that is prerequisite to performing at these recitals of the oldest and largest American music school.

DeWitt's Little Hazel Salve. It is especially good for piles. Be sure to get DeWitt's. Sold by Paules & Co.

### State Helps Negroes.

A building erected by negro mechanics near West Chester for the teaching of trades to negro students, was erected from a State appropriation of \$10,000. It is a substantial stone structure 60x80 feet in size and three stories high.

DeWitt's Little Early Risers, the famous little liver pills, are sold by Paules & Co.

### AN EFFECTIVE SERMON.

Trumpet Blast That Drove the People to Repentance.

Old Peter Cartwright was a famous preacher and circuit rider many years ago.

The exhorter was holding a camp meeting in Ohio. There was a great number of campers on the field, and the eccentric speaker addressed vast concourses at every service, but he thought too few were being converted. He felt that something should be done to stir the sinners to repentance, so he prepared a strong sermon on the second coming of Christ. He told how the world would go on in its sin and wickedness and at last Gabriel would sound his trumpet and time would come to an end. He described the horrors of the lost and the joys of those who were saved. The sermon grew in intensity, and he brought his people up to a grand climax, when suddenly the sound of a trumpet smote the ears of the anxious throng.

There was a great sensation, and many fell upon their knees in terror and began to repent and pray. Women screamed and strong men groined. Pandemonium was let loose for a few minutes. After the terror had somewhat ceased the preacher called to a man up a tree, and he descended with a long tin horn in his hand. The speaker then turned in fierce wrath and upbraided the people. He cried out in stentorian tones that, if a man with a tin horn up a tree could frighten them so, how would it be in the last great end when Gabriel's trumpet sounded the knell of the world! The sermon had a great effect upon the vast audience, and many hundreds flocked to the front and were converted.

It takes five years to tan the hide of an elephant, but only one sweep of a powder puff to hide the tan of a summer girl.

## CONTRACTS FOR BRIDGES AWARDED

Contracts for three new bridges were awarded by the county commissioners, Saturday, as follows:

Milton bridge to A. Buchanan; Lowrie bridge to Nelson Merydith Co.; Lobach's bridge (on Jerseytown road) to the United Construction company.

The bids were opened at 1:30 o'clock. There were five proposals in all, as follows:

### MILTON BRIDGE.

A. Buchanan, \$2149.00; United Construction company, \$2375.00; Pennsylvania Bridge company, \$3427.00; Nelson Merydith company, \$3315; J. S. McIlvaine Co., \$2600.00.

### LOWRIE BRIDGE.

Nelson Merydith company, wood, \$425.00, concrete, \$530.00; A. Buchanan, wood, \$499, concrete, \$780.00; United Construction company, wood, \$414.00, concrete, \$546.00; Pennsylvania Bridge company, wood, \$375.00, concrete, \$731.00; McIlvaine & Co., wood, \$450.00, concrete, \$620.00.

### LOBACH BRIDGE.

United Construction company, wood, \$288.00, concrete \$391.00; A. Buchanan, wood, \$370.00, concrete, \$599.00; Pennsylvania Bridge company, wood, \$351.00, concrete, \$678.00; Nelson Merydith company, wood, \$325.00, concrete, \$430.00; McIlvaine & Co., wood, \$320.00, concrete, \$450.00.

Each of the bids accepted were those which provided for a steel bridge with a concrete floor. According to the terms of the contract work on the bridges will begin at once. The greatest limit of time allowed is until October 1st.

Besides J. C. McIlvaine representing the firm of that name, the following well-known bridge men were in town Saturday: Will Buchanan, representing A. Buchanan; James B. Long of Nelson Merydith company; Thomas W. Haines of the Pennsylvania Bridge company and F. A. Kase of the United Construction company.

"That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until today we have a rich assortment of most valuable American medicinal roots."

Dr. Pierce believes that our American forests abound in most valuable medicinal roots, and that the most valuable and useful of these are the roots of the American Ginseng, the American Sarsaparilla, the American Quinine, the American Iron, the American Potash, the American Soda, the American Sulphur, the American Zinc, the American Copper, the American Lead, the American Silver, the American Gold, the American Platinum, the American Palladium, the American Iridium, the American Rhodium, the American Osmium, the American Selenium, the American Tellurium, the American Arsenic, the American Antimony, the American Bismuth, the American Mercury, the American Strontium, the American Barium, the American Calcium, the American Magnesium, the American Potassium, the American Sodium, the American Lithium, the American Rubidium, the American Cesium, the American Francium, the American Actinium, the American Thorium, the American Radium, the American Polonium, the American Astatine, the American Tellurium, the American Selenium, the American Arsenic, the American Antimony, the American Bismuth, the American Mercury, the American Strontium, the American Barium, the American Calcium, the American Magnesium, the American Potassium, the American Sodium, the American Lithium, the American Rubidium, the American Cesium, the American Francium, the American Actinium, the American Thorium, the American Radium, the American Polonium, the American Astatine, the American Tellurium, the American Selenium, the American Arsenic, the American Antimony, the American Bismuth, the American Mercury, the American Strontium, the American Barium, the American Calcium, the American Magnesium, the American Potassium, the American Sodium, the American Lithium, the American Rubidium, the American Cesium, the American Francium, the American Actinium, the American Thorium, the American Radium, the American Polonium, the American Astatine, the American Tellurium, the American Selenium, the American Arsenic, the American Antimony, the American Bismuth, the American Mercury, the American Strontium, the American Barium, the American Calcium, the American Magnesium, the American Potassium, the American Sodium, the American Lithium, the American Rubidium, the American Cesium, the American Francium, the American Actinium, the American Thorium, the American Radium, the American Polonium, the American Astatine, the American Tellurium, the American Selenium, the American Arsenic, the American Antimony, the American Bismuth, the American Mercury, the American Strontium, the American Barium, the American Calcium, the American Magnesium, the American Potassium, the American Sodium, the American Lithium, the American Rubidium, the American Cesium, the American Francium, the American Actinium, the American Thorium, the American Radium, the American Polonium, the American Astatine, the American Tellurium, the American Selenium, the American Arsenic, the American Antimony, the American Bismuth, the American Mercury, the American Strontium, the American Barium, the American Calcium, the American Magnesium, the American Potassium, the American Sodium, the American Lithium, the American Rubidium, the American Cesium, the American Francium, the American Actinium, the American Thorium, the American Radium, the American Polonium, the American Astatine, the American Tellurium, the American Selenium, the American Arsenic, the American Antimony, the American Bismuth, the American Mercury, the American Strontium, the American Barium, the American Calcium, the American Magnesium, the American Potassium, the American Sodium, the American Lithium, the American Rubidium, the American Cesium, the American Francium, the American Actinium, the American Thorium, the American Radium, the American Polonium, the American Astatine, the American Tellurium, the American Selenium, the American Arsenic, the American Antimony, the American Bismuth, the American Mercury, the American Strontium, the American Barium, the American Calcium, the American Magnesium, the American Potassium, the American Sodium, the American Lithium, the American Rubidium, the American Cesium, the American Francium, the American Actinium, the American Thorium, the American Radium, the American Polonium, the American Astatine, the American Tellurium, the American Selenium, the American Arsenic, the American Antimony, the American Bismuth, the American Mercury, the American Strontium, the American Barium, the American Calcium, the American
